Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of
The Homer Laughlin China Company
Salaried Employees Pension Plan
Newell, West Virginia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Homer Laughlin China Company Salaried Employees Pension Plan ("Plan"), which comprise the statements of assets available for benefits and of accumulated plan benefits as of September 30, 2017 and 2016, and the related statements of changes in assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Huntington National Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended September 30, 2017 and 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

INDEPENDENT AUDITOR'S REPORT

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of and for the year ended September 30, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE HOMER LAUGHLIN CHINA COMPANY
SALARIED EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following brief description of The Homer Laughlin China Company ("Company") Salaried Employees Pension Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a qualified, noncontributory, trustee defined benefit pension plan covering all salaried employees of the Company and those hourly employees who are not covered by the collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Retirement Plan Committee appointed by the Board of Directors of the Company.

Eligibility

Employees become eligible to join the Plan upon attaining the age of 21 and completing one year of service, provided they work at least 1,000 hours per year. Employees who are covered by the collective bargaining agreement are excluded.

Contributions

Benefits under the Plan are funded by the Company. Contributions are at least equal to the minimum funding requirements of ERISA as determined by an actuary that performs annual valuations of the Plan. The funds are held, invested, and disbursed by Huntington National Bank ("Trustee"). For the plan years ended September 30, 2017 and 2016, the Company made contributions to the Plan in the amounts of \$600,000 and \$750,000, respectively, as required under the minimum funding requirements.

Retirement and retirement benefits

Normal retirement benefits are earned at the later of age 65 or upon five years of service, but, in accordance with federal law, no employee can be forced to retire. The benefit formula for participants retiring on or after October 1, 1999, is based on 0.68% of the participant's average monthly compensation for the last 60 months multiplied by their number of years of credited service. The monthly benefit for employees and the beneficiaries of employees who retired prior to October 1, 1999, were calculated at lesser rates then in effect. Service prior to October 1, 1949, is not included in the calculation of the benefit.

THE HOMER LAUGHLIN CHINA COMPANY
SALARIED EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Retirement and retirement benefits (continued)

Early retirement is permitted after age 60 and completion of five years of service. The employee may then elect to begin receiving benefits upon attaining normal retirement age or receive an actuarially reduced benefit upon taking early retirement. Disability retirement is available after age 50 and completion of 15 years of service or age 62 and completion of 10 years of service.

Vesting

An employee is fully vested in the Plan upon completion of five years of service with the Company under a five-year cliff vesting provision.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Amounts currently payable to participants are not reflected as a liability in the statements of assets available for benefits but are included as a component of accumulated plan benefits.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, the actuarial present value of accumulated plan benefits as of the date of the financial statements, and the reported amounts of changes in assets and accumulated plan benefits during the reporting period. Actual results could differ from those estimates.

Investments

Investments are stated at fair value as determined by the Trustee. Purchases and sales of investment securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned.

THE HOMER LAUGHLIN CHINA COMPANY
SALARIED EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments (continued)

The Plan's investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investments and the level of uncertainty related to changes in the fair value of investments, it is at least reasonably possible that significant changes in risks in the near term may materially affect the amounts reported in the accompanying financial statements.

Administrative expenses

Fees and other administrative expenses are generally paid directly by the Company and, accordingly, are not reflected in the Plan's financial statements.

Actuarial present value of accumulated plan benefits

The actuarial present value of accumulated plan benefits is the present value of future benefit payments that are attributable, under the Plan's provisions, to employees' service rendered prior to the benefit valuation date. These payments are comprised of benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of deceased employees, and present employees or their beneficiaries. Benefits payable under all circumstances are included to the extent they are deemed attributable to employees' service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

THE HOMER LAUGHLIN CHINA COMPANY
SALARIED EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Actuarial present value of accumulated plan benefits (continued)

The following actuarial assumptions were used in arriving at this value:

	<u>2017</u>	<u>2016</u>
Mortality basis	RP-2014 Adj. to 2006 Mortality Table	RP-2014 Adj. to 2006 Mortality Table
Retirement age	Later of age 65 or five years of service, active participants beyond age 65 are assumed to be retiring immediately	Later of age 65 or five years of service, active participants beyond age 65 are assumed to be retiring immediately
Actuarial basis	Projected unit credit	Projected unit credit
Assumed discount rate	6.0%	6.0%
Salary increases	3.00% per year	3.00% per year

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term may materially affect the amounts reported in the accompanying financial statements. In addition, the forgoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan is terminated, different actuarial assumptions and other factors may be applicable in determining the actuarial present value of accumulated plan benefits.

