Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Denver Typographical Union Newspaper Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a collectively bargained, single-employer, defined benefit pension plan established January 1, 1959 under an agreement, as amended and restated, which is presently between DP Media Network, LLC (the "Company") and the Denver Typographical Union Newspaper, to provide pension, disability, retirement, and death benefits to eligible employees with qualifying years of credited service. Effective June 28, 2017, the Company assumed sponsorship of the Plan from the Denver Post, LLC, which is treated as a predecessor employer for purposes of determining years of service, benefit accruals, and vesting. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB (collectively, "Prudential") serves as trustee, manages the Plan investments, and maintains the Plan's records.

The Plan was soft frozen effective December 31, 2007. As a result of the freeze, new hires are not eligible to participate, but current participants continued to earn credit for benefit accrual. Effective September 30, 2012, the Plan was frozen, ceasing additional benefit accruals for credited service after that date.

Funding Policy

The Plan has met minimum funding requirements of ERISA for the Plan years ended September 30, 2017 and 2016.

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the Plan liabilities on the valuation date. The funding target attainment percentage was 82.54% at October 1, 2016 and 90.08% at October 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions made by the Company are in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$4,000,000 and \$200,000 were made to the Plan for the years ended September 30, 2017 and 2016, respectively.

Vesting and Payment of Benefits

A participant who has completed five years of vesting service or who has attained age 62 while employed is fully vested and is entitled to receive benefits upon retirement based upon length of employment, as provided by the Plan. Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 133 Shifts or Shift Equivalents. A Shift is defined as a period of time ranging from 6.2 to 8.0 hours depending on the department the employee works in as outlined in more detail in the Plan document. A participant who terminates employment after achieving vested status is entitled to a deferred vested benefit. Payments of the deferred benefit begin at the participant's normal retirement date and consist of all benefits accrued prior to termination.

The normal retirement date is the first day of the month coinciding with or following the participant's 62nd birthday. A vested participant may terminate employment and commence receiving a reduced benefit on the first day of any month on or after age 55. The pension formula for the benefit payable at normal retirement date (in the form of a life annuity) is equal to a dollar amount dependent upon the participant's termination date, as described more fully in the following paragraphs, multiplied by the number of years of Benefit Service.

The Plan provides for varying pension benefit formula dollar amounts based on employment termination dates. For participants whose employment terminated on or before October 1, 1985, the monthly dollar amount is (i) \$3.00 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$4.75 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after September 30, 1985 but before October 1, 1987, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$14.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after October 1, 1987 but before October 1, 1991, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$26.50 times the participant's years of Benefit Service after September 30, 1976.

Vesting and Payment of Benefits (continued)

For participants whose employment terminated after October 1, 1991 but before October 1, 1993, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$30.50 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) the greater of \$25.00 or 5% multiplied by the benefit calculated as follows for service prior to October 1, 1991: (v) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (vi) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (vii) \$30.50 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (viii) \$45.00 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 1993 through October 1, 1997, the monthly dollar amount is (i) \$3.47 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.80 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$32.03 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$45.00 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 1997 through October 1, 2000, the monthly dollar amount is (i) \$3.99 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$19.32 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$36.83 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$51.75 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 2000, the monthly dollar amount is (i) \$5.00 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$20.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$40.00 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$60.00 times the participant's years of Benefit Service after September 30, 1991.

If a participant dies while employed and after completing five years of vesting service, or after terminating with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, their spouse is entitled to a death benefit. The death benefit is payable in the form of a qualified 50% Joint and Survivor Annuity or in the form of a qualified 100% Joint and Survivor Annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets would be set aside first for the payment of benefits to retirees and then for all other participants. The Pension Benefit Guaranty Corporation guarantees the payment of all vested benefits subject to certain limitations prescribed by ERISA.

Valuation of Investments and Income Recognition

Investments are reported at fair value as reported by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional fair value measurement disclosures.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. The most significant of these estimates relates to the determination of the accumulated Plan benefits and the Plan's funded status. Accordingly, actual results could differ from those estimates.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

As of September 30, 2017 and 2016, five and three investments accounted for approximately 97% and 92%, respectively, of total investments at fair value. During the years ended September 30, 2017 and 2016, two investments accounted for approximately 94% and 100% of net appreciation (depreciation) in fair value of investments, respectively.

Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Master Trust Reporting*. The amendment is effective for all plan years beginning after December 15, 2018. Earlier application is permitted, and the amendments are presented retrospectively for each period for which financial statements are presented. The amendment requires a plan's interest in the master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendment also requires disclosure of the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments. This update will require plans to disclose (1) their master trust's other asset and liability balances, and (2) the dollar amount of the plan's interest in each of those balances. Lastly, the update removes certain redundant disclosures for health and welfare benefit plans and, as such, does not affect the Plan. The Company is evaluating the updated disclosure requirements.

Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

As described in Note 3, the Plan is continuing to liquidate the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund which are included within the Interest in Master Trust.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events (continued)

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of September 30, 2017 and 2016 and the income earned and losses incurred on the investments for the years then ended, as reflected in the accompanying financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value on a recurring basis as of September 30, 2017 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,059,726	\$ -	\$ -	\$ 5,059,726
Investments measured at net asset value ("NAV")				9,644,742
Total investments				<u>\$ 14,704,468</u>

As of September 30, 2016, no investments were required to be presented in the fair value hierarchy. As of September 30, 2016, investments of \$13,822,230 were measured at NAV.

