Note 1 – Description of Plan

The following description of the Pilgrim Bancorporation 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering the employees of Pilgrim Bancorporation ("the Company"). Employees must be 21 years old to participate in the Plan. Employees are eligible to participate when hired, if they meet the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
Each year, participants may contribute up to 90% of pre-tax annual compensation as defined by the Plan. Participants may also make Roth (after-tax) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes discretionary matching contributions. In 2017 and 2016, the Company contributed 100% of the first 5% of base compensation that a participant contributed to the Plan. Contributions are subject to certain limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, and Plan earnings. Allocations of Plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, a participant may direct employee and matching contributions in any of the available investment options. These investment options are comprised of a variety of mutual funds. Each of these investment vehicles has a distinct investment strategy, allowing adequate selection for participants wishing to thoroughly diversify their portfolios. Participants may change their investment options and their contribution percentages at any time.

Vesting
Participants are immediately vested in their contributions plus actual earnings, thereon. Vesting in the Company's discretionary contribution portion of their account plus actual earnings is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants
The Plan does not allow for participant loans.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or direct rollover distribution.

Forfeited Accounts
At December 31, 2017 and 2016, forfeited non-vested accounts totaled $196 and $833, respectively. These accounts are applied toward administrative expenses and funding of matching contributions. In 2017, the matching contribution funding and administrative expenses were reduced by $650 from forfeited non-vested accounts.

Note 1 – Description of Plan, continued

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in Company's discretionary contribution portion of their accounts.

Plan Administration
The Plan is administered by the Company's board of directors ("the Board"). The Board supervises the administration and enforcement of the Plan. Certain Board members may be employees of the Company. All administrative fees and record keeping expenses incurred by the Plan are currently paid by the Company with the exception of participant-initiated charges which include charges to set up an annuity or installment payments and activity charges for other withdrawals.

Note 2 – Summary of Accounting Policies

Date of Management's Review
Subsequent events were evaluated through June 26, 2018, which is the date the financial statements were available to be issued.

Estimates
The Plan made estimates and assumptions in preparing these financial statements in conformity with generally accepted accounting principles. Actual results could differ from these estimates.

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition
The investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Investment earnings are recorded on the accrued basis. Benefits are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 – Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Mutual funds	$ 5,656,749	$ 5,656,749	$ -	$ -
Total	$ 5,656,749	$ 5,656,749	$ -	$ -
December 31, 2016				
Mutual funds	$ 4,998,885	$ 4,998,885	$ -	$ -
Total	$ 4,998,885	$ 4,998,885	$ -	$ -

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market methods, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Information Prepared and Certified by the Custodians (Unaudited)

Consistent with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the independent auditors not to audit the information certified as complete and accurate by the Plan's custodian. The investment information as of December 31, 2017 and 2016 was certified by Hartford Life Insurance Company.

	2017	2016
Mutual funds, at fair value	$ 5,656,749	$ 4,998,885
Fixed account fund, at contract value	1,675,668	1,362,851
	$ 7,332,417	$ 6,361,736

Note 4 - Information Prepared and Certified by the Custodians (Unaudited), continued

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2017
Net appreciation from mutual funds	$ 839,966
Interest and dividends	42,538
	$ 882,504

Note 5 – Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 6 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Assets invested in the various funds are not guaranteed, are not federally insured by the Federal Deposit Insurance Corporation, and are subject to certain risks, including loss of principal.

Note 7 – Excess Contributions Payable

Contributions received from participants for 2017 are net of payments of $0 made in 2018, and $465 for 2016 made in 2017. These payments represent excess deferral contributions from certain active participants that must be returned to satisfy the relevant nondiscrimination provisions of the Plan. The amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2017 and 2016.

