KEL'S FOODS, INC. 401(K) PLAN
Notes to the Financial Statements
December 31, 2017

1. Description of Plan

The following description of the Kel's Foods, Inc. (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Company and its affiliates who have one year of service, in which the employee worked at least 1,000 hours and is age twenty-one years or older. The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to defer a portion of their pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make discretionary matching and profit sharing contributions at the option of the Company's Board of Directors. No matching or profit sharing contributions were made for the year ended December 31, 2017. The maximum contribution to the Plan in any year is determined by provisions in the Plan, the Internal Revenue Code (IRC), and Income Tax Regulations. Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2017, the Plan offered various pooled separate accounts as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's contributions, if any, and allocations of (a) the Company's contribution, if any, (b) administrative expenses, and (c) Plan earnings, net of investment fees. Allocations are based on participant earnings, account balances, or other participant events, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100 percent vested after five years of credited service.

Payment of Benefits – On termination of service, for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic lump-sum distribution of account balances of $5,000 or less.

The Plan also allows for financial hardship withdrawals of all or part of the participant's deferral contributions, if the participant can prove financial hardship and is unable to meet their financial needs another way.

Forfeitures – Forfeited amounts are allocated first to reduce any Company contributions to be made for the plan year and then to pay plan expenses.

2. Summary of Significant Accounting Policies

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Fees – Certain fees are charged to the Plan for services provided by the investment custodian of the Plan and are netted with investment earnings.

Payment of Benefits – Benefits are recorded when paid for financial statement purposes.

Subsequent Events – The Plan has evaluated subsequent events through June 20, 2018, the date on which the financial statements were available to be issued.

3. Information Certified by the Investment Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no auditing procedures were performed on the following information certified by the investment custodian of the Plan as complete and accurate except for comparing such information certified by the investment custodian to information included in the Plan's financial statements and supplemental schedule.

	2017	2016
Investments at Fair Value	$ 2,050,139	$ 2,017,643
Appreciation (Depreciation) in Value	$ 319,770	

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to

measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2017.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at the fair value of the underlying assets. The underlying assets are valued at the closing price reported on the active market on which the individual securities are traded.

These investments follow a variety of investment strategies consistent with the asset class to which the underlying assets belong. The plan administrator is not aware of any restrictions related to these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts (PSA's):	$ -	$ 2,050,139	$ -	$ 2,050,139

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts (PSA's):	$ -	$ 2,017,643	$ -	$ 2,017,643

5. Administrative Expenses and Party-In-Interest Transactions

A transaction with a plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Fees, either directly or indirectly through revenue sharing, are paid to the investment custodian, third-party administrator, record keeper and investment advisor who are parties-in-interest to the Plan. Of these fees, $2,350 is included in administrative expenses on Exhibit B. Other investment fees are netted with investment earnings. Certain expenses incurred in the administration of the Plan were also paid by the plan sponsor.

Additionally, certain plan investments are both held and managed by the custodian.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, participants will become 100 percent vested in the employer's contributions, if any.

7. Tax Status

The Plan obtained its latest advisory letter on July 2, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500:
