NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 DESCRIPTION OF PLAN

The following description of the Carlson 401(k) Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2017. The Plan covers all employees of Carlson, Inc. (the Company), except those covered by a collective bargaining agreement (unless such agreement expressly so provides), nonresident aliens, leased employees, employees who are primarily employed outside the 50 states and independent contractors. Employees of the Company or any of its subsidiaries or affiliated companies on December 31, 2016 that were a participant in the Carlson Hotels Employees' Savings and Investment Plan as of December 31, 2016, are eligible to participate in this Plan beginning January 1, 2017 (provided the employee was employed by Carlson, Inc. or any subsidiary or affiliated company that has adopted the Plan for its employees). Employees that were employed by the Company on December 31, 2016 but were not eligible for the Carlson Hotels Employees' Savings and Investment Plan as of December 31, 2016 or were hired on or after January 1, 2017 are eligible to participate after attaining age 21 and completing 60 days of employment. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Carlson Retirement Committee (Committee) is responsible for the oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Upon completion of the eligibility requirements, participants are automatically enrolled in the Plan using a contribution percentage equal to 3% of the employees' respective certified earnings, as defined by the Plan. Participants have the ability to change their deferral percentage by contacting the Plan administrator.

Each year, participants may contribute a percentage (up to 75%) of pre-tax annual compensation, as defined by the Plan. Participants may also contribute a percentage of their annual compensation as Roth after-tax. The Plan also includes an auto increase feature whereby participants' contribution percentage shall be automatically increased annually on May 1 by 1% up to a maximum contribution percentage of 6% of certified earnings.

The Company will make a Safe Harbor Matching contribution for each of its active participants equal to 100% of the first 1%, plus 60% of the next 5% of the participant's certified earnings. The Company also makes a discretionary contribution to participants who were participants of the Employees' Retirement Plan of Carlson Companies, Inc. on December 31, 1987, were not officer-employees of the Company, and did not receive certified wages exceeding \$66,000 in the Plan year.

**CARLSON 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and certain IRAs. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor matching and discretionary contributions, the other Company contribution accounts transferred from other plans, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or participant transactions, as defined by the Plan. Administrative expenses are allocated based on a flat dollar amount or based on active participant counts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor matching contribution is based on years of continuous service. A participant is fully vested upon completion of two years of service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. Vesting in the other Company contribution accounts transferred from other plans is also based on years of continuous service. A participant vests at a rate of 25% after two years of service and is 100% vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate as of the first business day of each month. Principal and interest is paid ratably through payroll deductions.

**CARLSON 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in his or her account in the form of a lump sum distribution or through installment payments. Any pension source accounts will be payable in the form of an annuity. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service distributions at the age of 59½, hardship withdrawals, and withdrawals of rollover contributions, subject to limitations, as defined by the Plan.

Forfeited Accounts

Forfeited nonvested accounts are used to re-instate participants' accounts, to pay Plan expenses, and to reduce future Company contributions. There was no balance in the forfeited nonvested accounts as of December 31, 2017. Administrative expenses paid by forfeitures were \$21,275 during 2017. Forfeitures used to reduce matching contributions for the year ended December 31, 2017 were \$18,879.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment consultant and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**CARLSON 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance will be deemed taxable to the participant. The note balance will be reduced and a benefit payment will be recorded at the time the participant incurs a distributable event.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to investment management, investment consulting, custodial, legal, administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses and any revenue sharing credits are included in net appreciation of fair value of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through May 23, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified the completeness and accuracy of the notes receivable from participants and the investment information presented in the accompanying statement of net assets available for benefits as of December 31, 2017 and the statement of changes in net assets available for benefits for the year then ended.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

CARLSON 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

There were no assets in the Plan as of December 31, 2017 (see Note 8).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TAX STATUS

The Plan has received a favorable determination letter from the IRS dated January 16, 2018 indicating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (IRC) and the trust established under the Plan is tax-exempt under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions.

NOTE 8 TRANSFERS TO OTHER PLANS

The Plan allows for the transfer of assets between any plans administered by Carlson Holdings, Inc. and its subsidiaries (the Companies). Participant accounts of employees that transfer their employment between the Companies are transferred between the respective plans.

