ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Alliance Inspection Management, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions. The Plan is a defined contribution plan and was adopted on September 1, 1991.

Eligibility

The Plan covers substantially all employees of Alliance Inspection Management, LLC and its subsidiaries - AutoComm, Inc., Total Claims Management, Inc. and UniComm, LLC, together referred to as the "Company". It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The employees must have completed three months of service, and be at least 21 years of age to be eligible to participate in the Plan and receive employer matching contributions.

Contributions

Each participant may contribute up to 100% of eligible compensation deferred and designated as an employee savings contribution, subject to IRS regulation limitations.

Pursuant to the Plan's provisions, the Company matches 100% of the first three percent of the participants' eligible compensation, and 50% of the next two percent of the participant's eligible compensation, contributed to the Plan as deferral contributions. The Plan also allows rollover contributions from other qualified plans.

Participant Accounts

Separate accounts are maintained for each participant which are adjusted for employee deferrals, rollover contributions, employer matching contributions and allocations of forfeitures, administrative expenses and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account. Participants direct all investment transactions within their accounts.

Vesting

Participants are always 100% vested in their deferrals and rollover contributions. Participants are also 100% vested in the employer's matching contributions credited to their accounts after the Plan was amended to include Safe Harbor provisions on January 1, 2006. Employer's matching contributions received prior to January 1, 2006 vest over six years of service, at 20% per year after the second year of service.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures

Forfeitures may first be used to pay the Plan's administrative expenses. Any remaining amounts may reduce the Company's matching contributions. During the year ended December 31, 2017, there were no forfeitures.

Funding Policy

The Company is required to make all employee savings and employer matching contributions under the Plan for each taxable year. In no event shall the amount contributed by the employer in any year exceed the maximum deductible by the employer under Section 404(a)(3) of the Internal Revenue Code.

Payment of Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive all of their elective contributions, the income allocable to such amounts and the vested portion of the Company contribution. Benefits are paid in a lump-sum.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.25%. The loans generally are repaid over a five year period, but may be repaid over a ten year period if obtained to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Benefits

Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and by the Plan's trustee. See Note 5 for discussion of fair value measurements.

Sales and purchases of investments are accounted for on a trade-date basis, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments which potentially subject the Plan to concentration of credit risk consist of investments, which are placed with high credit quality financial institutions.

Notes Receivable from Participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Changes

In May 2015, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for non-public entities for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. The Plan adopted the new guidance applicable to the Plan for the year ended December 31, 2016.

In July 2015, FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit – Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan adopted the new guidance applicable to the Plan for the year ended December 31, 2016.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through the date of issuance of these financial statements on June 4, 2018.

NOTE 3 - INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the Plan's trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplementary information.

The information certified by Fidelity Management Trust Company, the Plan's trustee, included all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2017 and 2016, and all investment income and interest income on notes receivable from participants for the year ended December 31, 2017. Such information has not been examined by the independent auditors.

The value of participant-directed investments as of December 31, 2017 and 2016 was:

	<u>2017</u>	<u>2016</u>
Investments at fair value:		
Common / collective trusts	\$ 635,713	\$ 734,558
Mutual funds	<u>10,768,897</u>	<u>7,586,882</u>
Total investments	<u><u>\$ 11,404,610</u></u>	<u><u>\$ 8,321,440</u></u>

During 2017, the Plan's investments valued at fair value (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,202,201.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - PARTY-IN-INTEREST

Certain Plan investments are units of common / collective trusts and mutual funds managed by subsidiaries or affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest, as defined by the applicable ERISA rules and regulations. Direct fees paid by the Plan for recordkeeping services amounted to \$10,844 for the year ended December 31, 2017. These transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - FAIR VALUE MEASUREMENTS

The accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016:

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of the units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advanced notification to ensure that securities liquidation will be carried out in an orderly business manner.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,768,897	\$ -	\$ -	\$ 10,768,897
Total assets in the fair value hierarchy	10,768,897	-	-	10,768,897
Investments measured at NAV*	-	-	-	635,713
Investments at fair value	<u>\$ 10,768,897</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,404,610</u>
	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,586,882	\$ -	\$ -	\$ 7,586,882
Total assets in the fair value hierarchy	7,586,882	-	-	7,586,882
Investments measured at NAV*	-	-	-	734,558
Investments at fair value	<u>\$ 7,586,882</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,321,440</u>

