DIRECTV Puerto Rico Retirement Plan

Notes to Financial Statements

April 17, 2017 and December 31, 2016

Note 1 - Description of the plan

The following description of the DIRECTV Puerto Rico Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all regular employees of DIRECTV Puerto Rico, Ltd. (the Plan Sponsor), who have three months of service, as defined. There is no age requirement to be a participant of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has a calendar year ending on December 31. Due to the transaction disclosed in Note 3, these financial statements were prepared as of April 17, 2017 for filing of Form 5500.

Contributions

Participants may contribute an amount of their compensation, as defined in the Plan, not exceeding the maximum deferral specified by local law. The Plan Sponsor contributes dollar-for-dollar up to 3.5% of the base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Plan Sponsor such as the profit sharing contribution and/or a discretionary matching, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, subject to the conditions and limitations set forth in the Plan agreement.

Effective on September 9, 2016, the Plan Sponsor amended the Plan to provide that no new participants will enter the Plan and that all contributions to the Plan were discontinued by the Participants and the Plan Sponsor and the rights of the affected participants in the Plan account balances as of September 9, 2016, were fully vested.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan Sponsor's contribution prior to September 9, 2016 and, (b) Plan earnings. Allocation of Plan earnings is based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DIRECTV Puerto Rico Retirement Plan

Notes to Financial Statements – (Continued)

April 17, 2017 and December 31, 2016

Note 1 - Description of the plan – (continued)

Vesting

Prior to September 9, 2016, participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. A participant was 100% vested upon attaining five years of credited service, 60% upon attaining four years, 40% upon attaining three years and 20% upon attaining two years. Notwithstanding the above, all participants were 100% vested upon attaining age 65. All participants vested on September 9, 2016.

Investments options

Prior to April 17, 2017, the Plan's investments were held in the UBS Financial Services Incorporated of Puerto Rico Master Trust (Master Trust) of which UBS Trust Company of Puerto Rico served as trustee for all Plan investments. Participants were able to direct the investment of their contributions and the Plan Sponsor's contributions into one or more formal investment options provided by the Custodian, as permitted by the Trust Agreement.

Notes receivable from participants

Participants were permitted to obtain loans against the vested portion of their account based upon certain provisions of the Plan. Plan participants obtained a loan from the Plan with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the fair value of the participant's vested accrued benefit. The loans are secured by the balance in the participant's account and bear interest at 4.5% over prime rate on the date the loan application is completed. Principal and interest were paid ratably through monthly payroll deductions up to September 9, 2016.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

DIRECTV Puerto Rico Retirement Plan

Notes to Financial Statements – (Continued)

April 17, 2017 and December 31, 2016

Note 1 - Description of the plan – (continued)

Forfeitures

Upon participant's termination from employment or withdrawal from the Plan for any reason other than death, retirement or disability, the employer contributions on behalf of the participants not then vested are forfeited and used first to reduce future employer contributions or to reduce the Plan's administrative expenses. As of December 31, 2016, total forfeitures were \$15,688. During the period ended April 17, 2017, \$14,709 were used to paid fees raised by the trustee prior to the transfer of plan assets on April 17, 2017 and remaining balance of forfeiture \$987 were transferred to the ARSP-PR plan on April 17, 2017.

Administrative expenses

Administrative expenses are paid by the Plan, as provided in the Plan document, unless paid by the Plan Sponsor.

Plan termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Basis of presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis of accounting

The financial statements are prepared under the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

DIRECTV Puerto Rico Retirement Plan

Notes to Financial Statements – (Continued)

April 17, 2017 and December 31, 2016

Note 2 - Summary of significant accounting policies – (continued)

Investments valuation and income recognition

The Plan's investments were stated at fair value. Quoted market prices were used to value investments. Shares of mutual funds were valued at quoted market prices, which represented the net asset value of shares held by the Plan at the end of the period from January 1, 2017 through April 17, 2017. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the period.

Risk and uncertainties

The plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks

Payment of benefits

Benefits are recorded when paid.