On November 15, 2017, the Retirement Committee approved the merger of the Carlson 401(k) Plan into the Carlson Wagonlit Travel Employees' Savings and Investment Plan effective December 31, 2017. Effective December 31, 2017, assets in the amount of \$66,094,729 transferred from the Plan into the Carlson Wagonlit Travel Employees' Savings and Investment Plan.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Carlson 401(k) Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2017. The Plan covers all employees of Carlson, Inc. (the Company), except those covered by a collective bargaining agreement (unless such agreement expressly so provides), nonresident aliens, leased employees, employees who are primarily employed outside the 50 states and independent contractors. Employees of the Company or any of its subsidiaries or affiliated companies on December 31, 2016 that were a participant in the Carlson Hotels Employees' Savings and Investment Plan as of December 31, 2016, are eligible to participate in this Plan beginning January 1, 2017 (provided the employee was employed by Carlson, Inc. or any subsidiary or affiliated company that has adopted the Plan for its employees). Employees that were employed by the Company on December 31, 2016 but were not eligible for the Carlson Hotels Employees' Savings and Investment Plan as of December 31, 2016 or were hired on or after January 1, 2017 are eligible to participate after attaining age 21 and completing 60 days of employment. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Carlson Retirement Committee (Committee) is responsible for the oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Upon completion of the eligibility requirements, participants are automatically enrolled in the Plan using a contribution percentage equal to 3% of the employees' respective certified earnings, as defined by the Plan. Participants have the ability to change their deferral percentage by contacting the Plan administrator.

Each year, participants may contribute a percentage (up to 75%) of pre-tax annual compensation, as defined by the Plan. Participants may also contribute a percentage of their annual compensation as Roth after-tax. The Plan also includes an auto increase feature whereby participants' contribution percentage shall be automatically increased annually on May 1 by 1% up to a maximum contribution percentage of 6% of certified earnings.

The Company will make a Safe Harbor Matching contribution for each of its active participants equal to 100% of the first 1%, plus 60% of the next 5% of the participant's certified earnings. The Company also makes a discretionary contribution to participants who were participants of the Employees' Retirement Plan of Carlson Companies, Inc. on December 31, 1987, were not officer-employees of the Company, and did not receive certified wages exceeding \$66,000 in the Plan year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and certain IRAs. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor matching and discretionary contributions, the other Company contribution accounts transferred from other plans, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or participant transactions, as defined by the Plan. Administrative expenses are allocated based on a flat dollar amount or based on active participant counts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor matching contribution is based on years of continuous service. A participant is fully vested upon completion of two years of service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. Vesting in the other Company contribution accounts transferred from other plans is also based on years of continuous service. A participant vests at a rate of 25% after two years of service and is 100% vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate as of the first business day of each month. Principal and interest is paid ratably through payroll deductions.

**CARLSON 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in his or her account in the form of a lump sum distribution or through installment payments. Any pension source accounts will be payable in the form of an annuity. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service distributions at the age of 59½, hardship withdrawals, and withdrawals of rollover contributions, subject to limitations, as defined by the Plan.

Forfeited Accounts

Forfeited nonvested accounts are used to re-instate participants' accounts, to pay Plan expenses, and to reduce future Company contributions. There was no balance in the forfeited nonvested accounts as of December 31, 2017. Administrative expenses paid by forfeitures were \$21,275 during 2017. Forfeitures used to reduce matching contributions for the year ended December 31, 2017 were \$18,879.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment consultant and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**CARLSON 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance will be deemed taxable to the participant. The note balance will be reduced and a benefit payment will be recorded at the time the participant incurs a distributable event.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to investment management, investment consulting, custodial, legal, administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses and any revenue sharing credits are included in net appreciation of fair value of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through May 23, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified the completeness and accuracy of the notes receivable from participants and the investment information presented in the accompanying statement of net assets available for benefits as of December 31, 2017 and the statement of changes in net assets available for benefits for the year then ended.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

**CARLSON 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

There were no assets in the Plan as of December 31, 2017 (see Note 8).

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TAX STATUS

The Plan has received a favorable determination letter from the IRS dated January 16, 2018 indicating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (IRC) and the trust established under the Plan is tax-exempt under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions.

NOTE 8 TRANSFERS TO OTHER PLANS

The Plan allows for the transfer of assets between any plans administered by Carlson Holdings, Inc. and its subsidiaries (the Companies). Participant accounts of employees that transfer their employment between the Companies are transferred between the respective plans.

On November 15, 2017, the Retirement Committee approved the merger of the Carlson 401(k) Plan into the Carlson Wagonlit Travel Employees' Savings and Investment Plan effective December 31, 2017. Effective December 31, 2017, assets in the amount of \$66,094,729 transferred from the Plan into the Carlson Wagonlit Travel Employees' Savings and Investment Plan.