* In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

For years ended December 31, 2017 and 2016, there were no transfers between Levels 1, 2 and no transfers in or out of Level 3.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>December 31, 2017</u>				
Fidelity Stable Value Fund	\$ 635,713	N/A	Daily	N/A
<u>December 31, 2016</u>				
Fidelity Stable Value Fund	\$ 734,558	N/A	Daily	N/A

NOTE 6 - TAX STATUS

The Plan was adopted as a version of a prototype plan. In its opinion letter dated March 31, 2014, the IRS has stated that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter for the prototype plan, the Plan administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 - OPERATIONAL ERRORS AND CORRECTIONS

During 2016, in one instance, the Company failed to suspend employee contributions for an employee who requested a hardship distribution. In accordance with the Plan Adoption Agreement, participant contributions must be suspended for a period of six months following the hardship distribution. When the error was discovered in 2016, the Company processed a corrective refund of \$374.

During 2016, the Company failed to process employee contributions in accordance with the participants' deferral elections for two incentive bonus payrolls. When the error was discovered in 2017, the Company funded a qualified non-elective contribution, related safe harbor matching contribution and related lost earnings for the period of delinquency. The total amount of such corrections was \$2,861.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Alliance Inspection Management, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions. The Plan is a defined contribution plan and was adopted on September 1, 1991.

Eligibility

The Plan covers substantially all employees of Alliance Inspection Management, LLC and its subsidiaries - AutoComm, Inc., Total Claims Management, Inc. and UniComm, LLC, together referred to as the "Company". It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The employees must have completed three months of service, and be at least 21 years of age to be eligible to participate in the Plan and receive employer matching contributions.

Contributions

Each participant may contribute up to 100% of eligible compensation deferred and designated as an employee savings contribution, subject to IRS regulation limitations.

Pursuant to the Plan's provisions, the Company matches 100% of the first three percent of the participants' eligible compensation, and 50% of the next two percent of the participant's eligible compensation, contributed to the Plan as deferral contributions. The Plan also allows rollover contributions from other qualified plans.

Participant Accounts

Separate accounts are maintained for each participant which are adjusted for employee deferrals, rollover contributions, employer matching contributions and allocations of forfeitures, administrative expenses and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account. Participants direct all investment transactions within their accounts.

Vesting

Participants are always 100% vested in their deferrals and rollover contributions. Participants are also 100% vested in the employer's matching contributions credited to their accounts after the Plan was amended to include Safe Harbor provisions on January 1, 2006. Employer's matching contributions received prior to January 1, 2006 vest over six years of service, at 20% per year after the second year of service.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures

Forfeitures may first be used to pay the Plan's administrative expenses. Any remaining amounts may reduce the Company's matching contributions. During the year ended December 31, 2017, there were no forfeitures.

Funding Policy

The Company is required to make all employee savings and employer matching contributions under the Plan for each taxable year. In no event shall the amount contributed by the employer in any year exceed the maximum deductible by the employer under Section 404(a)(3) of the Internal Revenue Code.

Payment of Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive all of their elective contributions, the income allocable to such amounts and the vested portion of the Company contribution. Benefits are paid in a lump-sum.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.25%. The loans generally are repaid over a five year period, but may be repaid over a ten year period if obtained to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Benefits

Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and by the Plan's trustee. See Note 5 for discussion of fair value measurements.

Sales and purchases of investments are accounted for on a trade-date basis, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments which potentially subject the Plan to concentration of credit risk consist of investments, which are placed with high credit quality financial institutions.

Notes Receivable from Participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Changes

In May 2015, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for non-public entities for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. The Plan adopted the new guidance applicable to the Plan for the year ended December 31, 2016.

In July 2015, FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit – Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan adopted the new guidance applicable to the Plan for the year ended December 31, 2016.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through the date of issuance of these financial statements on June 4, 2018.

NOTE 3 - INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the Plan's trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplementary information.

The information certified by Fidelity Management Trust Company, the Plan's trustee, included all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2017 and 2016, and all investment income and interest income on notes receivable from participants for the year ended December 31, 2017. Such information has not been examined by the independent auditors.

