NOTE 1 – DESCRIPTION OF PLAN

The following description of the Horsemen, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was originally adopted on April 1, 1997. Effective January 1, 2015, the Plan was amended and restated to conform the Plan to changes in the IRC and adopt the Defined Contribution Volume Submitter Plan and Trust prototype plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees who have attained at least 21 years of age are eligible to enroll in the Plan on January 1, April 1, July 1 or October 1 following the completion of 3 months of service.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the Internal Revenue Service annual maximum. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan permits the Company to make discretionary matching contributions to participants' accounts, as defined by the Plan. The Company can elect, at their discretion, to remit discretionary matching contributions based on a percentage of participant deferrals during the Plan year or as a uniform dollar amount. For the year ended December 31, 2017, the Company did not provide any matching contributions to the Plan.

The Plan also provides for qualified matching employer contributions, as defined by the Plan. During the year ended December 31, 2017, there were no such contributions made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Vesting

Participants are immediately vested in their contributions plus any actual earnings thereon. Vesting in discretionary matching employer contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

Years of Service	Percentage
Less than 1	0%
1	0%
2	0%
3	100%

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to $50,000 minus the highest outstanding loan balance in the immediately preceding 12-month period not to exceed 50% of the participant's vested fund balance. All loans, other than loans made for the purpose of acquiring the principal residence of the participant, shall be repaid within five years and shall be amortized on a level basis. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. The maximum number of loans a participant may have outstanding at any one time, is one.

Payment of Benefits

Upon leaving the Company for retirement, termination, disability or death, a participant will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested balances exceeding $1,000, but not exceeding $5,000, may be rolled into an Individual Retirement Account. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Death and Disability Benefits

Upon death or disability of a participant prior to retirement, the Plan provides for 100% vesting of all amounts in the account.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are retained in the plan and may be used to pay Plan expenses or used to reduce employer matching contributions. For the year ending December 31, 2017, the plan did not have any forfeitures. There were no forfeited balances used during the year ended December 31, 2017. As of December 31, 2017 and 2016, the Plan had available forfeitures of $317.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable that are deemed by the Plan administrator to be in default are treated as distributions based on the terms of the Plan document. Interest income on notes receivable from participants is recorded when it is received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2017.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Payments of Benefits

Benefits are recorded when paid.

Deemed Distributions

Plan provisions that participants must repay loan balances upon termination from the Plan. Outstanding loans that are not repaid are treated as deemed distributions.

Fees and Expenses

Certain administrative expenses specifically for the administration of the Plan, including fees of the administrative agent and independent public accountants may be paid by the Plan. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of requires the Plan administrator to make estimates and assumptions that affect the amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Corrective Distributions Payable

Corrective distributions payable to participants result from contributions in excess of amounts allowed by the Internal Revenue Service have been recorded by the Plan as a liability.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts ("PSA"): Pooled separate accounts are valued at the NAV based on units of the pooled separate accounts. The NAV is used as a practical expedient to estimate fair value, and is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. The redemption frequency of the pooled separate accounts is daily, and there are no redemption restrictions or unfunded commitments related to the pooled separate accounts.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Since the fair value of pooled separate accounts is measured based upon their net asset value as a practical expedient, as provided by ASU 2015-07, these investments have not been classified in the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable form participants as reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, respectively;

- Investment income and interest income on notes receivable from participants as reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 6 – TAX STATUS

The Company is using a Volume Submitter Profit Sharing Plan with CODA sponsored by Sunburst Pension Services LLC which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan, as then designed, was in

NOTE 6 – TAX STATUS (CONT'D)

compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believed that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in units of pooled separate accounts are managed by the John Hancock Life Insurance Company. John Hancock is the custodian of the Plan. Additionally, the notes receivable from participants qualify as party-in-interest transactions. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 9, 2018, at which the date the financial statements were available to be issued.
