PLANT/ALLISON CORPORATION PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Plant/Allison Corporation Profit Sharing 401(K) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution Profit Sharing plan established by Plant/Allison Corporation (“Company”) covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Contributions

The Plan has an elective contribution arrangement for all eligible employees wherein participants may elect to defer a percentage of their pretax annual compensation each year as defined by the Plan. In addition, participants may separately elect to defer up to 100% of any bonuses paid to them during the year. Total participant contributions in any calendar year are limited to the applicable limit under Internal Revenue Code Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Plan assets are held by Minnesota Life Insurance Company. The Plan is funded with a Group Annuity Contract and offers a wide spectrum of investment choices. The Contract offers a General Account plus various Pooled Separate Accounts (PSAs) from a variety of investment managers. The Trustee invests plan assets at the direction of the participants in the general account, money market account and a variety of diversified mutual funds.

Employer Contributions

The Plan has a discretionary profit sharing contribution arrangement for all eligible employees and is determined annually by the Company. In order to share in the profit sharing contribution for a Plan year, participants must be employed on the last day of the Plan year and have completed a year of service, at least 1,000 hours of service, during the Plan year. The profit sharing contribution will be allocated to each eligible employee and is determined by profit sharing contributions multiplied by the ratio of his or her annual compensation to the total of such compensation for all eligible employees. The Company made \$1,149,107 and \$1,137,513 in discretionary profit sharing contributions for the Plan years ended December 31, 2017 and 2016, respectively.

Participant Accounts

Each participant is credited with the participant’s contributions and Company profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested 100% in employee portions of all contributions plus actual earnings thereon. Participants are vested at the rate of 20% each year after two years of vesting service (20% vested in second year) in employer discretionary profit sharing contributions.

Payment of Benefits

A terminating participant of the Plan is paid the current value of all participant contributions made to his or her separate account in the Plan and vested balance of any employer discretionary profit sharing contributions. Forfeitures, if any, are allocated to employer discretionary profit sharing contributions.

Hardship Withdrawals

The Plan allows for hardship distributions to satisfy certain immediate and heavy financial needs outlined in the Plan agreement with certain limitations. There were no hardship distributions for the years ended December 31, 2017 and 2016.

Notes Receivable from Participants

The Plan allows for participant loans subject to certain limitations stipulated in the Plan agreement and limited by rules under the Internal Revenue Code. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The administrator will determine a reasonable rate of interest based on the interest rates charged for similar types of loans by other lenders. The interest rate will be fixed for the duration of the loan. The principal and interest is paid monthly or weekly through payroll deductions, or self-directed payment plan.

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2017 and 2016.

Receivables

Receivables represent amounts due to the Plan for employer discretionary profit sharing contributions, and employee deferral contributions that were withheld from the last payroll week of the Plan year ended December 31, 2017 and were remitted to the Plan the first week of the following Plan year. There is no collateral related to these receivables. An allowance for doubtful accounts, if any, is considered and estimated based on the Plan's historical losses. No allowance is deemed necessary at each of the Plan years ended December 31, 2017 and 2016.

Note receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentration of credit risk consist of investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions distributed from the Plan for the years ended December 31, 2017, and 2016 as a result of discrimination tests.

DECEMBER 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payments of Benefits

Benefits paid out of the Plan are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise directly paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. The ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures and measurement date practical expedient. This ASU is effective for all plan years beginning after December 15, 2015, with earlier application of any or all of the three parts permitted. In addition, this ASU is not expected to change total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. Accordingly, the Plan has adopted the provisions of the ASU for its years ended December 31, 2017, and 2016. Consistent with the adoption of these provisions, the Plan has simplified the required disclosures in Notes 3 and 4. Except for the additional disclosures, adoption of this ASU had no impact on the Plan's financial statements.

NOTE 3 FAIR VALUE MEASUREMENT

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

General account (Guaranteed Return Account): Valued at discounted cash flow (Income Approach).

Money market funds (Pooled Separate Account): Valued at the net asset value of shares held by the Plan.

Mutual funds (Pooled Separate Accounts): Valued at the net asset value of shares held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities & Exchange Commission.

NOTE 3 FAIR VALUE MEASUREMENT (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 6 FORFEITURES

At December 31, 2017 and 2016, forfeitures from the nonvested portion of the participants account that were allocated totaled \$93,875 and \$78,284 respectively. These forfeitures are added to employer discretionary profit sharing contributions and allocated as a percentage of compensation for all participants who meet the profit sharing allocation conditions for the Plan at December 31, 2017 and 2016.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Asset Management fees: Certain Plan investments are shares of separate pooled accounts managed by Minnesota Life Insurance Company (Minnesota). Minnesota is the third-party administrator, trustee and a record keeper, as defined by the Plan, and qualifies as a party-in-interest. Total fees paid from the Plan assets during the years ended December 31, 2017 and 2016, were \$1,562 and \$1,465, respectively. In addition, Minnesota also receives fees from each investment option in the Plan based on the percentage rate on the Plan's year-end balance.

Arete Wealth Management is the investment advisor company, as defined by the Plan, and qualifies as a party-in-interest. Total commissions paid from Plan assets during the years ended December 31, 2017 and 2016, were \$30,579 and \$26,226, respectively.

Valmark Securities is the investment advisor company, as defined by the Plan, and qualifies as a party-in-interest. Total commissions paid from Plan assets during the years ended December 31, 2017 and 2016, were \$30,579 and \$26,225, respectively.

NOTE 8 ADMINISTRATIVE COSTS

Administrative costs of the Plan have been paid for by the Company and the participants.

NOTE 9 TAX STATUS

Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 9 TAX STATUS (continued)

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that the Plan did not have unrecognized tax liabilities as of December 31, 2017, and does not expect this to change over the next 12 months. The Plan is subject to routine audits by taxing jurisdictions; however, currently there are no audits for any tax periods in progress.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. They are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 SUBSEQUENT EVENTS

The Plan Trustees have evaluated subsequent events and transactions through July 10, 2018, which is the date the financial statements were available to be issued. Trustees confirm that no significant events or transactions have occurred subsequent to the Plan year end and through the date of this report, that would require adjustment to, or disclosure in, the financial statements.