The value of participant-directed investments as of December 31, 2017 and 2016 was:

	<u>2017</u>	<u>2016</u>
Investments at fair value:		
Common / collective trusts	\$ 635,713	\$ 734,558
Mutual funds	<u>10,768,897</u>	<u>7,586,882</u>
Total investments	<u><u>\$ 11,404,610</u></u>	<u><u>\$ 8,321,440</u></u>

During 2017, the Plan's investments valued at fair value (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,202,201.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - PARTY-IN-INTEREST

Certain Plan investments are units of common / collective trusts and mutual funds managed by subsidiaries or affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest, as defined by the applicable ERISA rules and regulations. Direct fees paid by the Plan for recordkeeping services amounted to \$10,844 for the year ended December 31, 2017. These transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - FAIR VALUE MEASUREMENTS

The accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016:

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of the units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advanced notification to ensure that securities liquidation will be carried out in an orderly business manner.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,768,897	\$ -	\$ -	\$ 10,768,897
Total assets in the fair value hierarchy	10,768,897	-	-	10,768,897
Investments measured at NAV*	-	-	-	635,713
Investments at fair value	<u>\$ 10,768,897</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,404,610</u>
	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,586,882	\$ -	\$ -	\$ 7,586,882
Total assets in the fair value hierarchy	7,586,882	-	-	7,586,882
Investments measured at NAV*	-	-	-	734,558
Investments at fair value	<u>\$ 7,586,882</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,321,440</u>

* In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

For years ended December 31, 2017 and 2016, there were no transfers between Levels 1, 2 and no transfers in or out of Level 3.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>December 31, 2017</u>				
Fidelity Stable Value Fund	\$ 635,713	N/A	Daily	N/A
<u>December 31, 2016</u>				
Fidelity Stable Value Fund	\$ 734,558	N/A	Daily	N/A

NOTE 6 - TAX STATUS

The Plan was adopted as a version of a prototype plan. In its opinion letter dated March 31, 2014, the IRS has stated that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter for the prototype plan, the Plan administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 - OPERATIONAL ERRORS AND CORRECTIONS

During 2016, in one instance, the Company failed to suspend employee contributions for an employee who requested a hardship distribution. In accordance with the Plan Adoption Agreement, participant contributions must be suspended for a period of six months following the hardship distribution. When the error was discovered in 2016, the Company processed a corrective refund of \$374.

During 2016, the Company failed to process employee contributions in accordance with the participants' deferral elections for two incentive bonus payrolls. When the error was discovered in 2017, the Company funded a qualified non-elective contribution, related safe harbor matching contribution and related lost earnings for the period of delinquency. The total amount of such corrections was \$2,861.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Alliance Inspection Management, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions. The Plan is a defined contribution plan and was adopted on September 1, 1991.

Eligibility

The Plan covers substantially all employees of Alliance Inspection Management, LLC and its subsidiaries - AutoComm, Inc., Total Claims Management, Inc. and UniComm, LLC, together referred to as the "Company". It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The employees must have completed three months of service, and be at least 21 years of age to be eligible to participate in the Plan and receive employer matching contributions.

Contributions

Each participant may contribute up to 100% of eligible compensation deferred and designated as an employee savings contribution, subject to IRS regulation limitations.

Pursuant to the Plan's provisions, the Company matches 100% of the first three percent of the participants' eligible compensation, and 50% of the next two percent of the participant's eligible compensation, contributed to the Plan as deferral contributions. The Plan also allows rollover contributions from other qualified plans.

Participant Accounts

Separate accounts are maintained for each participant which are adjusted for employee deferrals, rollover contributions, employer matching contributions and allocations of forfeitures, administrative expenses and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account. Participants direct all investment transactions within their accounts.

Vesting

Participants are always 100% vested in their deferrals and rollover contributions. Participants are also 100% vested in the employer's matching contributions credited to their accounts after the Plan was amended to include Safe Harbor provisions on January 1, 2006. Employer's matching contributions received prior to January 1, 2006 vest over six years of service, at 20% per year after the second year of service.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures

Forfeitures may first be used to pay the Plan's administrative expenses. Any remaining amounts may reduce the Company's matching contributions. During the year ended December 31, 2017, there were no forfeitures.

