INDEPENDENT AUDITORS' REPORT

To T.S.R. Inc. Sponsor, of the
T.S. R. Contract Employee Consultants 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the T.S.R. Contract Employee Consultants 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual

Life Insurance Company, (MassMutual), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that MassMutual held the Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2017 and 2016. The Plan Administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by MassMutual, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

T.S.R. CONTRACT EMPLOYEE CONSULTANTS 401(k) SAVING PLAN
Notes to the Financial Statements
December 31, 2017 and 2016

1. Description of the Plan

The following description of the T.S.R. Contract Employee Consultants 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. TSR Inc. is the Sponsor and Plan Administrator of the Plan. Massachusetts Mutual Life Insurance Company (MassMutual) served as Record Keeper and Custodian holding the Plan Assets for 2017 and 2016.

a. General - The Plan, which was adopted on January 1, 1987 and amended January 1, 1994 and restated September 1, 2015, is a defined-contribution plan covering all of the contract employee consultants of TSR Consulting Services Inc. and Logixtech Solutions LLC (the Company). An employee can enroll in the Plan on the first day of the month following the date the employee reaches the age of 21 and has six months of continuous service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code (IRC). Certain employees of the Company act as the Plan Administrator.

b. Contributions - Each year, participants may voluntarily contribute, by salary reduction, a percentage of their compensation up to the maximum amount allowable under the Internal Revenue Code. Rollover contributions will be accepted from current employees. The Company at its sole discretion may make optional contributions but has not made such contributions. All contributions are invested by the custodian as stipulated by the participant.

c. Participants' accounts - Company and participants' contributions are accounted for separately in individual participant's accounts. Each participant account is credited with the participant's contributions and rollover contributions and an allocation of employer contributions, if any. Each participant's account will increase or decrease with the market value of the investments and the cost of investment management expenses and transactional costs and service charges. Allocations, other than participants' contributions, are based on participant compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

d. Vesting - Participants are immediately vested in their contributions plus actual earnings less losses thereon. Any employer optional contributions plus actual earnings less losses thereon become 100% vested after a participant has one year of service.

(continued)

1. Description of the Plan (continued)

e. Investment options - In accordance with the plan document the Plan's funding vehicle is a Group Annuity Contract which is an unallocated funding arrangement by which contributions are sent to MassMutual, to invest and to pay benefits to Plan participants. Available investment options include a guaranteed interest account (GIC) and twenty two pooled separate accounts (SIA). Pooled separate accounts are collective investments in mutual funds.

f. Notes receivable from participants - Participants may borrow from their fund accounts up to two loans from $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance as of the most recent valuation date. Terms of the notes range from one to five years. Note proceeds used to acquire a principal residence shall be repaid over a period not to exceed 30 years. Notes are secured by the balance in the participant's account and bear interest at two percentage points above the prime rate in effect at the note application date. Principal and interest is paid through payroll deductions. Interest rates are 5.25% to 6.50% and outstanding notes at December 31, 2017 and 2016 were $18,448 and $13,106 respectively.

g. Distribution of benefits - Benefits are distributable to a participant upon termination of his or her employment with the Company or upon becoming totally and permanently disabled. A participant may elect to receive such distribution as a lump sum payment, or upon reaching retirement age as defined by the Plan agreement, purchase an annuity contract meeting conditions specified in the Plan agreement. Upon death of a participant, benefits are distributable to his or her designated beneficiary as a lump sum. Hardship withdrawals are permitted pursuant to the terms of the Plan agreement.

h. Forfeited accounts - Forfeited accounts are used to reduce future matching contributions or Plan expenses by the Company. At December 31, 2017 and 2016 there were no forfeited nonvested account balances.

2. Summary of significant accounting policies

a. Basis of accounting and presentation - The financial statements of the Plan are prepared on the accrual method of accounting.

(continued)

2. Summary of significant accounting policies (continued)

b. Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment valuation and income recognition - The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract (see note 5), which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by MassMutual. See note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income on the GIC is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are charged to the borrower's participant account. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

e. Payment of benefits - Benefits are recorded when paid.

f. Risks and uncertainties - The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of the investments after the date of these financial statements.

(continued)

2. Summary of significant accounting policies (continued)

g. Administrative expenses - Certain expenses incurred maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are deducted from net appreciation in fair value of investments.

h. Reclassifications - Certain reclassifications have been made to the financial statements and related notes for the prior year to conform to the current year presentation.

