STERLING-RICE GROUP, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Sterling-Rice Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established November 9, 1990 and most recently amended as of January 1, 2016. The Plan is available to eligible employees age 21 years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of Sterling-Rice Group, Inc. (the "Company") administers the Plan. Charles Schwab Bank ("Charles Schwab") serves as custodian and manages Plan assets. The Newport Group ("NG") maintains the Plan's records. Charles Schwab offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Participants may make before-tax or after-tax Roth contributions from 1% to 100% of their annual eligible compensation, not to exceed limits established by the IRS, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company may elect to make an annual discretionary profit-sharing contribution. To the extent a profit-sharing contribution is made, a participant's profit-sharing contribution is computed based on his or her percentage of eligible compensation to that of all participants' eligible compensation sharing in such contribution. During the year ended December 31, 2017, all participants received a profit-sharing contribution equal to 3% of their eligible compensation.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary salary deferral contributions, profit-sharing contributions, rollover contributions, and allocated earnings or losses thereon.

STERLING-RICE GROUP, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The term of a loan is generally five years, with a longer repayment term allowed if the loan is used in conjunction with the purchase of a primary residence. Loans bear interest at a rate commensurate with local prevailing rates at origination as determined quarterly by the Plan administrator. Interest rates were between 4.25% and 4.75% for loans outstanding as of December 31, 2017, with maturity dates ranging from April 2018 to April 2044. Principal and interest on outstanding loans is paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest. Loans are collateralized by the vested balance in the participant's account.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or a portion of the participant's vested account balance. Participants are allowed in-service distributions after attaining the age of 59½. Accounts with balances less than \$1,000 may be immediately distributed upon a distribution event. Benefits are recorded when paid.

The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are allowed only one hardship distribution per year and are not permitted to make contributions for the six months following such a withdrawal. The IRS has required minimum distributions once a participant reaches age 70½ during the previous Plan year and is no longer employed by the Company.

Valuation of Investments and Income Recognition

The Plan's investments are recorded at fair value as reported to the Plan by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investment gains or losses (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and are determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

STERLING-RICE GROUP, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

During the years ended December 31, 2017 and 2016, three and two investments accounted for 33% and 22% of total investments at fair value, respectively.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 2 - Assets Certified by the Custodian

Charles Schwab holds the Plan's assets and executes investment transactions. Charles Schwab has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans receivable at amortized cost as of December 31, 2017 and 2016 and the income earned or losses incurred on the investments and participant loans for the year ended December 31, 2017, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the custodian, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

STERLING-RICE GROUP, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting

Fair value accounting establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets that are measured at fair value on a recurring basis.

As of December 31, 2017:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 243,669	\$ -	\$ -	\$ 243,669

There were no changes to the valuation techniques used during the years ended December 31, 2017 and 2016.

STERLING-RICE GROUP, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 4 - Income Taxes

The Plan did not obtain a Plan-specific determination letter, as it operates with NG's opinion letter, which was issued on the basic plan document. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Reconciliation to Form 5500

Contributions receivable and contributions for financial reporting purposes differ from amounts shown on the Plan's Form 5500 as of December 31, 2017 and 2016 and for the year ended December 31, 2017 due to the accrual of employer and participant contributions included in the financial statements not recorded on the Plan's Form 5500.

Note 8 - Related Party and Party-in-Interest Transactions

Certain Plan assets are invested in a money market fund managed by Charles Schwab. Charles Schwab is the asset custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan provides for participant loans, which are also party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.
