NOTES TO FINANCIAL STATEMENTS

Paradigm Metals, Inc. 401 (K) P/S Plan
Notes to Financial Statements
December 31, 2015 and 2014

NOTE 1-DESCRIPTION OF PLAN

The following description of the Paradigm Metals, Inc. 401(k) P/S Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, except non-resident aliens and collective bargaining (union) employees, who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The entry date will be the first day of the Plan Year or the first day of the seventh month of the Plan Year next following the date the employee satisfies the eligibility requirements. The plan assets are invested in a group annuity contract with Sentry Life Insurance Company (SLIC) that allows contributions to be allocated among investment options which include the Guaranteed Fund and Separate Accounts at the discretion of the participant. The Plan's Administrator is Paradigm Metals, Inc., which is responsible for the day-to-day administration and operation of the Plan.

Contributions

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis as an elective deferral. Total deferrals in any taxable year may not exceed the limit set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's deferral each payroll period. Each year, the Company will determine the formula for the discretionary matching contribution.

Participant Accounts

Participants are able to direct the investment of their entire interest in the Plan. If investment elections are not made, then the Participant's accounts are invested in accordance with the default investment alternatives established under the Plan.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on Participant's account balance or may be charged equally to each Participant. In addition, some types of expenses may be charged only to some Participants based upon their use of a Plan feature or receipt of a plan distribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1-DESCRIPTION OF PLAN-Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on the below 6-year graded vesting schedule.

Vesting Schedule Nonelective/ Matching Contributions	
Years of Service	**Percentage**
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits.

On termination of service or a participant who remains employed but who must receive lifetime RMDs, may elect to receive a lump-sum, installments, Ad-Hoc distributions, or select from various annuity options available from Sentry Life Insurance Company in the amount equal to the value of the Participant's vested interest in his or her account. Hardship withdrawals are also available for active employees subject to certain limitations.

NOTE 1-DESCRIPTION OF PLAN-Continued

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $624 and $44, respectively. These accounts will be used to reduce future plan expenses and employer contributions. Also, in 2015, plan administrative fees were reduced by $44 from forfeited nonvested accounts.

NOTE 2-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 17, 2016, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

NOTE 2-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements.

NOTE 3-FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The levels of the fair value hierarchy are described below:

Level 1- inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2- inputs consist of observable inputs other than quoted prices for identical assets.

Pooled Separate Accounts (PSA)- The Plan's assets are invested in a Group Annuity Contract with Sentry Life Insurance Company that allows contributions to be allocated to a Pooled Separate Accounts at the discretion of the plan sponsor. Investments in pooled separate accounts represent ownership of units of participation (Units), rather than ownership of specific assets. The value of any one pooled separate account is determined by aggregating the value of all of the Units held by the Plan. The balance of a single Unit is the total value of the pooled separate accounts underlying investments plus other assets less liabilities divided by the number of Units outstanding. Investments in the pooled separate accounts are valued at fair value which is generally determined by the quoted market price of the underlying investments.

Level 3- inputs are unobservable and have the lowest priority

Guaranteed Fund- The Plan's assets are invested in a Group Annuity Contract with Sentry Life Insurance Company that allows contributions to be allocated to a Guaranteed Fund at the discretion of the plan sponsor. A secondary market providing the opportunity to sell the contract held by the Plan does not exist. Fair value represents contributions made under the contract, plus interest, less funds used to pay benefits and expenses. The contract is an unsecured general obligation of Sentry Life Insurance Company. Sentry Life Insurance Company is rated A+ by the A.M Best Company.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

NOTE 3-FAIR VALUE MEASUREMENTS- Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

December 31, 2015	Fair Value	Fair Value Measurements at the End of the Reporting Period Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable inputs (Level 3)
Investments:				
Guaranteed Fund:				
Fixed Income	$ 445,739	$ -	$ 445,739	$ -
Pooled Separate Accounts:	-	-	-	-

Total assets at fair value	$ 1,514,297	$ -	$ 445,739	$ 1,068,558

December 31, 2014	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable inputs (Level 3)
Investments:				
Guaranteed Fund:

Fixed Income	24,704	-	-	24,704
Total assets at fair value	$ 1,410,855	$ -	$ 426,280	$ 984,575

