REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN

Report on the financial statements

We were engaged to audit the accompanying financial statements of CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2015 and 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2015 and 2014, and for the years ended December 31, 2015 and 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2015 and assets (held at end of year) as of December 31, 2015 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 – PLAN DESCRIPTION

The following description of the CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan agreement or the Summary Plan Description.

General

The Plan is a defined contribution profit sharing plan organized under Internal Revenue Code ("IRC") Section 401(a) and contains a qualified salary deferral feature under IRC Section 401(k). The Plan covers non-highly compensated employees of CEC Entertainment, Inc. (the "Company") and its subsidiaries (collectively the "Employer") who are at least 21 years of age and have been employed at least for a six-continuous month period, and non-highly compensated employees who were 18, 19, or 20 years of age as of July 1, 2015 and eligible to participate in the Plan prior to July 1, 2015. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

CEC Entertainment, Inc. Merger

On January 15, 2014, the Company entered into an agreement and plan of merger (the "Merger Agreement") with Queso Holdings, Inc., a Delaware corporation ("Parent"), and Q Merger Sub Inc., a Kansas corporation ("Merger Sub"). Parent and Merger Sub were controlled by Apollo Global Management, LLC ("Apollo"). Pursuant to the Merger Agreement, on January 16, 2014, Merger Sub commenced a tender offer to purchase all of the issued and outstanding shares of the Company's common stock (the "Tender Offer"). Following the successful completion of the Tender Offer, on February 14, 2014, Merger Sub merged with and into CEC Entertainment, Inc., with CEC Entertainment, Inc. surviving the merger (the "Merger") and becoming a wholly owned subsidiary of Parent. We refer to the Merger and the Tender Offer together as the "Acquisition." As a result of the Merger, the shares of the Company's common stock ceased to be traded on the New York Stock Exchange after close of market on February 14, 2014.

Plan participants were notified of the Tender Offer and provided the option to tender all, a portion of, or none of their shares at the Tender Offer price of $54.00 per share. Any untendered shares included in the Company's stock fund after successful completion of the Tender Offer were sold immediately prior to completion of the Merger on February 14, 2014. Proceeds of the $54.00 per share were allocated within each participant's account according to the participant's current elected investment allocation. As a result of the Merger, shares of the Company's stock are no longer an investment option.

Acquisition of Peter Piper Pizza

On October 15, 2014, the Company entered into an agreement and plan of merger to acquire Peter Piper Pizza (the "PPP Acquisition"), a leading pizza and entertainment restaurant chain operating in the southwestern United States and Mexico. The acquisition was completed on October 16, 2014. The assets of Peter Piper Pizza's 401(K) Salary Reduction Plan ("PPP Plan") were merged with the Plan on July 1, 2015 (see Note 2).

Plan Administration

CEC Entertainment Concepts, L.P., a subsidiary of the Company, is the Plan sponsor/administrator (the "Plan Administrator"). Effective October 1, 2014, Fidelity Investments Institutional Operations Company, Inc. ("Fidelity") became the service provider for the Plan and provides asset management, recordkeeping, and administrative services for the Plan and Fidelity Investments® became the trustee ("Trustee"). Prudential Retirement and Insurance and Annuity Company ("PRIAC") and Prudential Bank & Trust, FSB were the investment administrator for the Plan and the trustee of the Plan, respectively, through September 30, 2014.

Tax Status

By letter dated March 31, 2014, the Internal Revenue Service ("IRS") determined that the prototype sponsored by Fidelity and Management and Research Co. and adopted by the Plan was qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. Although the Plan has been amended since receipt of the determination letter, the Plan's management believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan qualifies under Section 401(a) of the IRC and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Contributions

Each year, eligible participants may contribute to the Plan up to the lesser of 75% of their pre-tax annual compensation ("Compensation") or $18,000, as defined by the Plan agreement, subject to an annual IRC limit. A participant's annual contribution may not exceed the maximum amount allowed under the IRC, which was $18,000 and $17,500 per year for 2015 and 2014, respectively. Participants may also make rollover contributions to the Plan representing distributions from other qualified retirement plans. There is no limitation on the amount of rollover contributions a participant may make to the Plan.

All participants 50 years of age or older on December 31 of each year are eligible to make additional catch-up contributions, subject to IRC limitations. A catch-up contribution can be made if the eligible participant made the maximum contribution permitted by the IRC for the year. The limit for catch-up contributions was $6,000 and $5,500 per year for 2015 and 2014, respectively.

Each year the Company makes a discretionary contribution based on 25% of the first 4% of the Plan participants' annual contribution to the Plan.

The Employer may also, at its discretion, make a profit-sharing contribution to the Plan. Any profit-sharing contribution is allocated among eligible participants based on each participant's Compensation as a percentage of the total Compensation of all participants. No profit-sharing contributions were made during 2015 or 2014.

The IRC also contains a per participant annual limit on the amount of total participant and employer contributions. This limit was equal to the lesser of $53,000 or 100% of the participant's Compensation for 2015 and the lesser of $52,000 or 100% of the participant's Compensation for 2014.

Investment Options

Upon enrollment into the Plan, a participant may direct their employee contributions in any whole percentage increment to any of the investment fund options offered by the Plan, except for the Company's common stock investment. A participant may change investment elections for future contributions at any time and may transfer any existing balances among the offered funds, subject to exchange limitations imposed by the funds. Fidelity maintains participant contributions in mutual funds established as investment vehicles for qualified retirement plans.

Subsequent to the Merger, the Company's common stock is not an investment option for participants. Until the date of the Merger, a participant was able to elect to transfer amounts out of its Company common stock investment and into another investment fund when they were 100% vested in their individual account. At no time were participants able to elect to transfer amounts from another fund into the Company common stock investment.

Participant Accounts

Each participant's individual account is credited with the i) participant's contributions, ii) employer matching contributions, iii) a pro-rata allocation of Plan earnings or losses, and iv) a pro-rata amount of Plan expenses not paid by the Company or forfeitures. Allocations of Plan earnings or losses are based upon the ratio of each participant's account balance to the total amount of all participant accounts in the selected investment options.

Vesting

Participants are immediately vested in their contributions plus allocated Plan earnings or losses thereon. Vesting in the remainder of their account (i.e. Employer contributions plus Plan earnings or losses thereon) is based on years of service, as follows:

Years of Service [1]	Percent Vested
Less than 1 year	0%
1 year	50%
2 years	75%
3 years	100%

[1] To receive credit for a year of service, an employee must complete at least 1,000 hours of service in a Plan year.

