DESCRIPTION OF PLAN

The following description of the Smalley Steel Ring Company ("Company") Profit Sharing and Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all employees of the Company. Employees are eligible to make contributions after they have completed 90 consecutive days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Change in Custodian: Effective October 1, 2017, the Plan changed custodians and adopted a new prototype plan sponsored by Transamerica Retirement Solutions, LLC (Transamerica). As a result of the change, assets held in shares of registered investment companies at American Funds were liquidated on September 29, 2017 and placed in a non-interest bearing cash account and transferred to Transamerica. Transamerica received the funds on October 2, 2017.

Contributions: The Plan provides for the following contributions, which are to be maintained in separate accounts for each participant:

(a) Salary Deferral Contributions – a participant may elect, on a pretax basis, to defer and contribute to the Plan each year amounts not to exceed the lesser of 100% of compensation, as defined, or $18,000 ($24,000 for participants over the age of 50) for the fiscal year ending September 30, 2017, adjusted annually for cost of living increases.

(b) Employer Matching Contributions – to be made at the discretion of the Company to contribute a set matching percentage that is allocated proportionate to the amount of the participant's deferrals. The match is to be made in an amount equal to 25% of the participant's contribution not to exceed 2% of the participant's eligible compensation.

(c) Employer Safe Harbor Contributions – a 3% non-elective contribution to all eligible participants based on their eligible compensation.

(d) Employer Profit Sharing Contributions – to be made at the discretion of the Company. These contributions are allocated based on a discretionary percentage of the participant's eligible compensation as determined by the Company.

(e) Rollover and Transfer Contributions - to be made by the employee from amounts distributed or transferred from other qualified plans.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Participant Accounts*:* Each participant's account is credited with the participant's elective contribution and Company matching and safe harbor contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Payment of Benefits: Payments of benefits are made to participants or their beneficiaries upon death, retirement, disability or, at the option of the employee, termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan agreement. The Plan also permits hardship withdrawals from a participant's deferral contribution account.

DESCRIPTION OF PLAN (CONTINUED)

Vesting: Participants are immediately vested in their Salary Deferral Contributions, Rollover, Transfer Contributions, Safe Harbor Contribution accounts plus actual earnings thereon. Vesting of Employer Matching Contributions and Employer Profit Sharing Contributions accounts for each participant is based on years of service, beginning with 20% after two years, increasing 20% per year until fully vested after six years of service.

Forfeited Accounts: Forfeitures of the non-vested portion of participants' accounts resulting from termination of employment before full vesting, may be used to restore forfeited accounts of rehired participants, offset plan expenses, allocated as an additional discretionary company contribution or used to reduce any discretionary company contribution. For the plan year ended September 30, 2017, no forfeitures were used to reduce the profit sharing contribution.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian.

Purchases and sales of investments are recorded on the trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses: Certain expenses of maintaining the Plan are absorbed by the Company. Certain investment related expenses are included in net appreciation or depreciation of fair value of investments. A fee is charged to each participant who requests a withdrawal from their account and for other miscellaneous administration. These fees totaled $4,525 for the year ended September 30, 2017.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated subsequent events through July 10, 2018, the date the financial statements were available to be issued.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset's or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2017 and 2016.

Shares of Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded. All plan investments at September 30, 2016 are considered level 1 in the fair value hierarchy.

INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN OF THE PLAN

All investment and investment income information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as being complete and accurate by Capital Bank and Trust Company, the custodian.

PARTY–IN–INTEREST TRANSACTIONS

The Plan held shares of mutual funds managed by American Funds Service Company ("American Funds"). Capital Bank and Trust Company ("CB&T") is the custodian. American Funds and CB&T are affiliated entities. These transactions qualify as party-in-interest transactions. Certain administrative expenses incurred by the Plan are paid by the Company. Additionally, certain employees of the Company provide various services to the Plan. These employees are not compensated for these services from the Plan.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

TAX STATUS

The Plan has adopted a prototype plan from HPL&S, Inc. ("HPL&S"). HPL&S is the Plan's third-party plan administrator. The Internal Revenue Service has determined and informed HPL&S by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