The valuation technique used to measure fair value of the mutual funds is based upon the quoted market price at the close of business on the reporting period date.

The Plan's investments in pooled separate accounts ("separate accounts") and Interest in Master Trust, (referred to within this paragraph as "hedge funds" as the Master Trust is comprised of three hedge funds) are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon an estimate made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account has no redemption restrictions or unfunded commitments as of September 30, 2017 and 2016. The redemption restrictions for the three underlying hedge funds in the Master Trust are as follows. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given. Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are being liquidated through a soft wind-down process. Quarterly distributions are being made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of September 30, 2017 and 2016.

Note 3 - Fair Value Accounting (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended September 30, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Interest in Master Trust

The Plan's financial instruments with significant unobservable inputs as of September 30, 2017 and 2016 include an Interest in Master Trust whose underlying investments contain certain redemption restrictions. The fair value of the Interest in Master Trust as of September 30, 2017 and 2016 was \$6,283,929 and \$12,648,212, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments of Interest in Master Trust

The following is a reconciliation of the beginning and ending balance for investments measured at fair value on a recurring basis using significant unobservable inputs during the years ended September 30, 2017 and 2016:

	<u>Master Trust</u>

Interest in Master Trust

A portion of the Plan's investments is in the Denver Post Defined Benefit Plans Master Trust ("Master Trust"), which was established for the investment of assets of the Plan and two other Company-sponsored defined benefit retirement plans during the current year. Each participating retirement plan has an undivided interest in the Master Trust. The Plan's interest in the net assets of the Master Trust is invested in various hedge funds.

Interest in Master Trust (continued)

The amounts disclosed in the statements of net assets available for benefits represent the Plan's 27.92% and 28.02% undivided interest in the net assets of the Master Trust as of September 30, 2017 and 2016, respectively. Interest, dividends, net appreciation (depreciation) in fair value of investments, and investment expenses are allocated to the Plan based upon its pro-rata share in the net assets of the Master Trust. Administrative expenses incurred that relate to individual plans were specifically allocated to each plan.

The following table presents the net assets in the Master Trust:

	<u>2017</u>	<u>2016</u>
Investments, at fair value		
Hedge funds	<u>\$ 22,510,123</u>	<u>\$ 45,145,379</u>

The following table presents the net investment appreciation (depreciation) for the Master Trust:

Note 4 - Income Taxes

The IRS has determined and informed the Plan in a letter dated July 3, 2012, and subsequently updated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Notes to Financial Statements

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment consultant services during the years ended September 30, 2017 and 2016 were \$22,152 and \$23,806, respectively, which are included within administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include an Interest in Master Trust, which contains two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated Plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan document. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial valuations were performed as of October 1, 2016 and 2015. Had the valuation been performed as of September 30, 2016 and 2015, there would be no material difference.

Note 7 - Accumulated Plan Benefits (continued)

The following table sets forth the accumulated Plan benefits:

	October 1,	
	2016	2015
Actuarial present value of accumulated Plan benefits		
Vested benefits		
Participants currently receiving benefits	\$ 14,000,040	\$ 14,661,365

Total actuarial present value of accumulated Plan benefits	<u>\$ 17,132,426</u>	<u>\$ 18,390,622</u>

The change in present value of accumulated Plan benefits was as follows:

Actuarial present value of accumulated Plan benefits as of October 1, 2015	\$ 18,390,622
Increase (decrease) during the year attributable to	
Interest accumulation	1,227,952
Assumption changes (1)	(622,835)
Other changes (2)	(137,221)
Benefit payments	<u>(1,726,092)</u>
Actuarial present value of accumulated Plan benefits as of October 1, 2016	<u>\$ 17,132,426</u>

- (1) Changes in actuarial assumptions relate to changes in mortality assumptions as noted in the following table.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals and those items of Plan experience that are not associated with Plan asset performance.

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its October 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments	7.00% (2016 and 2015)
Probability of retirement - active participants	5% at ages 55-59, 10% at ages 60-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015)
Probability of retirement - terminated vested participants	5% at ages 55-61 and 100% at ages 62+ (2016 and 2015)
Mortality basis	2016 Static Mortality Table for Annuitants and Non-Annuitants (2016) and 2015 Static Mortality Table for Annuitants and Non-Annuitants (2015)
Actuarial cost method	Standard unit credit cost method (2016 and 2015)
Compensation increase	Salary scale and valuation compensation assumptions no longer apply as benefits were frozen effective September 30, 2012

The effective interest rate assumption changed to 5.98% as of October 1, 2016 from 6.17% as of October 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Decrement Timing	Middle-of-year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 85% of males and 85% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$215,000.
Valuation of Plan Assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets	
2014 Plan Year	Lesser of 7.50%, and the 3 rd Segment rate. Actual rate of 6.99%

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Denver Typographical Union Newspaper Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a collectively bargained, single-employer, defined benefit pension plan established January 1, 1959 under an agreement, as amended and restated, which is presently between DP Media Network, LLC (the "Company") and the Denver Typographical Union Newspaper, to provide pension, disability, retirement, and death benefits to eligible employees with qualifying years of credited service. Effective June 28, 2017, the Company assumed sponsorship of the Plan from the Denver Post, LLC, which is treated as a predecessor employer for purposes of determining years of service, benefit accruals, and vesting. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB (collectively, "Prudential") serves as trustee, manages the Plan investments, and maintains the Plan's records.

