NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Rosemount Inc. Profit Sharing Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary Plan description or Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution deferred profit-sharing plan and is subject to the provisions of Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is sponsored by Rosemount, Inc. (the Employer or the Company) and is a subsidiary of Emerson Electric Company. The administration of the Plan is performed by the Employer (the Plan administrator or the Company).

Vanguard Trust Company (the Trustee) functions as the trustee of the Emerson Electric Co. Master Trust (Master Trust), and Vanguard Group, Inc. is the record keeper.

Transfers

Plan Merger

Effective October 1, 2016, the Rosemount Analytical Inc. Profit Sharing Retirement Plan (Analytical Plan) (a plan also sponsored by the Company) merged into the Plan. To effectuate the final filing of the Analytical Plan's Form 5500 as of September 30, 2016, the Analytical Plan was effectively merged as of September 30, 2016.

Other Transfers

The Company also sponsors other qualified plans. If employees change their positions or locations within the Company's organization, their account balances are transferred into the corresponding plan. Transfers in and out are shown on the statement of changes in net assets available for benefits.

Participation

Upon hire, employees are eligible to participate in the Plan. To become an active participant, an employee must enter into an earnings reduction agreement with the Employer whereby the employee's base salary or wage is reduced by the required minimum 2% contribution. Quarterly each year, all eligible employees who are not in the Plan are given an opportunity to become active participants. Effective October 1, 2015, new employees are automatically enrolled at a contribution rate of 3%, after a 30-day opt out period in which participants may decline to participate.

Active participants are eligible for the Employer contribution after the completion of 12 months of service provided the employee completed 1,000 hours or more of service during a Plan year.

Contributions

The Plan document provides for the following contributions, which are all invested directly into the funds elected by the participant:

Employee contribution - Each pay period, the Employer is required to deduct and remit to the Plan an amount equal from 2% to 25% of each active participant's base salary or wages as designated by the employee (elective contribution). Base salary contributions of less than 2% or greater than 25% are not permitted.

Employer annual contribution - The Employer shall contribute annually to the Plan an amount determined by the combination of a worldwide sales growth and earnings before interest and tax margin matrix and a gross margin matrix, reduced by the amount contributed by the Employer to the Rosemount Inc. Employer Safe Harbor Contribution (the Safe Harbor Contribution) for such Plan year. The Employer is required to contribute annually to the Plan. For the Plan Year ending September 30, 2017, the Gross Amount shall equal (a), (b), or (c), whichever is smallest: (a) the Gross Amount for the prior Plan Year plus 50% of the excess, if any, of (i) four and one-half percent (4.5%) of Employer EBIT for the current Plan Year over (ii) the Gross Amount for the prior Plan Year, or (b) fifteen percent (15%) of the Recognized Compensation of Participants for the current Plan Year, or (c) the amount which is deductible by the Employer for the Plan Year for federal income tax purposes reduced by the amount contributed by the Employer to the Rosemount Inc. Employer Safe Harbor Contribution for such Plan year. Prior to October 1, 2016, the Employer was required to contribute annually to the Plan an amount equal to 7.5% of profits (as defined in the Plan document) up to 20% of net sales (as defined in the Plan document), plus 15% of profits (as defined in the Plan document) above 20% of net sales (as defined in the Plan document), reduced by the amount contributed by the Employer to the Rosemount Inc. Employer Safe Harbor Contribution for such Plan year.

The Employer is required to contribute an Employer Safe Harbor Contribution annually to the Plan in an amount equal to 3% of the participant's recognized compensation. The Employer Safe Harbor Contribution is initially allocated to the Emerson common stock fund; however, the participant may thereafter direct the investment of all or a portion of his or her Employer Safe Harbor Contribution in other investment electives.

Employee rollover contribution - Active participants who have received a distribution in a lump sum from certain other types of retirement plans may deposit such distribution with the Plan, subject to certain conditions and limitations specified in the Plan.

Participant Accounts

Participants may direct the investment of their account balances into various investment options offered by the Plan. Each participant's account is credited with his or her own contributions, Employer contributions and earnings thereon. Earnings are allocated pro rata based on the value of the participant's account in an investment fund related to the total assets in the fund as of the earnings determination date.

Notes Receivable from Participants

The Company allows participants to request loans from their participant accounts. Loans are considered assets of the Plan and are limited to the lesser of 50% of the vested portion of the participant's account, excluding the after-tax account, or \$25,000. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account. Loan repayments are made by the participants through monthly payroll deductions, not to exceed 60 months, and include principal payments plus interest at the prime interest rate plus 1%.

September 30, 2017 and 2016

Effective October 1, 2016, the Plan was amended to allow a participant to transfer more than one loan from a plan maintained by an affiliate to this Plan; however, no new loan shall be allowed until all loans transferred into the plan have been satisfied.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and the 3% Employer Safe Harbor Contribution. Vesting in the Employer's annual profit-sharing contribution is based on years of service. All Plan years of service in which the participant has 1,000 hours or more of service count toward vesting.

Vesting occurs as follows for hours of service on or after October 1, 2001:

<u>Years of service</u>	<u>Percent vested</u>
Less than 1	0%
1 to 2	20
2 to 3	40
3 to 4	60
4 to 5	80
5 or more	100

A participant will be 100% vested upon death, total disability or attainment of age 55.

Payment of Benefits

A participant whose termination of employment occurs for any reason shall be entitled to benefits equal to 100% of the employee's elective contribution, voluntary contribution, 3% guaranteed contribution and rollover contribution account, plus the vested percentage of the Employer's annual contribution account. Distribution of a participant's benefits can be made to the participant or beneficiaries in a lump sum or installments.

