NOTE 1 - PLAN DESCRIPTION

The following description of the Klarus Home Care 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Klarus Health Care, LLC (the Company) who have completed one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee oversees governance of the Plan by determining the appropriateness of the Plan's investment offerings and monitoring performance.

Contributions

The Company contributes, on behalf of each participant, an amount elected by the participant in his or her salary modification agreement. Participants can elect to contribute a percentage of their compensation to the Plan, subject to limitations contained in Internal Revenue Code Section 415, which generally apply to highly compensated employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a general account fund.

The Company may contribute, on behalf of each participant, an annual discretionary employer contribution. However, the Company has not elected to make contributions for the years ending December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Benefits, normally paid in a lump sum, are distributed upon termination, retirement and hardship. No annuities are allowed in the Plan. In-service distributions are not permitted. Normal retirement age under the Plan is fifty-five and five years of participation.

NOTE 1 - PLAN DESCRIPTION (Continued)

Forfeited Accounts

The Plan did not hold any forfeited non-vested amounts at December 31, 2017 and 2016. If any funds were held in these accounts, the funds will be used to reduce the employer's contributions and pay expenses associated with the Plan. Any forfeitures attributable to the employer's discretionary contributions will be used to reduce any employer contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings. Years with less than 12 months will not be counted as a year of service. Vesting in the Company's contributions is based on the number of years of service according to the following schedule:

Years of Services	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which salaries are earned. Employer discretionary contributions are recognized as revenues in the period in which determined. Benefits payable are recognized when due and payable in accordance with terms of the Plan.

Investment Valuation and Income Recognition

The Plan entered into an investment contract with MassMutual Life Insurance Company who maintains the contributions in registered investment companies (mutual funds) and fixed accounts. Investments held in mutual funds are maintained at fair value and investment contract fixed account (nonbenefit-responsive investments) are maintained at contract value and adjusted at end of the year to fair value. The investments are not considered fully benefit responsive and are included in the statement of net assets available for benefits at fair value. Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation and appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable
Amounts payable to participants amounting to $5,000 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction in 2017. There were no amounts in excess contributions for the years ended December 31, 2017 and 2016.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Expenses
All operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements.

Payment of Benefits
Benefits are recorded when payable or when paid.

Date of Management's Review
Subsequent events were evaluated through June 22, 2018, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consists of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 was not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were unavailable. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities & Exchange Commission. The funds must publish their daily net assets value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements
The fair value of the fixed account investments is based on actuarial formula as defined under the terms of the contract with no observable inputs.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements at the End of Reporting Period Using:			
	Fair Value	Quoted Prices In Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Mutual funds	$ 256,967	$ 256,967	$ --	$ --
Fixed account funds	60,795	--	60,795	--
Total	$ 317,762	$ 256,967	$ 60,795	$ --
December 31, 2016				
Mutual funds	$ 193,553	$ 193,553	$ --	$ --
Fixed account funds	21,905	--	21,905	--
Total	$ 215,458	$ 193,553	$ 21,905	$ --

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair values of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2017	2016
Mutual funds	$256,967	$193,553
Fixed account	60,795	21,905
Investment income	35,976	9,083

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 - TERMINATED EMPLOYEES

The Plan has a "cash out" provision whereby the Plan can distribute the vested account balance for terminated participants with account balances of $5,000 or less. The Plan did not have terminated participants with vested account balances of $5,000 or less at December 31, 2017 and 2016.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan sponsor believes the Plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in process. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with MassMutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a general (fixed) account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract can be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the general account in that month. The declared interest rate was 3.00% for the years ending December 31, 2017 and 2016.