Funding Policy

The Company is required to make all employee savings and employer matching contributions under the Plan for each taxable year. In no event shall the amount contributed by the employer in any year exceed the maximum deductible by the employer under Section 404(a)(3) of the Internal Revenue Code.

Payment of Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive all of their elective contributions, the income allocable to such amounts and the vested portion of the Company contribution. Benefits are paid in a lump-sum.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.25%. The loans generally are repaid over a five year period, but may be repaid over a ten year period if obtained to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Benefits

Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and by the Plan's trustee. See Note 5 for discussion of fair value measurements.

Sales and purchases of investments are accounted for on a trade-date basis, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments which potentially subject the Plan to concentration of credit risk consist of investments, which are placed with high credit quality financial institutions.

Notes Receivable from Participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Changes

In May 2015, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for non-public entities for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. The Plan adopted the new guidance applicable to the Plan for the year ended December 31, 2016.

In July 2015, FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit – Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan adopted the new guidance applicable to the Plan for the year ended December 31, 2016.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through the date of issuance of these financial statements on June 4, 2018.

NOTE 3 - INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the Plan's trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplementary information.

The information certified by Fidelity Management Trust Company, the Plan's trustee, included all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2017 and 2016, and all investment income and interest income on notes receivable from participants for the year ended December 31, 2017. Such information has not been examined by the independent auditors.

The value of participant-directed investments as of December 31, 2017 and 2016 was:

	<u>2017</u>	<u>2016</u>
Investments at fair value:		
Common / collective trusts	\$ 635,713	\$ 734,558
Mutual funds	<u>10,768,897</u>	<u>7,586,882</u>
Total investments	<u><u>\$ 11,404,610</u></u>	<u><u>\$ 8,321,440</u></u>

During 2017, the Plan's investments valued at fair value (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,202,201.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - PARTY-IN-INTEREST

Certain Plan investments are units of common / collective trusts and mutual funds managed by subsidiaries or affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest, as defined by the applicable ERISA rules and regulations. Direct fees paid by the Plan for recordkeeping services amounted to \$10,844 for the year ended December 31, 2017. These transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - FAIR VALUE MEASUREMENTS

The accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016:

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of the units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advanced notification to ensure that securities liquidation will be carried out in an orderly business manner.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,768,897	\$ -	\$ -	\$ 10,768,897
Total assets in the fair value hierarchy	10,768,897	-	-	10,768,897
Investments measured at NAV*	-	-	-	635,713
Investments at fair value	\$ 10,768,897	\$ -	\$ -	\$ 11,404,610
Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,586,882	\$ -	\$ -	\$ 7,586,882
Total assets in the fair value hierarchy	7,586,882	-	-	7,586,882
Investments measured at NAV*	-	-	-	734,558
Investments at fair value	\$ 7,586,882	\$ -	\$ -	\$ 8,321,440

* In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

For years ended December 31, 2017 and 2016, there were no transfers between Levels 1, 2 and no transfers in or out of Level 3.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>December 31, 2017</u>				
Fidelity Stable Value Fund	\$ 635,713	N/A	Daily	N/A
<u>December 31, 2016</u>				
Fidelity Stable Value Fund	\$ 734,558	N/A	Daily	N/A

NOTE 6 - TAX STATUS

The Plan was adopted as a version of a prototype plan. In its opinion letter dated March 31, 2014, the IRS has stated that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter for the prototype plan, the Plan administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 - OPERATIONAL ERRORS AND CORRECTIONS

During 2016, in one instance, the Company failed to suspend employee contributions for an employee who requested a hardship distribution. In accordance with the Plan Adoption Agreement, participant contributions must be suspended for a period of six months following the hardship distribution. When the error was discovered in 2016, the Company processed a corrective refund of \$374.

During 2016, the Company failed to process employee contributions in accordance with the participants' deferral elections for two incentive bonus payrolls. When the error was discovered in 2017, the Company funded a qualified non-elective contribution, related safe harbor matching contribution and related lost earnings for the period of delinquency. The total amount of such corrections was \$2,861.