The Plan was soft frozen effective December 31, 2007. As a result of the freeze, new hires are not eligible to participate, but current participants continued to earn credit for benefit accrual. Effective September 30, 2012, the Plan was frozen, ceasing additional benefit accruals for credited service after that date.

Funding Policy

The Plan has met minimum funding requirements of ERISA for the Plan years ended September 30, 2017 and 2016.

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the Plan liabilities on the valuation date. The funding target attainment percentage was 82.54% at October 1, 2016 and 90.08% at October 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions made by the Company are in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$4,000,000 and \$200,000 were made to the Plan for the years ended September 30, 2017 and 2016, respectively.

Vesting and Payment of Benefits

A participant who has completed five years of vesting service or who has attained age 62 while employed is fully vested and is entitled to receive benefits upon retirement based upon length of employment, as provided by the Plan. Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 133 Shifts or Shift Equivalents. A Shift is defined as a period of time ranging from 6.2 to 8.0 hours depending on the department the employee works in as outlined in more detail in the Plan document. A participant who terminates employment after achieving vested status is entitled to a deferred vested benefit. Payments of the deferred benefit begin at the participant's normal retirement date and consist of all benefits accrued prior to termination.

The normal retirement date is the first day of the month coinciding with or following the participant's 62nd birthday. A vested participant may terminate employment and commence receiving a reduced benefit on the first day of any month on or after age 55. The pension formula for the benefit payable at normal retirement date (in the form of a life annuity) is equal to a dollar amount dependent upon the participant's termination date, as described more fully in the following paragraphs, multiplied by the number of years of Benefit Service.

The Plan provides for varying pension benefit formula dollar amounts based on employment termination dates. For participants whose employment terminated on or before October 1, 1985, the monthly dollar amount is (i) \$3.00 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$4.75 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after September 30, 1985 but before October 1, 1987, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$14.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after October 1, 1987 but before October 1, 1991, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$26.50 times the participant's years of Benefit Service after September 30, 1976.

The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets would be set aside first for the payment of benefits to retirees and then for all other participants. The Pension Benefit Guaranty Corporation guarantees the payment of all vested benefits subject to certain limitations prescribed by ERISA.

Valuation of Investments and Income Recognition

Investments are reported at fair value as reported by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional fair value measurement disclosures.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. The most significant of these estimates relates to the determination of the accumulated Plan benefits and the Plan's funded status. Accordingly, actual results could differ from those estimates.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

As of September 30, 2017 and 2016, five and three investments accounted for approximately 97% and 92%, respectively, of total investments at fair value. During the years ended September 30, 2017 and 2016, two investments accounted for approximately 94% and 100% of net appreciation (depreciation) in fair value of investments, respectively.

Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Master Trust Reporting*. The amendment is effective for all plan years beginning after December 15, 2018. Earlier application is permitted, and the amendments are presented retrospectively for each period for which financial statements are presented. The amendment requires a plan's interest in the master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendment also requires disclosure of the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments. This update will require plans to disclose (1) their master trust's other asset and liability balances, and (2) the dollar amount of the plan's interest in each of those balances. Lastly, the update removes certain redundant disclosures for health and welfare benefit plans and, as such, does not affect the Plan. The Company is evaluating the updated disclosure requirements.

Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

As described in Note 3, the Plan is continuing to liquidate the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund which are included within the Interest in Master Trust.

Subsequent Events (continued)

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of September 30, 2017 and 2016 and the income earned and losses incurred on the investments for the years then ended, as reflected in the accompanying financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value on a recurring basis as of September 30, 2017 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,059,726	\$ -	\$ -	\$ 5,059,726
Investments measured at net asset value ("NAV")				9,644,742
Total investments				<u>\$ 14,704,468</u>

As of September 30, 2016, no investments were required to be presented in the fair value hierarchy. As of September 30, 2016, investments of \$13,822,230 were measured at NAV.

The valuation technique used to measure fair value of the mutual funds is based upon the quoted market price at the close of business on the reporting period date.

The Plan's investments in pooled separate accounts ("separate accounts") and Interest in Master Trust, (referred to within this paragraph as "hedge funds" as the Master Trust is comprised of three hedge funds) are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon an estimate made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account has no redemption restrictions or unfunded commitments as of September 30, 2017 and 2016. The redemption restrictions for the three underlying hedge funds in the Master Trust are as follows. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given. Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are being liquidated through a soft wind-down process. Quarterly distributions are being made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of September 30, 2017 and 2016.