A participant also becomes 100% vested upon either reaching retirement age (early retirement age 55 or normal retirement age 65) or if a participant's employment is terminated due to permanent disability or death.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested portions of their account in a single-sum distribution payment or on an installment basis, as provided for in the Plan, upon termination of employment, retirement, permanent disability, or death. All distributions are paid in a lump-sum. Prior to the Merger, a participant could elect to have the portion of their account that was invested in Company common stock distributed in shares of the Company's common stock.

Withdrawals During Employment

Participants who are actively employed by the Employer may elect to withdraw ("In-Service Distribution") all or part of their account balance, as follows:

- All participants may withdraw all or part of the rollover contribution portion of their account balance. Participants are limited to one rollover contribution withdrawal in any Plan year.
- Participants 59 ½ years of age or older may withdraw all or part of their vested account balance.
- Upon demonstrating a financial need (i.e., "hardship"), as established by the Plan Administrator, a participant may withdraw all or part of their contributions from their account balance (excluding investment earnings thereon).

Participants receiving hardship withdrawals must suspend their contributions to the Plan for a period of six months following the receipt of the withdrawal.

Prior to January 1, 2010, the Plan allowed participants that continued their employment with the Employer after attaining age 70 ½ to elect to receive special In-Service Distributions of all or part of their account balance. Effective January 1, 2010, participants can no longer elect to receive this special

In-Service Distribution; however, this benefit is available to participants who turned age 70 ½ prior to January 1, 2010.

Notes Receivable from Participants

Participants may borrow from $1,000 up to the lesser of $50,000 or 50% of the remaining vested portion of their account balance. Notes receivable from participants are collateralized by the remaining vested balance in the participants' account balance and bear interest at a fixed interest rate determined at the inception of the loan. The interest rate is calculated at the United States Federal Reserve Prime interest rate plus 1%. The prime rate from December 18, 2015 through December 31, 2015 was 3.5%. The prime interest rate from January 1, 2015 through December 17, 2015 and for the year ending December 31, 2014 was 3.25%. The prime interest rate is determined on the last business day of a calendar quarter. Interest rates in effect range from 4.25% to 6.75% at December 31, 2015 and 2014. The notes receivable from participants outstanding at December 31, 2015 mature at various dates through July 2026. Repayment of the notes receivable are made through mandatory payroll deductions not to exceed five years, or 10 years in the case of loans used to purchase a principal residence. Participants can have only one loan outstanding at any time.

Upon termination of employment, participants receiving a distribution of the vested portion of their account balance may request a direct rollover of their outstanding loan balance to another qualified plan that agrees to accept such loan rollover.

Forfeitures

Participants who terminate employment prior to becoming fully vested in the Employer contribution portion of their account balance forfeit any non-vested amounts. Per the Plan, the Plan Administrator may direct any forfeited amounts in the following order: i) any Plan expenses, ii) Employer contributions owed to the Plan, and iii) allocated on a pro-rata basis among the remaining eligible participants of the Plan. The balance in the forfeiture account was approximately $114,800 and $46,900 at December 31, 2015 and 2014, respectively. Forfeited non-vested accounts used during 2015 and 2014 totaled approximately $32,300 and $21,400, respectively, and were used to pay plan expenses.

Plan Amendments or Termination

Subject to limitations specified in the Plan, the Employer has the right to amend the Plan at any time. Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions or to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes

therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment fund options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Plan's financial statements.

Contributions

Participant contributions are accrued in the period that payroll deductions are made from Plan participants in accordance with salary deferral agreements. Employer matching contributions for the Plan year are accrued and recognized at year end, but paid annually, by the Company, after year end.

Investment Valuation and Income (Loss) Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan Administrator determines the Plan's valuation measurements utilizing information provided by investment advisers, custodians, and an insurance company. See Note 4 for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. In the event of default, death, disability, or termination of employment, the entire outstanding principal and accrued interest associated with the Participant's loan is considered due and payable and, if not rolled over, is treated as a taxable distribution, to the participant, from the Plan.

Administrative Expenses

Certain costs and expenses incurred with regard to the purchase, sale, or transfer of investments are paid by the Plan to Fidelity, and until September 30, 2014, PRIAC. Investment advisory fees for

portfolio management are paid to Fidelity, and until September 30, 2014, PRIAC, directly from investment fund earnings and thus are not separately identifiable as an expense of the Plan.

Related Party Transactions

Certain Plan investments were managed by Fidelity at December 31, 2015 and 2014, and for the period from October 1, 2014 through December 31, 2015. Fidelity provides various services for the Plan, and therefore, transactions involving these assets qualified as party-in-interest transactions. Fees paid to Fidelity for investment management services were calculated based on the value of the investments. For the years ended December 31, 2015 and 2014, the Plan paid $84,872 and $11,691 to Fidelity for investment management services.

Certain Plan investments including shares of pooled separate accounts, mutual funds and an investment contract with an insurance company were managed by PRIAC through September 30, 2014. Through that date, PRIAC provided various services for the Plan, and therefore, transactions involving these assets qualified as party-in-interest transactions. Fees paid to PRIAC for investment management services were calculated based on the value of the investments. For the year ended December 31, 2014, the Company paid $159,412 to PRIAC for investment management services.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Recently Issued Accounting Guidance

Accounting Guidance Recently Adopted: In July 2015, the FASB issued ASU 2015-12 (Part II), Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part II) Plan Investment Disclosures. This amendment eliminates the requirement to disclose (i) individual investments that represent five percent or more of net assets available for benefits and (ii) the net appreciation or depreciation for investments by general type. This amendment was effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively for all financial statements presented. The Company chose to early adopt this amendment. The adoption of this amendment did not have a significant impact on the Plan Financial Statements.

Accounting Guidance Not Yet Adopted: In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The adoption of this amendment is not expected to have a significant impact on the Plan Financial Statements.

Corrective Actions

In 2015, the Company made corrective actions to the Plan for the years ending December 31, 2014 and 2013 relating to participant contributions that were not properly deducted through payroll deductions. The Participant contributions made in 2015 relating to the 2014 and 2013 Plan years were $8,466 and $4,836, respectively. The earnings credited to Participants' accounts in 2015 relating to these corrective actions were $281 and $258 relating to the 2014 and 2013 Plan years, respectively. These corrective actions did not impact the Plan's tax status.

Prohibited Transactions

In March 2015, the Company underfunded contributions and loan repayments to Participants' accounts by $33,954. The Company remitted these delayed contributions and loan repayments to the affected Participants' accounts in April 2015. The Company has calculated the lost earnings to Participants' accounts relating to the 48 days that the contribution remained outstanding and has found the amount to be de minimis to Participants' accounts and will not be crediting these lost earnings to Participants' accounts.

