## INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Board of Trustees  
The Greater Wisconsin Employer-Union  
Pension Trust Fund

We have audited the accompanying financial statements of Greater Wisconsin Multi-Employer Retirement Income Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Greater Wisconsin Multi-Employer Retirement Income Plan as of December 31, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended in accordance with U.S. generally accepted accounting principles.

## **Emphasis of Matter**

As further discussed in Note 9 to the financial statements, the Plan terminated effective December 31, 2012, due to the mass withdrawal of all employers from the Plan. In accordance with U.S. generally accepted principles, the accompanying financial statements are presented using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

## **Report on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules as detailed in the table of contents, together referred to as "supplemental information", are presented for the purpose of additional analysis and are not a required part of the financial statements, but some of which are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## **Notes to Financial Statements December 31, 2017 and 2016**

---

### **1. Description of the Plan**

---

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for additional information.

#### **General**

The Plan is a multi-employer defined benefit plan covering individuals who are represented by the United Steelworkers of America AFL-CIO for collective bargaining purposes and who are employees of a company (Employer) that participated in the Plan during the individual's employment with that company.

As described in Note 9, effective December 31, 2012, the Plan was terminated due to the withdrawal of all employers.

The Plan is subject to the provisions of ERISA, as amended.

#### **Administration**

The Plan's assets available for pension benefits are held in a fund administered by the Greater Wisconsin Employer-Union Pension Trust Fund (Trustee). The Plan has an agreement with the Trustee to hold, invest, and distribute the Plan's assets under the provisions of the Plan agreement. Additionally, the Trustee provides certain services relative to the administration of the Plan.

#### **Pension benefit**

The normal retirement benefit is attained at the older of age 65, or the participant's age on the date five years after entering the Plan. Participants retiring after the normal retirement age receive increased benefits of 6%-10% for each year their actual retirement age follows the normal retirement age. The Plan permits an early retirement benefit at age 55 for those participants with ten or more years of service. If early retirement is taken, the amount of the monthly pension benefits is reduced by a factor for each year prior to the normal retirement age.

Participants' monthly benefits for each earned accrual service unit are determined by the various collective bargaining agreements. Earned accrual service units are the sum of service units earned after the date the Employer began participation in the Plan (future accrual service units) plus each year of service earned prior to the date the Employer began participation in the Plan (past accrual service units). Future accrual service units are earned at the rate of 0.1 service unit for each 180 hours of service without limitation. However, participants with 870 to 1,979 service hours in a year are given credit for a full year of service (1.0 future accrual service unit).

#### **Vesting**

Active participants become 100% vested after five years of service. Participants terminating with less than five years of service forfeit the rights to their accumulated pension benefits.

### **1. Description of the Plan (continued)**

---

#### Disability benefits

Active participants with ten or more years of service (five years for participants with Greater Wisconsin Employer Pension Fund Office – Administration Group) were entitled to disability benefits if they become permanently and totally disabled. This benefit was eliminated from the Plan effective January 1, 2011 unless a disability pension was awarded on or before April 30, 2010. The monthly disability benefits were equal to the participant's accrued monthly pension benefits as of the date of disability. Disability payments are paid until normal retirement age at which time participants begin receiving normal pension benefits.

#### Death benefits

Monthly surviving spouse benefits, payments of which are deferred to the participant's earliest retirement date, are equal to one-half of the participant's accrued monthly pension benefits under the one-half survivorship option as of the date of death. Monthly surviving spouse benefits, payable immediately, are equal to one-half of the participant's accrued monthly pension benefits as of the date of death.

### **2. Summary of significant accounting policies**

---

#### Basis of accounting

The Plan adopted the liquidation basis of accounting December 31, 2012 and the accompanying financial statements of the Plan have been prepared on this basis, which agrees with the accrual basis of accounting.

#### Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

#### Concentrations

The Plan maintains deposits in excess of federally insured limits. U.S. generally accepted accounting principles identifies these items as a concentration of credit risk requiring disclosure, regardless of the degree of risk.

#### Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### 2. Summary of significant accounting policies (continued)

---

#### Administrative expenses

In addition to administrative expenses incurred and paid for directly by the Plan, certain services and expenses are paid by the plan Trustee and allocated to the related pension funds based on the number of participants.

#### Office equipment and depreciation

Office equipment is recorded at cost less accumulated depreciation and does not purport to represent replacement or realizable value. Depreciation is provided on the straight-line method over the estimated useful lives of three to five years. Depreciation expense for the years ended December 31, 2017 and 2016 was \$792.

#### Date of management's review

Management has evaluated subsequent events through June 8, 2018 which is the date that the financial statements were approved and available to be issued and has concluded that there are no recognized or non-recognized subsequent events relevant for financial statement disclosure.

#### Recent accounting standards

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*, which removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per practical expedient and is effective for Plan years beginning after December 15, 2015. The Plan adopted ASU 2015-07 as of December 31, 2016.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including common collective trust assets. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation (depreciation) of fair values by type, no longer requires plans to disaggregate investments by nature, characteristics, and risks, and eliminates the disclosure of investment strategy for investments valued at NAV if the investment files its own form 5500 as a direct filing entity. Part III allows plans to measure investments using values from the end of the calendar month closest to the plan's fiscal year end. ASU 2015-12 is effective for Plan years beginning after December 31, 2015. The Plan adopted ASU 2015-12 Part II as of December 31, 2016. Parts I and III do not apply to the Plan.

The adoption of ASU 2015-07 and 2015-12 had no impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits as of and for the year ended December 31, 2016.

