(1) Sensata Technologies Contribution and 401(k) Savings Plan
Description of the Plan

Notes to Financial Statements

The following description of the Sensata Technologies Contribution and 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

(a) General

The Plan was established on April 27, 2006, in connection with the acquisition of certain assets of the Sensors & Controls business of Texas Instruments, Inc. ("TI") by Sensata Technologies, Inc. ("Sensata Technologies," the "Company," or the "Plan Administrator").

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the "Code"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation in the Plan is limited to employees at all U.S. locations who are hired or rehired by Sensata Technologies on or after April 27, 2006, transferred from a non-U.S. Sensata Technologies subsidiary or affiliate to a U.S. subsidiary on or after April 27, 2006, or become an employee of Sensata Technologies because of an acquisition on or after April 27, 2006. In order for an employee to be eligible for participation in the Plan, the regularly scheduled service of the employee must be at least 1,000 hours of service per Plan fiscal year. New employees are automatically enrolled in the Plan within 30 days of the date of hire unless they affirmatively opt out of the Plan. If employees do not opt out of the Plan or make their own elections, 4% of their eligible pay is contributed to the Plan.

(b) Contributions

Employees who meet the eligibility requirements are eligible to contribute up to 75% of their eligible earnings, through pre-tax contributions and Roth contributions, within the limits prescribed by the Code. Per the Code, the maximum deferral pre-tax amounts on individual eligible earnings was \$18,000 for both 2017 and 2016. Participants' contributions are recorded each pay period when Sensata Technologies deposits amounts into the Plan that result from payroll deductions from participants' wages. Participants may also contribute, as rollover contributions, amounts representing distributions from other qualified retirement plans or similar arrangements.

Participants who are at least age 50, or who will reach age 50 during the year, are allowed to make additional employee pre and after tax contributions ("catch-up contributions") above the otherwise applicable limits. In accordance with limits under the federal tax laws, catch-up contributions cannot exceed \$6,000 in 2017 and 2016.

Participants direct their elective contributions into various investment options offered by the Plan, and can change their investment options on a daily basis. If a participant is automatically enrolled, their contributions are invested in the Qualified Default Investment Alternative until the participant changes their election. The Qualified Default Investment Alternative invests the participant's contributions in a target retirement year portfolio which closely matches the participant's retirement year.

On an annual basis, Sensata Technologies has historically matched each participant's pre-tax and Roth contributions, including catch-up contributions, up to 4% of eligible earnings. The Company's matching contribution is discretionary and is allocated in the same manner as that of the participant's elective contributions. The Company elected to make the discretionary matching contribution of 4% of eligible earnings for 2017 and 2016.

Sensata Technologies Contribution and 401(k) Savings Plan

(c) Vesting

Notes to Financial Statements

Participants are automatically fully vested in all contributions made to the Plan.

(d) Participant Accounts

A separate account is maintained for each participant, and is increased by the participant's contributions, the Company's contributions and plan investment income, and decreased by plan investment losses, benefit payments, and administrative expenses. Accounts are also reduced for brokerage account fees for those participants with a brokerage account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Payment of Benefits

Participants (or, in the event of a participant's death, their beneficiary) may request a distribution of all or part of the value in their accounts in accordance with the terms and conditions of the Plan upon retirement, termination of service, disability, or death. In addition, participants who have attained age 59 ½ may elect to withdraw all or a portion of their vested accounts while they are still employed by the Company. Participants with account balances greater than \$5,000 may defer receipt of their distributions until they are required by law to receive required minimum distributions ("RMD's").

Benefit payments may be made in a lump-sum distribution or according to RMD requirements. The participant or beneficiary is entitled to select the manner or amount in which benefit payments are received subject to the terms of the Plan. If the participant's vested account balance is \$1,000 or less, payment must be made in a lump-sum distribution. If the participant's vested account balance is greater than \$1,000 but less than \$5,000, the vested account balance is subject to automatic rollover to an IRA.

(f) Notes Receivable from Participants

Participants may borrow from their accounts, in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at the Wall Street Journal Prime Rate plus 1% as of the day the loan is requested. Principal and interest is paid ratably through payroll deductions. If a participant terminates employment with the Company, the loan must be repaid in full. If it is not repaid, it will automatically be treated as a distribution to the participant. Interest rates on outstanding loans at December 31, 2017 range from 4.25% to 7.75%.

(g) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

(h) Subsequent Events

Subsequent events after the net assets available for benefits date through the date that the financial statements were available to be issued, June 22, 2018, have been evaluated by the Plan management in the preparation of the financial statements.

(2) **Sensata Technologies Contribution and 401(k) Savings Plan**
Summary of Significant Accounting Policies
Notes to Financial Statements

(a) **Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting.

(b) **Payment of Benefits**

Benefits are recorded when paid.

(c) **Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

(d) **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 4 for further discussion of fair value measurements.

Securities traded on a national securities exchange are valued at the last reported sales price. Investments in mutual funds are valued based on the last publicly quoted closing net asset values. Investments in common collective trusts are valued based on the net asset value per share (or its equivalent).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Putnam Stable Value Fund (the "PSVF") and Putnam S&P 500 Index Fund (the "PS&P 500") invest in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 4).

(e) **Administrative Expenses**

Certain Plan expenses, including participant loan fees and self-directed brokerage account fees, are paid by participants. All other administrative expenses are paid by the Company.

(f) **New Accounting Pronouncements**

In January 2016, FASB issued ASU No. 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018. With certain exceptions, early adoption is not permitted. Plan management is currently evaluating the impact that ASU 2016-01 will have on its financial statements.

Sensata Technologies Contribution and 401(k) Savings Plan
(g) Use of Estimates

Notes to Financial Statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

(3) Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Great-West Trust Company, LLC, trustee of the plan, has certified to the completeness and accuracy of the investments reflected in the accompanying statements of net assets available for benefits and the related investment activity reflected in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2017 and December 31, 2016, and the investment information included in the supplemental schedule to the financial statements as of December 31, 2017. Additionally, notes receivable from participants were certified as complete and accurate by the trustee as of December 31, 2017 and 2016. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by the Plan's trustee for the respective periods.

(4) Fair Value Measurements

Accounting Standards Codification ("ASC") 820 *Fair Value Measurements and Disclosures* ("ASC 820") defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 - Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 - Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment, and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Sensata Technologies Contribution and 401(k) Savings Plan

The following tables set forth by type and level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2017 and 2016.

Total investments	\$ 176,961,043	\$ —	\$ —	\$ 176,961,043

(5) Related Party Transactions

The Plan investments are both units of a common/collective trust fund managed by Putnam Investments and shares of registered investment companies trustee by Great-West Trust Company LLC. Empower Retirement, an affiliate of Great-West Trust Company, LLC is the record keeper of the Plan. Great-West Trust Company, LLC is a trustee as defined by the Plan as of December 31, 2017 and 2016, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

(6) Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(7) Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated March 31 2014, stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance

Sensata Technologies Contribution and 401(k) Savings Plan

with the applicable requirements of the Code, and therefore, believes that the Plan, is qualified, and the related trust is tax exempt. Notes to Financial Statements

The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

The Plan is based on a prototype plan. The Internal Revenue Service (IRS) informed the prototype plan sponsor, in an opinion letter dated March 31, 2014, that the form of the plan is acceptable under the requirements of the Internal Revenue Code. An employer may rely on a favorable opinion letter issued to a prototype sponsor as evidence that the plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2015-36. Although the prototype plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and being operated in compliance with applicable requirements of the IRC so that the Plan is qualified and the related trust is tax-exempt.