Plan Merger

Effective July 1, 2015, the vested assets of the PPP Plan were merged into the Plan, and the participants of the PPP Plan became participants in the Plan. See Note 1 for a description of the acquisition of PPP by the Company. An aggregate of $2,622,782 was transferred into the Plan on July 1, 2015, and is included in the rollovers on the statement of changes in net assets available for benefits.

Subsequent Events

All events and transactions occurring after December 31, 2015 have been evaluated for potential recognition and disclosure in the accompanying financial statements through October 14, 2016, the date the financial statements were available to be issued.

Employer Contribution

On May 23, 2016, the Company funded its discretionary contribution for the 2015 Plan year totaling $339,351.

Corrective Actions

In 2016, the Company identified corrective actions to the Plan for the year ending December 31, 2015, relating to the incorrect calculation of the Company match amounts for certain eligible participants. The Company calculated the amount of the corrective action to be de minimis to Participants' accounts and will not be crediting the Participants' accounts in 2016 for these corrective actions. These corrective actions did not impact the Plan's tax status.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, at the instruction of the Plan Administrator, the Plan's independent certified public accountants did not perform any audit procedures with respect to the Plan's certified assets, and related activity, other than comparing information to certified statements provided by Fidelity and, for the period from January 1, 2014 through September 30, 2014, Prudential Bank & Trust, FSB (collectively the "Trustees"). The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by the Trustees and furnished to the Company. The Company has obtained certifications from the Trustees that such information is complete and accurate.

The following information was prepared by the respective Trustees as at each date presented and furnished to the Company:

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or pay to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date. In determining fair value, U.S. GAAP established a three-level hierarchy used in measuring fair value, as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that can be corroborated by other observable market data. If the asset or liability has a specified (contractual) term, the inputs are observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and measured using the Plan Administrator's best estimate of fair value.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used for the years ended December 31, 2015 and 2014.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements at December 31, 2015			
	Quoted Prices in Active Market for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Mutual funds [(1)]	40,362,445	246,755	-	40,609,200
Total Plan's assets	$ 40,362,445	$ 246,755	$ -	$ 40,609,200

	Fair Value Measurements at December 31, 2014			
	Quoted Prices in Active Market for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds [1]	39,092,554	115,410	-	39,207,964
Total Plan's assets	$ 39,092,554	$ 115,410	$ -	$ 39,207,964

[1] *Mutual funds.* The fair value of units attributable mutual funds is measured by the net asset value at the end of the Plan year, which is determined by Fidelity based on the fair market value of the underlying assets in the investment fund. Actively traded mutual funds are considered level 1 investments mutual funds that are traded in an inactive market are considered level 2 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual funds included in the Plan are measured at fair value based on the net asset value per share. These investments are valued on a daily redemption frequency and require a 30-day redemption notice period. There were no unfunded commitments, normal course of business restrictions, or other redemption restrictions for these investments.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Investment Contract with Insurance Company was maintained by PRIAC through September 30, 2014. PRIAC held the contributions in a general account and was contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Interest was credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate was applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis. The minimum crediting rate under the contract was 1.50% for 2014.

	December 31, 2014
Average yields:	
Based on actual earnings [(1)]	1.62%
Based on interest rate credited to participants [(2)]	1.62%

[(1)] Computed by dividing the actual one-day earnings of the *contract* credited to the Plan on the last day of the Plan year by the fair value of the investment on the last day of the Plan year and then annualized.

[(2)] Computed by dividing the actual one-day earnings credited to *participants* on the last day of the Plan year by the fair value of the investment on the last day of the Plan year and then annualized.

Under the group annuity insurance contract that supports this product, participants were permitted to ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value as soon as administratively possible. The contract was directly between the Plan and PRIAC. The repayment of principal and interest credited to participants was a financial obligation of PRIAC. Given these provisions, PRIAC considered this contract to be benefit responsive.

The Investment Contract with Insurance Company was terminated effective September 30, 2014.

NOTE 6 – NONPARTICIPANT-DIRECTED INVESTMENTS

The significant components of the changes in the Plan's net assets for the year ending December 31, 2014 relating to the Company's common stock are as follows:

	December 31, 2014
Additions:	
Employer contributions	$ 1,285
Other additions	474
	1,759
Deductions:	
Transfers to participant-directed investments [(1)]	(5,456,982)
Benefits paid to participants	(23,154)
Other miscellaneous administrative expenses	(17,301)
	(5,497,437)
Net appreciation in fair value of the Company's common stock	984,930
Net decrease	$ (4,510,748)

[(1)] In connection with the Merger, any untendered shares included in the CEC Entertainment stock fund after successful completion of the Tender Offer were sold immediately prior to completion of the Merger on February 14, 2014 and the proceeds were allocated within each participant's account according to the participant's current elected investment allocation. As a result of the Merger, shares of CEC stock are no longer an investment option. See Note 1 for a discussion of the CEC Entertainment, Inc. Merger.

CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN

Report on the financial statements

We were engaged to audit the accompanying financial statements of CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2015 and 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2015 and 2014, and for the years ended December 31, 2015 and 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2015 and assets (held at end of year) as of December 31, 2015 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 – PLAN DESCRIPTION

The following description of the CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan agreement or the Summary Plan Description.

General

The Plan is a defined contribution profit sharing plan organized under Internal Revenue Code ("IRC") Section 401(a) and contains a qualified salary deferral feature under IRC Section 401(k). The Plan covers non-highly compensated employees of CEC Entertainment, Inc. (the "Company") and its subsidiaries (collectively the "Employer") who are at least 21 years of age and have been employed at least for a six-continuous month period, and non-highly compensated employees who were 18, 19, or 20 years of age as of July 1, 2015 and eligible to participate in the Plan prior to July 1, 2015. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

CEC Entertainment, Inc. Merger

On January 15, 2014, the Company entered into an agreement and plan of merger (the "Merger Agreement") with Queso Holdings, Inc., a Delaware corporation ("Parent"), and Q Merger Sub Inc., a Kansas corporation ("Merger Sub"). Parent and Merger Sub were controlled by Apollo Global Management, LLC ("Apollo"). Pursuant to the Merger Agreement, on January 16, 2014, Merger Sub commenced a tender offer to purchase all of the issued and outstanding shares of the Company's common stock (the "Tender Offer"). Following the successful completion of the Tender Offer, on February 14, 2014, Merger Sub merged with and into CEC Entertainment, Inc., with CEC Entertainment, Inc. surviving the merger (the "Merger") and becoming a wholly owned subsidiary of Parent. We refer to the Merger and the Tender Offer together as the "Acquisition." As a result of the Merger, the shares of the Company's common stock ceased to be traded on the New York Stock Exchange after close of market on February 14, 2014.

