401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Fresno Valves & Castings, Inc. 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan. The primary purpose of the Plan is to provide employees of Fresno Valves & Castings, Inc. (the "Company"), the opportunity to accumulate funds for their retirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was restated for the final PPA regulations effective October 1, 2015.

Eligibility

The Plan is a defined contribution plan covering all employees of the Company who have completed at least one year of service, have attained the age of 21, and are not covered by a collective bargaining agreement. A year of service is defined as any plan year in which the employee has worked 1,000 hours.

Administration

The Plan is administered by the Company. All administrative expenses are paid on behalf of the Plan by the Company.

Participant accounts

Each participant's account is increased or decreased with the participant's contributions, employer matching contributions, and allocations of (a) the Company's discretionary profit sharing contributions, (b) Plan investment net gains and losses, and (c) forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the vested amount of the participant's account.

Employee contributions

Participants may contribute to the Plan a percentage of their annual wages not to exceed a specific dollar amount determined annually by the Internal Revenue Service.

Employer profit sharing contributions

The Company may make a contribution, annually, at the discretion of the Board of Directors, which, if made, is allocated in proportion to participants' eligible compensation. Eligible compensation includes overtime, bonuses and commissions. For the years ended September 30, 2017 and 2016, the Company made profit sharing contributions of $703,041 and $700,000, respectively, to the Plan.

Contributions are matched by the Company at a rate of 25% of the employee's contribution. Employer matching contributions are limited to the first 6% of employee compensation contributed to the Plan by the participants. Such matching contributions were $113,599 and $120,516 for the years ended September 30, 2017 and 2016, respectively.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting
Vesting in the Company's contributions is based on an employee's years of continuous service. Discretionary contributions by the Company and employer matching contributions vest on a pro rata basis over six years of credited service. In the event of death, disability or retirement, a participant's interest in employer contributions becomes fully vested.

Forfeitures
Forfeitures (participants' allocated interest in Plan assets which are not vested because employment is terminated before the vesting period is complete) are allocated to participants in proportion to each participant's compensation for the plan year to total compensation for all participants for that year.

Distributions
Upon termination of service, the participant may elect to receive benefits equal to the vested value of his or her account in one lump-sum payment, periodic installments or a combination of these methods of payment. Participants may elect to roll over their vested benefits to individual retirement accounts or to other qualified plans.

Termination
Although termination of the Plan is not presently contemplated, the Company does have the right to terminate the Plan at any time. In the event of termination, participants become 100% vested in the aggregate value of their respective accounts.

NOTE 2 – ACCOUNTING POLICIES

Basis of accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Investments
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for additional discussion of fair value measurements.

NOTE 2 – ACCOUNTING POLICIES (continued)

Investments (continued)
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The average yield earned by the Plan's Stable Value Option investment choice is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to plan participants. The effective annual rate of interest is established prior to January 1st and July 1st for the corresponding six month period. The Stable Value Option investment choice is not considered a Guaranteed Interest Contract and there is no stated minimum or maximum interest rate. Contract charges may reduce this return.

Excess contributions payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction in net assets available for benefits. The Plan distributed the 2017 excess contributions to the applicable participants prior to December 15, 2017.

Payment of benefits
Benefits are recorded when paid. The Plan accounts for benefits due to participants who have terminated employment with the Company as a component of net assets available for benefits until such amounts have been paid.

Date of management's review
Plan management has evaluated subequent events through June 29, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are not directly observable for the asset but are derived principally from or corroborated by observable market data through correlation or by other means, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. There were no transfers of plan assets between levels.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements
Mutual Funds: The fair value of the mutual funds held by the Plan at year-end are based on the closing price reported on the active market where the individual mutual funds are traded.

Level 2 Fair Value Measurements
Stable Value Fund: The stable value fund is composed of fully benefit-responsive investment contracts reported at contract value. The stable value fund is classified as a cash equivalent and primarily backed by the general account of Transamerica Life Insurance Company or Transamerica Financial Life Insurance Company.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of September 30, 2017 and 2016.

Assets at Fair Value as of September 30, 2017

	Level 1	Level 2	Level 3	Total

Assets at Fair Value as of September 30, 2016

	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 18,031,897	$ 4,137,125	$ -	$ 22,169,022

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Transamerica Life Insurance Company, the custodian of the Plan at September 30, 2017 and 2016. The value of the accounts has been certified in accordance with regulation 29 CFR 2520.103-5(c) of the Department of Labor and includes total investments of $23,977,873 and $22,169,022 at September 30, 2017 and 2016, respectively.

NOTE 4 – TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 5 – ALLOCATION OF ASSETS

Net assets available in the amount of $438,950 and $441,214 for the years ended September 30, 2017 and 2016, respectively, have been allocated to the accounts of employees who have separated service with the employer. Non-vested amounts forfeited total $12,120 and $6,418 of net assets available for benefits at September 30, 2017 and 2016, respectively.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – RELATED PARTY TRANSACTIONS

While acting as custodian Transamerica provided record keeping and investment services to the Plan and, therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for the services to Transamerica amounted to $10,197 and $10,645 for the years ended September 30, 2017 and 2016, respectively.

Investment management services and third party administrative services are paid for by the Company. Certain fees received by Transamerica or its affiliates and expenses charged by the mutual funds may be netted against investment income earned by the Plan.

Administrative functions are jointly performed by employees of the Company and All Valley Administrators. No employee receives compensation from the Plan. The independent auditor's fees are paid directly by the Company.

NOTE 8 – PARTICIPANTS' RIGHTS TO ADDITIONAL INFORMATION

Plan participants have the right, upon request and at no charge, to examine or to receive copies of the statements from the regulated financial institutions describing the qualifying plan assets or evidence of the required fiduciary bond. If plan participants are unable to examine or obtain copies of the regulated financial institution statements or evidence of the required bond, participants should contact the Regional Office of the US Department of Labor's Employee Benefits Security Administration closest to you. The DOL EBSA Regional Offices are located in Atlanta, Boston, Chicago, Cincinnati, Dallas, Kansas City, Philadelphia, Los Angeles, New York City and San Francisco.

Plan participants also have the legally protected right to examine the Plan's annual report at 7511 N. Remington Ave., Ste. 101, Fresno, CA, 93711 and at the US Department of Labor in Washington DC, or obtain a copy from the US Department of Labor upon payment of copying costs. Requests to the Department should be addressed to: US Department of Labor, Employee Benefits Security Administration, EBSA Public Disclosure Room, 200 Constitution Avenue, NW, Room N-1515, Washington DC, 20210.