Note 3 - Fair Value Accounting (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended September 30, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Interest in Master Trust

The Plan's financial instruments with significant unobservable inputs as of September 30, 2017 and 2016 include an Interest in Master Trust whose underlying investments contain certain redemption restrictions. The fair value of the Interest in Master Trust as of September 30, 2017 and 2016 was \$6,283,929 and \$12,648,212, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments of Interest in Master Trust

The following is a reconciliation of the beginning and ending balance for investments measured at fair value on a recurring basis using significant unobservable inputs during the years ended September 30, 2017 and 2016:

	<u>Master Trust</u>
Investment balance, September 30, 2015	\$ 6,083,734
Purchases	8,200,000
Losses (realized/unrealized)	(435,522)
Sales	<u>(1,200,000)</u>
Investment balance, September 30, 2016	12,648,212
Gains (realized/unrealized)	2,099,909
Sales	<u>(8,464,192)</u>
Investment balance, September 30, 2017	<u><u>\$ 6,283,929</u></u>

Interest in Master Trust

A portion of the Plan's investments is in the Denver Post Defined Benefit Plans Master Trust ("Master Trust"), which was established for the investment of assets of the Plan and two other Company-sponsored defined benefit retirement plans during the current year. Each participating retirement plan has an undivided interest in the Master Trust. The Plan's interest in the net assets of the Master Trust is invested in various hedge funds.

Interest in Master Trust (continued)

The amounts disclosed in the statements of net assets available for benefits represent the Plan's 27.92% and 28.02% undivided interest in the net assets of the Master Trust as of September 30, 2017 and 2016, respectively. Interest, dividends, net appreciation (depreciation) in fair value of investments, and investment expenses are allocated to the Plan based upon its pro-rata share in the net assets of the Master Trust. Administrative expenses incurred that relate to individual plans were specifically allocated to each plan.

The following table presents the net assets in the Master Trust:

	<u>September 30,</u>	
	<u>2017</u>	<u>2016</u>
Investments, at fair value		
Hedge funds	<u>\$ 22,510,123</u>	<u>\$ 45,145,379</u>

The following table presents the net investment appreciation (depreciation) for the Master Trust:

	<u>For the Years Ended</u> <u>September 30,</u>	
	<u>2017</u>	<u>2016</u>
Net unrealized and realized appreciation (depreciation) in fair value of investments	<u>\$ 7,838,986</u>	<u>\$ (1,483,307)</u>
Denver Typographical Union Newspaper Employees' Pension Plan net unrealized and realized appreciation (depreciation) in fair value of Interest in Master Trust	<u>\$ 2,099,910</u>	<u>\$ (435,522)</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan in a letter dated July 3, 2012, and subsequently updated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment consultant services during the years ended September 30, 2017 and 2016 were \$22,152 and \$23,806, respectively, which are included within administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include an Interest in Master Trust, which contains two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated Plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan document. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial valuations were performed as of October 1, 2016 and 2015. Had the valuation been performed as of September 30, 2016 and 2015, there would be no material difference.

Note 7 - Accumulated Plan Benefits (continued)

The following table sets forth the accumulated Plan benefits:

	October 1,	
	2016	2015
Actuarial present value of accumulated Plan benefits		
Vested benefits		
Participants currently receiving benefits	\$ 14,000,040	\$ 14,661,365

Total actuarial present value of accumulated Plan benefits	<u>\$ 17,132,426</u>	<u>\$ 18,390,622</u>

The change in present value of accumulated Plan benefits was as follows:

Actuarial present value of accumulated Plan benefits as of October 1, 2015	\$ 18,390,622
Increase (decrease) during the year attributable to	
Interest accumulation	1,227,952
Assumption changes (1)	(622,835)

Benefit payments	<u>(1,726,092)</u>
Actuarial present value of accumulated Plan benefits as of October 1, 2016	<u>\$ 17,132,426</u>

- (1) Changes in actuarial assumptions relate to changes in mortality assumptions as noted in the following table.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals and those items of Plan experience that are not associated with Plan asset performance.

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its October 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments	7.00% (2016 and 2015)
Probability of retirement - active participants	5% at ages 55-59, 10% at ages 60-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015)
Probability of retirement - terminated vested participants	5% at ages 55-61 and 100% at ages 62+ (2016 and 2015)
Mortality basis	2016 Static Mortality Table for Annuitants and Non-Annuitants (2016) and 2015 Static Mortality Table for Annuitants and Non-Annuitants (2015)
Actuarial cost method	Standard unit credit cost method (2016 and 2015)
Compensation increase	Salary scale and valuation compensation assumptions no longer apply as benefits were frozen effective September 30, 2012

The effective interest rate assumption changed to 5.98% as of October 1, 2016 from 6.17% as of October 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Denver Typographical Union Newspaper Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a collectively bargained, single-employer, defined benefit pension plan established January 1, 1959 under an agreement, as amended and restated, which is presently between DP Media Network, LLC (the "Company") and the Denver Typographical Union Newspaper, to provide pension, disability, retirement, and death benefits to eligible employees with qualifying years of credited service. Effective June 28, 2017, the Company assumed sponsorship of the Plan from the Denver Post, LLC, which is treated as a predecessor employer for purposes of determining years of service, benefit accruals, and vesting. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB (collectively, "Prudential") serves as trustee, manages the Plan investments, and maintains the Plan's records.

