Report of Independent Auditors

To the Plan Administrative Committee of the Atwood Oceanics 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Atwood Oceanics 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of January 2, 2018 and December 31, 2017 and the related statement of changes in net assets available for benefits for the period from January 1, 2018 to January 2, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by T. Rowe Price Trust Company (the "Trustee") the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee held the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2017 and for the year then ended that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

As described in Note 1 to the financial statements, the Plan Sponsor was acquired in 2017 and has merged the Plan into the ENSCO Savings Plan effective January 1, 2018, resulting in the transfer of all participant balances and loans to the ENSCO Savings Plan shortly after December 31, 2017.

We were engaged for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental Schedule of Assets Held at Year End as of January 2, 2018 which is the responsibility of Plan management, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Form and Content In Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Merger

Effective January 1, 2018, the Atwood Oceanics 401(k) Retirement Plan was merged into the ENSCO Savings Plan, with the transfer of all assets, participant balances and outstanding loans totaling $73,940,078 occurring shortly after December 31, 2017. All investments held by the Atwood Oceanics 401(k) Plan were converted to cash on December 29, 2017 to effect the transfer of assets to the ENSCO Savings Plan, which was completed on January 2, 2018. The Atwood Oceanics 401(k) Plan ceased operations at that time and all participants at that time became participants in the ENSCO Savings Plan under the terms, conditions and operating provisions of the ENSCO Savings Plan.

2. Description of the Plan

The following brief description of the Atwood Oceanics 401(k) Retirement Plan (the "Plan") provides only general information of the Plan and its operations prior to the merger of the Plan with the ENSCO Savings Plan. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan for certain employees of Atwood Oceanics, Inc. and Subsidiaries (the "Company") and was established on August 1, 1974. Effective January 1, 2014, the Company transferred sponsorship of the Plan to Atwood Oceanics Management, Inc. (the "Sponsor"), and sponsorship of the Plan transferred to ENSCO plc in connection with the merger of the Company with ENSCO plc on September 30, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). An employee can elect to contribute to the Plan effective with the commencement of employment. There is no minimum age requirement.

The Plan is administered by an administrative committee (the "Committee") which is appointed by the Board of the Sponsor. The Committee is given the powers necessary to carry out the purposes of the Plan.

Contributions

Participants must contribute from 1 to 5% of their eligible compensation as defined by the Plan as a Required Employee Contribution in order to be eligible to receive matching employer contributions. Participants subject to United States taxation can elect to make this Required Contribution on a before or after tax basis. Participants can also elect to rollover account balances from other qualified plans into the Plan. Effective January 1, 2014 new employees are auto-enrolled in the Plan at a 5% contribution level, unless they opt out.

Participants can elect to make additional voluntary contributions from 1 to 100% of their before and after-tax defined earnings; however, total employee (required and additional) and employer contributions cannot exceed the required annual IRS limits.

Prior to January 1, 2014, the Company's contributions began upon the completion of six months of service by an employee. Beginning January 1, 2014, the Company's contributions began immediately upon the commencement of participant contributions. Prior to 2016, the Company contributed twice the sum of the participants' Required Employee Contributions. Beginning in 2016 the Company contributes an amount equal to the sum of the participants' Required Employee Contributions. Participants can elect to allocate their contributions, along with Company contributions and earnings thereon, among various mutual funds and collective trust fund options in increments of 10%, up to a maximum of 100%, and can elect to change from one investment option to another with respect to future contributions and also with respect to existing account balances, subject to certain limitations. Participant and Company matching contributions are generally funded into the trust shortly after each pay period. Any contributions related to these participants following January

1, 2018 would be made under the terms and provisions of the ENSCO Savings Plan and into the trust operated for the benefit of the ENSCO Savings Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, Company contributions and allocations of plan earnings and administrative expenses in accordance with the Plan's provisions. Allocations are based on participant earnings or account balances, as defined. Certain expenses are charged directly to the account of the individual participant initiating certain types of transactions. The benefit to which a participant is entitled is the dollar value benefit that can be provided from the participant's vested account.

Vesting
Participants have an immediate 100% vested right in the portion of their account attributable to their contributions. A participant's vested right in the Company's contribution depends on the number of years of service with the Company during which contributions were made to the Plan and any periods of ineligibility mandated by the Plan.

