PROFIT SHARING & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2017 AND 2016 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Traditional Medicinals, Inc. Profit Sharing & Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General* -** The Plan is a defined contribution plan which was established on January 1, 1992 by Traditional Medicinals, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Ameritas Life Insurance Corporation ("Ameritas Life") to hold some plan assets and to process and maintain certain records of participant data. The Company has also contracted with Minnesota Life Insurance Company ("Minnesota Life") to hold some plan assets and an affiliated company processes and maintains certain records of participant data. The Company has contracted with a third-party administrator to provide certain plan services. A Company officer serves as plan trustee.

In October 2016, the Plan was amended and restated for certain legislative and regulatory changes and to allow for in-service distributions upon attainment of age 59½. Participants should refer to Plan documents for specific changes made to the Plan.

***Contributions* -** Each year, participants may contribute an amount of eligible compensation as defined in the Plan agreement, not to exceed the maximum statutory amounts. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amounts. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for a safe harbor contribution in an amount not less than 3% of a participant's compensation, subject to certain eligibility requirements. This safe harbor contribution is determined annually. For the year ended September 30, 2017, the Company made a safe harbor contribution equal to approximately 3.85% of a participant's compensation. The Company's safe harbor contribution was

$547,844 which was a receivable as of September 30, 2017 and was funded in December 2017. The Plan also allows for an additional discretionary matching and/or discretionary profit sharing contribution, subject to certain eligibility requirements; none were made for the year ended September 30, 2017.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contribution, the additional discretionary matching contribution (if any), an allocation of the discretionary profit sharing contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the additional discretionary matching contribution and discretionary profit sharing contribution will be determined by the employer each year. Allocations of Plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting - Participants are 100% vested in their contributions, rollover, safe harbor, and profit sharing amounts if any, plus actual earnings thereon. Vesting in the employer's discretionary matching contribution is based on years of service. Participants vest at the rate of 20% per year after the second year of credited service and become fully vested after six years of service. The 1-5 year 20% graded schedule will continue to apply to the merged ESOP accounts of participants who previously participated in the Traditional Medicinals, Inc. Employee Stock Ownership Plan and whose ESOP balances were merged into the Plan. Participants become fully vested in the event of death, disability, normal retirement age, or plan termination.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Two outstanding notes per participant are permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of September 30, 2017 and 2016 carry interest rates which range from 4.20% to 6.00% and 4.15% to 6.00%, respectively. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in

which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits **-** Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions. The Plan allows for automatic distribution of terminated participant balances between $1,000 and $5,000 to an IRA Rollover account.

Forfeited Accounts **-** Forfeited non-vested accounts may be used to pay plan expenses or reduce company contributions. During fiscal 2017, $30,740 of Plan expenses for third-party administrator fees, plan audit fees, and contract fees was paid through the forfeiture account. The forfeiture account balance was $96,720 and $112,766 as of September 30, 2017 and 2016, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting **-** The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates **-** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition **-** Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Ameritas Life and Minnesota Life. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants **-** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2017 and 2016. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of September 30, 2017 and 2016 there were no excess contributions payable.

Plan Expenses - For the year ended September 30, 2017, some plan fees were paid by the Company, these amounts are excluded from the Plan's financial statements. Certain third-party administration fees, plan audit fees, and certain contract fees to the custodians were paid by the Plan through the forfeiture account. Investment/fund fees, distribution fees, note fees, some third-party administrator fees, and overnight/wire fees are paid by participants as applicable.

Payment of Benefits - Benefits are recorded when paid.

Accounting Method - The Plan implemented the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07 Fair Value *Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent)* that was issued in May 2015 and FASB ASU 2015-12 - *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* that was issued in July 2015.

Subsequent Events - The Plan has evaluated subsequent events through July 6, 2018, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Ameritas Life and Minnesota Life regarding the current value of assets held as of September 30, 2017 and 2016, and transactions entered into during the year ended September 30, 2017, was used in the preparation of the accompanying financial statements and supplemental schedules.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2017 and 2016.

Separate Accounts: Units held in the Plan's separate accounts are valued using a NAV method similar to a mutual fund NAV calculation. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase, and redemption activity in the fund. The Plan invests in the custodian's separate accounts, which invest in various types of securities. The NAV is used as a practical expedient to estimate fair value for the funds. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAV.

Under the Plan's contract with Ameritas Life, there are no unfunded commitments, the units can be redeemed daily, and either party to the contract may discontinue the contract with written notice. The Plan Administrator believes that contract termination is not probable of occurring at this time.

