University of Dayton
Defined Contribution Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the University of Dayton Defined Contribution Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (collectively, TIAA), the custodian, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that TIAA holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of the University of Dayton Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Copies of the Summary Plan Description are available from the plan administrator.

General

The Plan is a defined contribution plan, which covers certain instructional staff and any employee of another class who works at least 1,000 hours per year. Adjunct faculty and part-time instructors employed on a per-course basis are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions made to the Plan are comprised of only employer contributions. Eligible compensation includes base annual salary, including salary earned during the summer terms, and excludes bonuses, overtime and supplemental compensation earned for additional services. The contributions generally are based on a percentage of compensation as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	2.5%
5 but less than 10 years	3.5%
10 but less than 15 years	7.5%
15 but less than 20 years	8.0%
20 but less than 25 years	8.5%
25 or more years	9.0%

Participants are not permitted to contribute to the Plan. However, if participants contribute 5% of their salary to the related 403(b) tax-deferred annuity plan sponsored by the University of Dayton (the University), the University will make additional contributions as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	2.5%
5 but less than 10 years	3.5%
10 or more years	0%

Certain classes of participants including full professors, university administrators, research professionals, and research administrators have the employer contributions for each Plan year allocated to their employer contribution account in accordance with the following schedule:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	3.5%
5 but less than 10 years	7.5%
10 but less than 15 years	8.0%
15 but less than 20 years	8.5%
20 or more years	9.0%

For the class of participants mentioned above, if participants contribute 5% of their salary to the related 403(b) tax-deferred annuity plan sponsored by the University of Dayton (the University), the University will make additional contributions as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	3.5%
5 or more years	0%

Participant accounts

Each participant's account is credited with the allocations of the University's contributions and the Plan's earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Plan contributions are invested, at the direction of the participant, in one or more funding vehicles available to participants under the Plan.

Vesting

Participants vest in the University's contributions plus actual earnings thereon based on years of service, as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Payment of benefits

Upon termination of service due to death, disability or retirement, distribution shall be made to the participant or beneficiary in a single lump sum payment, partial payments, installment payments or a single life annuity payment.

Forfeited accounts

Forfeitures of non-vested employer contributions are applied to reduce employer contributions. At December 31, 2017 and 2016, the Plan's unallocated forfeitures were \$6,983 and \$1,683, respectively. Forfeitures used to reduce employer contributions for the year ended December 31, 2017, was \$73,306.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. See Note 4 for further discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Withdrawals and payment of benefits

Withdrawals and benefits are recorded upon distribution. Payments to purchase allocated insurance contracts are recognized as expenses in the statement of changes in net assets available for benefits as the insurance company has assumed the obligation to provide benefits under the terms of the applicable insurance contracts.

Administrative expenses

Certain administrative functions are performed by employees of the University; no such employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid by the University and are excluded from these financial statements. Investment related fees are included in net appreciation.

Reclassifications

Certain amounts in the 2016 financial statements have been reclassified to conform to the 2017 presentation.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan has investment contracts with the TIAA. Contributions to TIAA are invested in the TIAA Traditional Annuity Contract, which is considered to be an unallocated insurance contract and is not fully benefit responsive due to certain withdrawal restrictions, or are invested in a variety of variable annuity accounts. Participants may also invest in the TIAA-Real Estate Account a pooled separate account, and various TIAA-CREF mutual funds.

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, the Plan's custodian, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market funds: Reported at cost, which approximates fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Unallocated insurance contracts: The TIAA Traditional Annuity is an unallocated fixed-dollar annuity and investment product offered by TIAA, an insurance company that is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA. Due to certain withdrawal limitation, the annuity contracts are not considered to be fully benefit responsive. As such, the Plan records its investment in the TIAA Traditional Annuity at fair value. Fair value is determined using a discounted cashflow analysis using projected future crediting rates.

CREF Variable Annuity Accounts: Participants purchase accumulation units in the variable annuity contracts and their value is calculated and published daily.

Pooled Separate Account: The TIAA Real Estate Pooled Separate Account is valued at the net asset value per accumulation unit of the investment. The underlying real estate holdings or other real estate related investments are value principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

5. RELATED PARTY TRANSACTIONS:

All plan investments are managed by TIAA. TIAA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

7. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated April 10, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES:

The Plan investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

University of Dayton
Defined Contribution Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the University of Dayton Defined Contribution Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (collectively, TIAA), the custodian, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that TIAA holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

1. DESCRIPTION OF THE PLAN:

The following description of the University of Dayton Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Copies of the Summary Plan Description are available from the plan administrator.