Plan participants were notified of the Tender Offer and provided the option to tender all, a portion of, or none of their shares at the Tender Offer price of $54.00 per share. Any untendered shares included in the Company's stock fund after successful completion of the Tender Offer were sold immediately prior to completion of the Merger on February 14, 2014. Proceeds of the $54.00 per share were allocated within each participant's account according to the participant's current elected investment allocation. As a result of the Merger, shares of the Company's stock are no longer an investment option.

Acquisition of Peter Piper Pizza

On October 15, 2014, the Company entered into an agreement and plan of merger to acquire Peter Piper Pizza (the "PPP Acquisition"), a leading pizza and entertainment restaurant chain operating in the southwestern United States and Mexico. The acquisition was completed on October 16, 2014. The assets of Peter Piper Pizza's 401(K) Salary Reduction Plan ("PPP Plan") were merged with the Plan on July 1, 2015 (see Note 2).

Plan Administration

CEC Entertainment Concepts, L.P., a subsidiary of the Company, is the Plan sponsor/administrator (the "Plan Administrator"). Effective October 1, 2014, Fidelity Investments Institutional Operations Company, Inc. ("Fidelity") became the service provider for the Plan and provides asset management, recordkeeping, and administrative services for the Plan and Fidelity Investments® became the trustee ("Trustee"). Prudential Retirement and Insurance and Annuity Company ("PRIAC") and Prudential Bank & Trust, FSB were the investment administrator for the Plan and the trustee of the Plan, respectively, through September 30, 2014.

Tax Status

By letter dated March 31, 2014, the Internal Revenue Service ("IRS") determined that the prototype sponsored by Fidelity and Management and Research Co. and adopted by the Plan was qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. Although the Plan has been amended since receipt of the determination letter, the Plan's management believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan qualifies under Section 401(a) of the IRC and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Contributions

Each year, eligible participants may contribute to the Plan up to the lesser of 75% of their pre-tax annual compensation ("Compensation") or $18,000, as defined by the Plan agreement, subject to an annual IRC limit. A participant's annual contribution may not exceed the maximum amount allowed under the IRC, which was $18,000 and $17,500 per year for 2015 and 2014, respectively. Participants may also make rollover contributions to the Plan representing distributions from other qualified retirement plans. There is no limitation on the amount of rollover contributions a participant may make to the Plan.

All participants 50 years of age or older on December 31 of each year are eligible to make additional catch-up contributions, subject to IRC limitations. A catch-up contribution can be made if the eligible participant made the maximum contribution permitted by the IRC for the year. The limit for catch-up contributions was $6,000 and $5,500 per year for 2015 and 2014, respectively.

Each year the Company makes a discretionary contribution based on 25% of the first 4% of the Plan participants' annual contribution to the Plan.

The Employer may also, at its discretion, make a profit-sharing contribution to the Plan. Any profit-sharing contribution is allocated among eligible participants based on each participant's Compensation as a percentage of the total Compensation of all participants. No profit-sharing contributions were made during 2015 or 2014.

The IRC also contains a per participant annual limit on the amount of total participant and employer contributions. This limit was equal to the lesser of $53,000 or 100% of the participant's Compensation for 2015 and the lesser of $52,000 or 100% of the participant's Compensation for 2014.

Investment Options

Upon enrollment into the Plan, a participant may direct their employee contributions in any whole percentage increment to any of the investment fund options offered by the Plan, except for the Company's common stock investment. A participant may change investment elections for future contributions at any time and may transfer any existing balances among the offered funds, subject to exchange limitations imposed by the funds. Fidelity maintains participant contributions in mutual funds established as investment vehicles for qualified retirement plans.

Subsequent to the Merger, the Company's common stock is not an investment option for participants. Until the date of the Merger, a participant was able to elect to transfer amounts out of its Company common stock investment and into another investment fund when they were 100% vested in their individual account. At no time were participants able to elect to transfer amounts from another fund into the Company common stock investment.

Participant Accounts

Each participant's individual account is credited with the i) participant's contributions, ii) employer matching contributions, iii) a pro-rata allocation of Plan earnings or losses, and iv) a pro-rata amount of Plan expenses not paid by the Company or forfeitures. Allocations of Plan earnings or losses are based upon the ratio of each participant's account balance to the total amount of all participant accounts in the selected investment options.

Vesting

Participants are immediately vested in their contributions plus allocated Plan earnings or losses thereon. Vesting in the remainder of their account (i.e. Employer contributions plus Plan earnings or losses thereon) is based on years of service, as follows:

Years of Service [1]	Percent Vested
Less than 1 year	0%
1 year	50%
2 years	75%
3 years	100%

[1] To receive credit for a year of service, an employee must complete at least 1,000 hours of service in a Plan year.

A participant also becomes 100% vested upon either reaching retirement age (early retirement age 55 or normal retirement age 65) or if a participant's employment is terminated due to permanent disability or death.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested portions of their account in a single-sum distribution payment or on an installment basis, as provided for in the Plan, upon termination of employment, retirement, permanent disability, or death. All distributions are paid in a lump-sum. Prior to the Merger, a participant could elect to have the portion of their account that was invested in Company common stock distributed in shares of the Company's common stock.

Withdrawals During Employment

Participants who are actively employed by the Employer may elect to withdraw ("In-Service Distribution") all or part of their account balance, as follows:

- All participants may withdraw all or part of the rollover contribution portion of their account balance. Participants are limited to one rollover contribution withdrawal in any Plan year.
- Participants 59 ½ years of age or older may withdraw all or part of their vested account balance.
- Upon demonstrating a financial need (i.e., "hardship"), as established by the Plan Administrator, a participant may withdraw all or part of their contributions from their account balance (excluding investment earnings thereon).

Participants receiving hardship withdrawals must suspend their contributions to the Plan for a period of six months following the receipt of the withdrawal.

Prior to January 1, 2010, the Plan allowed participants that continued their employment with the Employer after attaining age 70 ½ to elect to receive special In-Service Distributions of all or part of their account balance. Effective January 1, 2010, participants can no longer elect to receive this special

In-Service Distribution; however, this benefit is available to participants who turned age 70 ½ prior to January 1, 2010.

Notes Receivable from Participants

Participants may borrow from $1,000 up to the lesser of $50,000 or 50% of the remaining vested portion of their account balance. Notes receivable from participants are collateralized by the remaining vested balance in the participants' account balance and bear interest at a fixed interest rate determined at the inception of the loan. The interest rate is calculated at the United States Federal Reserve Prime interest rate plus 1%. The prime rate from December 18, 2015 through December 31, 2015 was 3.5%. The prime interest rate from January 1, 2015 through December 17, 2015 and for the year ending December 31, 2014 was 3.25%. The prime interest rate is determined on the last business day of a calendar quarter. Interest rates in effect range from 4.25% to 6.75% at December 31, 2015 and 2014. The notes receivable from participants outstanding at December 31, 2015 mature at various dates through July 2026. Repayment of the notes receivable are made through mandatory payroll deductions not to exceed five years, or 10 years in the case of loans used to purchase a principal residence. Participants can have only one loan outstanding at any time.

