Independent Auditor's Report

To the Plan Administrator
RTS Packaging, LLC Consolidated Pension Plan
Norcross, Georgia

We were engaged to audit the accompanying financial statements of the RTS Packaging, LLC Consolidated Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of September 30, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended September 30, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RTS Packaging, LLC Consolidated Pension Plan

Notes To Financial Statements

1. Description of Plan

The following description of the RTS Packaging, LLC Consolidated Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

RTS Packaging, LLC (the “Company” or “Plan Sponsor”) sponsors the Plan. The Plan is a non-contributory defined benefit plan covering a substantial portion of employees of the Company that are specifically listed in the Plan document. The Plan was formed on January 1, 1998 from assets and liabilities spun off from certain Rock-Tenn Company pension plans and the Retirement Plan of Sonoco Products Company pursuant to the joint venture agreement between Rock-Tenn Company and Sonoco Products Company. Eligible participants must complete one year of vested service and be at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by the Plan Sponsor’s Retirement Plan Administrative Committee (the “Committee”). The Committee has overall responsibility for the operation and administration of the Plan. The Retirement Plan Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

In September 2016, the Plan Sponsor committed to an offer to partially settle obligations of the Plan through lump sum payments to certain eligible former employees who are not currently receiving a monthly benefit. Eligible former employees whose present value of future pension benefits exceeded a certain minimum threshold could either voluntarily accept or not accept the offer and continue to be entitled to their monthly benefit upon retirement. In December 2016, the Plan distributed total lump sum payments of \$1,208,754. The distribution was made out of existing plan assets and the plan’s funded status was materially unchanged as a result of the transaction.

Pension Benefits and Vesting

The Plan provides normal retirement benefits for its participants as of the first day of the month following the attainment of age 65. Early retirement benefits are provided to eligible participants as early as age 55 and extended retirement benefits are provided for those electing continued employment past normal retirement. Accrued benefits are fully vested upon completion of five years of service.

Effective January 1, 2016, RTS Packaging, LLC Consolidated Pension Plan froze pension benefit accruals and service, except to those participants under terms of a collective bargaining agreement incorporated into the Plan.

Funding Policy

Contributions to the Plan by the Company are based on what is needed to provide definitely determinable benefits to Plan participants. Actuarial assumptions and computations are required to determine such contributions. Employer contributions receivable represent those contributions remitted to the Plan after its September 30th year-end and typically consist of a) the Company’s quarterly contribution due each October following its year-end and b) the Company’s final contributions generally made May or June following its year-end and prior to the Company’s funding deadline to meet applicable funding targets. The Plan’s funding policy is for the Company

RTS Packaging, LLC Consolidated Pension Plan

Notes To Financial Statements

to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company's contributions for 2017 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Recently Adopted Accounting Standard

In May 2015, the FASB issued ASU 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share." ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and removes the requirement to make certain disclosures for these investments. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance should be applied retrospectively. Plan's management adopted the ASU effective fiscal plan year 2017. As a result, the investments measured at NAV as a practical expedient as of September 30, 2016 were not categorized within the fair value hierarchy table in Note 4.

Accounting Pronouncement to be Adopted

In February 2017, the FASB issued ASU No. 2017-06, *Employee Benefit Plan Master Trust Reporting*. It is effective for fiscal years beginning after December 15, 2018. The amendments require reporting entities to report a plan's interest in a master trust and the change in the value of that interest as separate line items on the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. Additionally, the master trust's investments and other assets and liabilities, as well as the dollar amount of its interest in these balances, must be disclosed. Lastly, investments measured at fair value must be disaggregated by general type of investment. The Company is currently evaluating the impact of the provisions of ASU 2017-06 and intends to implement the standard as required in fiscal 2019.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

RTS Packaging, LLC Consolidated Pension Plan

Notes To Financial Statements

Investment Valuation and Income Recognition

All of the Plan's assets are held in the WestRock Company Master Retirement Trust ("Master Trust"), which held assets on behalf of the WestRock Company Consolidated Pension Plan and the RTS Packaging, LLC Consolidated Pension Plan.

Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Security transactions involving the purchase or sale of investments of the Master Trust are accounted for on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded upon distribution.