3. Investments certified by Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the participant directed investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation/(depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by MassMutual, the Custodian.

4. Fair value measurements

The Plan reports investments in accordance with ASC 820 *Fair Value Measurements* that establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(continued)

4. Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Pooled Separate Accounts: Valued at the underlying fair values of the investments in mutual funds in the pooled separate accounts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at fair value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:	$ -	2,592,982	-	$2,592,982

	Assets at fair value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:	$ -	2.088,049	-	$2,088,049

(continued)

5. Investment at contract value

The Plan has a fully benefit-responsive investment contract (the Contract) with MassMutual (the Issuer), reported at Contract Value in the amount of $379,320 and $389,638 for the years ended December 31, 2017 and 2016, respectively. The Contract is a guaranteed interest account (GIC) provided through a group annuity contract which invests in the MassMutual general investment account, that is backed by its general assets and is credited with earnings based on a credit rate established in advance by MassMutual.

The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at Contract Value. Contract Value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions, such as withdrawals and transfers, under the terms of the Plan. Contract Value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at Contract Value.

The Plan's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to a participant termination of employment due to (1) removal of a group of participants from Plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or sale or discontinuance of all or any part of the Plan Sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classification of participants; (2) partial or complete Plan termination; or (3) Plan disqualification. No events are probable of occurring that might limit the ability of the Plan to transact at Contract Value with the issuer and that also would limit the ability of the Plan to transact at Contract Value with the participants.

(continued)

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

7. Federal income taxes

The Internal Revenue Service (IRS) has determined and informed the Plan by letter dated May 11, 2009, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related Trust is exempt from income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax for years prior to 2014.

8. Related-party transactions and party in interest transactions

Certain Plan investments are managed by MassMutual. MassMutual is the Custodian and Recordkeeper for the Plan; therefore, these transactions qualify as party in interest transactions.

9. Subsequent events

Management has evaluated the impact of all subsequent events on the Plan through July 23, 2018, the date the financial statements are available to be issued. Management has determined that there are no material subsequent events that would require disclosure in or adjustments to the Plan's financial statements.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.

INDEPENDENT AUDITORS' REPORT

To T.S.R. Inc. Sponsor, of the
T.S. R. Contract Employee Consultants 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the T.S.R. Contract Employee Consultants 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual

Life Insurance Company, (MassMutual), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that MassMutual held the Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2017 and 2016. The Plan Administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by MassMutual, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

T.S.R. CONTRACT EMPLOYEE CONSULTANTS 401(k) SAVING PLAN
Notes to the Financial Statements
December 31, 2017 and 2016

1. Description of the Plan

The following description of the T.S.R. Contract Employee Consultants 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. TSR Inc. is the Sponsor and Plan Administrator of the Plan. Massachusetts Mutual Life Insurance Company (MassMutual) served as Record Keeper and Custodian holding the Plan Assets for 2017 and 2016.

a. General - The Plan, which was adopted on January 1, 1987 and amended January 1, 1994 and restated September 1, 2015, is a defined-contribution plan covering all of the contract employee consultants of TSR Consulting Services Inc. and Logixtech Solutions LLC (the Company). An employee can enroll in the Plan on the first day of the month following the date the employee reaches the age of 21 and has six months of continuous service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code (IRC). Certain employees of the Company act as the Plan Administrator.

b. Contributions - Each year, participants may voluntarily contribute, by salary reduction, a percentage of their compensation up to the maximum amount allowable under the Internal Revenue Code. Rollover contributions will be accepted from current employees. The Company at its sole discretion may make optional contributions but has not made such contributions. All contributions are invested by the custodian as stipulated by the participant.

c. Participants' accounts - Company and participants' contributions are accounted for separately in individual participant's accounts. Each participant account is credited with the participant's contributions and rollover contributions and an allocation of employer contributions, if any. Each participant's account will increase or decrease with the market value of the investments and the cost of investment management expenses and transactional costs and service charges. Allocations, other than participants' contributions, are based on participant compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

d. Vesting - Participants are immediately vested in their contributions plus actual earnings less losses thereon. Any employer optional contributions plus actual earnings less losses thereon become 100% vested after a participant has one year of service.

