NOTE 1 DESCRIPTION OF THE PLAN

Organization

The Norcom Realty & Affiliates 401(k) Plan (the "Plan") is a defined contribution plan covering all eligible employees of Norcom Realty Corp. and SE Independent Delivery Services, Inc. (collectively referred to as the "Company", the "Employer", or the "Plan Sponsor"). The Plan was established on January 1, 2000, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following brief description of the Plan provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

The Plan covers all eligible employees, as defined by the Plan Document. To participate in the Plan, employees must complete 90 days of credited service, as defined in the Plan Document, and attain the age of 18.

During the year ended December 31, 2017, approximately $42,000 of net assets was transferred into the Plan and approximately $238,000 was transferred out of the Plan. All transfers were from and to an affiliated plan.

Contributions

Participants in the Plan may contribute up to 50% of their annual pretax compensation, not to exceed $18,000, the maximum allowed by the Internal Revenue Code (the "Code") for 2017. The Plan also allows for post-tax contributions to a Roth 401(k). In addition, the Plan permits participants age 50 or over during the Plan year to make additional "catch-up contributions" to the Plan of up to $6,000 for 2017. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may make a discretionary employer matching contribution, which may vary from year to year. The Company's Board of Directors determines the Company's matching contributions to the Plan, which shall not be in excess of 8% of each eligible participant's compensation in any Plan year. As of the last day of each Plan year, the total Company matching contribution and profit sharing contribution to the Plan for that year will be allocated to the account of each eligible participant who is still employed on the last day of the year or who terminated employment due to death, disability, or retirement during the Plan year. The employer matching contribution for the current year was 25% for every dollar contributed, up to the first 8% of each eligible participant's compensation for the Plan Year. For the year ended December 31, 2017, the Employer matching contribution was approximately $89,000, net of forfeitures of approximately $7,000.

Investment Options

Upon enrollment, a participant may direct participant and Employer contributions to any of the Plan's fund options. Participants have a choice of 17 investment options as of

December 31, 2017. Participants may also redirect their contributions or exchange their existing fund account balances on any business day.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocation of Employer contributions and Plan investment results. Allocations are based on compensation or a ratio of the participant's specific account balance to the total of all participants' account balances, as specified in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Notes Receivable From Participants
Participants may borrow from their account balances a minimum of $1,000 to a maximum of the lesser of one half of the vested account value or $50,000. The note must be repaid in at least quarterly installments, amortized over a term of no more than four years, unless the note is for the purchase of a primary residence, in which case a reasonable repayment period is determined at the time of the note. A participant may not have more than one loan outstanding at any point in time. The notes are secured by the balance in the participant's account and bear interest commensurate with bank interest rates at the inception of the loans, as required by the Plan document. Loans outstanding as of December 31, 2017 had interest rates between 4.25% - 7.00%. Principal and interest are paid ratably through payroll deductions. The Plan provides for a single, lump-sum repayment at any time.

Vesting
Participant's contributions, including rollover contributions, and actual earnings thereon, are 100% vested. Employer contributions and actual earnings thereon are incrementally vested over six years of credited service.

Payment of Benefits
Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to the vested amount of their account.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right to amend or discontinue the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the account of each participant will be 100% vested.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts of assets and liabilities and changes therein,

and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments held by the Plan are generally stated at fair value.

Cash equivalents and short-term investments are valued at cost, which approximates fair value.

Equity investments traded on national securities exchanges are valued at their closing market prices. When no trades are reported, they are valued at the most recent bid quotation; securities traded in the over-the-counter market are valued at their last sale or bid price.

Mutual funds are valued at the net asset value (NAV) reported in the active market where the fund is traded on a daily basis.

The common/collective trust funds are valued at the Net Asset Value (the "NAV") of units managed by State Street Global Advisors, the investment management division of State Street Bank and Trust Company. In 2016, these investments were re-evaluated and determined to have readily determinable fair values as compared to being at fair value using NAV as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Gain or loss on sales of securities is based on average cost. Dividend income is recorded on the ex-dividend date. Interest income is recognized as earned on the accrual basis.