The Plan was soft frozen effective December 31, 2007. As a result of the freeze, new hires are not eligible to participate, but current participants continued to earn credit for benefit accrual. Effective September 30, 2012, the Plan was frozen, ceasing additional benefit accruals for credited service after that date.

Funding Policy

The Plan has met minimum funding requirements of ERISA for the Plan years ended September 30, 2017 and 2016.

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the Plan liabilities on the valuation date. The funding target attainment percentage was 82.54% at October 1, 2016 and 90.08% at October 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions made by the Company are in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$4,000,000 and \$200,000 were made to the Plan for the years ended September 30, 2017 and 2016, respectively.

Vesting and Payment of Benefits

A participant who has completed five years of vesting service or who has attained age 62 while employed is fully vested and is entitled to receive benefits upon retirement based upon length of employment, as provided by the Plan. Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 133 Shifts or Shift Equivalents. A Shift is defined as a period of time ranging from 6.2 to 8.0 hours depending on the department the employee works in as outlined in more detail in the Plan document. A participant who terminates employment after achieving vested status is entitled to a deferred vested benefit. Payments of the deferred benefit begin at the participant's normal retirement date and consist of all benefits accrued prior to termination.

The normal retirement date is the first day of the month coinciding with or following the participant's 62nd birthday. A vested participant may terminate employment and commence receiving a reduced benefit on the first day of any month on or after age 55. The pension formula for the benefit payable at normal retirement date (in the form of a life annuity) is equal to a dollar amount dependent upon the participant's termination date, as described more fully in the following paragraphs, multiplied by the number of years of Benefit Service.

The Plan provides for varying pension benefit formula dollar amounts based on employment termination dates. For participants whose employment terminated on or before October 1, 1985, the monthly dollar amount is (i) \$3.00 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$4.75 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after September 30, 1985 but before October 1, 1987, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$14.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after October 1, 1987 but before October 1, 1991, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$26.50 times the participant's years of Benefit Service after September 30, 1976.

Vesting and Payment of Benefits (continued)

For participants whose employment terminated after October 1, 1991 but before October 1, 1993, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$30.50 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) the greater of \$25.00 or 5% multiplied by the benefit calculated as follows for service prior to October 1, 1991: (v) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (vi) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (vii) \$30.50 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (viii) \$45.00 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 1993 through October 1, 1997, the monthly dollar amount is (i) \$3.47 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.80 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$32.03 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$45.00 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 1997 through October 1, 2000, the monthly dollar amount is (i) \$3.99 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$19.32 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$36.83 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$51.75 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 2000, the monthly dollar amount is (i) \$5.00 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$20.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$40.00 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$60.00 times the participant's years of Benefit Service after September 30, 1991.

If a participant dies while employed and after completing five years of vesting service, or after terminating with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, their spouse is entitled to a death benefit. The death benefit is payable in the form of a qualified 50% Joint and Survivor Annuity or in the form of a qualified 100% Joint and Survivor Annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets would be set aside first for the payment of benefits to retirees and then for all other participants. The Pension Benefit Guaranty Corporation guarantees the payment of all vested benefits subject to certain limitations prescribed by ERISA.

Valuation of Investments and Income Recognition

Investments are reported at fair value as reported by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional fair value measurement disclosures.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. The most significant of these estimates relates to the determination of the accumulated Plan benefits and the Plan's funded status. Accordingly, actual results could differ from those estimates.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

As of September 30, 2017 and 2016, five and three investments accounted for approximately 97% and 92%, respectively, of total investments at fair value. During the years ended September 30, 2017 and 2016, two investments accounted for approximately 94% and 100% of net appreciation (depreciation) in fair value of investments, respectively.

Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Master Trust Reporting*. The amendment is effective for all plan years beginning after December 15, 2018. Earlier application is permitted, and the amendments are presented retrospectively for each period for which financial statements are presented. The amendment requires a plan's interest in the master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendment also requires disclosure of the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments. This update will require plans to disclose (1) their master trust's other asset and liability balances, and (2) the dollar amount of the plan's interest in each of those balances. Lastly, the update removes certain redundant disclosures for health and welfare benefit plans and, as such, does not affect the Plan. The Company is evaluating the updated disclosure requirements.

Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

As described in Note 3, the Plan is continuing to liquidate the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund which are included within the Interest in Master Trust.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events (continued)

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of September 30, 2017 and 2016 and the income earned and losses incurred on the investments for the years then ended, as reflected in the accompanying financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value on a recurring basis as of September 30, 2017 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,059,726	\$ -	\$ -	\$ 5,059,726
Investments measured at net asset value ("NAV")				9,644,742
Total investments				<u>\$ 14,704,468</u>

As of September 30, 2016, no investments were required to be presented in the fair value hierarchy. As of September 30, 2016, investments of \$13,822,230 were measured at NAV.

The valuation technique used to measure fair value of the mutual funds is based upon the quoted market price at the close of business on the reporting period date.

