Independent Auditor's Report

To the Retirement Plan Administrative Committee of Dunkin' Brands Group, Inc:

Report on the Financial Statements

We have audited the accompanying financial statements of the Dunkin' Brands 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for plan benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF PLAN:

The following description of the Dunkin' Brands 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan sponsored by Dunkin' Brands Group, Inc., covering substantially all employees of the Company who have completed at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Retirement Plan Administrative Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Compensation Committee.

Throughout these financial statements, "the Company", refers to Dunkin' Brands Group, Inc. and its consolidated subsidiaries taken as a whole.

Contributions

Contributions to the Plan are made by both participating employees and the Company. Upon meeting eligibility requirements, participants may contribute up to 80% of their eligible compensation on a pre-tax basis and/or Roth after-tax basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants who do not make an affirmative deferral election upon becoming eligible are automatically enrolled in the Plan at a 2% deferral rate. Participant contributions may be matched by the Company, at the Company's sole discretion. Unless otherwise determined and communicated by the Company in advance of a Plan year, matching contributions will be made equal to 100% of a participant's contributions, up to the first 4% of a participant's eligible compensation. However, the Company may suspend matching contributions for any period beginning after such suspension is communicated. During 2017, the Company made matching contributions equal to 100% of a participant's contributions, up to the first 4% of a participant's eligible compensation. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

The Company's board of directors may elect to contribute a discretionary non-elective amount in addition to matching contributions. Discretionary contributions are allocated based on the ratio of each eligible participant's compensation to the total of all eligible participants' compensation. Participants must be employed on the last day of the Plan year to be eligible for such contributions. The Company did not make a non-elective discretionary contribution for 2017.

Participant Accounts

A separate account is established for each participant upon enrollment in the Plan. Each participant's account is credited with the participant's contributions, the participant's share of the Company's matching and additional discretionary contributions, and the participant's allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of earnings are based on participants' account balances and fund selections. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

Completed Years of Service	Percent Vested
Less than 1 year	0%
1 year	25%
2 years	50%
3 or more years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures are used first toward such restoration of any participant accounts, and then used to reduce future employer contributions or pay plan administrative expenses. During 2017, there were no forfeitures used for administrative expenses, and $77,083 was used to reduce employer contributions. Unapplied forfeitures remaining as of December 31, 2017 and 2016 were $178,755 and $114,402, respectively.

Unallocated Assets

The Plan holds assets in an unallocated account which receives contributions as a result of a revenue sharing agreement with Charles Schwab Bank. Funds in the account are used to pay plan expenses. During 2017, $93,465 was used to pay Plan expenses. Unallocated assets were $48,002 and $38,679 at December 31, 2017 and 2016, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death, or other separation from service. Participants who terminate employment may elect a lump sum distribution, a partial distribution, or installment payments.

A participant may request a withdrawal upon attainment of age $59\frac{1}{2}$ or upon demonstration by the participant to the plan administrator that the participant is suffering from a hardship, as defined in the plan document. A participant may also withdraw rollover contributions at any time.

Notes Receivable from Participants

A participant shall be entitled to a loan up to the lesser of 50% of the participant's vested account balance or $50,000, reduced by the highest outstanding loan balance during the previous 12 months. The minimum loan amount is $1,000. Participants may have only one loan outstanding at any given time. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's vested interest in the Plan, and are

supported by a promissory note. All loans must be repaid within five years unless the proceeds are used to purchase a primary residence, in which case a longer repayment period may be allowed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest, and are categorized as notes receivable from participants on the statements of net assets available for plan benefits. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Expenses of the Plan

Substantially all expenses incurred in the administration of the Plan are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

3. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology that are unobservable.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Dunkin' Brands Group, Inc. common stock fund – Valued at the closing price reported on the active market on which the individual security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

[a] The net asset values of the common collective trust presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

The stable value common collective trust held by the Plan as of December 31, 2017 and 2016 has an objective of providing safety of principal, adequate liquidity, and competitive yield with low return volatility. To achieve this objective, the trust invests in the Wells Fargo Synthetic Stable Value Fund. There were no unfunded commitments. One year of notice is required to redeem the trust at contract value. The trustee may waive the notice period at their sole discretion. Participant directed redemptions are allowed daily with no restrictions.

4. PLAN TERMINATION:

The Plan was established with the intention that it will continue indefinitely. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

5. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions. Additionally, a portion of the Plan's assets are invested in Dunkin' Brands Group, Inc. common stock fund. Because the Company is the plan sponsor, transactions involving Dunkin' Brands Group, Inc. common stock also qualify as party-in-interest transactions.

6. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 25, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

7. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through June 21, 2018, the date these financial statements were available for issuance.