Administrative Expenses

Administrative expenses include benefit payment service charges, actuarial, trustee, and audit fees as well as commissions and fees paid in connection with securities transactions and the Pension Benefit Guaranty Corporation (the "PBGC") premiums. These administrative expenses are paid from the assets of the Master Trust and allocated to each participating plan. Such expenses are allocated monthly either specifically to the plan they relate to or to each participating plan based on their relative beginning of year net asset balances.

3. Interest In WestRock Company Master Retirement Trust

The Plan assets are held in the Master Trust under the terms of a trust agreement. The Northern Trust Company is the trustee of the Plan for the years ended September 30, 2017 and 2016. Each participating plan has an undivided interest in the Master Trust. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the amount of the time the plan's assets were invested in the master trust. The Plan's pro-rata share of the net assets available for benefits under the Master Trust is 0.74% and 0.75% at September 30, 2017 and 2016, respectively.

The statements of net assets for the Master Trust as of September 30, 2017 and 2016 are as follows:

<i>September 30,</i>	2017	2016
Investments, at fair value:		
Equity securities	\$ 527,006,028	\$ 647,892,282
Fixed income securities	2,984,791,626	2,840,372,058

Decrease in net assets	(251,269,520)	(2,160,011,140)
Transfers to related plans	-	(19,745,742)
Net assets at beginning of year:		
Net assets in Master Trust	4,298,265,886	6,478,022,768
Other receivable from plan settlement	57,596,487	-
Net assets at end of year	\$ 4,104,592,853	\$ 4,298,265,886

4. Fair Value Measurements

The FASB has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the valuation methodologies used at September 30, 2017 and 2016.

Notes To Financial Statements

The following tables summarize the Master Trust's assets carried at fair value as of September 30, 2017 and 2016:

	Assets at fair value as of September 30, 2017		
	Level 1	Level 2	Total
(a) Equity securities	\$ 140,910,921	\$ 56,570	\$ 140,967,491
(b) Fixed income securities	143,400,409	2,279,761,450	2,423,161,859
(c) Short-term investments	140,590,722	-	140,590,722
Benefit plan assets measured in the fair value hierarchy	\$ 424,902,052	\$ 2,279,818,020	\$ 2,704,720,072
Assets measured at NAV			1,399,872,781
Total assets at fair value			\$ 4,104,592,853

	Assets at fair value as of September 30, 2016		
	Level 1	Level 2	Total
(a) Equity securities	\$ 231,878,431	\$ 133,228	\$ 232,011,659
(b) Fixed income securities	20,678,806	2,177,986,085	2,198,664,891
(c) Short-term investments	282,580,425	-	282,580,425
Benefit plan assets measured in the fair value hierarchy	\$ 535,137,662	\$ 2,178,119,313	\$ 2,713,256,975
Assets measured at NAV			1,585,008,911
Total assets at fair value			\$ 4,298,265,886

(a) Equity securities are comprised of the following investment types: (i) common stock, (ii) preferred stock and (iii) equity exchange traded funds. Level 1 investments in common and preferred stocks and exchange traded funds are valued using quoted market prices multiplied by the number of shares owned.

(b) Fixed income securities are comprised of the following investment types: (i) U.S. and non-U.S. government securities; (ii) U.S. and non-U.S. corporate bonds; (iii) mortgage-backed securities; and (iv) other fixed income.

U.S. government securities include treasury and agency debt. These investments are valued using broker quotes in an active market. The level 1 non-U.S. government securities investment is an exchange traded fund valued using quoted market prices. The level 1 U.S. corporate bonds category is primarily comprised of U.S. dollar denominated investment grade securities and valued using quoted market prices. Level 2 investments are valued utilizing a market approach that includes various valuation techniques and sources such as value generation models, broker quotes in active and nonactive markets, benchmark yields and securities, reported trades, issuer spreads, and/or other applicable reference data. Other fixed income is comprised of municipal and asset-backed securities. Investments are valued utilizing a market approach that includes various

valuation techniques and sources, such as broker quotes in active and non-active markets, benchmark yields and securities, reported trades, issuer spreads and/or other applicable reference data.

