The accompanying notes are an integral part of these financial statements.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the BBenefits, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

General – The Plan, which covers all employees of BBenefits, LLC (the Company), was originally effective on December 16, 1949. The amended and restated provisions of the Plan became effective on January 1, 2016. The Plan is a qualified retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been adopted to provide employees with the opportunity to save for retirement on a tax-advantaged basis. Qualifying employees are eligible to participate in participant contributions and employer matching contributions upon date of hire.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. A participant's total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants may revoke or make modifications to their salary deferral election. Participants at least age 50 or that will attain age 50 before the end of a calendar year may elect to defer additional amounts as catch-up contributions. The Plan also includes an automatic deferral feature. Accordingly, the Company will automatically withhold 3% of a participant's compensation and contribute that amount to the Plan as a pre-tax deferral unless the participant makes a contrary election. That amount will increase by 1% each plan year until the amount withheld from the participant's paycheck reaches 10% of their compensation unless the Company amends the Plan or enters a salary reduction agreement.

The Company may make a discretionary matching contribution to the Plan. For 2017, the Company made an employer matching contribution equal to 30% of the first 6% of a participant's compensation contributed to the Plan.

Participants are also permitted to deposit into the Plan distributions they have received from other qualified plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, rollovers, and actual earnings thereon. A participant's vested percentage attributable to employer contributions is determined under the following schedule. A participant becomes 100% vested in employer contributions if they are employed on or after their early or normal retirement age, disability, or death.

Years of Service	Percentage
< 1 year	0%
1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities. The Plan currently offers various mutual funds and a fixed annuity as investment choices available to participants. Participants may modify their investment elections, transfer existing account balances, and obtain information regarding their investments each business day.

Notes Receivable From Participants – Loans are available to all active participants in the Plan on a uniform and nondiscriminatory basis. The maximum loan amount that a participant may request is $50,000 or 50% of the vested account balance, whichever is less. The minimum loan amount that a participant may request is $1,000. Loans must bear a reasonable rate of interest and must be adequately secured. Repayment of a loan must be made at least quarterly, on an after-tax basis, in level payroll deductions of principal and interest, and must be repaid within 5 years, unless the loan is taken for the purchase of a principle residence.

Payment of Benefits – Participants may receive a distribution of the vested portion of their accounts in the Plan when they terminate employment with the Company. The normal form of payment under the Plan is a single lump sum payment distribution payable in cash. If a participant's vested account balance is $5,000 or less, they will automatically receive a lump sum distribution as soon as administratively practicable following the date they terminated employment. If the vested account balance is greater than $5,000, the participant must give consent before the distribution can be made, and they may elect to receive the distribution in a single lump-sum payment or installments.

Participants who have attained aged 59½ may receive a distribution from certain accounts prior to termination of employment.

Forfeitures – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used to pay Plan expenses or reduce employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $32,210 and $25,424, respectively. Also, in 2017, the Plan paid expenses of $5,278 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the custodians. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and other income are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions to the applicable participants prior to March 15, 2018 and 2017, respectively.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through June 27, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuity – Valued daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

The Company evaluates the general financial condition of the issuer of the annuity contract that is owned by the Plan as a component of validating whether the calculated fair value is an accurate value. All of these inputs are generally considered obtainable/observable through the review of existing contracts and readily available financial information. The annuity is required to publish the determined value and to transact at that price.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 5,097,079**	**$ -**	**$ -**	**$ 5,097,079**
Fixed annuity	**-**	**1,770,073**	**-**	**1,770,073**
Investments at fair value	**$ 5,097,079**	**$ 1,770,073**	**$ -**	**$ 6,867,152**

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,564,879	$ -	$ -	$ 4,564,879
Fixed annuity	-	1,717,967	-	1,717,967
Investments at fair value	$ 4,564,879	$ 1,717,967	$ -	$ 6,282,846

NOTE 4 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, dividends, interest, and other income for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is a custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Empower Retirement (Empower) provides certain administrative services to the Plan pursuant to an agreement between the Company and Empower. Empower receives revenue from mutual fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan.

If the revenue received by Empower from such mutual fund service providers exceeds the amount owed under the agreement, Empower remits the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses. During 2017, Empower remitted $11,315 to the Plan. The Company may make a payment to Empower for administrative expenses not covered by revenue sharing.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
