INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Lincoln Builders, Inc. Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Lincoln Builders, Inc Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of September 30, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementaiton and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessments of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Lincoln Builders, Inc Employee Stock Ownership Plan as of September 30, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at the end of year and assets acquired and disposed of within year, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

LINCOLN BUILDERS, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2017

NOTE 1 - PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Lincoln Builders, Inc. established the Lincoln Builders, Inc. Employee Stock Ownership Plan (Plan) effective as of October 1, 1993. The Plan was amended and operates, in relevant part, as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Security Act of 1974, as amended (ERISA). The Plan is administered by a committee comprising three persons appointed by Lincoln Builders, Inc.'s Board of Directors. Participant record-keeping is done by Menke & Associates, Inc. The trustee for the Plan is Danny R. Graham.

When the Plan was established, it purchased 796 shares of the Company's common stock (7,960 shares after 9 for 1 stock dividend) for $957,050 by paying $250,000 in cash and signing two notes for the remaining purchase price of $707,050. The notes were collateralized by the stock. As the debt was repaid, shares were released from collateral and allocated to active employees, based on the proportion of debt service paid in the year. In prior years payments to the Plan were sufficient to liquidate the debt of the Plan.

Eligibility

Employees of the company are generally eligible to participate in the Plan from and after the Entry Date coinciding with or next following their employment commencement date, provided the employee has attained the age of 21. A participant will share in the allocation of employer contributions and forfeitures only if the participant has accumulated 1,000 or more hours of service during a plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for the year.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional shares.

Voting Rights

All company stock held by the Trust shall be voted by the Trustee in accordance with instructions from the Committee. However, participants shall be entitled to direct the voting of stock allocated to their account with respect to any vote required for approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of a trade or business, or other similar transactions prescribed by regulation. The Trustee shall vote any shares for which a participant has failed to give timely voting direction.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2017

NOTE 1 - PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the administrative committee shall direct the Trustee to pay all liabilities and expenses of the fund.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service beginning in the second year and are 100% vested after six years of service.

Participant Accounts and Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at September 30, 2017 and 2016 totaled $2,788 and $372, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and it's participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

NOTE 1 - PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNT POLICIES, Continued

SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting; consequently, contributions and investment income are recorded as earned and expenses when incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Company were valued at fair value on September 30, 2017 and 2016. Fair value is determined by annual independent appraisals.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Investments are reported in the financial statements at fair value. Realized gains and losses from security transactions are reported on the average cost method.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Date of Management's Review

Subsequent events have been evaluated through June 21, 2018 which is the date the financial statements were available to be issued.

NOTE 2- TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 24, 2013 that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan was amended and restated effective October 1, 2012. Tax years 2016, 2015, and 2014 are open to examination by the Internal Revenue Service.

NOTE 3 - ADMINISTRATION OF PLAN ASSETS

The Plan assets, which consist principally of Lincoln Builders, Inc. common shares, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distribution to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Audit fees and administrative expenses for the participant record-keeping fees are paid directly by the Company.

NOTE 4 - INVESTMENTS

The Plan's investment in Lincoln Builders, Inc. common shares at September 30, is as follows:

	2017	2016
Number of shares	7,806	7,806
Cost	$1,065,864	$1,065,864
Market	$3,122,400	$2,942,862

NOTE 5 - EMPLOYER CONTRIBUTIONS

In the event a terminated ESOP participant desires to sell his or her shares of the Company's stock, or for certain employees who elect to diversify their account balances, the Plan may be required to purchase the shares from the participant at their fair market value. Employer contributions are generally made in an amount sufficient to purchase the shares.

NOTE 6 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 6 - FAIR VALUE MEASUREMENTS, Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2017.

The valuation process involves the selection of an appraiser under contract. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. Plan management reviews and approves the appraisal report each year upon its completion.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

NOTE 6 - FAIR VALUE MEASUREMENTS, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2017 and 2016.

	Assets at Fair Value as of September 30			
	Level 1	**Level 2**	**Level 3**	**Total**
2017:				
Common stock	$ -	$ -	$3,122,400	$3,122,400
Total assets at fair value	$ -	$ -	$3,122,400	$3,122,400
2016:				
Common stock	$ -	$ -	$2,942,862	$2,942,862
Total assets at fair value	$ -	$ -	$2,942,862	$2,942,862

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended September 30, 2017 and 2016:

Common Stock:	Level 3 Assets Year ended September 30	
	2017	2016
Balance, beginning of the year	$2,942,862	$3,161,705
Realized gains (losses)	-	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	179,538	78,060
Purchases, sales, issuances and settlements (net)	-	(296,903)
Balance, end of year	$3,122,400	$2,942,862

NOTE 7 - CONCENTRATION OF CREDIT RISK

Receivables in the amount of $100,000 are due from the plan sponsor and are concentrated in the construction industry.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that the changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. These are related party and party-in-interest transactions. As described in Note 3, the Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.
