INDEPENDENT AUDITOR'S REPORT

To the Administrators
Kamps Retirement Savings Plan
Walker, MI

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kamps Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, line 4i Schedule of Assets Held at End of Year and Schedule H, line 4a Schedule of Delinquent Participant Contributions as of the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KAMPS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

Note 1 - Plan Description

The following description of Kamps Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of Kamps, Inc. and Kamps Trucking, Inc. (collectively, the "Corporation") who have completed 90 days of service with the Corporation and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions by participants are voluntary contributions that are subject to Internal Revenue Service limits. Participant deferrals may be equal to or less than 100 percent of compensation. The Corporation will make a matching contribution equal to 100 percent of the participants 401(k) elective deferral contributions which are not over 3 percent of the participants pay, plus 50 percent of the participants 401(k) elective deferral contributions which are over 3 percent of the participants pay, but are not over 5 percent of the participants pay. The Corporation may also make discretionary contributions to the Plan as approved by the board of trustees.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Corporation's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their elective deferral, plus actual earnings, and matching contributions made by the Corporation.

Benefits Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Forfeitures - Forfeitures of employer contributions are redistributed to participants as an additional employer contribution on an annual basis. At December 31, 2017 and 2016 forfeited nonvested accounts totaled $0 and $220, respectively.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain administrative costs are paid by the Corporation, such as the audit fee and general bookkeeping expenses. Additionally, plan assets are in investment funds managed by Principal Financial Group. Principal Financial Group is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Notes Receivable from Participants - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Loans are collateralized by the participant's account balance and bear interest at a market rate.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Employer Contributions Payable - Amounts payable to Kamps, Inc. for employer contributions in excess of amounts allowed are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions in 2017.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest.

Date of Management's Review - The financial statements and related disclosures include evaluation of events up through and including July 18, 2018, which is the date the financial statements were available to be issued.

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Corporation. Expenses that are paid by the Corporation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Tax Status

The Plan obtained its latest determination letter on August 9, 2013, from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Note 4 - Fair Value Measurements (Continued)

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017, and 2016.

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017, and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2017

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2017
Mutual Funds	$ 11,260,998	$ -	$ -	$ 11,260,998

Note 4 - Fair Value Measurements (Continued)

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2016
Mutual Funds	$ 8,730,406	$ -	$ -	$ 8,730,406

Transfers between Levels - For years ended December 31, 2017, and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 5 - Information Prepared and Certified by the Trustee

The following information, included in the accompanying financial statements and supplemental schedules, was obtained from data that has been prepared and certified to as complete and accurate by the agent on behalf of the trustee.

	2017	2016
Participant-directed investments (at fair value)	$11,260,998	$ 8,730,406
Participant-directed investments (at contract value)	143,299	111,190
Notes receivable from participants	64,022	55,889
Investment Income (Loss)	$ 1,518,051	$ 613,708

Note 6 - Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprise a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2017	2016
Synthetic investment contracts	$ -	$ -
Traditional investment contracts	143,299	111,190
Total	$ 143,299	$ 111,190

Note 6 - Fully Benefit-Responsive Investment Contracts (Continued)

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code

2. Premature termination of the contracts

3. Plan termination or merger

4. Changes to the Plan's prohibition on competing investment options

5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Fully Benefit-Responsive Investment Contracts (Continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2017	December 31, 2016
Net assets available for benefits per the financial statements	$ 11,472,346	$ 8,888,934
Plus: excess employer contributions payable included on financial statements at December 31, 2016	-	8,551
Net assets available for benefits per Schedule H of the Form 5500	$ 11,472,346	$ 8,897,485

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of contributions per the financial statements to Schedule H of Form 5500:

	December 31, 2017
Total contributions per the financial statements	$ 1,728,891
Less: excess employer contributions payable included on financial statements at December 31, 2016	(8,551)
Total contributions per Schedule H of the Form 5500	$ 1,720,340

Note 8 - Rollover Contributions

On July 5, 2016, Kamps, Inc. acquired Custom Pallet and Crating, Inc. and approved an amendment to terminate the Custom Pallet and Crating, Inc. Retirement Savings Plan effective July 5, 2016. All participants in the Custom Pallet and Crating, Inc. Retirement Savings Plan became 100 percent vested in that plan upon termination and were provided the option to have their account balance rolled into any qualified plan (including the Plan) or IRA, receive a lump sum distribution, or be paid through an annuity contract. An aggregate of $513,991 was rolled into the Plan during the year ended December 31, 2016, and is included in rollovers on the statement of changes in net assets available for benefits.

