TRANSPORTATION SPECIALIST 401(k)
& PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2017 AND 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of TRANSPORTATION SPECIALIST 401(k)c & Profit Sharing Plan (the "Plan") provides only general information. For a more complete desription of the Plan's provisions, refer to the agreement governing the Plan.

General

The plan was established in 1986 to provide pension and profit sharing benefits to all qualifying employees of Transportation Management Consultants, Inc and related companies (Company). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. An eligible employee is any person who has at least one year of credited service, is at least age 17 and employed by the Company at the end of the plan year. The Plan's Retirement Committee and plan administrator control and manage the operation and administration of the Plan. The Retirement Committee has all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Transamerica Retirement Services is custodian and record keeper of the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan subject to limitations as determined by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of the contributions to their account into various mutual funds and an insurance company investment contract offered by the Plan.

Employer contributions, solely at the discretion of the Company, are allocated based upon the total eligible salary during the plan year.

Participant Accounts

Each participant's account is credited with their contributions, an allocation of employer contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contribution and earnings thereon are vested at 20% per year after the first year of eligibility and any forfeits are allocated to other participants by the end of the calendar year following the year of forfeiture on the basis of participant qualifying compensation to total qualifying compensation for the plan year.

Investment Options

A participant may direct employee contributions in any of the available investment options. Income is allocated to participant accounts daily based upon the change in the fair value of the individual mutual funds.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance with a minimum of $1,000. Loan terms range from 1-5 years. This time frame can be extended to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator who can suspend payments. Principal and interest are paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (CONT'D)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution.

Benefits are recorded when paid. At September 30, 2017 and 2016 there are no participants who have requested payments who remain unpaid.

Forfeited Amounts

At September 30, 2017 and 2016, forfeited nonvested amounts totalled $7,040 and $4,333, respectively. These amounts are used to pay plan expenses but can be reallocated to Participants or used to reduce amounts otherwise required to be contributed to the Plan. As of September 30, 2017 and 2016, all but $422 and $0 were used to pay plan expenses.

Termination

The company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

For plan years beginning before December 15, 2015, all investment contracts held by a defined-contribution plan were required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. However, contract value was the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The AICPA issued an update (ASU 2015-12) to the Statement of Position (SOP) 94-4 *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans* requiring fully benefit-responsive investment contracts be measured, presented, and disclosed at contract value for plan years beginning after December 15, 2015. Since the contract value and the fair value are equal at September 30, 2017 and 2016, there is no difference to be reported. The Statement of Net Assets Available for Benefits presents fully benefit-responsive investment contracts at contract value and all other investments at fair value.

The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Administrative Costs

Expenses incurred at the Plan level (audit fee, general admin expenses, and/or investment service fees) will be allocated to each similarly-situated Participant's account in the Plan in the proportion that the value of each account bears to the aggregate value of such accounts for all similarly-situated Participants. Expenses incurred at the Participant level will be deducted directly from the accounts of the Participants who incurred those fees.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Tax Status

The Plan obtained its latest determination letter in 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. There are no differences between these financial statements and the Schedule H of Form 5500. There have been no recent tax examinations of the Plan and, therefore, the three prior tax years remain subject to examination.

NOTE 3 - INVESTMENTS CERTIFIED BY TRUSTEE (UNAUDITED)

At September 30, 2017 and 2016 the Plan's assets were primarily held by a trustee, Massachusettes Fidelity Trust Company. The following is a summary of the Plan's financial information that is included in the financial statements based upon information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

The Plan has determined and reported in the accompanying financial statements of net assets available for benefits the fair value of certain assets through the application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 - Unadjusted quoted prices traded in active exchange or broker markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
Level 2 - Quoted prices traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
Level 3 - Valuations that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 and 2 inputs are not available.

For plan years beginning before December 15, 2015, fully benefit-responsive investment contracts were considered Level 3 investments and reported at fair value. For plan years beginning after December 15, 2015, the contracts are reported at contract value and therefore, not included in the following hierarchy.

& PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2017 AND 2016

NOTE 4 - NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are measured at their unpaid principal balance. Delinquent participant loans are reclassifed as distributions based on the terms of the Plan document. Interest is recorded on participant notes when received based on a commercially reasonable rate of interest established by the Adminstrator.

The participant loan activity for the years ended September 30, 2017 and 2016 is as follows:

	2017	2016
Beginning Balance	$ 165,754	$ 246,830
Current Year Repayments	(141,289)	(188,619)
Current Year Borrowings	177,895	107,543
Ending Balance	$ 202,360	$ 165,754

NOTE 5 - OTHER ASSETS

The Plan has other assets not held by the trustee including non-participant directed bank certificates of deposit from employer contributions to be allocated to participants upon maturity. These CD's had balances on September 30, 2017 and 2016 of $126,246 and $107,242, respectively.

The bank certificate of deposit at September 30, 2016 was allocated to participants during the current Plan year, with the September 30, 2017 certificate of deposit being the current year employer contribution.

NOTE 6 - SEGREGATION OF CHANGE IN NET ASSETS AVAILABLE FOR BENEFITS

The change in net assets available for benefits for the years ending September 30, 2017 and 2016 is segregated as follows:

	2017	2016
Mutual Funds	$ 669,005	$ 275,829
Certificate of Deposit	19,004	7,552
Transamerica Stable Value Fund	(140,344)	16,342
Contributions Receivable	5,247	(4,526)
Participant Loans	36,607	(81,077)
Change in Net Assets Available for Benefits	$ 589,519	$ 214,120

NOTE 7 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Transamerican Stable Value Option invests in an insurance company group annuity contract with a guaranteed interest rate adjusted semi-annually. The average yield earned by the contract for the years ended September 30, 2017 and 2016 was 0.71% and 0.75%, respectively.

NOTE 7 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONT'D)

For plan years beginning after December 15, 2015, fully benefit-responsive contracts are presented on the face of the statement of net assets available for benefits at contract value. Prior to December 15, 2015, contracts were presented at fair value. Since the contract value and the fair value are equal at September 30, 2017 and 2016, the values are equal. The contract value of the investment contract at September 30, 2017 and 2016 is $247,903 and $388,247, respectively. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is determined semi-annually by Transamerica Life Insurance Company and may not be less than zero.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan adminstrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan Participants are probable of occuring.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The stable value fund is a deposit liability of the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Transamerica received $16,184 and $13,339 for investment and administrative services for the years ending September 30, 2017 and 2016, respectively. Burke Montague & Associates LLC received $5,261 and $5,460 in fees during 2017 and 2016 for the prior years' audits. Also, members of the Plan's governing retirement committee are participants in the Plan.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities with concentrations of significant investments in funds offered by American Funds, Manning and Napier, and Blackrock, which are not federally insured. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 20, 2018, the date the financial statements were available to be issued.