The Plan's investments in pooled separate accounts ("separate accounts") and Interest in Master Trust, (referred to within this paragraph as "hedge funds" as the Master Trust is comprised of three hedge funds) are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon an estimate made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account has no redemption restrictions or unfunded commitments as of September 30, 2017 and 2016. The redemption restrictions for the three underlying hedge funds in the Master Trust are as follows. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given. Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are being liquidated through a soft wind-down process. Quarterly distributions are being made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of September 30, 2017 and 2016.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended September 30, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Interest in Master Trust

The Plan's financial instruments with significant unobservable inputs as of September 30, 2017 and 2016 include an Interest in Master Trust whose underlying investments contain certain redemption restrictions. The fair value of the Interest in Master Trust as of September 30, 2017 and 2016 was \$6,283,929 and \$12,648,212, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments of Interest in Master Trust

The following is a reconciliation of the beginning and ending balance for investments measured at fair value on a recurring basis using significant unobservable inputs during the years ended September 30, 2017 and 2016:

	<u>Master Trust</u>
Investment balance, September 30, 2015	\$ 6,083,734
Purchases	8,200,000
Losses (realized/unrealized)	(435,522)
Sales	<u>(1,200,000)</u>
Investment balance, September 30, 2016	12,648,212
Gains (realized/unrealized)	2,099,909
Sales	<u>(8,464,192)</u>
Investment balance, September 30, 2017	<u><u>\$ 6,283,929</u></u>

Interest in Master Trust

A portion of the Plan's investments is in the Denver Post Defined Benefit Plans Master Trust ("Master Trust"), which was established for the investment of assets of the Plan and two other Company-sponsored defined benefit retirement plans during the current year. Each participating retirement plan has an undivided interest in the Master Trust. The Plan's interest in the net assets of the Master Trust is invested in various hedge funds.

Note 3 - Fair Value Accounting (continued)

Interest in Master Trust (continued)

The amounts disclosed in the statements of net assets available for benefits represent the Plan's 27.92% and 28.02% undivided interest in the net assets of the Master Trust as of September 30, 2017 and 2016, respectively. Interest, dividends, net appreciation (depreciation) in fair value of investments, and investment expenses are allocated to the Plan based upon its pro-rata share in the net assets of the Master Trust. Administrative expenses incurred that relate to individual plans were specifically allocated to each plan.

The following table presents the net assets in the Master Trust:

	<u>September 30,</u>	
	<u>2017</u>	<u>2016</u>
Investments, at fair value		
Hedge funds	<u>\$ 22,510,123</u>	<u>\$ 45,145,379</u>

The following table presents the net investment appreciation (depreciation) for the Master Trust:

	<u>For the Years Ended</u> <u>September 30,</u>	
	<u>2017</u>	<u>2016</u>
Net unrealized and realized appreciation (depreciation) in fair value of investments	<u>\$ 7,838,986</u>	<u>\$ (1,483,307)</u>
Denver Typographical Union Newspaper Employees' Pension Plan net unrealized and realized appreciation (depreciation) in fair value of Interest in Master Trust	<u>\$ 2,099,910</u>	<u>\$ (435,522)</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan in a letter dated July 3, 2012, and subsequently updated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment consultant services during the years ended September 30, 2017 and 2016 were \$22,152 and \$23,806, respectively, which are included within administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include an Interest in Master Trust, which contains two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated Plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan document. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial valuations were performed as of October 1, 2016 and 2015. Had the valuation been performed as of September 30, 2016 and 2015, there would be no material difference.

Benefit payments	<u>(1,726,092)</u>
Actuarial present value of accumulated Plan benefits as of October 1, 2016	<u>\$ 17,132,426</u>

- (1) Changes in actuarial assumptions relate to changes in mortality assumptions as noted in the following table.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals and those items of Plan experience that are not associated with Plan asset performance.

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its October 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments	7.00% (2016 and 2015)
Probability of retirement - active participants	5% at ages 55-59, 10% at ages 60-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015)
Probability of retirement - terminated vested participants	5% at ages 55-61 and 100% at ages 62+ (2016 and 2015)
Mortality basis	2016 Static Mortality Table for Annuitants and Non-Annuitants (2016) and 2015 Static Mortality Table for Annuitants and Non-Annuitants (2015)
Actuarial cost method	Standard unit credit cost method (2016 and 2015)
Compensation increase	Salary scale and valuation compensation assumptions no longer apply as benefits were frozen effective September 30, 2012

The effective interest rate assumption changed to 5.98% as of October 1, 2016 from 6.17% as of October 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Denver Typographical Union Newspaper Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a collectively bargained, single-employer, defined benefit pension plan established January 1, 1959 under an agreement, as amended and restated, which is presently between DP Media Network, LLC (the "Company") and the Denver Typographical Union Newspaper, to provide pension, disability, retirement, and death benefits to eligible employees with qualifying years of credited service. Effective June 28, 2017, the Company assumed sponsorship of the Plan from the Denver Post, LLC, which is treated as a predecessor employer for purposes of determining years of service, benefit accruals, and vesting. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB (collectively, "Prudential") serves as trustee, manages the Plan investments, and maintains the Plan's records.

The Plan was soft frozen effective December 31, 2007. As a result of the freeze, new hires are not eligible to participate, but current participants continued to earn credit for benefit accrual. Effective September 30, 2012, the Plan was frozen, ceasing additional benefit accruals for credited service after that date.