Minnesota Life General Account: The Minnesota Life General account assets are invested in the general assets of Minnesota Life. General assets are predominately fixed income investments (bonds, mortgages, private placements). A rate is established for contributions that are received in the current contract year. A second rate is established for assets already invested at the beginning of each year. This rate is based on past General account investments made by the Plan adjusted for portfolio turnover and withdrawals for benefit payments. All benefit payments prior to contract liquidation are made at contract value (principal invested plus interest earned). A participant may transfer up to 20% of the participant's General account value or $2,000, whichever is greater, once during any 12 month period. Withdrawals or transfers from the General account portion of the participant's account for any purpose shall be on the last-in-first-out basis. The General account is considered not fully benefit-responsive due to transfer provisions in the contract that prevent the contract from meeting the definition of fully benefit-responsive, since the participant is not allowed immediate full access to the General account balance at contract value in all situations. Fair value of the fund is determined by discounting future cash flows based on current yields of similar investments with comparable durations. Fair value approximates contract value as of September 30, 2017 and 2016. The guaranteed floor rate for fiscal year 2017 is 1.00%. Under the Plan's contract with Minnesota Life, there are no unfunded commitments, the units can be redeemed daily (see General Account limitations above), and either party to the contract may discontinue the contract at any time with a subsequent liquidation date determined not later than 60 days after the date of discontinuance. Certain events may potentially result in the contract's termination as defined in the contract.

The Plan Administrator believes that contract termination is not probable of occurring at this time.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2017, and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of September 30, 2017			
	Level 1	Level 2	Level 3	Total
General Account	$ -	$ -	$ 40,434	$ 40,434
Total assets in the fair value hierarchy	-	-	40,434	40,434
Investments measured at NAV (a)	-	-	-	13,171,108
Investments at fair value	$ -	$ -	$ 40,434	$13,211,542

	Assets at Fair Value as of September 30, 2016			
	Level 1	Level 2	Level 3	Total
General Account	$ -	$ -	$ 39,322	$ 39,322
Total assets in the fair value hierarchy	-	-	39,322	39,322
Investments measured at NAV (a)	-	-	-	10,668,855
Investments at fair value	$ -	$ -	$ 39,322	$10,708,177

(a) In accordance with FASB ASU Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended

to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended September 30, 2017:

Balance, September 30, 2016	$ 39,322
Benefit Payments	(15,359)
Income	1,123
Expenses	(25)
Inter-Fund transfers	15,373
Balance, September 30, 2017	$ 40,434

NOTE 6 - AMERITAS LIFE GUARANTEED ACCOUNT

In 2005, the Plan entered into a fully benefit-responsive guaranteed investment account contract with Ameritas Life which maintains the contributions of the Guaranteed account in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Ameritas Life is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed account. The contract value of funds held in the Ameritas Life Guaranteed Account generally represents principal plus accrued interest. There are no reserves against contract value for credit risk of the contract issuer or otherwise as of September 30, 2017 and 2016. The fair value of the funds reflects the relationship between credited rates earned by funds held in the Guaranteed Account and current market rates. Higher credited rates will produce a higher fair value than lower credited rates under similar market interest rate environments. Fair value is determined as the present value of future guaranteed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefit withdrawals are assumed to occur at the end of each calendar year. Contract value approximates fair value as of September 30, 2017 and 2016.

Interest rate guarantees are backed by assets held by the Ameritas Life general account. Credited rates are set based on yields earned on new purchases of fixed

income securities for the general account for new deposits each quarter. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal. Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performance of assets of the general account which back these guarantees. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3% percent. Such interest rates are reviewed on a quarterly basis for resetting.

The fund is part of the Plan's contract with Ameritas Life. Per the contract, certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are managed by Ameritas Life and Minnesota Life, the custodians of the Plan. Any purchases and sales of these investments are performed in the open market at fair value or contract value. Plan fees are paid by the Plan to the custodians, third-party administrator, investment advisor/broker, and the Plan's auditor. The Plan also has other service providers. All these transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan has adopted a volume submitter plan, which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - NONEXEMPT TRANSACTIONS

During Plan year ending September 30, 2017, certain participant contributions and loan repayments in the amount of $54,980 were not deposited into the Plan on a timely basis in accordance to the DOL regulations, resulting in lost earnings of $68 (prohibited transaction amount) which was deposited into the Plan by the Company on October 5, 2017. The Company made the necessary excise tax filing with the IRS in May 2018.

NOTE 11 - SUBSEQUENT EVENT

Effective October 1, 2017, the Plan was amended and restated; participants should refer to plan documents for specific changes made to the Plan. The Plan now requires employment on the last day of the Plan year for highly compensated employees to receive a safe harbor contribution. In addition, in order to share in the allocation of matching and profit sharing contributions, a participant is required to be employed on the last day of the Plan year.