(c) Short-term investments are valued at \$1.00/unit, which approximates fair value. Amounts are generally invested in interest-bearing accounts.

The following table summarizes assets measured at fair value based on NAV per share as a practical expedient as of September 30, 2017 and 2016:

September 30, 2017	Fair Value	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
(a) Hedge funds	\$ -	Quarterly	Up to 91 days	\$ -
(b) Commingled funds, private equity and private real estate investments, and equity related investments	386,038,537	Monthly	Up to 60 days	98,788,268
(c) Fixed income and fixed income related instruments	561,629,767	Monthly	Up to 10 days	-
(d) Other	452,204,477	Daily	Up to 5 days	-
	\$ 1,399,872,781			\$ 98,788,268

September 30, 2016	Fair Value	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
(a) Hedge funds	\$ 44,927,607	Quarterly	Up to 91 days	\$ -
(b) Commingled funds, private equity and private real estate investments, and equity related investments	370,953,010	Monthly	Up to 60 days	114,658,061
(c) Fixed income and fixed income related instruments	641,707,167	Monthly	Up to 10 days	-
(d) Other	527,421,127	Daily	Up to 5 days	-
	\$ 1,585,008,911			\$ 114,658,061

(a) Hedge fund investments are primarily made through shares of limited partnerships or similar structures. Hedge funds are typically valued monthly by third-party administrators that have been appointed by the funds' general partners. Hedge funds have been valued using NAV as a practical expedient.

(b) Commingled fund investments are valued at the net asset value per share multiplied by the number of shares held. The determination of net asset value for the commingled funds includes market pricing of the underlying assets as well as broker quotes and other valuation techniques. Commingled funds have been valued using NAV as a practical expedient.

We maintain holdings in certain private equity partnerships and private real estate investments for which a liquid secondary market does not exist. The private equity partnerships are commingled

RTS Packaging, LLC Consolidated Pension Plan

Notes To Financial Statements

investments. Valuation techniques, such as discounted cash flow and market based comparable analyses, are used to determine fair value of the private equity investments. Unobservable inputs used for the discounted cash flow technique include projected future cash flows and the discount rate applied to present value those cash flows. Unobservable inputs used for the market based comparisons technique include EBITDA multiples in other comparable third-party transactions, price to earnings ratios, liquidity, current operating results, as well as input from general partners and other pertinent information. Private equity investments have been valued using NAV as a practical expedient.

Private real estate investments are commingled investments. Valuation techniques, such as discounted cash flow and market based comparable analyses, are used to determine fair value of the private equity investments. Unobservable inputs used for the discounted cash flow technique include projected future cash flows and the discount rate applied to present value those cash flows. Unobservable inputs used for the market based comparison technique include a combination of third party appraisals, replacement cost, and comparable market prices. Private real estate investments have been valued using NAV as a practical expedient.

Equity related investments are hedged equity investments in a commingled fund that consist primarily of equity indexed investments which are hedged by options and also hold collateral in the form of short term treasury securities. Equity related investments have been valued using NAV as a practical expedient.

(c) Fixed income and fixed income related instruments consist of commingled debt funds, which are valued at their net asset value per share multiplied by the number of shares held. The determination of net asset value for the commingled funds includes market pricing of the underlying assets as well as broker quotes and other valuation techniques. Commingled debt funds have been valued using NAV as a practical expedient.

(d) Consists of a global multi-asset investment commingled fund with underlying investments that are diversified across multiple asset classes and include global equity, fixed income securities, commodities and derivative contracts. The commingled fund is valued at its net asset value per share multiplied by the number of shares held. The determination of net asset value for the commingled fund includes market pricing of the underlying assets as well as broker quotes and other valuation techniques. The global multi-asset investment commingled fund has been valued using NAV as a practical expedient.

Transfers between Levels

The availability of observable market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. During the fiscal year ended September 30, 2017, the Plan had no transfers between level 2 to level 3.

