To the Participants and Administrative Committee of
Terex Corporation and Affiliates' 401(k) Retirement Savings Plan

We have audited the accompanying financial statements of Terex Corporation and Affiliates' 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of delinquent participant contributions for the year ended December 31, 2017, and assets (held at end of year) as of December 31, 2017, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

TEREX CORPORATION AND AFFILIATES' 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Terex Corporation and Affiliates' 401(k) Retirement Savings Plan (the "Plan") provides only general information. Employees covered by the Plan ("Participants" or "Participant") should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that covers certain salaried and hourly employees of Terex Corporation and its subsidiaries (the "Company") meeting minimum eligibility requirements ("Eligible Employees"). The investments of the Plan are held in a trust account by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A committee, consisting of at least three members appointed by the Company's Board of Directors, administers the benefit structure of the Plan ("Administrative Committee"). The Administrative Committee is considered the plan administrator for purposes of ERISA.

Participant Eligibility – Eligible Employees may begin participation on the first day of the month following their hiring, with the exception of Powerscreen USA, LLC d/b/a Simplicity Engineering, Inc.'s ("Simplicity") Participants who are subject to collective bargaining agreements, who are eligible to participate in the Plan after 120 days of service.

Contributions – Participants may contribute a maximum of 80% of their compensation to the Plan in any combination of pre-tax, Roth or post-tax contributions. The maximum pre-tax and Roth contributions permitted under Internal Revenue Service ("IRS") regulations in 2017 was \$18,000. Participants age 50 and older can elect to make additional pre-tax and Roth contributions ("catch-up contributions") up to the limits prescribed by IRS regulations. These additional catch-up contributions are not eligible for matching Company contributions and the maximum catch-up contributions permitted by IRS regulations in 2017 was \$6,000.

The Company provides safe harbor matching contributions of 100% of Participant contributions to the Plan up to a maximum of 5% of their compensation.

The Company may make, at its sole discretion, supplementary contributions.

Contributions (excluding catch-up contributions) are limited in that the sum of: a) total Company contributions; b) total Participant pre-tax contributions; c) total Participant Roth contributions and d) total Participant post-tax contributions, cannot exceed the lesser of: i) \$54,000 or ii) 100% of the Participant's total compensation for the year. Participants are able to direct both Participant and Company contributions and redistribute accumulated contributions and earnings between investment alternatives.

For any plan year in which a Participant may make both pre-tax and Roth elective contributions, distribution of excess deferrals shall be made from the pre-tax elective contributions before the Roth elective contributions to the extent such type of elective contributions were made for the year, unless the Participant specifies otherwise.

All employees under the Plan are subject to automatic enrollment for Participant pre-tax contributions equal to 2% of their compensation. Participants may elect to opt out of automatic enrollment. The Plan provides for automatic elective contribution notices.

Vesting – Participants are fully vested immediately in their voluntary contributions and all Company safe harbor matching contributions, plus any actual earnings thereon.

Forfeitures – Nonvested (prior to safe harbor matching provisions) Company contributions of Participants who have separated from the Company become forfeitures and are held in a separate account and may be used to reduce future Company contributions or to pay the Plan's administrative fees. However, Participants who return to service within five years from their separation date will be entitled to continue vesting in the Company contributions which were previously forfeited. At December 31, 2017 and 2016, respectively, forfeited nonvested accounts totaled \$43,914 and \$54,083. These accounts will be used to offset future Company contributions or pay the Plan's administrative fees. During the year ended December 31, 2017, \$48,023 of the forfeiture account was used to offset/adjust Company contributions or for payment of the Plan's expenses.

TEREX CORPORATION AND AFFILIATES' 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Participant Accounts – Each Participant's account is credited with the Participant's contributions and Company matching contributions, as well as an allocation of earnings (losses) from the respective investment funds. A Participant's contributions and related Company matching contributions are used to purchase shares in the various investment alternatives. The value of and the earnings credited to a Participant's account are based on the proportionate number of shares owned by the Participant and the fair value of the investment on the valuation date. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits – Upon retirement, disability or death, the entire balance of the Participant's account becomes payable to the Participant or designated beneficiary(ies). Upon any other termination of employment, the Participant receives the entire balance of his/her account; however, if the balance of the Participant's account is greater than \$5,000 the Participant can elect to keep the investments in the Plan. Withdrawals are also permitted for financial hardship, basic Roth contributions, rollover and after-tax contributions, as defined in the Plan document, or upon attainment of age 59-1/2.