Adoption of accounting standards update (“ASU”) 2015-12

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12 “Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurements Date Practical Expedient.” ASU 2015-12 makes changes to the reporting and disclosures made by retirement plans. Part I requires fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value. Part II eliminates generally accepted accounting principles requirements for plans to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation of depreciation for investments by type for both participant-directed investments and nonparticipant-directed investments.

SALARIED EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Adoption of accounting standards update (“ASU”) 2015-12 (continued)

Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of the month-end date that is closest to the plan’s fiscal year end when the fiscal period does not coincide with a month-end.

The Plan has adopted ASU 2015-12 effective for the year ended September 30, 2017. In accordance with the requirements of ASU 2015-12, the provisions have been applied retrospectively to all years presented in these statements.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through July 11, 2018, the date on which the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Under provisions of ERISA, if the Plan is terminated, the Company may be obligated to make termination payments to the Plan and participants may be eligible for continuation of benefits under insurance provided by the Pension Benefit Guaranty Corporation (“PBGC”).

Whether a particular participant’s accumulated Plan benefits will be paid depends on both the priority of those benefits and the level of those benefits guaranteed by the PBGC at that time. In the event of Plan termination, participants or others entitled to benefits will receive the amount to which they are entitled in cash or in the form of immediate or deferred annuities. Certain benefits may be fully or partially provided for by the then existing assets of the Plan and/or the PBGC guaranty. However, because the PBGC does not guarantee all types of benefits and the amount of benefit protection is subject to certain limitations, there is the possibility that some benefits may not be provided. A description of the priority of participants’ claims to the assets of the Plan upon termination is published in the Plan agreement and made available to participants.

NOTE 4 - INVESTMENTS

Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. Investments measured and reported at fair value are classified and disclosed in one of the following categories based on the extent of market price observability.

Level I - Quoted prices are available in active markets for identical investments as of the reporting date. This category includes listed mutual funds, common stocks and exchange traded funds.

Level II - Pricing inputs are other than quoted market prices included in Level I, however, are observable either directly or indirectly for the investment. This category includes corporate bonds, municipal obligations, government obligations and mortgage backed security obligations.

Level III - Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan does not carry any investments that fall within this category.

NOTE 5 - FEDERAL INCOME TAX EXEMPTION

The Plan obtained its latest determination letter dated September 30, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Accordingly, the accompanying financial statements do not include a provision for federal income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2014.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Trustee of the Plan, Huntington National Bank, has certified that the investment information included in the financial statements and supplemental schedules as of and for the years ended September 30, 2017 and 2016 is complete and accurate. The Trustee holds the Plan's investment assets and executes investment transactions. Such information includes the amounts and composition of investments, at fair value, included in the statements of assets available for benefits and the related investment income reported in the statements of changes in assets available for benefits.

9. Asset Valuation Method: Actuarial Value (averaging of Fair Market Value)

Schedule SB, Part V – Summary of Actuarial Assumptions and Methods (Continued)

10. Funding Method:

Traditional Unit Credit

The actuarial cost method used in the valuation was the unit credit cost method.

The normal cost is the sum of all the individual normal costs for each participant. For active participants, the individual normal cost is the present value of the benefit earned during the year being valued. For active participants whose credited service equals or exceeds the plan maximum, if any, and for non-active participants, the normal cost is zero.

The actuarial accrued liability is the sum of the individual accrued liabilities for all participants. The individual accrued liability for an active participant is the present value of the accrued benefit as of the valuation date. The unfunded liability is the actuarial accrued liability less the valuation assets.

The total annual cost of the plan is the normal cost plus the shortfall amortization charge.

Projected Unit Credit

The actuarial cost method used in the development of the maximum contribution and the at-risk liabilities was the projected unit credit cost method.

Under this method, the normal cost is the sum of the individual normal costs for all participants. For an active participant, the individual normal cost is the present value at the current age of the projected benefit at the assumed retirement age, based on the actuarial assumptions, divided by the participant's expected years of credited service at that age. For a non-active participant, the normal cost is zero.

The actuarial accrued liability is the sum of the individual accrued liabilities for all plan participants. For an active participant, the individual accrued liability is the product of the normal cost and the total years of credited service at the current age. For non-active participants, the individual accrued liability is the present value at the current age of future benefits. The unfunded actuarial accrued liability equals the actuarial accrued liability less the valuation assets.