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 3-FAIR VALUE MEASUREMENTS- Continued

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	Guaranteed Fund
Balance, beginning of the year	$ 426,280
Contributions	54,963
Forfeitures	(1)
Gains/Losses	10,777
Transfers	(24,150)
Distributions	(22,130)
Balance, end of year	$ 445,739

A brief description of each category's stated investment option and objective follows:

Guaranteed Fund: Fixed Income- This asset class provides a fixed rate of return and investment security. The Guaranteed Fund provides participants with a guaranteed, fixed interest rate, a guarantee that the principal will not suffer a decline in value, and guaranteed annuity purchase rates to provide an income for life as long as the group annuity contract is in force. These guarantees are backed by the financial strength of Sentry Life Insurance Company of New York (SLONY). Fixed Income options are generally the most conservative investments.

Pooled Separate Accounts: Fixed Income- This asset class is a conservative investment. These investments pursue income through bonds. As a fixed income investor, you are loaning your money to a person, business, or a government entity, who is expected to pay interest on the loan and repay the loan amount in full when it is due.

Pooled Separate Accounts: Target Retirement- This asset class is more risky than fixed income accounts but less risky than equity accounts. These investments pursue growth and income generally by divide dollars into a mix of bonds for income and common stocks for growth. Target date accounts are designed and managed around an approximate retirement year. (e.g. 2025) As an investor grows older, the account automatically becomes more conservative by increasingly allocating assets to pursue income.

Pooled Separate Accounts: Equity/Income Blended- This asset class is more risky than fixed income options but less risky than equity options. These investments pursue growth and income generally divide dollars into a mix of bonds for income and common stocks for growth. Some equity/income blended investments may simply own dividend-paying common stocks, thereby pursuing both income (form dividends earned) and growth (from stock when they grow in value).

NOTE 3-FAIR VALUE MEASUREMENTS- Continued

Pooled Separate Accounts: Equity Funds- This asset class has the highest degree of investment risk. These investments pursue growth through common stocks, which represent ownership in a business. The investment will achieve growth only as that business grows and the value of its stock increases.

NOTE 4-GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2015, the Plan entered into a fully benefit-responsive guaranteed investment contract with Sentry Life Insurance Company (SLIC). The Plan's asset is not the underlying assets in the Guaranteed Fund, but rather, the contract. Therefore, the Plan does not own such underlying assets, but rather owns a series of promises or guarantees that are embedded in the contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the most reasonable estimate of fair value for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by SLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the guaranteed investment for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2015 and 2014, was $455,739 and $426,280, respectively. The crediting interest rate is not based directly on the actual performance of the underlying securities in the Guaranteed Fund, but rather determined in the contract. Crediting interest rates are reviewed at least as frequently as annually basis for resetting. The underlying risks of the Guaranteed Fund are assumed by Sentry who is obligated to support the interest guarantees. The only risks passed on to the client are: (1) Sentry's discretion to set the guaranteed rate of return and (2) Enforcement of surrender charges or market value charges that may be triggered if funds are withdrawn. The contract allows for withdrawals for benefit payments under the Company's pension plan without penalty.

NOTE 5-RELATED PARTY TRANSACTIONS

The Plan assets are invested in a group annuity contract with Sentry Life Insurance Company (SLIC) that allows contributions to be allocated among investment options which include the Guaranteed Fud and Separate Accounts at the discretion of the participant. As a result, SLIC qualifies as a party-in-interest to the Plan with respect to transactions related to these investments. The fair market value of investments held by the Plan at the end of the year totaled $1,514,297 as of December 31, 2015, and $1,410,855 as of December 31, 2014. Fees paid by the Plan for the investment management services amounted to $2,150. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ER

NOTE 6-PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7-RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 1,548,796	$ 1,434,951
Participants' contribution receivable	(3,720)	-
Net assets available for benefits per the Form 5500	$ 1,544,452	$ 1,434,951

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2015, to Form 5500:

Net Income per financial statements	$ 113,846
Less: Participants' contribution not deposited into plan until 1/14/2016	(3,720)
Net income per Form 5500	110,126

NOTE 8-TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October, 31, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 9-RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10-INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Sentry Life Insurance Company, the trustee of the plan, has certified the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 2015 and 2014; the supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2015 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