Under certain circumstances, accelerated distributions may be made to participants from their voluntary accounts or from the Employer's annual contribution account.

Benefit payments to participants are recorded upon distribution.

Forfeitures

If a participant has a break in service and is not again a participant in the Plan before the end of the Plan year in which the break occurs, the non-vested portion of the participant's account arising from annual Employer contributions is used first to restore any forfeited accounts as required by the Plan, to correct errors, omissions and exclusions. Any remaining portion is reallocated to the accounts of other participants as if it were an additional Employer annual profit sharing contribution. During 2017, \$174,599 was allocated to Plan participants. As of September 30, 2017 and 2016, forfeitures totaled \$132,638 and \$213,176, respectively.

Administration and Expenses

The Plan is administered by a Management Review Committee (MRC) appointed by authority of the Company's board of directors. The MRC, with the approval of the board of directors, has appointed a trustee to manage and maintain the Plan's assets in accordance with a trust agreement. The reasonable expenses of administering the Plan shall be payable out of the Plan except to the extent that the Employer, in its discretion, directly pays the expenses.

Investment Options

On a daily basis, subject to six reallocations per quarter, participants may elect to reallocate how their current account balances are split among the investment funds. Participants may also elect how their future payroll contributions and Employer contributions are invested among the investment funds. The change in reallocation and investment elections can be done in 1% increments and will be effective as of the next business day.

The Plan, through its participation in the Master Trust, currently offers the Emerson common stock fund, which invests in Emerson's common stock and various mutual funds and commingled funds.

Elective contributions cannot be invested in Emerson Stock; however, the Employer annual profit sharing contribution can. The Company has a 10% limit on profit sharing contributions going into Emerson stock. Also, the 3% safe harbor is contributed to Emerson stock and can be moved out the next day if the participants wish to.

All funds may invest in cash equivalents as temporary investments and to maintain liquidity. Participants may change their investment options at any time. Participants may transfer (subject to certain restrictions on transfers into or out of the Emerson common stock fund by the Company's executive officers), in 1% increments, all or part of an existing account balance in a fund among the other investment funds to the extent permitted by the underlying investment contracts. Transfers may be made up to six times per quarter.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Code (ASC) 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15,

2016. Early adoption is permitted. The Plan retrospectively adopted this ASU for the year ended September 30, 2017. Disclosures for the year ended September 30, 2016, were revised to reflect the retrospective application. In February 2017, the FASB issued ASU No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965); Employee Benefit Plan Master Trust Reporting*. This update changes reporting and disclosure requirements for plans with a master trusts and eliminates redundant disclosures for plans with 401(h) accounts. This update is effective for the fiscal periods beginning after December 15, 2018. Early adoption is permitted. On adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments, through its participation in the Master Trust, are stated at fair value. See notes C and D regarding investments in the Master Trust.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties

The Master Trust may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2017 or 2016.

NOTE C - INVESTMENT IN MASTER TRUST (UNAUDITED)

All of the Plan's investments are held in a Master Trust, consisting of the Plan and other defined contribution plans of Emerson Electric Co. and subsidiaries. All Plan income or loss is derived from Master Trust investment appreciation or depreciation.

September 30, 2017 and 2016

Each participating plan's interest in the assets of the Master Trust is based on participant-directed account balances. Additionally, loans to Plan participants are included in the Master Trust. At September 30, 2017 and 2016, the Plan's interest in the net assets of the Master Trust was approximately 18.47% and 15.92%, respectively. Master Trust investment income and expenses are allocated to participating plans based on respective balances.

The Plan's investments in the Master Trust are stated at fair value. The fair values of mutual funds and Emerson common stock are based on quoted market prices in active markets. Money market funds are stated at cost, which approximates fair value. Shares of collective trust funds are valued from either broker/dealer quotation or market-observed pricing for the underlying assets held. There are no restrictions on the redemption of these investments. The cost basis of investments held under the Plan is determined using the average cost method of accounting. The Plan has no unfunded commitments related to these assets.

The investments of the Master Trust are summarized as follows at September 30:

	2017	2016
Mutual funds	\$1,058,646,448	\$1,708,829,524

Interest and dividends	\$ 68,242,272
Net appreciation in fair value of investments	<u>518,746,804</u>
Net Master Trust investment income	<u>\$586,989,076</u>

NOTE D - FAIR VALUE MEASUREMENTS

Under ASC 820, *Fair Value Measurements and Disclosures*, there exists a formal hierarchy and framework for measuring fair value and making disclosures about fair value measurements and the reliability of valuation inputs. Measurement assumes the transaction to sell an asset or transfer a liability occurs in the principal or at least the most advantageous market for that asset or liability. Within the hierarchy, Level 1 instruments use observable market prices for the identical item in active markets and have the most reliable valuations. Level 2 instruments are valued through broker/dealer quotation or through market-observable inputs for similar items in active markets, including forward and spot prices, interest rates and volatilities. Level 3 instruments are valued using inputs not observable in an active market, such as entity-developed future cash flow estimates, and are considered the least reliable.

NOTE E - TAX STATUS

The Plan has received a favorable tax determination letter from the Internal Revenue Service (IRS) dated April 7, 2017, which indicated that the Plan is a qualified plan for tax purposes under the provisions of Section 401(a) of the Internal Revenue Code (IRC), and that the trust established in connection therewith is exempt from federal income taxes under Section 501(a) of the IRC. The Company believes that the Plan continues to qualify and to operate as designed.

The Plan has been amended since the date of the determination letter, but Plan management believes that the Plan continues to be designed and is operated in accordance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