The Plan provides for participants to be fully vested in Company contributions after three years of service, with zero vesting prior to that point. In connection with the series of employee layoffs occurring in 2015 and 2016, the Plan was amended to accelerate vesting to 100% for participants who were involuntarily terminated in connection with group reductions in force, and for all participants who were employed on September 1, 2016 and terminated employment subsequent to that date. The change in control of the Company resulting from the merger with ENSCO plc resulted in any remaining active unvested employees at that time becoming fully vested in their Company contributions.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and currently bear interest at the rate of 4.25% to 4.75%. The interest rates have been determined as the prime interest rate plus one percent at the inception of the loan. Principal and interest is paid ratably through payroll deductions. Repayment of these loans may continue following the January 1, 2018 merger of the Plan through regular payroll deductions.

Participants may take out one loan per year, but may have multiple loans outstanding under the Plan up to limited amounts as described above. The Plan has been amended to allow new loans only in the event there would be no more than two loans outstanding after the new loan is issued.

Benefit Payments and Withdrawals
A participant is entitled to withdraw the vested portion of his/her account upon termination of employment or any time thereafter. Benefit payments following January 1, 2018 will be made from the ENSCO Savings Plan.

A participant, or his/her beneficiary, is entitled to a full distribution of the value of his/her account (including the vested portion of the Company's contributions) in the event of (a) termination of employment, (b) permanent disability prior to retirement or (c) death. Participants retiring may elect to receive payments in a lump sum, or equal payment intervals not to exceed 10 years. Participants whose employment is terminated prior to retirement may elect to receive payments of their vested portion in a lump sum or have their vested portion not subjected to federal tax rolled over into another qualified retirement plan.

A participant may withdraw his/her after tax contributions at any time and can resume making additional after tax contributions at any time while still employed. A participant, however, is allowed only one withdrawal

election a year. Withdrawals before age 59 ½ may be subject to a 10% federal excise tax in certain circumstances.

Forfeitures
If a participant terminates his/her employment before becoming fully vested, the unvested portion of the Company's contributions, together with the earnings thereon, will be credited to the Company's forfeiture account. The participant irrevocably forfeits these amounts at such time as he/she incurs five consecutive one-year breaks in service. A one-year break in service occurs when the participant has less than 500 hours of service to the Company in any 12-month period. Forfeitures related to participants who terminate before earning 100% vesting may be utilized by the Company to reduce Company contributions after a one-year break in service has occurred. The Company is liable for reinstatement of forfeitures and earnings on forfeitures utilized prior to the fifth consecutive one-year break in service of participants who return to service and meet the requirements for reinstatement.

At December 31, 2017, forfeited nonvested accounts totaled approximately $77,000, which have been transferred into the ENSCO Savings Plan. These accounts may be used to reduce future employer contributions or pay plan expenses.

Expenses
All administrative expenses are borne by the Plan and its participants unless paid for by the Company or by forfeitures. Individual participant accounts are charged directly with fees related to certain transactions initiated by the participant. Each participant's account is allocated a portion of the Plan expenses on a fixed dollar basis each quarter. Expense credits may be issued in a subsequent quarter when actual expenses are less than the fixed dollar allocation. The Company has elected to pay certain legal and administrative fees of the Plan without charge to or reimbursement from the Plan, and those amounts are not reflected in these financial statements.

3. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation
The Plan's investments are stated at fair value as proscribed by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 and determined by T. Rowe Price Trust Company (the "Trustee") as of January 2, 2018 and December 31, 2017. Mutual funds (issued by registered investment companies) are stated at net asset value for the shares held. The Plan's stable value common collective trust fund is valued at contract value. Other collective trust funds are valued at fair value using net asset value as a practical expedient for fair value as determined and reported by the investment advisor. Cash is valued at its nominal value.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest and are excluded from investments as proscribed by Accounting Standards Update 2010-25. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Investment Income
The Plan presents, in the statement of changes in net assets available for benefits, income earned from investments, which includes interest income, dividend income, other income and net appreciation (depreciation) in the fair value of the plan investments, which consists of realized gains (losses) and unrealized appreciation (depreciation). Fees for investment management and related accounting services to the mutual and common collective trust fund managers and the Trustee result in a reduction in the quoted prices of the investments, therefore reducing the net appreciation in the fair value of investments in the statement of changes in net assets.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income are recorded as earned.

Other Income
Other income represents revenue sharing payments made by the recordkeeper and trustee to the Plan related to revenue those entities receive from mutual funds and common collective trust funds to subsidize the cost of recordkeeping and trust activities. These amounts received by the Plan will be allocated periodically to reduce fees charged to Plan participants.

Payments of Benefits
Benefits are recorded when paid.

