NOTE 1 - DESCRIPTION OF PLAN

The following description of the Sequoia 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General* -** The Plan is a defined contribution plan that was established on January 1, 1997 by Sequoia Capital Operations, LLC ("the Company" or "Plan Administrator") covering all eligible employees of the Company and participating affiliates, as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. Effective May 1, 2017, interns are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company had contracted with John Hancock Trust Company LLC ("John Hancock") to act as trustee, custodian, and record-keeper to process and maintain the records of participant data.

***Contributions* -** Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for ROTH contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer safe-harbor non-elective contribution of 3% of each participant's eligible compensation, subject to certain eligibility requirements. In 2017, the Company made a safe-harbor non-elective contribution in the total amount of $744,425, which was a receivable as of December 31, 2017 and was paid in February 2018. The Plan also allows for an employer discretionary profit-sharing contribution, subject to certain eligibility requirements. In 2017, the Company made a discretionary profit-sharing contribution of 12% of each participant's compensation in the total amount of $2,297,530, which was a receivable as of December 31, 2017 and was paid in February 2018. Forfeitures in the amount of $44,579 were used to reduce the discretionary profit-sharing contributions for 2017.

***Participant Accounts* -** Each participant's account is credited with the participant's contribution, the Company's safe-harbor non-elective contribution, an

allocation of the discretionary profit-sharing contribution, plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the discretionary profit-sharing contribution are based on participant compensation. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting - Participants are 100% vested in their contributions, rollover, and safe-harbor non-elective contribution amounts plus actual earnings thereon. Vesting in the discretionary profit-sharing contribution and earnings for participants terminated after July 31, 2012 is based on years of credited service based on 20% per year with full vesting after five years. Vesting in the discretionary profit-sharing contribution and earnings for participants who terminated prior to August 1, 2012 is based on years of credited service based on 20% vesting at two years with full vesting after six years. Participants become fully vested in the event of death, disability, normal or early retirement age, or plan termination. Effective May 1, 2017, the Plan removed the early retirement provision for all employees hired on or after January 1, 2018.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. One outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2017 and 2016 carry an interest rate at 5.00%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits - Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions. The Plan allows for automatic

distribution of terminated participant balances between $1,000 and $5,000 to an IRA Rollover account.

Forfeited Accounts - Forfeited non-vested profit-sharing accounts can be used to reduce future Company contributions to the Plan for the remaining eligible participants and then used to pay plan administrative expenses. Any remaining forfeitures at the end of the plan year will be reallocated to the remaining eligible participants in the same manner as the Company's profit-sharing contributions. The forfeiture account balance was $178,900 and $111,170 as of December 31, 2017 and 2016, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investments which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by John Hancock. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable **-** Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2017 and 2016 there were no material excess contributions payable.

Plan Expenses **-** Some expenses incurred for administering the Plan are paid by the Company and these amounts are excluded from the Plan's financial statements. Investment/fund fees, broker/commission fees, and certain recordkeeping/administration fees are charged to participant accounts as applicable.

Payment of Benefits **-** Benefits are recorded when paid.

Accounting Method **-** The Plan implemented the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07 Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) that was issued in May 2015 and FASB ASU 2015-12 - *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* that was issued in July 2015.

Subsequent Events **-** The Plan has evaluated subsequent events through July 3, 2018, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by John Hancock regarding the current value of assets held as of December 31, 2017 and 2016, and transactions entered into during the year ended December 31, 2017, was used in the preparation of the accompanying financial statements and supplemental schedule.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and

consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 31,627,089	$ -	$ -	$ 31,627,089
Investments at fair value	$ 31,627,089	$ -	$ -	$ 31,627,089

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 24,291,850	$ -	$ -	$ 24,291,850
Investments at fair value	$ 24,291,850	$ -	$ -	$ 24,291,850

NOTE 6 - GUARANTEED INTEREST ACCOUNT

The Guaranteed Interest Account ("GIA") is guaranteed by New York Life Insurance Company ("New York Life") which maintains contributions to the GIA in a fixed income portfolio within New York Life's general account. The general account is invested primarily in a conservative array of securities and cash-equivalent investments in accordance with the investment restrictions of New York Insurance Law. These investments are intended to provide a stable crediting rate consistent with preservation of principal. The primary investment objective of the general account is to ensure that New York Life can meet its obligations to contract holders and policy holders.

GIA is a stable value product that guarantees principal and accumulated interest. The GIA contract seeks to provide participants with competitive crediting rates and limited volatility consistent with preservation of principal. The initial crediting rate will last through December 31 of the first year and will reset every January 1 and July 1 in subsequent years. Rates declared in subsequent years are declared in advance and fixed for six-month periods. The GIA has a contractual minimum

crediting rate of 1% and allows daily liquidity at contract value for participant-initiated requests.

The Plan Sponsor may terminate the GIA contract at any time upon at least 30, but no more than 60, days advance written notice to New York Life. New York Life may also terminate the GIA contract upon 30 days written notice to the contract holder. In that case, New York Life will pay out the full balance of the GIA within 90 days of the termination date. At this time, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with New York Life and that also would limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value as of December 31, 2017 and 2016.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by John Hancock, the trustee and custodian of the Plan. Any purchases and sales of these investments are performed in the open market at fair or contract value. Certain plan related fees are paid by the Plan to John Hancock. An Investment Advisory firm is paid by the Plan. The Plan has other service providers. All these transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan received a favorable determination letter from the IRS in November 2017. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than

not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The differences between the information reported on the financial statements and the information reported on the Form 5500 arise primarily from presenting the financial statements on the accrual basis of accounting and Form 5500 on the cash basis. The following is a reconciliation per the 2017 financial statements to the 2017 Form 5500:

Net assets available for benefits as of December 31, 2017 per the financial statements	$38,435,304
Less: Employer contributions receivable as of December 31, 2017	(2,997,376)
Net assets available for benefits as of December 31, 2017 per the Form 5500	$35,437,928

Total employer contributions per the financial statements	$2,997,376
Less: Employer contributions receivable as of December 31, 2017	(2,997,376)
Add: Employer contributions receivable as of December 31, 2016	2,773,331
Total employer contributions per the Form 5500	$2,773,331

Net assets available for benefits as of December 31, 2016 per the financial statements	$31,333,599

Net assets available for benefits as of December 31, 2016 per the Form 5500	$28,560,268

NOTE 11 - SUBSEQUENT EVENT

Effective June 19, 2018, the Plan modified the definition of disability and the Plan's definition of highly compensated as defined in the Plan agreement.