General

The Plan is a defined contribution plan, which covers certain instructional staff and any employee of another class who works at least 1,000 hours per year. Adjunct faculty and part-time instructors employed on a per-course basis are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions made to the Plan are comprised of only employer contributions. Eligible compensation includes base annual salary, including salary earned during the summer terms, and excludes bonuses, overtime and supplemental compensation earned for additional services. The contributions generally are based on a percentage of compensation as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	2.5%
5 but less than 10 years	3.5%
10 but less than 15 years	7.5%
15 but less than 20 years	8.0%
20 but less than 25 years	8.5%
25 or more years	9.0%

Participants are not permitted to contribute to the Plan. However, if participants contribute 5% of their salary to the related 403(b) tax-deferred annuity plan sponsored by the University of Dayton (the University), the University will make additional contributions as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	2.5%
5 but less than 10 years	3.5%
10 or more years	0%

Certain classes of participants including full professors, university administrators, research professionals, and research administrators have the employer contributions for each Plan year allocated to their employer contribution account in accordance with the following schedule:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	3.5%
5 but less than 10 years	7.5%
10 but less than 15 years	8.0%
15 but less than 20 years	8.5%
20 or more years	9.0%

For the class of participants mentioned above, if participants contribute 5% of their salary to the related 403(b) tax-deferred annuity plan sponsored by the University of Dayton (the University), the University will make additional contributions as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	3.5%
5 or more years	0%

Participant accounts

Each participant's account is credited with the allocations of the University's contributions and the Plan's earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Plan contributions are invested, at the direction of the participant, in one or more funding vehicles available to participants under the Plan.

Vesting

Participants vest in the University's contributions plus actual earnings thereon based on years of service, as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Payment of benefits

Upon termination of service due to death, disability or retirement, distribution shall be made to the participant or beneficiary in a single lump sum payment, partial payments, installment payments or a single life annuity payment.

Forfeited accounts

Forfeitures of non-vested employer contributions are applied to reduce employer contributions. At December 31, 2017 and 2016, the Plan's unallocated forfeitures were \$6,983 and \$1,683, respectively. Forfeitures used to reduce employer contributions for the year ended December 31, 2017, was \$73,306.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. See Note 4 for further discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Withdrawals and payment of benefits

Withdrawals and benefits are recorded upon distribution. Payments to purchase allocated insurance contracts are recognized as expenses in the statement of changes in net assets available for benefits as the insurance company has assumed the obligation to provide benefits under the terms of the applicable insurance contracts.

Administrative expenses

Certain administrative functions are performed by employees of the University; no such employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid by the University and are excluded from these financial statements. Investment related fees are included in net appreciation.

Reclassifications

Certain amounts in the 2016 financial statements have been reclassified to conform to the 2017 presentation.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan has investment contracts with the TIAA. Contributions to TIAA are invested in the TIAA Traditional Annuity Contract, which is considered to be an unallocated insurance contract and is not fully benefit responsive due to certain withdrawal restrictions, or are invested in a variety of variable annuity accounts. Participants may also invest in the TIAA-Real Estate Account a pooled separate account, and various TIAA-CREF mutual funds.

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, the Plan's custodian, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market funds: Reported at cost, which approximates fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Unallocated insurance contracts: The TIAA Traditional Annuity is an unallocated fixed-dollar annuity and investment product offered by TIAA, an insurance company that is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA. Due to certain withdrawal limitation, the annuity contracts are not considered to be fully benefit responsive. As such, the Plan records its investment in the TIAA Traditional Annuity at fair value. Fair value is determined using a discounted cashflow analysis using projected future crediting rates.

CREF Variable Annuity Accounts: Participants purchase accumulation units in the variable annuity contracts and their value is calculated and published daily.

Pooled Separate Account: The TIAA Real Estate Pooled Separate Account is valued at the net asset value per accumulation unit of the investment. The underlying real estate holdings or other real estate related investments are value principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

5. RELATED PARTY TRANSACTIONS:

All plan investments are managed by TIAA. TIAA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

7. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated April 10, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES:

The Plan investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