In the event the Participant does not direct the distribution, the Administrative Committee is allowed to designate an individual retirement plan for a mandatory distribution greater than \$1,000. For amounts less than \$1,000 a distribution is made to the Participant.

Notes Receivable from Participants – Participants may obtain loans between \$1,000 and an amount up to the lesser of \$50,000 or 50% of the vested portion of their account balance, subject to the discretion of the plan administrator and certain other restrictions. Terms of all loans are established by the Administrative Committee. As of December 31, 2017, interest rates on Participant loans ranged from 4.25% to 9.00% with maturities at various dates through 2032.

Participant-directed Investments – All assets of the Plan are Participant-directed investments. Participants have the option of directing their account balance to one or more different investment options. The investment options include various mutual funds, the Fidelity Managed Income Portfolio Class II common collective trust (the "Trust"), Terex Corporation common stock or a self-directed brokerage account. If a Participant does not elect an investment option in which to invest their deferrals, the Plan will invest their contributions in a Qualified Default Investment Alternative.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Expenses – Fees and expenses related to administering the Plan are generally paid by the Company. Investment management fees and loan administration fees are paid by Participants. The trust agreement between the Plan and Fidelity includes a Revenue Credit Program. Under this program, in situations where Fidelity earns record keeping fees in excess of the agreed-upon compensation, Fidelity is required to remit those excess fees ("Revenue Credits") to the Plan to be used to pay ERISA qualified expenses (See Note 6). Fidelity funds the Revenue Credits quarterly in arrears, generally 15 days after quarter-end. The Plan recorded other receivables of \$74,436 and \$45,373 related to Revenue Credits at December 31, 2017 and 2016, respectively.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of investment income and expenses during the reporting period. Actual results could differ significantly from those estimates.

Investment Valuation and Income Recognition – The Plan's investments in mutual funds, self-directed brokerage accounts, Terex Corporation common stock and the Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Trust is recorded as contract value. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee (see Note 3). Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on

TEREX CORPORATION AND AFFILIATES' 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

the accrual basis. Net appreciation/(depreciation) in the aggregate fair value of investments is comprised of all realized and unrealized gains and losses during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from Participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent Participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Subsequent Events - The Plan has evaluated subsequent events through June 15, 2018, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENT

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board issued Accounting Standards Codification ("ASC") 820, "Fair Value Measurement and Disclosure" ("ASC 820"), which defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Determining which category an asset or liability falls within this hierarchy requires judgment. ASC 820 establishes three levels of inputs that may be used to measure fair value:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability; and

Level 3 – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The Plan's valuation methodology used to measure the fair value of common stock and mutual funds was derived from quoted market prices as all of these instruments have active markets. The Trust is valued at NAV which is the contract value reported by the Trust and is not included in the fair value hierarchy.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2017:

	12/31/2017	Level 1
Investments measured in the fair value hierarchy:		
Mutual funds	\$ 449,394,395	\$ 449,394,395
Self-directed - Fidelity Brokerage Link	4,493,976	4,493,976

4. INVESTMENTS MEASURED AT NAV

The Plan has an interest in the Trust. The Trust is a stable value fund that is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Trust is valued using NAV provided by the trustee in order to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Were the Plan to initiate a full redemption of the Trust, the trustee reserves the right to temporarily delay withdrawal from the Trust in order to ensure that securities' liquidations will be carried out in an orderly business manner. The Trust has no unfunded commitments, other redemption restrictions, or redemption notice periods.

5. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

For details on risks facing the Company, see Item 1A in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

6. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity. In addition to serving as trustee, Fidelity also serves as custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for the investment management services, loan administration and other record keeping services were \$141,215 for the year ended December 31, 2017. Fees paid for legal, accounting and consulting services were \$39,319 for the year ended December 31, 2017. In addition, transactions in common stock and notes receivable from Participants qualify as party-in-interest transactions. During 2017, the Plan recorded \$265,865 in Revenue Credits (see Note 2), which resulted in the Plan showing net administrative fees for the year of (\$85,331).

7. INCOME TAX STATUS

The Plan received a determination letter, dated June 26, 2012, in which the IRS stated that the Plan, as amended and restated on January 24, 2012, met the qualification requirements of Sections 401(c) and 401(k) of the Internal Revenue Code and that the Plan is exempt from Federal income taxation. The Plan has been amended subsequent to receiving the determination letter. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRS.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained

upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that such discontinuance results in the complete or partial termination of the Plan, the balance in each Participant's account will be distributed as directed by the trustee.