(continued)

1. Description of the Plan (continued)

e. Investment options - In accordance with the plan document the Plan's funding vehicle is a Group Annuity Contract which is an unallocated funding arrangement by which contributions are sent to MassMutual, to invest and to pay benefits to Plan participants. Available investment options include a guaranteed interest account (GIC) and twenty two pooled separate accounts (SIA). Pooled separate accounts are collective investments in mutual funds.

f. Notes receivable from participants - Participants may borrow from their fund accounts up to two loans from $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance as of the most recent valuation date. Terms of the notes range from one to five years. Note proceeds used to acquire a principal residence shall be repaid over a period not to exceed 30 years. Notes are secured by the balance in the participant's account and bear interest at two percentage points above the prime rate in effect at the note application date. Principal and interest is paid through payroll deductions. Interest rates are 5.25% to 6.50% and outstanding notes at December 31, 2017 and 2016 were $18,448 and $13,106 respectively.

g. Distribution of benefits - Benefits are distributable to a participant upon termination of his or her employment with the Company or upon becoming totally and permanently disabled. A participant may elect to receive such distribution as a lump sum payment, or upon reaching retirement age as defined by the Plan agreement, purchase an annuity contract meeting conditions specified in the Plan agreement. Upon death of a participant, benefits are distributable to his or her designated beneficiary as a lump sum. Hardship withdrawals are permitted pursuant to the terms of the Plan agreement.

h. Forfeited accounts - Forfeited accounts are used to reduce future matching contributions or Plan expenses by the Company. At December 31, 2017 and 2016 there were no forfeited nonvested account balances.

2. Summary of significant accounting policies

a. Basis of accounting and presentation - The financial statements of the Plan are prepared on the accrual method of accounting.

(continued)

2. Summary of significant accounting policies (continued)

b. Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment valuation and income recognition - The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract (see note 5), which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by MassMutual. See note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income on the GIC is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are charged to the borrower's participant account. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

e. Payment of benefits - Benefits are recorded when paid.

f. Risks and uncertainties - The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of the investments after the date of these financial statements.

(continued)

2. Summary of significant accounting policies (continued)

g. Administrative expenses - Certain expenses incurred maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are deducted from net appreciation in fair value of investments.

h. Reclassifications - Certain reclassifications have been made to the financial statements and related notes for the prior year to conform to the current year presentation.

3. Investments certified by Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the participant directed investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation/(depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by MassMutual, the Custodian.

4. Fair value measurements

The Plan reports investments in accordance with ASC 820 *Fair Value Measurements* that establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(continued)

4. Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Pooled Separate Accounts: Valued at the underlying fair values of the investments in mutual funds in the pooled separate accounts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at fair value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total

5. Investment at contract value

The Plan has a fully benefit-responsive investment contract (the Contract) with MassMutual (the Issuer), reported at Contract Value in the amount of $379,320 and $389,638 for the years ended December 31, 2017 and 2016, respectively. The Contract is a guaranteed interest account (GIC) provided through a group annuity contract which invests in the MassMutual general investment account, that is backed by its general assets and is credited with earnings based on a credit rate established in advance by MassMutual.

The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at Contract Value. Contract Value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions, such as withdrawals and transfers, under the terms of the Plan. Contract Value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at Contract Value.

The Plan's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to a participant termination of employment due to (1) removal of a group of participants from Plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or sale or discontinuance of all or any part of the Plan Sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classification of participants; (2) partial or complete Plan termination; or (3) Plan disqualification. No events are probable of occurring that might limit the ability of the Plan to transact at Contract Value with the issuer and that also would limit the ability of the Plan to transact at Contract Value with the participants.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

7. Federal income taxes

The Internal Revenue Service (IRS) has determined and informed the Plan by letter dated May 11, 2009, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related Trust is exempt from income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax for years prior to 2014.

8. Related-party transactions and party in interest transactions

Certain Plan investments are managed by MassMutual. MassMutual is the Custodian and Recordkeeper for the Plan; therefore, these transactions qualify as party in interest transactions.

9. Subsequent events

Management has evaluated the impact of all subsequent events on the Plan through July 23, 2018, the date the financial statements are available to be issued. Management has determined that there are no material subsequent events that would require disclosure in or adjustments to the Plan's financial statements.