Note 8 – Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Note 9 – Related Party Transactions

Certain Plan investments are managed by Hartford Life Insurance Company, the investment custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Schedule H of Form 5500:

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2017 - 12/31/2017 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$945.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2017 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2017, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$152.22**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (1.367% for 2017) earned on the bank accounts and investments associated with the short-term investment pool for the 2017 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2017 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and,

if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Note 1 – Description of Plan

The following description of the Pilgrim Bancorporation 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering the employees of Pilgrim Bancorporation ("the Company"). Employees must be 21 years old to participate in the Plan. Employees are eligible to participate when hired, if they meet the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
Each year, participants may contribute up to 90% of pre-tax annual compensation as defined by the Plan. Participants may also make Roth (after-tax) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes discretionary matching contributions. In 2017 and 2016, the Company contributed 100% of the first 5% of base compensation that a participant contributed to the Plan. Contributions are subject to certain limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, and Plan earnings. Allocations of Plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, a participant may direct employee and matching contributions in any of the available investment options. These investment options are comprised of a variety of mutual funds. Each of these investment vehicles has a distinct investment strategy, allowing adequate selection for participants wishing to thoroughly diversify their portfolios. Participants may change their investment options and their contribution percentages at any time.

Vesting
Participants are immediately vested in their contributions plus actual earnings, thereon. Vesting in the Company's discretionary contribution portion of their account plus actual earnings is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants
The Plan does not allow for participant loans.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or direct rollover distribution.

Forfeited Accounts
At December 31, 2017 and 2016, forfeited non-vested accounts totaled $196 and $833, respectively. These accounts are applied toward administrative expenses and funding of matching contributions. In 2017, the matching contribution funding and administrative expenses were reduced by $650 from forfeited non-vested accounts.

Note 1 – Description of Plan, continued

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in Company's discretionary contribution portion of their accounts.

Plan Administration
The Plan is administered by the Company's board of directors ("the Board"). The Board supervises the administration and enforcement of the Plan. Certain Board members may be employees of the Company. All administrative fees and record keeping expenses incurred by the Plan are currently paid by the Company with the exception of participant-initiated charges which include charges to set up an annuity or installment payments and activity charges for other withdrawals.

Note 2 – Summary of Accounting Policies

Date of Management's Review
Subsequent events were evaluated through June 26, 2018, which is the date the financial statements were available to be issued.

Estimates
The Plan made estimates and assumptions in preparing these financial statements in conformity with generally accepted accounting principles. Actual results could differ from these estimates.

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition
The investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Investment earnings are recorded on the accrued basis. Benefits are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 – Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Mutual funds	$ 5,656,749	$ 5,656,749	$ -	$ -
Total	$ 5,656,749	$ 5,656,749	$ -	$ -
December 31, 2016				
Mutual funds	$ 4,998,885	$ 4,998,885	$ -	$ -
Total	$ 4,998,885	$ 4,998,885	$ -	$ -

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market methods, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Information Prepared and Certified by the Custodians (Unaudited)

Consistent with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the independent auditors not to audit the information certified as complete and accurate by the Plan's custodian. The investment information as of December 31, 2017 and 2016 was certified by Hartford Life Insurance Company.

	2017	2016
Mutual funds, at fair value	$ 5,656,749	$ 4,998,885
Fixed account fund, at contract value	1,675,668	1,362,851
	$ 7,332,417	$ 6,361,736

Note 4 - Information Prepared and Certified by the Custodians (Unaudited), continued

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2017
Net appreciation from mutual funds	$ 839,966
Interest and dividends	42,538
	$ 882,504

Note 5 – Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 6 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Assets invested in the various funds are not guaranteed, are not federally insured by the Federal Deposit Insurance Corporation, and are subject to certain risks, including loss of principal.

Note 7 – Excess Contributions Payable

Contributions received from participants for 2017 are net of payments of $0 made in 2018, and $465 for 2016 made in 2017. These payments represent excess deferral contributions from certain active participants that must be returned to satisfy the relevant nondiscrimination provisions of the Plan. The amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2017 and 2016.

Note 8 – Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Note 9 – Related Party Transactions

Certain Plan investments are managed by Hartford Life Insurance Company, the investment custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Schedule H of Form 5500:

	2017	2016
Net assets available for benefits per the financial statements	$ 7,543,855	$ 6,567,116
Less: employer's contributions receivable at the end of the year	(211,438)	(205,845)
Add: excess contributions payable at the end of the year - see Note 7	-	465
