The Company provides a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% of total compensation plus 50% of participant salary deferrals between 3% and 5% of total compensation. Additional profit sharing amounts may be contributed at the discretion of the Company's board of directors. Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and the Company safe-harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits: On termination of service due to death, disability, retirement or employment termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly installments over the participant's expected life span. Hardship distributions are also allowed under the Plan.

Forfeited Accounts. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $148 and $146, respectively. These accounts will be used to reduce future employer contributions or expenses of the Plan.

Note 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrators determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians and the insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Recently Adopted Accounting Pronouncement: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement* (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this Update eliminate the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The Plan adopted this Update for the 2017 plan year and it was retrospectively applied to December 31, 2016. Prior year disclosures have been revised to reflect the retrospective application of this Update. The impact of adopting this Update is reflected in Notes 4 and 5.

Subsequent Events: The Plan Administrator has evaluated subsequent events through June 5, 2018, the date on which the financial statements were available to be issued. No events were identified which would require disclosure in the financial statements.

Note 3. Information Certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the custodians of the Plan).

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Group annuity contract: The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider which is Great-West Life & Annuity Insurance Company.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total

Mutual funds	$ 642,714	$ -	$ -	$ 642,714
Group annuity contract	-	53,716	-	53,716

Other investments measured at net asset value				
Collective trust funds (a)	-	-	-	2,138,573
Total reoccurring fair value measurement	$ 642,714	$ 53,716	$ -	$ 2,835,003

NOTES TO FINANCIAL STATEMENTS

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Reoccurring fair value measurements:				
Investments measured at fair value				
Mutual funds	$ 2,538,940	$ -	$ -	$ 2,538,940

Total reoccurring fair value measurement	$ 2,538,940	$ 38,518	$ -	$ 2,577,458

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5. Fair Value Measurements of Investments That Are Measured at Net Asset Value per Share

Collective trust funds: The reported values for the share prices (net asset value per share) of collective trust funds are generally obtained from the fund house or other investment provider.

The fair values of the following investments have been estimated using net asset value per share (or its equivalent) of the separate accounts as of December 31, 2017. There are no unfunded commitments on any of these funds.

	2017 Fair Value	2016 Fair Value	Redemption Frequency (if currently eligible)	Redemption Notice Period
Multi-strategy target date funds (a)	$ 2,119,417	$ -	Daily	None
U.S. debt index fund R (b)	19,156	-	Daily	None
Total	$ 2,138,573	$ -		

(a) The investments seek to provide total return consistent with asset allocations targeted at retirement from 2020 through 2055.

(b) The investments seek to provide current income by investing primarily in a diversified portfolio of U.S. companies' debt instruments, including corporate loans, which are rated in the lower rating categories of the established rating services (BBB or lower by S&P's or Baa or lower by Moody's) or unrated debt instruments, which are in the judgment of the investment adviser of equivalent quality.

Note 6. Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by Empower Retirement. Empower Retirement is a subsidiary of Great-West Life & Annuity Insurance Company, a custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTES TO FINANCIAL STATEMENTS

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company discretionary contribution portion of their accounts.

Note 8. Tax Status

Effective January 1, 2016, the Plan adopted a standardized form of a prototype plan sponsored by CCH Incorporated, dba FT William Com. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:

	2017	2016
Net assets available for benefits per the financial statements	$ 2,985,168	$ 2,716,994
Amounts allocated to withdrawing participants	-	(2,260)
Additional employer contributions receivable	-	(662)
Net assets available for benefits per Form 5500	$ 2,985,168	$ 2,714,072

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date.

Note 11. Prohibited Transactions

The Plan Sponsor inadvertently failed to deposit approximately $550 of participant contributions for the year ended December 31, 2017 within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor intends to deposit lost earnings for the year ended December 31, 2017 to correct this failure. The Plan Sponsor will file Form 5330 and pay applicable excise tax. The excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.