Subsequent Events Updating
The Plan Administrators have reviewed and evaluated events subsequent to January 2, 2018 through July 17, 2018, the date the financial statements were available to be issued, for their impact on amounts recorded, and related disclosures, in these financial statements, and incorporated the related effects as appropriate.

Risks and Uncertainties
The Plan provides for various investments in collective trust funds and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

4. Information Certified by the Plan's Trustee (Unaudited)

The Committee has elected the limited scope method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Under this method of compliance, no audit procedures are performed by the Plan's independent auditors with respect to investments and investment related activity information certified by the Trustee.

The Committee has obtained a certification from the Trustee that the following data included in the schedules listed below is complete and accurate. Accordingly, the Plan's independent auditors performed no audit procedures with respect to the cash balance reported in the statement of net assets available for benefits as of

December 31, 2017 which was included in the trustee certification as the amount being transferred into the ENSCO Savings Plan in connection with the merger of the Plan into the ENSCO Savings Plan.

5. Fair Values of Financial Instruments

FASB ASC 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between willing participants at the measurement date. FASB ASC 820-10 also establishes a hierarchy for the valuation inputs that emphasizes the use of observable inputs when measuring fair value. A financial instrument categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The fair value hierarchy established by FASB ASC 820-10 is broken down as follows:

Level 1- inputs are based upon unadjusted quoted prices for identical instruments traded in active markets that the Plan has the ability to access.

Level 2- inputs are based upon quoted prices for similar instruments in active markets, quoted prices for similar or identical instruments in inactive markets and valuation techniques for which all significant assumptions are observable in the market can be corroborated by observable market data for substantially the full term of the assets and liabilities.

Level 3- inputs are generally unobservable and reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models and similar techniques.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 2, 2018 and December 31, 2017:

	Fair Value Measurements at January 2, 2018			
	January 2, 2018	Level 1	Level 2	Level 3
Total investments at fair value	$ -	$ -	$ -	$ -

	Fair Value Measurements at December 31, 2017			
	December 31, 2017	Level 1	Level 2	Level 3
Cash	$ 72,062,557	$ 72,062,557	$ -	$ -
Total investments at fair value	$ 72,062,557	$ 72,062,557	$ -	$ -

The Plan held no Level 3 assets during 2018 or 2017. There were no transfers between Levels.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan had no unfunded commitments for further investment in the common collective trusts and redemptions from those funds may be initiated by participants on a daily basis.

6. Investment in Stable Value Common Collective Trust Fund

The Plan held investments with a contract value of $4,884,122 in the T. Rowe Price Stable Value Common Trust Fund just prior to its conversion into cash on December 29, 2017 in connection with the transfer of funds for the merger into the ENSCO Savings Plan. The interest crediting rate of the fund is typically reset on a quarterly basis, with the crediting rate being driven by the rates on contracts held by the fund and the discount rate (given prevailing market rates) that would generally result in the discounted cash flows approximating contract value. This fund is a diversified pool of investment contracts ("GICs") of varying maturity, size and yield. The fund also invests in short-term investments and may invest in separate account GICs, synthetic GICs, GIC alternatives and bank investment contracts. The fund also has purchased wrapper contracts which are designed to ensure that withdrawals can occur at contract value despite differences between fair value and contract value at the time due to differences in prevailing interest rates. The number of parties that issue wrapper contracts is limited and there can be no assurance that wrapper contracts will always be available in the future. All of the fund's investment contracts are fully benefit-responsive. The Trustee has valued this investment using its contract value of $1.00 per share as this is the price at which participants may purchase and sell shares of the Fund. The value of these contracts and the T. Rowe Price Stable Value Common Trust Fund may be impacted by the current and future creditworthiness of the financial institutions issuing the related investment contracts, wrappers and guarantees. The Plan must provide 30 days notice to this fund manager prior to the termination of this Plan investment option (and did do so).

7. Related Party and Party-In-Interest Transactions

The Plan invested in certain investments managed by the Trustee prior to the conversion of assets into cash to facilitate the merger, and, as such, those transactions qualify as party-in-interest transactions. Notes receivable from participants, which totaled $1,887,521 at December 31, 2017 also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules under ERISA.

The Company provides certain administrative support to the Plan with no reimbursement. Those expenses are not reflected in these financial statements.

8. Federal Income Taxes

The Internal Revenue Service has determined and informed the Company by a letter dated January 15, 2015 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code of 1986, as amended (the "IRC"). The Plan has been amended since receiving the determination letter. However, the Committee believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Committee and the Plan's tax counsel believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of the date of the merger, there are no uncertain positions taken, or expected to be taken that would require recognition of liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however,

there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2014.
