REPORT OF INDEPENDENT AUDITORS

To the Plan Committee of the
American Excelsior Company 401(k) Savings Plan

We were engaged to audit the accompanying financial statements of the American Excelsior Company 401(k) Savings Plan (the “Plan”), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the 2017 financial statements. We have been informed by the Plan administrator that the custodian holds the Plan’s investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated July 19, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AMERICAN EXCELSIOR COMPANY 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

A. Description of the Plan

General

The following brief description of the American Excelsior Company 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by American Excelsior Company (the “Company”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are located in Arlington, Texas.

The Plan was effective October 1, 1996, restated effective December 1, 2017, and is a defined contribution plan available to substantially all employees of the Company. Employees are eligible to join the Plan as of their employment commencement date or as of the first day of any subsequent month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Effective December 1, 2017, participants may contribute up to 75% of annual compensation, as defined by the Plan, on a pre-tax and/or after-tax basis. Prior to December 1, 2017, participants could contribute up to 15% of annual compensation, as defined by the Plan, on a pre-tax basis only. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

Certain Company divisions are required to make a discretionary match based on collective bargaining agreements. The Company may make additional discretionary or qualified non-elective contribution matching contributions each year to eligible participants, as defined, in amounts determined by management. From January 1, 2017 through May 7, 2017, the Company made discretionary matching contributions of 50% for every one dollar contributed by each participant, up to a maximum of five percent of a participant’s eligible compensation. Effective May 8, 2017, the Company made discretionary matching contributions of 50% for every one dollar contributed by each participant, up to a maximum of six percent of a participant’s eligible compensation.

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, transfers from the American Excelsior Company Employee Stock Ownership Plan ("ESOP") that was merged to the Plan in a prior year, and the Company's qualified non-elective contributions, plus actual earnings thereon. Participants become fully vested in the Company's matching contributions and discretionary contributions after completing three years of service or in the event of disability, retirement, or death.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the prior 12 month period, or 50% of their account balance. Participants may have a maximum of two loans outstanding at any time. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2017, interest rates ranged from 5.25% to 6.50%. As of December 31, 2016, interest rates ranged from 5.25% to 5.50%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. The Plan allows for in-service withdrawals if the participant has reached 59 ½ years of age. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse, or their dependents; (4) for the payment of funeral or burial expenses for the participant's parent, spouse, or dependent; (5) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; or (6) for expenses relating to the repair of damage to the participant's primary residence that would qualify for the casualty deduction under the Code.

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of the Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay Plan administrative expenses that would be paid by the Company or to offset employer matching contributions for the year. During the year ended December 31, 2017, approximately \$17,200 of forfeitures were allocated to reduce matching contributions. Unallocated forfeitures outstanding as of December 31, 2017 and 2016, were less than \$100 and approximately \$1,800, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

AMERICAN EXCELSIOR COMPANY 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits

Benefits are recorded when paid.

AMERICAN EXCELSIOR COMPANY 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

C. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

The methodologies used to measure the fair value of the Plan's investments are as follows:

- Investments in registered investment companies are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.
- Guaranteed interest accounts are valued at fair value by the insurance company at the amount participants would receive if they were to withdraw or transfer funds with the Plan prior to their maturity (discontinuation value). As such valuation inputs are unobservable, guaranteed interest accounts are classified within Level 3 of the valuation hierarchy. Guaranteed interest accounts are not considered fully benefit-responsive investment contracts.
- Pooled separate accounts are valued based on the basis of units held by each participant investor in the fair value of the underlying assets of the respective separate accounts. While a majority of the underlying asset values are based on quoted prices, the net asset value ("NAV") of the pooled separate account is used as a practical expedient to estimate fair value. The NAV is determined by the investment account manager as of the financial statement date.

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2017 and 2016. As of December 31, 2017, the Plan has no assets classified within Level 2 or 3 of the valuation hierarchy. As of December 31, 2016, the Plan has no assets classified within Level 2 of the valuation hierarchy.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the year ended December 31, 2017, there were no transfers between levels.

C. Fair Value Measurements – continued

The table below sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2017:

Balance, beginning of year	\$ 37,987
Sales	(37,987)
Balance, end of year	<u>\$ -</u>

The following table presents additional information about valuation methodologies and unobservable inputs used for investments that measured at fair value and categorized within Level 3 as of December 31, 2016:

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Significant Input Values</u>
Guaranteed interest account	\$ 37,987	Discontinuation valuation	Credit rate Rate on account	1.31% 0.70%

The fair value of the pooled separate accounts measured using NAV per share practical expedient was \$19,544,972 and \$16,543,100 as of December 31, 2017 and 2016, respectively. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

D. Fully Benefit-Responsive Investment Contract

The Plan entered into a benefit-responsive investment contract with Principal Life Insurance Company (“Principal”). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTES TO FINANCIAL STATEMENTS (*continued*)

D. Fully Benefit-Responsive Investment Contract – continued

The investment contract is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. The statement of changes in net assets available for benefits is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2017 and 2016, was \$3,439,741 and \$3,051,268, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as the premature termination of the contracts by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

E. Information Certified by the Custodian

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the custodian, which included total investments as of December 31, 2017 and 2016, the total investment income for the year ended December 31, 2017, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan obtained its latest determination letter in April 2016, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter.

F. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in pooled separate accounts and investment contracts managed by Principal Life Insurance Company, who is related to the custodian of the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, per the accompanying financial statements to the Form 5500:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits per the financial statements	\$ 24,563,073	\$ 21,010,952

Excess contributions payable	<u>24,458</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 24,457,812</u>	<u>\$ 20,881,233</u>

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2017, per the accompanying financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 3,552,121
Current year excess contributions payable	<u>24,458</u>
Net increase in net assets available for benefits per the Form 5500	<u>\$ 3,576,579</u>

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

J. ESOP Litigation

The Administrative Committee of American Excelsior Company Employee Stock Ownership Trust filed suit against defendants GreatBanc Trust Company, Pennant Management, Inc., and Salem Trust Company (collectively the "Defendants") for the delay in distribution and reduction in value of the ESOP and thus its participant accounts. The ESOP received 14% or \$1,855,000 of the \$13,607,708 original sale price which was recorded as a transfer of plan assets for the plan year ended December 31, 2014.

The Administrative Committee released the suit pending before the United States District Court for the Northern District of Texas, Fort Worth Division, against the Defendants in exchange for consideration agreed to in a mediation settlement agreement in October 2015.

There have been subsequent recoveries and settlement agreement payments totaling \$761,603 during the year ended December 31, 2015, and \$1,855,000 during the year ended December 31, 2016. The remaining amount of \$129,719 owed to the participants of the plan as of December 31, 2017, was paid in January 2018. The \$129,719 is recorded as a receivable in the statements of net assets available for benefits as of December 31, 2017 and 2016.