Benefits payable

The Plan accounted for benefits payable in accordance with the guidance provided by the American Institute of Certified Public Accountants (AICPA) Audit and Accounting Guide, Audits of Employee Benefit Plans. This guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as a liability of the Plan. As of December 31, 2016, benefits payable due to participants were \$10,247. No benefits payable due to participants since all net assets available for benefits were transferred to ARSP-PR on that date.

Recently adopted accounting pronouncements

During the year ended December 31, 2016, the Plan adopted the provisions of Financial Accounting Standard Board, Accounting Standards Update (ASU) No. 2015-12 (Part II), *Plan Accounting Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)*. ASU No. 2015-12 eliminates the requirement to disclose in the financial statements of the Plan (1) individual investments that represent 5% or more of the net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. The net appreciation or depreciation on investments for the period is still required to be presented in the aggregate, but no longer required to be disaggregated and disclosed by general type.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hands Benefit and Trust Company (the Custodian), has certified as to the completeness and accuracy of all investments related information reflected in the accompanying financial statements as of April 17, 2017 and December 31, 2016 and for the period ended April 17, 2017 and the related notes to the financial statements, and schedule H, line 4i – schedule of assets (held at end of period) as of April 17, 2017. The Custodian maintained all records, executed investment transactions, and held all assets of the Plan.

During the period ended April 17, 2017, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the period) appreciated in value by \$316,879.

Note 5 - Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820-10-35 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds were valued at the net asset value (NAV) of shares held by the Plan at December 31, 2016.

Note 5 - Fair value measurements – (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,476,026	\$ -	\$ -	\$ 6,476,026

Note 6 - Tax status

The Plan constitutes a qualified plan, exempted from income tax under the provisions of Section 1081.01 of the Internal Revenue Code for a New Puerto Rico (the 2011 Code), as amended.

The Plan obtained a favorable determination letter on February 12, 2015, in which the Commonwealth of Puerto Rico tax authorities stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 1081.01.

On November 20, 2017, the Plan requested a determination letter to the Puerto Rico Treasury Department in order to maintain the Plan's qualification according to section 1081.01 of the Puerto Rico Internal Code, as amended, related to subsequent amendments and the merger of the Plan with the AT&T Puerto Rico Retirement Savings Plan (ARSP-PR) and the corresponding transfer of assets from the trust fund forming part of the Plan to the trust fund forming part of the ARSP-PR Plan. According to this request, the Plan informs to the Puerto Rico Treasury Department that the Plan was not terminated and liquidated but rather it was merged into the ARSP-PR Plan and its assets were transferred to ARSP-PR Plan. On May 29, 2018, the Plan received a favorable determination letter from the Puerto Rico Treasury Department confirming that the merger of the Plan with the ARSP-PR Plan was handled in compliance with the Puerto Rico retirement plan rules.

Note 7 - Delinquent participant contributions

During the year end December 31, 2016, the Plan Sponsor remitted participant contributions aggregating to \$34,407 to the Plan past their due dates. On January 25, 2018, the Plan applied to the DOL's Voluntary Fiduciary Correction Program and corrected late remittances from years 2011 and 2016 of \$247,912.

Note 8 - Party-in-interest transactions

The Plan did not comply with the discrimination test for the year ended December 31, 2016. This test requires compliance with a determined percentage of contributions to the Plan as established in Section 1081.01. The Plan Sponsor had the following alternatives to correct this non-compliance: additional employer contributions to non-highly compensated participants; reimbursement to highly compensated participants to their excess contributions, which would result in reporting this reimbursement as taxable income for the year in which the noncompliance takes place; or reclassifying the excess contributions of high compensated participants as a post-tax contributions, which require reporting this excess amount as a taxable income for the year in which reclassification take place. The Plan Sponsor elected to make additional employer contributions to non-highly compensated participants amounting to \$271. These additional contributions were made from the forfeitures transferred to the ARSP-PR plan forfeiture account.

Note 9 - Subsequent events

The Plan has evaluated the impact of subsequent events through June 19, 2018, which is the date the financial statements were available to be issued. No events have occurred subsequent to the statement of net asset available for benefit and to the date financial statements were available to be issued, that would require additional adjustment, to or disclosure in the financial statements.