Note 9 - Prohibited Transactions and Contingencies

During the course of the 2016 plan year, the Plan committed a prohibited transaction. The Plan sponsor inadvertently failed to timely remit an employee contribution according to DOL regulations resulting in the contribution being deposited late. The amount of the late deposit totaled $1,743 and was corrected in January 2018. The Plan's financial statements do not disclose any adjustments for the impact of this prohibited transaction.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kamps Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, line 4i Schedule of Assets Held at End of Year and Schedule H, line 4a Schedule of Delinquent Participant Contributions as of the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KAMPS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

Note 1 - Plan Description

The following description of Kamps Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of Kamps, Inc. and Kamps Trucking, Inc. (collectively, the "Corporation") who have completed 90 days of service with the Corporation and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions by participants are voluntary contributions that are subject to Internal Revenue Service limits. Participant deferrals may be equal to or less than 100 percent of compensation. The Corporation will make a matching contribution equal to 100 percent of the participants 401(k) elective deferral contributions which are not over 3 percent of the participants pay, plus 50 percent of the participants 401(k) elective deferral contributions which are over 3 percent of the participants pay, but are not over 5 percent of the participants pay. The Corporation may also make discretionary contributions to the Plan as approved by the board of trustees.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Corporation's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their elective deferral, plus actual earnings, and matching contributions made by the Corporation.

Benefits Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Forfeitures - Forfeitures of employer contributions are redistributed to participants as an additional employer contribution on an annual basis. At December 31, 2017 and 2016 forfeited nonvested accounts totaled $0 and $220, respectively.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain administrative costs are paid by the Corporation, such as the audit fee and general bookkeeping expenses. Additionally, plan assets are in investment funds managed by Principal Financial Group. Principal Financial Group is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Notes Receivable from Participants - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Loans are collateralized by the participant's account balance and bear interest at a market rate.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Employer Contributions Payable - Amounts payable to Kamps, Inc. for employer contributions in excess of amounts allowed are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions in 2017.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest.

Date of Management's Review - The financial statements and related disclosures include evaluation of events up through and including July 18, 2018, which is the date the financial statements were available to be issued.

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Corporation. Expenses that are paid by the Corporation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Tax Status

The Plan obtained its latest determination letter on August 9, 2013, from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Note 4 - Fair Value Measurements (Continued)

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017, and 2016.

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017, and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2017

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2017
Mutual Funds	$ 11,260,998	$ -	$ -	$ 11,260,998

Note 4 - Fair Value Measurements (Continued)

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2016
Mutual Funds	$ 8,730,406	$ -	$ -	$ 8,730,406

Transfers between Levels - For years ended December 31, 2017, and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 5 - Information Prepared and Certified by the Trustee

The following information, included in the accompanying financial statements and supplemental schedules, was obtained from data that has been prepared and certified to as complete and accurate by the agent on behalf of the trustee.

	2017	2016
Participant-directed investments (at fair value)	$11,260,998	$ 8,730,406
Participant-directed investments (at contract value)	143,299	111,190
Notes receivable from participants	64,022	55,889
Investment Income (Loss)	$ 1,518,051	$ 613,708

Note 6 - Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprise a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2017	2016
Synthetic investment contracts	$ -	$ -
Traditional investment contracts	143,299	111,190
Total	$ 143,299	$ 111,190

Note 6 - Fully Benefit-Responsive Investment Contracts (Continued)

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code

2. Premature termination of the contracts

3. Plan termination or merger

4. Changes to the Plan's prohibition on competing investment options

5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Fully Benefit-Responsive Investment Contracts (Continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2017	December 31, 2016
Net assets available for benefits per the financial statements	$ 11,472,346	$ 8,888,934
Plus: excess employer contributions payable included on financial statements at December 31, 2016	-	8,551
Net assets available for benefits per Schedule H of the Form 5500	$ 11,472,346	$ 8,897,485

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of contributions per the financial statements to Schedule H of Form 5500:

	December 31, 2017
Total contributions per the financial statements	$ 1,728,891
Less: excess employer contributions payable included on financial statements at December 31, 2016	(8,551)
Total contributions per Schedule H of the Form 5500	$ 1,720,340

Note 8 - Rollover Contributions

On July 5, 2016, Kamps, Inc. acquired Custom Pallet and Crating, Inc. and approved an amendment to terminate the Custom Pallet and Crating, Inc. Retirement Savings Plan effective July 5, 2016. All participants in the Custom Pallet and Crating, Inc. Retirement Savings Plan became 100 percent vested in that plan upon termination and were provided the option to have their account balance rolled into any qualified plan (including the Plan) or IRA, receive a lump sum distribution, or be paid through an annuity contract. An aggregate of $513,991 was rolled into the Plan during the year ended December 31, 2016, and is included in rollovers on the statement of changes in net assets available for benefits.

Note 9 - Prohibited Transactions and Contingencies

During the course of the 2016 plan year, the Plan committed a prohibited transaction. The Plan sponsor inadvertently failed to timely remit an employee contribution according to DOL regulations resulting in the contribution being deposited late. The amount of the late deposit totaled $1,743 and was corrected in January 2018. The Plan's financial statements do not disclose any adjustments for the impact of this prohibited transaction.