Upon termination of employment, participants receiving a distribution of the vested portion of their account balance may request a direct rollover of their outstanding loan balance to another qualified plan that agrees to accept such loan rollover.

Forfeitures

Participants who terminate employment prior to becoming fully vested in the Employer contribution portion of their account balance forfeit any non-vested amounts. Per the Plan, the Plan Administrator may direct any forfeited amounts in the following order: i) any Plan expenses, ii) Employer contributions owed to the Plan, and iii) allocated on a pro-rata basis among the remaining eligible participants of the Plan. The balance in the forfeiture account was approximately $114,800 and $46,900 at December 31, 2015 and 2014, respectively. Forfeited non-vested accounts used during 2015 and 2014 totaled approximately $32,300 and $21,400, respectively, and were used to pay plan expenses.

Plan Amendments or Termination

Subject to limitations specified in the Plan, the Employer has the right to amend the Plan at any time. Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions or to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes

therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment fund options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Plan's financial statements.

Contributions

Participant contributions are accrued in the period that payroll deductions are made from Plan participants in accordance with salary deferral agreements. Employer matching contributions for the Plan year are accrued and recognized at year end, but paid annually, by the Company, after year end.

Investment Valuation and Income (Loss) Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan Administrator determines the Plan's valuation measurements utilizing information provided by investment advisers, custodians, and an insurance company. See Note 4 for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. In the event of default, death, disability, or termination of employment, the entire outstanding principal and accrued interest associated with the Participant's loan is considered due and payable and, if not rolled over, is treated as a taxable distribution, to the participant, from the Plan.

Administrative Expenses

Certain costs and expenses incurred with regard to the purchase, sale, or transfer of investments are paid by the Plan to Fidelity, and until September 30, 2014, PRIAC. Investment advisory fees for

portfolio management are paid to Fidelity, and until September 30, 2014, PRIAC, directly from investment fund earnings and thus are not separately identifiable as an expense of the Plan.

Related Party Transactions

Certain Plan investments were managed by Fidelity at December 31, 2015 and 2014, and for the period from October 1, 2014 through December 31, 2015. Fidelity provides various services for the Plan, and therefore, transactions involving these assets qualified as party-in-interest transactions. Fees paid to Fidelity for investment management services were calculated based on the value of the investments. For the years ended December 31, 2015 and 2014, the Plan paid $84,872 and $11,691 to Fidelity for investment management services.

Certain Plan investments including shares of pooled separate accounts, mutual funds and an investment contract with an insurance company were managed by PRIAC through September 30, 2014. Through that date, PRIAC provided various services for the Plan, and therefore, transactions involving these assets qualified as party-in-interest transactions. Fees paid to PRIAC for investment management services were calculated based on the value of the investments. For the year ended December 31, 2014, the Company paid $159,412 to PRIAC for investment management services.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Recently Issued Accounting Guidance

Accounting Guidance Recently Adopted: In July 2015, the FASB issued ASU 2015-12 (Part II), Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part II) Plan Investment Disclosures. This amendment eliminates the requirement to disclose (i) individual investments that represent five percent or more of net assets available for benefits and (ii) the net appreciation or depreciation for investments by general type. This amendment was effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively for all financial statements presented. The Company chose to early adopt this amendment. The adoption of this amendment did not have a significant impact on the Plan Financial Statements.

Accounting Guidance Not Yet Adopted: In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The adoption of this amendment is not expected to have a significant impact on the Plan Financial Statements.

Corrective Actions

In 2015, the Company made corrective actions to the Plan for the years ending December 31, 2014 and 2013 relating to participant contributions that were not properly deducted through payroll deductions. The Participant contributions made in 2015 relating to the 2014 and 2013 Plan years were $8,466 and $4,836, respectively. The earnings credited to Participants' accounts in 2015 relating to these corrective actions were $281 and $258 relating to the 2014 and 2013 Plan years, respectively. These corrective actions did not impact the Plan's tax status.

Prohibited Transactions

In March 2015, the Company underfunded contributions and loan repayments to Participants' accounts by $33,954. The Company remitted these delayed contributions and loan repayments to the affected Participants' accounts in April 2015. The Company has calculated the lost earnings to Participants' accounts relating to the 48 days that the contribution remained outstanding and has found the amount to be de minimis to Participants' accounts and will not be crediting these lost earnings to Participants' accounts.

Plan Merger

Effective July 1, 2015, the vested assets of the PPP Plan were merged into the Plan, and the participants of the PPP Plan became participants in the Plan. See Note 1 for a description of the acquisition of PPP by the Company. An aggregate of $2,622,782 was transferred into the Plan on July 1, 2015, and is included in the rollovers on the statement of changes in net assets available for benefits.

Subsequent Events

All events and transactions occurring after December 31, 2015 have been evaluated for potential recognition and disclosure in the accompanying financial statements through October 14, 2016, the date the financial statements were available to be issued.

Employer Contribution

On May 23, 2016, the Company funded its discretionary contribution for the 2015 Plan year totaling $339,351.

Corrective Actions

In 2016, the Company identified corrective actions to the Plan for the year ending December 31, 2015, relating to the incorrect calculation of the Company match amounts for certain eligible participants. The Company calculated the amount of the corrective action to be de minimis to Participants' accounts and will not be crediting the Participants' accounts in 2016 for these corrective actions. These corrective actions did not impact the Plan's tax status.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, at the instruction of the Plan Administrator, the Plan's independent certified public accountants did not perform any audit procedures with respect to the Plan's certified assets, and related activity, other than comparing information to certified statements provided by Fidelity and, for the period from January 1, 2014 through September 30, 2014, Prudential Bank & Trust, FSB (collectively the "Trustees"). The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by the Trustees and furnished to the Company. The Company has obtained certifications from the Trustees that such information is complete and accurate.

