To the Plan Administrator
Matrix Systems Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Matrix Systems Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter-Report on Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter-Going Concern

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note I to the financial statements, subsequent to December 31, 2016, the plan administrator has initiated the process to terminate the plan, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Matrix Systems Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2016 and 2015

NOTE A – DESCRIPTION OF PLAN

The following brief description of the Matrix Systems Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution plan covering substantially all employees of Matrix Systems Inc. (referred to as the Employer, Company or Plan Sponsor) who are at least 19 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). See Note I for subsequent event disclosure.

Contributions

Participants may contribute between 1% to 90% of their eligible earnings up to a maximum dollar limit set by law, as defined in the Summary Plan Description. Contributions are subject to certain limitations. Participant may also contribute amounts representing distributions from other qualified defined benefit or contribution plans with approval from the Plan Sponsor.

The Employer will make a matching contribution equal to 25% of the first 4% of eligible compensation that a participant contributes to the Plan. The Employer may also make a discretionary contribution. However, there were no discretionary contributions made for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's matching contribution, an allocation of Plan earnings and an allocation of the Plan's transactional costs, if any. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their total account balance in the Plan.

Forfeitures

Because each participant's total account balance is always 100% vested, they can never have any contributions forfeited. Upon termination of employment, each participant is entitled to their entire account balance.

Notes to the Financial Statements
December 31, 2016 and 2015

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts. The minimum loan is \$500 and loans may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance and the repayment period shall not exceed five years unless the loan is used to purchase a primary residence in which the repayment period shall not exceed 30 years. Each loan is collateralized by the remaining balance in the participant's account. Interest charged to participants is reviewed by the Plan's management and is set at the prime rate on the 14th day of each month, plus two percentage points. Interest rates on participant loans ranged from 5.25% to 7.75% as of December 31, 2016 and 2015.

Payment of Benefits

Benefits are payable after a participant leaves the Company due to retirement, termination, disability, or death. Participants may elect to receive a lump-sum cash distribution or a direct rollover distribution.

A participant's beneficiary will receive the participant's account balance in the event of a participant's death. In-service distributions may be made when a participant has reached the normal retirement age, or when a participant meets all requirements for a hardship distribution.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in the employer matching and safe harbor contributions. See Note I for subsequent event disclosure.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Matrix Systems Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2016 and 2015

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when approved. There were no approved but unpaid distribution requests as of December 31, 2016 or 2015.

Expenses of the Plan

The Plan is administered by the Company, without charge to the Plan, and Principled Advisors is the Registered Investment Advisor. The Company has elected to pay the Registered Investment Advisor's compensation. The Plan has an ERISA account whereby a portion of the fund fees are collected in an Administrative Budget account and can be used to pay qualified Plan expenses. Excess funds in the Administrative Budget account, that are not used to pay qualified Plan expenses, will be periodically distributed to Plan participants on a pro-rata basis.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, net appreciation in fair value of investments, and dividends and interest for the year ended December 31, 2016, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Common/Collective Trust: The asset value of the investments in the common/collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year end.

Matrix Systems Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2016 and 2015

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Mutual funds are stated at fair value as defined by observable quoted prices in active markets (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Common / collective trust funds at asset value ^(a)	\$ -	\$ -	\$ -	\$ 61,456
Mutual funds	2,582,909	-	-	2,582,909
Total assets, at fair value	<u>\$ 2,582,909</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,644,365</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Common / collective trust funds at asset value ^(a)	\$ -	\$ -	\$ -	\$ 78,694
Mutual funds	2,820,977	-	-	2,820,977
Total assets, at fair value	<u>\$ 2,820,977</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,899,671</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

Notes to the Financial Statements
December 31, 2016 and 2015

NOTE E – TAX STATUS

The Plan adopted a standardized form of a prototype plan sponsored by Automatic Data Processing, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the date of the opinion letter, however, the plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore no provisions for income taxes has been included in the Plan's financial statements.

The plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by tax jurisdictions, however, there are currently no examinations for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2013.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G – PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those fiduciaries or employees of the Plan, any person who provides services to the Plan and employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan also issues loans to participants, which are secured by the balances in the participants' accounts.

Certain administrative expenses are provided by the Company at no cost to the Plan and certain administrative expenses of the Plan are paid by the Company.

NOTE I – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2016, events and transactions subsequent to December 31, 2016 through June 19, 2018, which is the date on which the financial statements were available to be issued, have been evaluated by the plan administrator for possible adjustment and/or disclosure. During September 2016, a secured creditor took possession of all of the Company's assets. At that time, the secured creditor subsequently sold all of the assets to an unrelated third party, which resulted in a number of participants no longer being employed by the Company. As a result of the asset sale, the entity which acquired the assets from the secured creditor formed a new plan and those participants that remained as active employees of the newly formed entity had their Plan balances rolled over to the new plan during 2017. Fund balances for inactive employees remain in the Plan. Subsequent to December 31, 2016, the plan administrator has initiated the process required by law to terminate the Plan. Other than as disclosed above, no further subsequent events requiring financial statement adjustment and/or disclosure have been identified.