## **Notes to Financial Statements December 31, 2017 and 2016**

### **2. Summary of significant accounting policies (continued)**

---

#### **New accounting standard**

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), which amends the existing accounting standards for lessees. The new standard requires all lessees to record a right-of-use asset and a corresponding lease liability on the balance sheet (with the exception of short term leases) and requires expanded disclosures regarding the leasing arrangements. ASU 2016-02 is effective for nonpublic companies for reporting periods beginning after December 15, 2019 and early adoption is permitted. Management is currently assessing the effect that ASU 2016-02 will have on its financial statements and related disclosures.

---

### **3. Retiree allocated contracts**

---

Certain retired employees are covered under a prior pension plan, which in turn is covered by “allocated” contracts with an insurance company. The insurance company has retained and guaranteed these retiree payments.

---

### **4. Related-party transactions**

---

Certain Plan investments are shares of commingled trust funds managed by the Russell Investment Company Commingled Employee Benefit Funds Trust. Russell Trust Company is the investment manager as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services was \$167,688 and \$202,173 for the years ended December 31, 2017 and 2016.

---

### **5. Fair value measurements**

---

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The following describes the three levels of fair value hierarchy:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**GREATER WISCONSIN MULTI-EMPLOYER  
RETIREMENT INCOME PLAN**

**Notes to Financial Statements  
December 31, 2017 and 2016**

---

**5. Fair value measurements (continued)**

---

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan had no level 1, 2, or 3 assets at December 31, 2017 and 2016.

The Plan's assets are invested with Russell Trust Company. Russell Trust Company is the trustee and investment manager of the Commingled Employee Benefits Funds which offers participation in numerous collective, common, or commingled trust funds providing various investment objectives to ERISA qualified purchasers. Securities are valued on the basis of market valuations provided by independent pricing services when such prices are available and reliable. If market quotations are not readily available for a security or if subsequent events suggest that a market quotation is not reliable, fair value is determined, using procedures established by and under the general supervision of the trustee. The trustee may involve subjective judgments as to the fair value of securities. The value of Russell Trust Company Commingled Trust Funds in the accompanying financial statements at NAV per unit outstanding as of December 31, 2017 and 2016 was \$35,848,242 and \$38,370,311. There has been no change in the methodology used at December 31, 2017 and 2016.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values and are not necessarily an indication of the risk associated with investing in those securities. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**6. Unfunded Present Value of Non-Forfeitable Benefits**

---

In accordance with the mass withdrawal, and corresponding termination of the Plan that was effective December 31, 2012, the actuary has calculated the unfunded present value of non-forfeitable benefits, based on assumptions and methods prescribed by the Pension Benefit Guaranty Corporation (PBGC). The unfunded present value of non-forfeitable benefits as of valuation date, December 31, 2017 and 2016 are as follows:

|                                                                              | <u>2017</u>               | <u>2016</u>               |
|------------------------------------------------------------------------------|---------------------------|---------------------------|
| Unfunded present value of non-forfeitable benefits<br>(per PBGC assumptions) |                           |                           |
| Pensioners and beneficiaries                                                 | \$ 67,644,200             | \$ 69,914,970             |
| Vested, not yet in pay status                                                | 38,186,925                | 41,435,470                |
| Expense loading                                                              | <u>989,255</u>            | <u>980,354</u>            |
| <br>Total unfunded present value of<br>non-forfeitable benefits              | <br><u>\$ 106,820,380</u> | <br><u>\$ 112,330,794</u> |

---

**7. Office Rent**

---

The Plan leases its office space under a month-to-month operating lease. Rent expense for the years ended December 31, 2017 and 2016 was \$16,888 and \$18,791. The current lease requires monthly lease payments of \$1,090 and expires in August 2018.

---

**8. Tax status**

---

The Internal Revenue Service (IRS) issued its latest determination letter dated September 24, 2015, applicable to amendments adopted through November 14, 2014 and proposed amendments submitted June 29, 2015, which states that the Plan and related trust continues to qualify under the applicable sections of the Internal Revenue Code. The Trustees believe that the Plan continues to qualify and operate as designed.

U.S. generally accepted accounting principles require management of the Plan to evaluate tax positions taken by the organization and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

# **GREATER WISCONSIN MULTI-EMPLOYER RETIREMENT INCOME PLAN**

## **Notes to Financial Statements December 31, 2017 and 2016**

---

### **9. Plan termination and withdrawal liability**

---

In December 2012, the last employer withdrew from the Plan, thus leading to the termination of the Plan under ERISA. In accordance with ERISA Section 4219 and the PBGC Regulation 4219, initial mass withdrawal liability calculation was determined to be \$39,523,424 as of December 31, 2012 for Seagrave Fire Apparatus, LLC (Seagrave) and for the Greater Wisconsin Employer Pension Fund Office (GWEPF) for the administrative and clerical employees of \$928,428.

In accordance with PBGC regulations a redetermination of the liability allocation was performed during 2013. The reallocation of the liability to each employer as of December 31, 2013 was Seagrave \$42,608,290 and GWEPF \$1,572,893. Monthly payments due for perpetuity from Seagrave are \$33,685 and due from GWEPF \$788. The amount due from GWEPF is a non-cash transaction as contributions are offset by a charge to employee benefits.

The above withdrawal liability due the Plan has not been booked as the offsetting allowance for the uncollectible amount due to the uncertainty of collection through perpetuity cannot be reasonably estimated.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Should the Plan terminate at some future time, its net assets may not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid is dependent upon the priority of those benefits and the level of the benefits guaranteed by the PGBC at that time.

---

### **10. Risks and uncertainties**

---

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
