We were engaged to audit the accompanying financial statements of Bricker & Eckler LLP 401(k) Plan and Trust (the Plan), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended and the related notes to the financial statements.

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

401(k) PLAN AND TRUST
Notes to Financial Statements
December 31, 2017 and 2016

Plan Description

The following description of Bricker & Eckler LLP 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1968, by Bricker & Eckler LLP (the Employer and the Administrator) as a defined contribution, money purchase pension plan. Effective January 1, 1982, the Plan was amended to a profit-sharing plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Beginning January 1, 1989, employees, excluding associate attorneys who are excluded from the Plan, having attained 21 years of age and having completed at least one year of service immediately preceding January 1, 1989, became participants as of January 1, 1989. All other employees become participants on either January 1 or July 1 following the date on which he or she attains 21 years of age and completes one year of service. Effective January 1, 2014, the Plan was amended to accelerate the eligibility and entry date requirements for employees electing to make participant elective contributions. Employees were permitted to begin making elective contributions on the first day of the month following employment. Effective July 18, 2014, the Plan was again amended to revert back to the eligibility and entry date requirements in effect prior to January 1, 2014.

On December 31, 2002, The Bricker & Eckler LLP Money Purchase Pension Plan and Trust was merged into the Plan. Prior to the merger, the Plans covered eligible employees at Bricker & Eckler LLP.

Contributions

Funding is provided by participant elective contributions from Plan participants, rollover contributions and employer contributions. Plan participants may elect to contribute between 1% and 75% of compensation provided that their participant elective contributions do not exceed federal limits. The plan allows for both pre-tax and Roth elective contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Employer shall contribute on behalf of each eligible participant who is an employee at any time during the payroll period an amount equal to the sum of 5.7% of each such participant's compensation up to the taxable wage base plus 11.4% of each eligible participant's compensation in excess of the taxable wage base. Additionally, the Employer shall make an employer matching contribution on behalf of each participant who has satisfied the eligibility requirements (the January 1 or July 1 following on or after the date he or she attains age 21 and completes 2 years of service), in an amount equal to 100% of such participant's elective contributions up to 2% of compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. Employee amounts and employer contributions credited to a participant's account are non-forfeitable.

Plan Description (continued)

Participant Accounts

Each participant's account is credited with the employer contribution, participant elective contribution, and, if applicable, an allocation of Plan earnings and losses and administrative expenses. Allocations are based on participant earnings or losses or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Self-Directed Accounts

The Plan permits any participant to separately direct the investing activity of their assets in the Plan. As such, the funds are segregated and accounted for separately from the pooled account.

Notes Receivable from Participants

All participants who are eligible to contribute to the Plan are eligible to borrow a portion of their vested account (excluding Roth participant elective contributions), subject to provisions established in the Plan agreement. All loans (including mortgages) are secured by all or a portion of the assets within a participant's individual account. Interest rates are 2% over the prime rate at the time of the loan and range from 5.25% to 6.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant may receive the value of his or her account upon: (1) retirement on or after age 65, (2) early retirement [age 55], (3) disability or (4) termination of employment. Distributions upon termination of employment are made under terms defined by the Plan agreement or deferred until retirement or early retirement age is attained. In addition, a participant may receive an in-service distribution of the value of his or her account, or a portion thereof, after the attainment of age 59½ (excluding Roth salary deferrals and account transfers from the Bricker & Eckler LLP Money Purchase Pension Plan). A participant may receive an in-service distribution of the value of the account attributable to the Bricker & Eckler LLP Money Purchase Pension Plan after the attainment of age 62. Upon death of a participant, the value of his or her account will be distributed to his or her designated beneficiary.

Distributions to participants with a Money Purchase Account are made in the form of the qualified joint and 50% survivor annuity for married participants and the life annuity for unmarried participants. Distributions to participants who do not have a Money Purchase Account are not subject to this rule. The Plan permits the following optional forms of distribution: (1) lump-sum in cash, (2) life annuity, (3) life annuity with 10 years guaranteed payments, (4) non-periodic installment payments, (5) periodic installment payments, (6) life annuity with guaranteed payments and (7) qualified joint and 75% survivor annuity for a married participant.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. Certain contributions and the related assets are recognized when received rather than when earned. The accompanying financial statements are not intended to present the Plan's financial position and results of operations in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements on a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Employer contributions are recognized when received. As such, any contributions from a prior year made by participants, who are partners, in order to contribute up to the maximum permitted by the Internal Revenue Code (IRC), are recognized in the year received. All employer contributions are 100% vested when contributed.

Administrative Expenses

Administrative expenses for broker expenses and professional services are recorded when paid from Plan assets. All such expenses were paid by the Plan in 2017 and 2016.

Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee.

The trustee also certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2017	2016

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- **Level 1** Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- **Level 2** Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- **Level 3** Inputs are significant unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

*Common Stocks,
Corporate Bonds
and Preferred
Stocks:* Valued at the closing price reported on the active market on which they are traded.

*Certificates of
Deposit:* Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Notes to Financial Statements
December 31, 2017 and 2016

Fair Value Measurements (continued)

*Common Collective
Trusts:*

Valued using the net asset value (NAV), as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less any liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Trusts participating in the fund are subject to restriction on withdrawals from the fund. Withdrawals needed for benefit payments and loan advances of participating employee benefit plans are generally permitted daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

* In accordance with Financial Accounting Standards Board subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits – modified cash basis.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter, dated December 7, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in material compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A. (BOA). BOA is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. GBQ Partners LLC performs auditing services for the Plan and these transactions qualify as party-in-interest. Merrill Lynch, Pierce, Fenner & Smith, Inc. performs recordkeeping services for the Plan and these transactions also qualify as party-in-interest. Fees paid by the Plan for these services amounted to \$49,105 in 2017 and \$86,255 in 2016.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2017 statement of net assets available for benefits – modified cash basis.

Plan Amendment

Effective January 1, 2017, the Plan was amended to clarify that new elective contributions elections or changes to existing elections are implemented as soon as administratively feasible after the election is made. The amendment also revised the loan provisions of the Plan to incorporate a loan policy by reference.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
