HAMPTON PRODUCTS INTERNATIONAL CORPORATION 401(k) PLAN

Notes to Financial Statements
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hampton Products International Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

General - The Plan is a defined contribution plan. The Plan covers all employees of Hampton Products International Corporation (the Company) who are at least 18 years of age and have completed at least a three month period of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participant's contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer up to 80% of their annual compensation. The Company, at its option, may elect to make a discretionary contribution to the Plan. For the years ended December 31, 2017 and 2016, the Company made a matching contribution of $481,145 and $441,334, respectively. The Company may also elect to make profit-sharing contributions to the Plan. No profit-sharing contributions were made to the Plan by the Company during 2017 and 2016. Furthermore, rollover contributions from other qualified plans are accepted by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of (a) the Company's discretionary profit sharing contribution and (b) Plan earnings, and charged with an allocation of (a) Plan losses and (b) administrative expenses. As defined, allocations of plan earnings are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Notes Receivable from Participants - The Plan allows participants to borrow up to 50 percent of their vested account balances, but not less than $1,000, and not greater than $50,000. Each participant is allowed to have two active loans at a time. Effective January 1, 2016, participants are allowed only one loan at a time. Loan terms range from one year to a maximum of five years, unless the loan qualifies as a home loan. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest to be determined by the Plan Administrator. Interest rates on participant loans were 4.25% to 5.25% for the year ended December 31, 2017. Principal and interest is paid ratably through either payroll deductions or participant payments.

Forfeitures - Forfeitures result from nonvested benefit payments remaining in the Plan for all terminated employees. Upon reaching the break-in-service requirement, as defined in the Plan agreement, forfeitures generated are used to reduce future company matching or discretionary contributions. Forfeitures for the years ended December 31, 2017 and 2016 were $5,476 and $8,287, respectively. No forfeitures were used to reduce employer contributions for the years ended December 31, 2017 and 2016.

Notes to Financial Statements (Continued) December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested in their employer matching and profit sharing contributions after five years of credited service or upon a change in corporate control as defined in the Plan.

Payment of Benefits - In the case of retirement or disability, the participants' accrued benefits will be distributed to them, or in the case of death, to their beneficiary, in a lump sum.

Administrative Expenses - All expenses incurred by the Plan are paid from the Plan's assets to the extent the expenses have not been paid by the Company. For the years ended December 31, 2017 and 2016, administrative expenses of $16,991 and $4,467, respectively, were paid for by the Plan.

Investments - Each participant directs the allocation of his or her contribution, and employer matching and discretionary contributions to one or more of thirty-one investment options. Purchases and sales of securities are recorded on a trade date basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting the disclosure under ERISA.

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition - Investments are measured at quoted prices in an active market and have been certified complete and accurate by Great-West Life & Annuity Insurance Company, the Plan's trustee (Note 5). Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Notes to Financial Statements (Continued) December 31, 2017 and 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – (Continued) Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events -The Plan evaluated subsequent events through July 16, 2018, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Note 3 continued on the following page)

HAMPTON PRODUCTS INTERNATIONAL CORPORATION 401(k) PLAN

Notes to Financial Statements (Continued) December 31, 2017 and 2016

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash: Valued at market value of corresponding currency at year end.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	*Level 2*	*Level 3*	*Total*

Notes to Financial Statements (Continued) December 31, 2017 and 2016

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract with Great-West Life & Annuity Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract held by the Plan is summarized as follows:

	2017	2016
Traditional investment contract	$ 2,904,026	$ 2,850,532

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

HAMPTON PRODUCTS INTERNATIONAL CORPORATION 401(k) PLAN

Notes to Financial Statements (Continued) December 31, 2017 and 2016

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company, the trustee of the Plan assets, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.

- Net appreciation in fair value of investments, interest and dividends reflected on the accompanying Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

HAMPTON PRODUCTS INTERNATIONAL CORPORATION 401(k) PLAN

Notes to Financial Statements (Continued) December 31, 2017 and 2016

NOTE 7 - TAX STATUS

The Company is using a Volume Submitter Profit Sharing Plan with CODA which received a favorable opinion letter on March 31, 2008. The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8 - RELATED PARY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of guaranteed investment contracts managed by Great-West Life & Annuity Insurance Company or its wholly owned subsidiaries. Great-West Life & Annuity Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor is also a party-in-interest with respect to the Plan. Notes receivable from participants and the related interest income are also considered related party transactions.
