Professional Employer Resources Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE A – DESCRIPTION OF PLAN

The following description of the Professional Employer Resources Retirement Savings Plan (“the Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

1. General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Professional Employer Resources, Inc. (the “Company”) who have one year of service and are age 21 or older. An employer may elect in the adopting agreement to waive the age and/or service eligibility for individuals who are performing services for the adopting employer as of the date the Plan is adopted. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA.)

The Plan was amended effective January 1, 2017 for the inclusion of a safe harbor provision. Participants should refer to the third amendment to the Plan for more information.

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. The Company may make matching contributions of an amount equal to a percentage an adopting employer may from time to time deem advisable. The Company may make discretionary contributions which are determined annually by the adopting employer. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit in which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

4. Vesting and Forfeitures

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as any safe harbor employer contributions. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Forfeitures shall be used to pay the Plan's ordinary and necessary administrative expenses and then to reduce the matching contribution of the Company.

5. Investments

The Plan is participant directed and participants may invest their contributions in any of the investment funds offered by the Plan. The Plan's trustee is TD Ameritrade Trust Company (TD Ameritrade).

6. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. Loans are treated as an investment option of the participant's account. Only the borrowing participant's account shares in the interest paid on the loan or bears any expense or loss incurred because of the loan. Loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Loan terms are for a maximum of five years except for the purchase of a principal residence which may be for a maximum of 15 years. Principal and interest is paid ratably through biweekly payroll deductions.

NOTE A – DESCRIPTION OF PLAN (continued)

7. Distribution of Benefits

Payment of the participant's entire account balance under the Plan is available only upon retirement, termination of employment, the attainment of age 59 ½, death or total disability. The only available form of distribution is a lump sum payment.

Beneficiaries of participants, who die while participating in the Plan, or before all benefits are paid, will be entitled to receive the entire remaining account balance. In the event of death or permanent and total disability, the full value of the participant's account balance will be available to be distributed in a single lump sum. Upon attainment of age 59 ½ employees may elect to withdraw all or a portion of their entire account balance without penalty while still employed by the Company.

The Plan's provisions provide for hardship withdrawals for certain qualifying events as more specifically described in the Plan document.

During 2017, an adopting employer transferred \$509,678 of Plan assets from the Plan to another qualified 401(k) plan. The transfer is recorded as transfers out on the statement of changes in net assets available for benefits.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

2. Payment of Benefits

Benefits are recorded when paid.

3. Notes Receivable from Participants

In accordance with FASB ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, the Plan has classified loans to participants as notes receivable. The loans are recorded at principal plus any accrued and unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

4. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

5. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

5. Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on the settlement date. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value (NAV) practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate NAV per share are limited under ASU 2015-07 to those investments for which the entity as elected to estimate the fair value using the NAV practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

Plan management adopted ASU 2015-12 in 2016 and ASU 2015-07 in 2017. The new standards have been applied retrospectively in these financial statements.

8. Subsequent Events

The Plan has evaluated subsequent events through July 20, 2018, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Cash and cash equivalents: Money market funds valued at the daily closing price as reported by the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund (CCT): Value based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the CCT's is not publicly traded. The NAV is reported by the trustee of the Plan as of the financial statement date based on recent transaction prices. The CCT's held by the Plan provide for daily redemptions at NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments. The investments in CCT totaling \$3,989 and \$4,454 as of December 31, 2017 and 2016, respectively, are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and, therefore, have not been categorized in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy, of the Plan's assets at fair value:

Fair Value Measurements as of December 31, 2017				
Description	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 4,160	\$ -	\$ -	\$ 4,160

NOTE D – INFORMATION CERTIFIED BY TD AMERITRADE TRUST COMPANY (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified to as being complete and accurate by TD Ameritrade as of December 31, 2017 and 2016 and for the year ended December 31, 2017, and was not subject to any auditing procedures performed by the independent auditors.

	2017	2016
Investments, at fair value	\$ 6,473,672	\$ 5,774,042

Net appreciation in fair value of investments	848,786	N/A
Interest and dividend income	211,226	N/A
Interest on notes receivable from participants	2,678	N/A

NOTE E – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes of risk associated with certain investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – PLAN TERMINATION

It is the intention of the Company to continue the Plan; however, the Company has the right to terminate the Plan at any time, subject to the provisions and penalties set forth by ERISA and the Internal Revenue Code. In the event of Plan termination, participants would become 100% vested in the Company contributions.

NOTE G – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 8, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE G – TAX STATUS (continued)

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE H – ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by TD Ameritrade, as discussed in Note D. Certain administrative functions are performed by the employees of the Company, who receive no compensation from the Plan. In addition, the Company pays for the cost of the Plan's audit and certain other consulting fees.

NOTE I – PARTY-IN-INTEREST

Bluestar Retirement Services (Bluestar), as Plan administrator, is a party-in-interest. Fees paid to Bluestar for Plan administration and recordkeeping services amounted to \$41,568 for the year ended December 31, 2017. TD Ameritrade, as trustee, is also a party-in-interest. Fees paid to TD Ameritrade for trustee services amounted to \$3,097 for the year ended December 31, 2017. Fiduciary Partners Retirement Group, as Plan consultant and advisor, is also a party-interest. Fees paid to Fiduciary Partners Retirement Group for consulting and advisory fees amounted to \$8,950 for the year ended December 31, 2017.

NOTE J – COMMITMENTS AND CONTINGENCIES

Several of the Plan sponsors were deemed top heavy under the Internal Revenue Code section 416 for the year ended December 31, 2017. The Plan will be required to allocate a minimum top-heavy allocation from the respective employer to their non-key employees within this Plan. This allocation is limited to 3% of the employees' pay or the rate at which the highest key employee of the Plan sponsor benefited, whichever is less and will need to be remitted to the Plan by December 31, 2018. Failure to properly allocate this minimum calculation could affect the qualification of the Plan.