Funding Policy

The Plan has met minimum funding requirements of ERISA for the Plan years ended September 30, 2017 and 2016.

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the Plan liabilities on the valuation date. The funding target attainment percentage was 82.54% at October 1, 2016 and 90.08% at October 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions made by the Company are in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$4,000,000 and \$200,000 were made to the Plan for the years ended September 30, 2017 and 2016, respectively.

Vesting and Payment of Benefits

A participant who has completed five years of vesting service or who has attained age 62 while employed is fully vested and is entitled to receive benefits upon retirement based upon length of employment, as provided by the Plan. Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 133 Shifts or Shift Equivalents. A Shift is defined as a period of time ranging from 6.2 to 8.0 hours depending on the department the employee works in as outlined in more detail in the Plan document. A participant who terminates employment after achieving vested status is entitled to a deferred vested benefit. Payments of the deferred benefit begin at the participant's normal retirement date and consist of all benefits accrued prior to termination.

The normal retirement date is the first day of the month coinciding with or following the participant's 62nd birthday. A vested participant may terminate employment and commence receiving a reduced benefit on the first day of any month on or after age 55. The pension formula for the benefit payable at normal retirement date (in the form of a life annuity) is equal to a dollar amount dependent upon the participant's termination date, as described more fully in the following paragraphs, multiplied by the number of years of Benefit Service.

The Plan provides for varying pension benefit formula dollar amounts based on employment termination dates. For participants whose employment terminated on or before October 1, 1985, the monthly dollar amount is (i) \$3.00 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$4.75 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after September 30, 1985 but before October 1, 1987, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$14.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$25.00 times the participant's years of Benefit Service after September 30, 1976.

For participants whose employment terminated after October 1, 1987 but before October 1, 1991, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$26.50 times the participant's years of Benefit Service after September 30, 1976.

Vesting and Payment of Benefits (continued)

For participants whose employment terminated after October 1, 1991 but before October 1, 1993, the monthly dollar amount is (i) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$30.50 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) the greater of \$25.00 or 5% multiplied by the benefit calculated as follows for service prior to October 1, 1991: (v) \$3.30 times the participant's years of Benefit Service prior to October 1, 1970 plus (vi) \$16.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (vii) \$30.50 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (viii) \$45.00 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 1993 through October 1, 1997, the monthly dollar amount is (i) \$3.47 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$16.80 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$32.03 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$45.00 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 1997 through October 1, 2000, the monthly dollar amount is (i) \$3.99 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$19.32 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$36.83 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$51.75 times the participant's years of Benefit Service after September 30, 1991.

For participants whose employment terminated after September 30, 2000, the monthly dollar amount is (i) \$5.00 times the participant's years of Benefit Service prior to October 1, 1970 plus (ii) \$20.00 times the participant's years of Benefit Service from October 1, 1970 through September 30, 1976 plus (iii) \$40.00 times the participant's years of Benefit Service from October 1, 1976 through September 30, 1991 plus (iv) \$60.00 times the participant's years of Benefit Service after September 30, 1991.

If a participant dies while employed and after completing five years of vesting service, or after terminating with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, their spouse is entitled to a death benefit. The death benefit is payable in the form of a qualified 50% Joint and Survivor Annuity or in the form of a qualified 100% Joint and Survivor Annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets would be set aside first for the payment of benefits to retirees and then for all other participants. The Pension Benefit Guaranty Corporation guarantees the payment of all vested benefits subject to certain limitations prescribed by ERISA.

Valuation of Investments and Income Recognition

Investments are reported at fair value as reported by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional fair value measurement disclosures.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. The most significant of these estimates relates to the determination of the accumulated Plan benefits and the Plan's funded status. Accordingly, actual results could differ from those estimates.

DENVER TYPOGRAPHICAL UNION NEWSPAPER EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

As of September 30, 2017 and 2016, five and three investments accounted for approximately 97% and 92%, respectively, of total investments at fair value. During the years ended September 30, 2017 and 2016, two investments accounted for approximately 94% and 100% of net appreciation (depreciation) in fair value of investments, respectively.

Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Master Trust Reporting*. The amendment is effective for all plan years beginning after December 15, 2018. Earlier application is permitted, and the amendments are presented retrospectively for each period for which financial statements are presented. The amendment requires a plan's interest in the master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendment also requires disclosure of the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments. This update will require plans to disclose (1) their master trust's other asset and liability balances, and (2) the dollar amount of the plan's interest in each of those balances. Lastly, the update removes certain redundant disclosures for health and welfare benefit plans and, as such, does not affect the Plan. The Company is evaluating the updated disclosure requirements.

Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

As described in Note 3, the Plan is continuing to liquidate the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund which are included within the Interest in Master Trust.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events (continued)

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of September 30, 2017 and 2016 and the income earned and losses incurred on the investments for the years then ended, as reflected in the accompanying financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, the supplemental schedule of assets (held at end of year), and the supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value on a recurring basis as of September 30, 2017 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>5,059,726</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,059,726</u>
Investments measured at net asset value ("NAV")				<u>9,644,742</u>
Total investments				<u>\$ 14,704,468</u>

As of September 30, 2016, no investments were required to be presented in the fair value hierarchy. As of September 30, 2016, investments of \$13,822,230 were measured at NAV.