Benefit Payments
Benefits are recorded when paid.

Forfeitures
Forfeitures of terminated non-vested accounts are used to reduce Employer contributions. The forfeiture balance at December 31, 2017 was approximately $6,000.

Plan Expenses
Record-keeping fees and audit fees are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in the fair value of investments.

Excess Contributions payable
The statements of net assets available for benefits include a liability for contributions of certain participants in excess of amounts allowed under Sections 401(k) and 401(m) of the Code that will be refunded to the participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

New Accounting Pronouncements – Changes in Accounting Principles

In June 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) No. 2015-10 Technical Corrections and Improvements (ASU 2015-10). ASU 2015-10 covers a wide range of topics in the accounting standard codification and addresses difference between original guidance and the codification, provides clarification on certain guidance including reference corrections, and makes minor improvements to accounting standards. In connection with ASU 2015-10 the disclosures for investments in collective trust funds were reclassified in the fair value hierarchy in Note 4 of the financial statements. The reclassification did not have an impact on the net assets available for benefits or the changes in the net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965),"* a three-part update with the objective to reduce complexity in employee benefit plan accounting. Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires investments measured using fair value be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Part III provides an alternative measurement date for fiscal periods that do not coincide with a month-end date. Part III is not applicable to the Plan. The Plan has adopted ASU 2015-12 and has accordingly modified investment disclosures as described above.

Subsequent Events

In accordance with Financial Accounting Standards Board Accounting Standards Codification "FASB ASC" Topic 855, *Subsequent Events,* the Plan evaluated subsequent events through July 12, 2018; the date the financial statements were available for issue.

NOTE 3 INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by the Trustee.

NOTE 4 FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Plan assessed the guidelines for measuring fair value. These guidelines provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. FASB ASC 820 establishes three levels of fair value hierarchy that are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data are also included. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following methods and assumptions were used to estimate fair value of each class of assets that are recognized at fair value.

Mutual funds and common stocks
The investments are public investment vehicles valued using the NAV provided by the administrator of the Fund. The NAV is based on the value of the underlying assets owned by the Fund, minus the liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common/collective trust funds
These investments are public investment vehicles valued using the NAV provided by the administrator of the Fund. The NAV is based on the value of the underlying assets owned by the Fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within the Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Cash and equivalents
The cash and equivalents balance is carried at cost which approximates fair value due to the short term nature. As such, this balance is classified within Level 1 of the valuation hierarchy.

As of December 31, 2017 and 2016, the Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

	December 31, 2017			
	Fair Value Hierarchy			
	Level 1	Level 2	Level 3	Total
Cash and equivalents	$ 142	$ -	$ -	$ 142
Mutual funds	5,000,751	-	-	5,000,751

Cash and equivalents	7,116	-	-	7,116
	$ 5,170,239	$ 1,712,402	$ -	$ 6,882,641

	December 31, 2016			
	Fair Value Hierarchy			
	Level 1	Level 2	Level 3	Total
Cash and equivalents	$ 81	$ -	$ -	$ 81
Mutual funds	4,482,419	-	-	4,482,419
Common/collective trusts	-	1,497,206	-	1,497,206
Self directed:				
Common stock	111,714	-	-	111,714
Cash and equivalents	25,393	-	-	25,393
	$ 4,619,607	$ 1,497,206	$ -	$ 6,116,813

There were no significant transfers between levels for December 31, 2017 or 2016.

NOTE 5 INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated May 22, 2013, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The

Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is subject to income tax examinations for up to three years after income tax returns are filed.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.109(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the Trustee of certain Plan assets, has certified to the completeness and accuracy of the funds held by them in the reflected statement of changes in assets available for benefits for the year ended December 31, 2017 and the schedule of assets held for investment purposes as of December 31, 2017.

NOTE 8 PARTIES IN INTEREST

Certain Plan investments are funds managed by the Trustee. Transactions involving these investments are considered to be party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of approximately $1,700 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.
