INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
VP Supply Corporation 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of VP Supply Corporation 401(k) Profit Sharing Plan, which comprise the statement of net assets available for plan benefits as of December 31, 2017, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Company of New York and Great West Trust Company, LLC, the trustees of the plan, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the accompanying 2017 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets held for investment purposes as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2016 Financial Statements

The financial statements of the plan as of December 31, 2016 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustees. Their report, dated October 12, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustees, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

are an integral part of these statements.

1. Description of Plan

The following description of the VP Supply Corporation 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on May 15, 1968 and is a salary reduction plan pursuant to Section 401(K) of the Internal Revenue Code. It covers substantially all employees of V.P. Supply Corporation ("the Company") who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

Each employee of the Company shall be entitled to make his or her own contributions (elective deferrals) to the Plan upon completion of six months of continuous service and also upon attaining age 21. In addition, each employee shall be entitled to receive employer discretionary matching contributions and employer discretionary profit sharing contributions. Once eligibility requirements have been met, participants may enter the Plan at the beginning of each plan quarter beginning on the first day of January, April, July or October.

Contributions

Participants may elect to defer a portion of their salary into the Plan as qualified pre-tax contribution or as an elective after-tax Roth contribution at their own discretion. The maximum contribution each participant may make in each year is subject to federal limits.

During 2017 and 2016, qualified pre-tax contributions totaled $451,118 and $311,840, respectively. During 2017 and 2016, elective after-tax Roth contributions totaled $73,259 and $71,873, respectively.

Each year, the Company may make matching contributions on behalf of each eligible participant in an amount designed by its Board of Directors. For 2017 and 2016, the Company elected to make matching contributions equal to 25% of the participant's elective deferrals up to 4% of compensation. During 2017 and 2016, matching contributions, net of forfeitures applied, totaled $65,972 and $48,632.

The Company may also decide each plan year to make a discretionary profit sharing contribution (non-elective contribution) on behalf of the eligible participants as determined annually by the Board of Directors. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution, the participant must be credited with more than 500 hours of service during the plan year and be employed on the last day of the plan year. During 2017 and 2016, the Company made no discretionary profit sharing contributions.

1. **Description of Plan** (Continued)

Contributions (Continued)

The Company may also contribute an amount which it designates as a qualified discretionary contribution (qualified non-elective contribution). This contribution may be included in the actual deferral percentage test or the actual contribution percentage test. Qualified discretionary contributions shall be allocated only to non-highly compensated employees in proportion to his or her compensation as a percentage of the compensation of all eligible employees for the plan year. During 2017 and 2016, the Company made no qualified discretionary contributions.

In addition, participants may transfer funds from other qualified plans with the consent of the plan administrator.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution(s) and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals as well as earnings thereon. Vesting in the employer discretionary matching and profit-sharing contributions is based on years of continuous service.

Vesting on these contribution types is determined in accordance with the following schedule:

Years of Service (1,000 or More Hours of Service in a Plan Year)	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant is 100% vested if the following occurs while the participant is an employee: attainment of early retirement age, death or disability.

1. **Description of Plan** (Continued)

Payment of benefits

Upon termination of service due to death, disability, termination or retirement, the entire account balance, if less than $1,000, will be distributed in the form of a lump-sum payment. If the account balance is greater than $1,000, the participant may choose a lump-sum distribution or to receive required minimum distributions as permitted under the Internal Revenue Code.

The plan permits participants who have attained the age of 59½ and are still employed by the Company to obtain distributions from their vested accounts.

Withdrawals are permitted in cases of financial hardship as provided for in the Plan and in government regulations. Upon a hardship withdrawal, participants' elective deferral contribution will be suspended for a period of six months following the date of withdrawal. After-tax Roth deferrals are eligible for hardship withdrawals.

Forfeited accounts

Forfeitures arising under the Plan may, at the Company's discretion, be used for payment of the Plan's administrative expenses or to reduce the Plan sponsor's contributions, subject in some cases to a five-year suspension for a break in service. For the years ended December 31, 2017 and 2016, forfeitures activity consisted of the following:

	2017	2016
Forfeitures available for use, beginning of year	$ 1,360	$ 8,366
Forfeitures generated	3,006	1,551
Earnings and other credits on forfeitures	2,946	478
Forfeitures used to reduce employer contributions	(2,940)	(9,035)
Forfeitures available for use, end of year	$ 4,372	$ 1,360

Notes receivable from participants

The Plan allows participants to borrow funds from their accounts. Loans must be a minimum of $1,000 and may not exceed the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts. Each loan shall bear interest at the prime rate plus 2%. The prime rate of interest was 4.50% at December 31, 2017. Repayments of principal and interest are made through payroll withholding. At any time, no more than two loans may be outstanding from the Plan to a participant.

1. **Description of Plan** (Continued)

Administrative expenses

The plan sponsor has elected to pay certain administrative fees of the Plan. For 2017 and 2016, administrative expenses consisted of the following:

	2017	2016
Total administrative expenses	$ 38,263	$ 11,762
Less: Expenses paid by plan sponsor	9,360	8,650
	$ 28,903	$ 3,112

2. **Summary of Significant Accounting Policies**

New accounting pronouncements

In May, 2015 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820), which provides new methods for employee benefit plan reporting and disclosures. The guidance is effective for annual periods beginning after December 15, 2016 with early application permitted. Effective January 1, 2017, the Plan has implemented this accounting pronouncement with retrospective application (see **Investments**).

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and present the net assets available for plan benefits and changes in those net assets.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. **Summary of Significant Accounting Policies** (Continued)

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Values are determined based on quoted market prices in active markets.

Group annuity contract: Valued at the contract value of the underlying investments, which approximates fair value. The fund may invest in fixed interest insurance contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2014.

Reclassification

Certain prior year amounts have been reclassified to conform with the current year presentation. These reclassifications had no effect on previously reported results of net assets available for plan benefits.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent plan year and July 19, 2018, the date the financial statements were available to be issued.

3. Information Certified by the Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Company of New York and Great West Trust Company, LLC, the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits and the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

Effective January 1, 2017 the Plan adopted FASB ASU 2015-07 and has accordingly removed investments for which fair value is measured using the net asset value per share practical expedient from the fair value hierarchy for all periods presented.

The fair values of investments determined to be level 1 assets as of December 31, 2017 and 2016 consisted of:

	2017	2016
Mutual funds	$5,668,839	$4,925,206

The value of other investments not included in the fair value hierarchy as of December 31, 2017 and 2016 consisted of:

	2017	2016
Group annuity contract	$ 639,852	$ 621,125

5. Related Party Transactions

The Plan invests in a group annuity contract managed by affiliates of Great West Life & Annuity Insurance Company of New York. Great West Life & Annuity Insurance Company of New York acted as the trustee for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions, which were exempt from prohibited transaction rules. Administrative fees paid to Great West Life and Annuity Insurance Company amounted to $29,035 and $2,688 for the years ended December 31, 2017 and 2016.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan obtained its latest determination letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with the applicable provisions of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.