The following information was prepared by the respective Trustees as at each date presented and furnished to the Company:

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or pay to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date. In determining fair value, U.S. GAAP established a three-level hierarchy used in measuring fair value, as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that can be corroborated by other observable market data. If the asset or liability has a specified (contractual) term, the inputs are observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and measured using the Plan Administrator's best estimate of fair value.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used for the years ended December 31, 2015 and 2014.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements at December 31, 2015			
	Quoted Prices in Active Market for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Mutual funds [(1)]	40,362,445	246,755	-	40,609,200
Total Plan's assets	$ 40,362,445	$ 246,755	$ -	$ 40,609,200

	Fair Value Measurements at December 31, 2014			
	Quoted Prices in Active Market for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds [1]	39,092,554	115,410	-	39,207,964
Total Plan's assets	$ 39,092,554	$ 115,410	$ -	$ 39,207,964

[1] *Mutual funds.* The fair value of units attributable mutual funds is measured by the net asset value at the end of the Plan year, which is determined by Fidelity based on the fair market value of the underlying assets in the investment fund. Actively traded mutual funds are considered level 1 investments mutual funds that are traded in an inactive market are considered level 2 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual funds included in the Plan are measured at fair value based on the net asset value per share. These investments are valued on a daily redemption frequency and require a 30-day redemption notice period. There were no unfunded commitments, normal course of business restrictions, or other redemption restrictions for these investments.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Investment Contract with Insurance Company was maintained by PRIAC through September 30, 2014. PRIAC held the contributions in a general account and was contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Interest was credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate was applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis. The minimum crediting rate under the contract was 1.50% for 2014.

	December 31, 2014
Average yields:	
Based on actual earnings [(1)]	1.62%
Based on interest rate credited to participants [(2)]	1.62%

[(1)] Computed by dividing the actual one-day earnings of the *contract* credited to the Plan on the last day of the Plan year by the fair value of the investment on the last day of the Plan year and then annualized.

[(2)] Computed by dividing the actual one-day earnings credited to *participants* on the last day of the Plan year by the fair value of the investment on the last day of the Plan year and then annualized.

Under the group annuity insurance contract that supports this product, participants were permitted to ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value as soon as administratively possible. The contract was directly between the Plan and PRIAC. The repayment of principal and interest credited to participants was a financial obligation of PRIAC. Given these provisions, PRIAC considered this contract to be benefit responsive.

The Investment Contract with Insurance Company was terminated effective September 30, 2014.

NOTE 6 – NONPARTICIPANT-DIRECTED INVESTMENTS

The significant components of the changes in the Plan's net assets for the year ending December 31, 2014 relating to the Company's common stock are as follows:

	December 31, 2014
Additions:	
Employer contributions	$ 1,285
Other additions	474
	1,759
Deductions:	
Transfers to participant-directed investments [(1)]	(5,456,982)
Benefits paid to participants	(23,154)
Other miscellaneous administrative expenses	(17,301)
	(5,497,437)
Net appreciation in fair value of the Company's common stock	984,930
Net decrease	$ (4,510,748)

(1) In connection with the Merger, any untendered shares included in the CEC Entertainment stock fund after successful completion of the Tender Offer were sold immediately prior to completion of the Merger on February 14, 2014 and the proceeds were allocated within each participant's account according to the participant's current elected investment allocation. As a result of the Merger, shares of CEC stock are no longer an investment option. See Note 1 for a discussion of the CEC Entertainment, Inc. Merger.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN

Report on the financial statements

We were engaged to audit the accompanying financial statements of CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2015 and 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2015 and 2014, and for the years ended December 31, 2015 and 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2015 and assets (held at end of year) as of December 31, 2015 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 – PLAN DESCRIPTION

The following description of the CEC ENTERTAINMENT 401(K) RETIREMENT & SAVINGS PLAN (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan agreement or the Summary Plan Description.

General

The Plan is a defined contribution profit sharing plan organized under Internal Revenue Code ("IRC") Section 401(a) and contains a qualified salary deferral feature under IRC Section 401(k). The Plan covers non-highly compensated employees of CEC Entertainment, Inc. (the "Company") and its subsidiaries (collectively the "Employer") who are at least 21 years of age and have been employed at least for a six-continuous month period, and non-highly compensated employees who were 18, 19, or 20 years of age as of July 1, 2015 and eligible to participate in the Plan prior to July 1, 2015. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

CEC Entertainment, Inc. Merger

On January 15, 2014, the Company entered into an agreement and plan of merger (the "Merger Agreement") with Queso Holdings, Inc., a Delaware corporation ("Parent"), and Q Merger Sub Inc., a Kansas corporation ("Merger Sub"). Parent and Merger Sub were controlled by Apollo Global Management, LLC ("Apollo"). Pursuant to the Merger Agreement, on January 16, 2014, Merger Sub commenced a tender offer to purchase all of the issued and outstanding shares of the Company's common stock (the "Tender Offer"). Following the successful completion of the Tender Offer, on February 14, 2014, Merger Sub merged with and into CEC Entertainment, Inc., with CEC Entertainment, Inc. surviving the merger (the "Merger") and becoming a wholly owned subsidiary of Parent. We refer to the Merger and the Tender Offer together as the "Acquisition." As a result of the Merger, the shares of the Company's common stock ceased to be traded on the New York Stock Exchange after close of market on February 14, 2014.

Plan participants were notified of the Tender Offer and provided the option to tender all, a portion of, or none of their shares at the Tender Offer price of $54.00 per share. Any untendered shares included in the Company's stock fund after successful completion of the Tender Offer were sold immediately prior to completion of the Merger on February 14, 2014. Proceeds of the $54.00 per share were allocated within each participant's account according to the participant's current elected investment allocation. As a result of the Merger, shares of the Company's stock are no longer an investment option.

Acquisition of Peter Piper Pizza

On October 15, 2014, the Company entered into an agreement and plan of merger to acquire Peter Piper Pizza (the "PPP Acquisition"), a leading pizza and entertainment restaurant chain operating in the southwestern United States and Mexico. The acquisition was completed on October 16, 2014. The assets of Peter Piper Pizza's 401(K) Salary Reduction Plan ("PPP Plan") were merged with the Plan on July 1, 2015 (see Note 2).

Plan Administration

CEC Entertainment Concepts, L.P., a subsidiary of the Company, is the Plan sponsor/administrator (the "Plan Administrator"). Effective October 1, 2014, Fidelity Investments Institutional Operations Company, Inc. ("Fidelity") became the service provider for the Plan and provides asset management, recordkeeping, and administrative services for the Plan and Fidelity Investments® became the trustee ("Trustee"). Prudential Retirement and Insurance and Annuity Company ("PRIAC") and Prudential Bank & Trust, FSB were the investment administrator for the Plan and the trustee of the Plan, respectively, through September 30, 2014.

Tax Status

By letter dated March 31, 2014, the Internal Revenue Service ("IRS") determined that the prototype sponsored by Fidelity and Management and Research Co. and adopted by the Plan was qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. Although the Plan has been amended since receipt of the determination letter, the Plan's management believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan qualifies under Section 401(a) of the IRC and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Contributions

Each year, eligible participants may contribute to the Plan up to the lesser of 75% of their pre-tax annual compensation ("Compensation") or $18,000, as defined by the Plan agreement, subject to an annual IRC limit. A participant's annual contribution may not exceed the maximum amount allowed under the IRC, which was $18,000 and $17,500 per year for 2015 and 2014, respectively. Participants may also make rollover contributions to the Plan representing distributions from other qualified retirement plans. There is no limitation on the amount of rollover contributions a participant may make to the Plan.