5. Information Certified By Trustee

The Retirement Plan Administrative Committee has elected the method of annual reporting compliance for certain investment information as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Northern Trust Company, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

6. Plan Termination

Should the Plan terminate at some future time, its net assets generally may not be available to provide full benefits to all participants. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all. For further description regarding the priority of participants' claims to the assets of the Plan upon Plan termination and benefits guaranteed by the PBGC, reference is made to the information included in the Plan document available to all participants.

7. Accumulated Plan Benefits Obligation

The accumulated plan benefits obligation represents estimated future periodic payments, including lump-sum distributions, to be made in accordance with the Plan's provisions with respect to service which employees have rendered to the valuation date. It includes benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits are based on the monthly benefit amount designated by the Plan and in effect at the valuation date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. The effect of plan amendments on accumulated plan benefits is recognized in the year in which such amendments become effective.

RTS Packaging, LLC Consolidated Pension Plan

Notes To Financial Statements

The actuarial present value of the accumulated plan benefits obligation is determined by an independent actuary and represents the amount which results from applying actuarial assumptions to adjust the accumulated plan benefits obligation to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of October 1, 2016 and 2015 were as follows:

	October 1, 2016	October 1, 2015
Interest Rate	4.04%	4.702%
Mortality Table	RP-2014 separate employee and retiree mortality tables with blue collar distinction and generational improvements using scale MSS-2007 for hourly participants RP-2014 separate employee and retiree mortality tables with white collar distinction and generational improvements using scale MSS-2007 for salaried participants	RP-2014 separate employee and retiree mortality tables with blue collar distinction and generational improvements using scale MSS-2007 for hourly participants RP-2014 separate employee and retiree mortality tables with white collar distinction and generational improvements using scale MSS-2007 for salaried participants
Employee Turnover	A moderate scale consistent with the Company's experience	
Retirement Age	Active participants - Ages 55 to 70, at specific percentage rates from 1% to 100% Terminated vested participants - Age 62	Active participants - Ages 55 to 70, at specific percentage rates from 1% to 100% Terminated vested participants - Age 62

Disability incidence, retirement age rates, withdrawal rates, vested deferred benefit commencement age, percent married, spousal age difference, or form of payment assumptions were updated based on experience study undertaken in 2015.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of October 1, 2016 and 2015. Had the valuations been performed as of September 30, there would be no material differences.

Notes To Financial Statements

The actuarial present value of accumulated plan benefits as of October 1, 2016 and October 1, 2015 is as follows:

	October 1, 2016	October 1, 2015
Vested benefits:		
Active participants	\$ 22,620,974	\$ 19,484,104
Inactive participants with deferred benefits	4,769,081	4,172,137
Inactive participants receiving benefits	19,674,585	17,705,759
Nonvested benefits	800,283	779,886
Total actuarial present value of accumulated plan benefits obligations	\$ 47,864,923	\$ 42,141,886

The changes in the actuarial present value of accumulated plan benefits obligation are as follows:

Actuarial present value of accumulated plan benefits obligations at October 1, 2015	\$ 42,141,886
Change in actuarial assumptions (primarily discount rate change)	3,860,836
Interest due as a result of the decrease in discount period	1,941,724
Benefits paid	(1,692,361)
Benefits accumulated and losses/(gains)	1,612,838
Actuarial present value of accumulated plan benefits, at October 1, 2016	\$ 47,864,923

8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 20, 2017, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code").

RTS Packaging, LLC Consolidated Pension Plan

Notes To Financial Statements

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Parties-in-Interest and Related Party Transactions

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to the trustee and various service providers. These transactions are party-in-interest transactions under ERISA.

11. Subsequent Events

Effective December 31, 2017, hourly employees of the Merced location of the employer who are represented by USW Local 819 are covered employees under the Plan.

The Plan Administrator has evaluated subsequent events through July 9, 2018, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events, other than those noted above, which would require recognition or disclosure in the financial statements.

Rationale for Economic Assumptions

- Expected investment return – The expected rate of return on plan assets is based on the median simulated investment return (net of expenses) using capital market assumptions published in Mercer Investment Consulting's Capital Markets Outlook.
- Inflation – This assumption is based on the inflation assumption published by Mercer Investment Consulting in the October 2016 Capital Markets Outlook.
- Expenses – This assumption is based on prior year administrative expenses adjusted to reflect differences in PBGC premiums between the current year and prior year.