The valuation technique used to measure fair value of the mutual funds is based upon the quoted market price at the close of business on the reporting period date.

The Plan's investments in pooled separate accounts ("separate accounts") and Interest in Master Trust, (referred to within this paragraph as "hedge funds" as the Master Trust is comprised of three hedge funds) are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon an estimate made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account has no redemption restrictions or unfunded commitments as of September 30, 2017 and 2016. The redemption restrictions for the three underlying hedge funds in the Master Trust are as follows. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given. Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are being liquidated through a soft wind-down process. Quarterly distributions are being made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of September 30, 2017 and 2016.

Note 3 - Fair Value Accounting (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended September 30, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Interest in Master Trust

The Plan's financial instruments with significant unobservable inputs as of September 30, 2017 and 2016 include an Interest in Master Trust whose underlying investments contain certain redemption restrictions. The fair value of the Interest in Master Trust as of September 30, 2017 and 2016 was \$6,283,929 and \$12,648,212, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments of Interest in Master Trust

The following is a reconciliation of the beginning and ending balance for investments measured at fair value on a recurring basis using significant unobservable inputs during the years ended September 30, 2017 and 2016:

	<u>Master Trust</u>
Investment balance, September 30, 2015	\$ 6,083,734
Purchases	8,200,000

Investment balance, September 30, 2017	<u><u>\$ 6,283,929</u></u>

Interest in Master Trust

A portion of the Plan's investments is in the Denver Post Defined Benefit Plans Master Trust ("Master Trust"), which was established for the investment of assets of the Plan and two other Company-sponsored defined benefit retirement plans during the current year. Each participating retirement plan has an undivided interest in the Master Trust. The Plan's interest in the net assets of the Master Trust is invested in various hedge funds.

Interest in Master Trust (continued)

The amounts disclosed in the statements of net assets available for benefits represent the Plan's 27.92% and 28.02% undivided interest in the net assets of the Master Trust as of September 30, 2017 and 2016, respectively. Interest, dividends, net appreciation (depreciation) in fair value of investments, and investment expenses are allocated to the Plan based upon its pro-rata share in the net assets of the Master Trust. Administrative expenses incurred that relate to individual plans were specifically allocated to each plan.

The following table presents the net assets in the Master Trust:

	<u>2017</u>	<u>2016</u>
Investments, at fair value		
Hedge funds	<u>\$ 22,510,123</u>	<u>\$ 45,145,379</u>

Net unrealized and realized appreciation (depreciation) in fair value of investments	<u>\$ 7,838,986</u>	<u>\$ (1,483,307)</u>
Denver Typographical Union Newspaper Employees' Pension Plan net unrealized and realized appreciation (depreciation) in fair value of Interest in Master Trust	<u>\$ 2,099,910</u>	<u>\$ (435,522)</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan in a letter dated July 3, 2012, and subsequently updated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment consultant services during the years ended September 30, 2017 and 2016 were \$22,152 and \$23,806, respectively, which are included within administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include an Interest in Master Trust, which contains two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated Plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan document. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial valuations were performed as of October 1, 2016 and 2015. Had the valuation been performed as of September 30, 2016 and 2015, there would be no material difference.

Note 7 - Accumulated Plan Benefits (continued)

The following table sets forth the accumulated Plan benefits:

	October 1,	
	2016	2015
Actuarial present value of accumulated Plan benefits		
Vested benefits		
Participants currently receiving benefits	\$ 14,000,040	\$ 14,661,365

Total actuarial present value of accumulated Plan benefits	<u>\$ 17,132,426</u>	<u>\$ 18,390,622</u>

The change in present value of accumulated Plan benefits was as follows:

Actuarial present value of accumulated Plan benefits as of October 1, 2015	\$ 18,390,622
Increase (decrease) during the year attributable to	
Interest accumulation	1,227,952
Assumption changes (1)	(622,835)
Other changes (2)	(137,221)
Benefit payments	<u>(1,726,092)</u>
Actuarial present value of accumulated Plan benefits as of October 1, 2016	<u>\$ 17,132,426</u>

- (1) Changes in actuarial assumptions relate to changes in mortality assumptions as noted in the following table.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals and those items of Plan experience that are not associated with Plan asset performance.

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its October 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments	7.00% (2016 and 2015)
Probability of retirement - active participants	5% at ages 55-59, 10% at ages 60-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015)
Probability of retirement - terminated vested participants	5% at ages 55-61 and 100% at ages 62+ (2016 and 2015)
Mortality basis	2016 Static Mortality Table for Annuitants and Non-Annuitants (2016) and 2015 Static Mortality Table for Annuitants and Non-Annuitants (2015)
Actuarial cost method	Standard unit credit cost method (2016 and 2015)
Compensation increase	Salary scale and valuation compensation assumptions no longer apply as benefits were frozen effective September 30, 2012

The effective interest rate assumption changed to 5.98% as of October 1, 2016 from 6.17% as of October 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.