All participants 50 years of age or older on December 31 of each year are eligible to make additional catch-up contributions, subject to IRC limitations. A catch-up contribution can be made if the eligible participant made the maximum contribution permitted by the IRC for the year. The limit for catch-up contributions was $6,000 and $5,500 per year for 2015 and 2014, respectively.

Each year the Company makes a discretionary contribution based on 25% of the first 4% of the Plan participants' annual contribution to the Plan.

The Employer may also, at its discretion, make a profit-sharing contribution to the Plan. Any profit-sharing contribution is allocated among eligible participants based on each participant's Compensation as a percentage of the total Compensation of all participants. No profit-sharing contributions were made during 2015 or 2014.

The IRC also contains a per participant annual limit on the amount of total participant and employer contributions. This limit was equal to the lesser of $53,000 or 100% of the participant's Compensation for 2015 and the lesser of $52,000 or 100% of the participant's Compensation for 2014.

Investment Options

Upon enrollment into the Plan, a participant may direct their employee contributions in any whole percentage increment to any of the investment fund options offered by the Plan, except for the Company's common stock investment. A participant may change investment elections for future contributions at any time and may transfer any existing balances among the offered funds, subject to exchange limitations imposed by the funds. Fidelity maintains participant contributions in mutual funds established as investment vehicles for qualified retirement plans.

Subsequent to the Merger, the Company's common stock is not an investment option for participants. Until the date of the Merger, a participant was able to elect to transfer amounts out of its Company common stock investment and into another investment fund when they were 100% vested in their individual account. At no time were participants able to elect to transfer amounts from another fund into the Company common stock investment.

Participant Accounts

Each participant's individual account is credited with the i) participant's contributions, ii) employer matching contributions, iii) a pro-rata allocation of Plan earnings or losses, and iv) a pro-rata amount of Plan expenses not paid by the Company or forfeitures. Allocations of Plan earnings or losses are based upon the ratio of each participant's account balance to the total amount of all participant accounts in the selected investment options.

Vesting

Participants are immediately vested in their contributions plus allocated Plan earnings or losses thereon. Vesting in the remainder of their account (i.e. Employer contributions plus Plan earnings or losses thereon) is based on years of service, as follows:

Years of Service [1]	Percent Vested
Less than 1 year	0%
1 year	50%
2 years	75%
3 years	100%

[1] To receive credit for a year of service, an employee must complete at least 1,000 hours of service in a Plan year.

A participant also becomes 100% vested upon either reaching retirement age (early retirement age 55 or normal retirement age 65) or if a participant's employment is terminated due to permanent disability or death.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested portions of their account in a single-sum distribution payment or on an installment basis, as provided for in the Plan, upon termination of employment, retirement, permanent disability, or death. All distributions are paid in a lump-sum. Prior to the Merger, a participant could elect to have the portion of their account that was invested in Company common stock distributed in shares of the Company's common stock.

Withdrawals During Employment

Participants who are actively employed by the Employer may elect to withdraw ("In-Service Distribution") all or part of their account balance, as follows:

- All participants may withdraw all or part of the rollover contribution portion of their account balance. Participants are limited to one rollover contribution withdrawal in any Plan year.
- Participants 59 ½ years of age or older may withdraw all or part of their vested account balance.
- Upon demonstrating a financial need (i.e., "hardship"), as established by the Plan Administrator, a participant may withdraw all or part of their contributions from their account balance (excluding investment earnings thereon).

Participants receiving hardship withdrawals must suspend their contributions to the Plan for a period of six months following the receipt of the withdrawal.

Prior to January 1, 2010, the Plan allowed participants that continued their employment with the Employer after attaining age 70 ½ to elect to receive special In-Service Distributions of all or part of their account balance. Effective January 1, 2010, participants can no longer elect to receive this special

In-Service Distribution; however, this benefit is available to participants who turned age 70 ½ prior to January 1, 2010.

Notes Receivable from Participants

Participants may borrow from $1,000 up to the lesser of $50,000 or 50% of the remaining vested portion of their account balance. Notes receivable from participants are collateralized by the remaining vested balance in the participants' account balance and bear interest at a fixed interest rate determined at the inception of the loan. The interest rate is calculated at the United States Federal Reserve Prime interest rate plus 1%. The prime rate from December 18, 2015 through December 31, 2015 was 3.5%. The prime interest rate from January 1, 2015 through December 17, 2015 and for the year ending December 31, 2014 was 3.25%. The prime interest rate is determined on the last business day of a calendar quarter. Interest rates in effect range from 4.25% to 6.75% at December 31, 2015 and 2014. The notes receivable from participants outstanding at December 31, 2015 mature at various dates through July 2026. Repayment of the notes receivable are made through mandatory payroll deductions not to exceed five years, or 10 years in the case of loans used to purchase a principal residence. Participants can have only one loan outstanding at any time.

Upon termination of employment, participants receiving a distribution of the vested portion of their account balance may request a direct rollover of their outstanding loan balance to another qualified plan that agrees to accept such loan rollover.

Forfeitures

Participants who terminate employment prior to becoming fully vested in the Employer contribution portion of their account balance forfeit any non-vested amounts. Per the Plan, the Plan Administrator may direct any forfeited amounts in the following order: i) any Plan expenses, ii) Employer contributions owed to the Plan, and iii) allocated on a pro-rata basis among the remaining eligible participants of the Plan. The balance in the forfeiture account was approximately $114,800 and $46,900 at December 31, 2015 and 2014, respectively. Forfeited non-vested accounts used during 2015 and 2014 totaled approximately $32,300 and $21,400, respectively, and were used to pay plan expenses.

Plan Amendments or Termination

Subject to limitations specified in the Plan, the Employer has the right to amend the Plan at any time. Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions or to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes

therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment fund options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Plan's financial statements.

Contributions

Participant contributions are accrued in the period that payroll deductions are made from Plan participants in accordance with salary deferral agreements. Employer matching contributions for the Plan year are accrued and recognized at year end, but paid annually, by the Company, after year end.

Investment Valuation and Income (Loss) Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan Administrator determines the Plan's valuation measurements utilizing information provided by investment advisers, custodians, and an insurance company. See Note 4 for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. In the event of default, death, disability, or termination of employment, the entire outstanding principal and accrued interest associated with the Participant's loan is considered due and payable and, if not rolled over, is treated as a taxable distribution, to the participant, from the Plan.