Rationale for Demographic Assumptions

- Disabled Mortality – Post- commencement mortality assumed to follow Revenue Ruling 96-7 tables for participants who became disabled after 1994 since this is the most recently published study with useful and applicable underlying data.
- Withdrawal – The ultimate withdrawal rates are based on the Mercer Modified Society of Actuaries 2003 10-year select and ultimate turnover table for 10+ years of service, with modifications to smooth rates. The select and ultimate rates are based on the experience study undertaken in 2015 using data from October 1, 2009 through October 1, 2014.
- Disability incidence – The disability incidence table is based on the Conference of Consulting Actuaries 1985 Pension Disability Study Class 1 rates multiplied by 50% based on the experience study undertaken in 2015 using data from October 1, 2009 through October 1, 2014.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- Retirement rates – The retirement rates are based on the experience study undertaken in 2015 using data from October 1, 2009 through October 1, 2014 and the expectation that the future retirement patterns and circumstances of the employer will not differ significantly from the period studied.
- Deferred vested benefit commencement age – The benefit commencement age is based on the experience study undertaken in 2015 using data from October 1, 2009 through October 1, 2014.
- Spousal age difference – The assumptions regarding spousal age difference at benefit commencement are based on the experience study undertaken in 2015 using data from October 1, 2009 through October 1, 2014.
- Percent married – The assumptions regarding percent married at benefit commencement are based on the actuary's experience with similar plans and discussions with employer representatives.
- Form of payment – The optional payment elections are based on the experience study undertaken in 2015 using data from October 1, 2009 through October 1, 2014, which showed that 100% of participants elect an annuity. 40% of annuitants are assumed to elect a single life annuity, 30% elect a 50% joint and survivor and 30% elect a 100% joint and survivor based on experience and noting that all forms of payment are based on the same definition of actuarial equivalence.

Actuarial Methods for Funding***Asset Methods***

We used financial data submitted by the trustee as of the valuation date without further audit. Customarily, this information would not be verified by a plan's actuary. We have reviewed the information for internal consistency and we have no reason to doubt its substantial accuracy.

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods***Participant Methods***

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- This plan provides disability benefits that are only partially based on a participant's accrued benefit or years of service. This benefit is allocated to funding target based on the accrued benefit on the valuation date plus a portion of the excess of the benefit over the accrued benefit multiplied by the ratio of the participant's service at the beginning of the plan year to their service at each decrement age. This benefit is allocated to target normal cost based on the proportionate benefit attributable to the increase in the participant's service and compensation during the plan year.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V – Summary of Plan Provisions

Effective September 30, 2010, the RTS Packaging, LLC Pension Plan was merged into the RTS Packaging, LLC Pension Plan for Certain Wage Hour Employees and the name of the merged plan was changed to the RTS Packaging, LLC Consolidated Pension Plan.

After the plan merger, current and future plan participants will accrue benefits under the component plan in which they participated or would have participated prior to the merger. Shown below is a summary of the major plan provisions of each component plan.

The Plan was amended to temporarily allow certain eligible terminated vested participants to receive their benefits from the Plan in the form of a lump sum payment on September 1, 2014. The window to elect this lump sum expired in August 2014. 103 participants elected the lump sum and were paid in September 2014.

Effective December 31, 2015, the Plan froze benefits for all salaried and non-union participants.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended effective September 30, 2016, are included in this valuation.

- **Most recent plan amendment included:** Amendment #7 to the RTS Packaging, LLC Consolidated Pension Plan, adopted December 7, 2016.
- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* Participants over normal retirement age are valued with the larger of the accrued benefit at valuation date or the benefit at normal retirement age actuarially increased to the valuation date.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **IRC Section 415(b) benefit limitations:** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding***Additional Benefits Included or Excluded***

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event

benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.

- *Plan amendments*: See above.
- *Prohibited payments*: Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
- *Benefit accruals*: The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases**: Scheduled benefit increases reflected in plan amendments after the valuation date and/or effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits**: The plan does not have any unpredictable contingent event benefits.
