REPORT OF INDEPENDENT AUDITORS

To the Administrative Committee
Bagshaw Enterprises, Inc. 401(k) Profit Sharing Plan
Hillsboro, Ohio

We have audited the accompanying financial statements of Bagshaw Enterprises, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and assets (acquired and disposed of within the year), together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

BAGSHAW ENTERPRISES, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF THE PLAN

The following description of the Bagshaw Enterprises, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of the Bagshaw Enterprises, Inc. and related companies ("the Company") effective January 1, 2001. Effective January 1, 2015, the Plan was restated and amended to add an elective deferral provision, added a Roth elective deferral provision, and added an employer matching contribution beginning August 1, 2015. Full-time employees who have completed one year of service, as defined in the plan document, and are age twenty-one or older are eligible to receive the employer non-elective contributions. Full-time employees, as defined in the plan document, who have completed sixty days of service are eligible to make elective deferrals, including Roth elective deferrals, and are eligible to receive employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, the Company may contribute up to 25 percent of pretax annual compensation, as defined in the Plan document. The Company contribution will be allocated to participants who are employed at the end of the plan year on the basis of participants' compensation upon an amount determined by the Company's board of directors. As of August 1, 2015, participants may contribute up to a maximum percent of pretax and after-tax annual compensation, as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation. Beginning January 1, 2016 and every January 1 thereafter, this amount will automatically increase 1 percent per year up to a maximum Elective Deferral of 10 percent of compensation, unless the participant elects otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollover). In addition, as of August 1, 2015, the Company contributes a discretionary matching contribution. For 2017 and 2016, the Company elected to contribute 50 percent of the first 6 percent of base compensation that participants contributed to the Plan.

BAGSHAW ENTERPRISES, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, a minimum of \$ 1,000 up to a maximum of \$ 50,000. Loans are repaid through payroll deductions over a maximum term of five years (other than a home loan) at a fixed rate of interest.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive the distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of a series of installment payments over a period not extending beyond the participant's life expectancy. Hardship distributions are not permitted from this Plan.

Participants Accounts

Each participant's account is credited with an allocation of the Company's contribution (including any forfeitures which are treated as employee contributions) and an allocation of plan earnings. Allocation of plan earnings is based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants do not direct investment of their individual account balances.

Vesting

The portion of a participant's employer contribution account which is non-forfeitable and vested is determined in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 years or more	100%

Any participant contribution accounts resulting from transfers or rollovers are fully vested and non-forfeitable at all times.

BAGSHAW ENTERPRISES, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Forfeited Accounts

The non-vested portion of the employer contribution account of a participant whose employment with the employer is terminated other than on account of total and permanent disability, and prior to the earlier of their death or normal retirement date, is forfeited as of the date of such termination. Any forfeitures occurring are first used for restoration of participant's forfeitures, then applied to offset Plan expenses and then used to reduce future Employer contributions. The amended plan document provides that forfeitures will not be applied until the following plan year. There were forfeitures of \$ 11,173 and \$ 6,690 during 2017 and 2016, respectively. For years 2017 and 2016, \$ 7,040 and \$ 4,620 of forfeitures were applied to fees, respectively. For 2017 and 2016, there were \$ -0- of forfeitures allocated as contributions to participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and common stocks are valued at quoted market prices. The bank repurchase agreement is valued at original cost plus accrued interest, which approximates fair value. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Commissions paid are added to the cost of investments acquired and deducted from the proceeds of investments sold. The Plan presents in the statement of changes in net assets available for benefits, the net change in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

BAGSHAW ENTERPRISES, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Credit Risk

Financial instruments that potentially subject the Plan to significant concentrations of credit risk consist principally of cash. The Plan maintains all of its cash deposits in a single bank, which may, at times, exceed the \$ 250,000 amount covered by federal deposit insurance.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Plan and are excluded from these financial statements. Investment-related expenses are included in net change of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through June 15, 2018, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of and during the years ended December 31, 2017 and 2016.

Mutual funds- Valued are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds- Valued at the daily closing price as reported by the fund. The money market funds are open-end mutual funds registered with the Securities and Exchange Commission (SEC). The funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

BAGSHAW ENTERPRISES, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Bond funds- Valued at the closing price reported in the active market in which the bond fund is traded.

Common stocks- Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange traded funds- Valued at the closing price reported on the active market on which the individual securities are traded.

U.S. government securities- Valued at the closing price reported in the active market in which the individual securities are traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

BAGSHAW ENTERPRISES, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

4. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest transaction is defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Certain Plan investments are managed by Thor Investment Management, Inc. and held through Charles Schwab and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$ 18,045 and \$ 15,748 for the years ended December 31, 2017 and 2016, respectively. The Plan paid administrative fees to Dynamic Pension Services, Inc. of \$ 11,413 and \$ 4,620 during 2017 and 2016, respectively, which also qualify as party-in-interest transactions. Blue & Co., LLC is the independent auditor for the Plan and receives payments from the Company.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

BAGSHAW ENTERPRISES, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.