Administrative Expenses

Certain costs and expenses incurred with regard to the purchase, sale, or transfer of investments are paid by the Plan to Fidelity, and until September 30, 2014, PRIAC. Investment advisory fees for

portfolio management are paid to Fidelity, and until September 30, 2014, PRIAC, directly from investment fund earnings and thus are not separately identifiable as an expense of the Plan.

Related Party Transactions

Certain Plan investments were managed by Fidelity at December 31, 2015 and 2014, and for the period from October 1, 2014 through December 31, 2015. Fidelity provides various services for the Plan, and therefore, transactions involving these assets qualified as party-in-interest transactions. Fees paid to Fidelity for investment management services were calculated based on the value of the investments. For the years ended December 31, 2015 and 2014, the Plan paid $84,872 and $11,691 to Fidelity for investment management services.

Certain Plan investments including shares of pooled separate accounts, mutual funds and an investment contract with an insurance company were managed by PRIAC through September 30, 2014. Through that date, PRIAC provided various services for the Plan, and therefore, transactions involving these assets qualified as party-in-interest transactions. Fees paid to PRIAC for investment management services were calculated based on the value of the investments. For the year ended December 31, 2014, the Company paid $159,412 to PRIAC for investment management services.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Recently Issued Accounting Guidance

Accounting Guidance Recently Adopted: In July 2015, the FASB issued ASU 2015-12 (Part II), Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part II) Plan Investment Disclosures. This amendment eliminates the requirement to disclose (i) individual investments that represent five percent or more of net assets available for benefits and (ii) the net appreciation or depreciation for investments by general type. This amendment was effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively for all financial statements presented. The Company chose to early adopt this amendment. The adoption of this amendment did not have a significant impact on the Plan Financial Statements.

Accounting Guidance Not Yet Adopted: In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The adoption of this amendment is not expected to have a significant impact on the Plan Financial Statements.

Corrective Actions

In 2015, the Company made corrective actions to the Plan for the years ending December 31, 2014 and 2013 relating to participant contributions that were not properly deducted through payroll deductions. The Participant contributions made in 2015 relating to the 2014 and 2013 Plan years were $8,466 and $4,836, respectively. The earnings credited to Participants' accounts in 2015 relating to these corrective actions were $281 and $258 relating to the 2014 and 2013 Plan years, respectively. These corrective actions did not impact the Plan's tax status.

Prohibited Transactions

In March 2015, the Company underfunded contributions and loan repayments to Participants' accounts by $33,954. The Company remitted these delayed contributions and loan repayments to the affected Participants' accounts in April 2015. The Company has calculated the lost earnings to Participants' accounts relating to the 48 days that the contribution remained outstanding and has found the amount to be de minimis to Participants' accounts and will not be crediting these lost earnings to Participants' accounts.

Plan Merger

Effective July 1, 2015, the vested assets of the PPP Plan were merged into the Plan, and the participants of the PPP Plan became participants in the Plan. See Note 1 for a description of the acquisition of PPP by the Company. An aggregate of $2,622,782 was transferred into the Plan on July 1, 2015, and is included in the rollovers on the statement of changes in net assets available for benefits.

Subsequent Events

All events and transactions occurring after December 31, 2015 have been evaluated for potential recognition and disclosure in the accompanying financial statements through October 14, 2016, the date the financial statements were available to be issued.

Employer Contribution

On May 23, 2016, the Company funded its discretionary contribution for the 2015 Plan year totaling $339,351.

Corrective Actions

In 2016, the Company identified corrective actions to the Plan for the year ending December 31, 2015, relating to the incorrect calculation of the Company match amounts for certain eligible participants. The Company calculated the amount of the corrective action to be de minimis to Participants' accounts and will not be crediting the Participants' accounts in 2016 for these corrective actions. These corrective actions did not impact the Plan's tax status.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, at the instruction of the Plan Administrator, the Plan's independent certified public accountants did not perform any audit procedures with respect to the Plan's certified assets, and related activity, other than comparing information to certified statements provided by Fidelity and, for the period from January 1, 2014 through September 30, 2014, Prudential Bank & Trust, FSB (collectively the "Trustees"). The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by the Trustees and furnished to the Company. The Company has obtained certifications from the Trustees that such information is complete and accurate.

The following information was prepared by the respective Trustees as at each date presented and furnished to the Company:

	December 31,	
	2015	2014
Investments at fair value	$ 40,609,200	$ 39,207,964

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or pay to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date. In determining fair value, U.S. GAAP established a three-level hierarchy used in measuring fair value, as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that can be corroborated by other observable market data. If the asset or liability has a specified (contractual) term, the inputs are observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and measured using the Plan Administrator's best estimate of fair value.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used for the years ended December 31, 2015 and 2014.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements at December 31, 2015			
	Quoted Prices in Active Market for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Mutual funds [(1)]	40,362,445	246,755	-	40,609,200
Total Plan's assets	$ 40,362,445	$ 246,755	$ -	$ 40,609,200

	Fair Value Measurements at December 31, 2014			
	Quoted Prices in Active Market for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds [1]	39,092,554	115,410	-	39,207,964
Total Plan's assets	$ 39,092,554	$ 115,410	$ -	$ 39,207,964

[1] *Mutual funds.* The fair value of units attributable mutual funds is measured by the net asset value at the end of the Plan year, which is determined by Fidelity based on the fair market value of the underlying assets in the investment fund. Actively traded mutual funds are considered level 1 investments mutual funds that are traded in an inactive market are considered level 2 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual funds included in the Plan are measured at fair value based on the net asset value per share. These investments are valued on a daily redemption frequency and require a 30-day redemption notice period. There were no unfunded commitments, normal course of business restrictions, or other redemption restrictions for these investments.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Investment Contract with Insurance Company was maintained by PRIAC through September 30, 2014. PRIAC held the contributions in a general account and was contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Interest was credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate was applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis. The minimum crediting rate under the contract was 1.50% for 2014.

	December 31, 2014
Average yields:	
Based on actual earnings [(1)]	1.62%
Based on interest rate credited to participants [(2)]	1.62%

[(1)] Computed by dividing the actual one-day earnings of the *contract* credited to the Plan on the last day of the Plan year by the fair value of the investment on the last day of the Plan year and then annualized.

[(2)] Computed by dividing the actual one-day earnings credited to *participants* on the last day of the Plan year by the fair value of the investment on the last day of the Plan year and then annualized.

Under the group annuity insurance contract that supports this product, participants were permitted to ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value as soon as administratively possible. The contract was directly between the Plan and PRIAC. The repayment of principal and interest credited to participants was a financial obligation of PRIAC. Given these provisions, PRIAC considered this contract to be benefit responsive.

The Investment Contract with Insurance Company was terminated effective September 30, 2014.
