INDEPENDENT AUDITOR'S REPORT

To the Trustees and participants of the Berrodin Co., et al 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Berrodin Co., et al 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Berrodin Co., et al 401(k) Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2017, referred to as "supplemental information" is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Berrodin Co., et al 401(k) Plan
Notes to Financial Statement
As of and for the Years Ended December 31, 2017 and 2016

1. Description of Plan

The following description of the Berrodin Co., et al 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, established as of October 1, 2008, is sponsored by Berrodin Co. (the “Company”). The Plan is a defined contribution plan covering certain employees of the Company who are at least twenty-one years old and have completed one year of service. Union, non-resident alien and leased employees who complete less than 1,000 hours in a twelve month period are ineligible to participate in the Plan. For purposes of salary deferrals and safe harbor contributions, eligible participants may enter the Plan January 1st or July 1st. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2016, the Plan selected PNC Bank, N.A. to become the new trustee and recordkeeper effective approximately March 1, 2016. The change initiated a “Black Out” period beginning on February 22, 2016 and continued through the week of March 20, 2016. During this period, participants’ Plan accounts were not available for investment fund exchanges and distribution requests, including loans. During the Black Out period, employee contributions continued to be made through payroll deductions as well as payments on existing loans. During the Black Out period, participant-directed funds were transferred to PNC Bank, N.A. and invested into new investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available. Nonparticipant-directed funds that were not invested in annuity contracts were transferred into the appropriate target date fund based on the dates of birth of the respective participants. As part of the transition to PNC Bank, N.A., the Plan was amended and restated. The Plan sponsor believes that this amendment and restatement did not significantly change the design or operation of the Plan.

Contributions

Participants may make before-tax contributions, as defined by the Plan. Pre-tax contributions are limited to the maximum amount allowable under the Internal Revenue Code (“IRC”). In addition, participants who have attained age 50 before the close of the Plan year are eligible to make “catch-up” contributions, up to the amount allowable under the IRC. The Company makes matching safe harbor contributions. For the years ended December 31, 2017 and 2016, the Company made a safe harbor contribution equal to 100% (dollar-for-dollar) on the first 3% of eligible participant salary deferrals and an additional 50% on the next 2% of eligible participant salary deferrals.

The Company may also make matching contributions as defined in the Plan document.

The Company, at its sole discretion, may also make profit sharing contributions. Participants must be employed at the end of the Plan year to share in the allocation of the Company contribution. Generally, participants not employed at the end of the Plan year may also share in the allocation of the Company contribution if, during the Plan year, the participant retired, became permanently and totally disabled, or died. No profit sharing contribution was declared for the years ended December 31, 2017 and 2016.

Contributions are subject to certain limitations prescribed by the IRC. Participants, with the consent of the Plan administrator, may also make rollover contributions to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions (such as loan administration fees), as defined in the Plan. The benefit to which a participant is entitled is the benefit that is provided from the participant’s vested account.

Berrodin Co., et al 401(k) Plan
Notes to Financial Statement
As of and for the Years Ended December 31, 2017 and 2016

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Except for loans to acquire a principal residence, which may have repayment terms up to thirty years, the term of the loan cannot exceed five years. Payments of principal and interest are required on at least a quarterly basis and may be made through payroll deductions or directly from the participant to the Plan. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 2% on the date of the loan. Participants may have up to two loans outstanding.

Vesting

Participants are immediately vested in their salary deferrals, rollover contributions and safe harbor contributions plus actual earnings thereon. Participants shall be vested in matching and profit sharing contributions based on their years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	100%

A year of service for vesting purposes is 1,000 hours of service. A participant is 100% vested in their matching or profit sharing contribution if, during the Plan year, the participant retired, became permanently and totally disabled, or died.

Forfeited Accounts

The forfeited, nonvested portion of the employer contributions may be allocated to participants or used to reinstate any previously forfeited balances of participants. Forfeitures may also be used to pay administrative expenses of the Plan. The remaining forfeitures shall then be used to reduce future Company contributions. There were \$758 and \$9,431 of forfeited nonvested accounts as of December 31, 2017 and 2016, respectively. During the years ended December 31, 2017 and 2016, \$9,688 and \$2,194, respectively, were used to pay administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a single-lump sum payment, partial withdrawals or installments but only with respect to minimum required distributions, as defined in the Plan. For termination of service due to other reasons or financial hardship withdrawals, participants may receive the value of the vested interest in their accounts as lump-sum distributions. Balances less than \$1,000 are paid in lump-sum distributions, without requiring participant consent.

Life Insurance Contracts

Participants had the right to request that a portion of their Company's contribution be used to pay the premium of a life insurance contract on his/her life. The premiums on these contracts are charged to the respective participant's account and the value of the life insurance contracts is excluded from the Plan's assets. While no new life insurance policies may be purchased by participants, existing life insurance policies previously purchased may continue in the Plan with the respective participant's account being reduced by the amount of any premiums.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date. The trustee of the Plan determines the Plan's valuation policies utilizing information provided by custodians and investment advisors. See Note 3 for discussion of investments and fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses, and unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Fees

Certain investment returns reflect certain fees paid by the funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published source. These fees are deducted prior to allocation of the Plans' investment earnings activity and thus not separately identifiable as an expense.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses are paid by the Company. Loan, distribution and other administrative fees are paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities in general are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through July 24, 2018, the date the financial statements were available to be issued.

3. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 or 2016.

<i>Registered investment companies:</i>	Valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end.
<i>Collective investment trust:</i>	Valued at the net asset value (NAV) or equivalent based on units of the collective investment trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective investment trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective investment trust will sell the investment for an amount different than the reported NAV.
<i>Annuity contracts:</i>	Valued at contract values supplied by the insurance companies, which utilize a cost approach to approximate fair value.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statement
As of and for the Years Ended December 31, 2017 and 2016

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2017:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 12,125,926	\$ 12,125,926	\$ -	\$ -

Total assets at fair value	<u>\$ 13,625,945</u>	<u>\$ 12,125,926</u>	<u>\$ -</u>	<u>\$ 466,334</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2016:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 10,492,042	\$ 10,492,042	\$ -	\$ -

Total assets at fair value	<u>\$ 11,827,761</u>	<u>\$ 10,492,042</u>	<u>\$ -</u>	<u>\$ 601,576</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2017 and 2016, there were no transfers between levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2017 and 2016.

	<u>Fair Value</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
<u>Investment Type</u>	<u>December 31,</u> <u>2017</u>	<u>December 31,</u> <u>2016</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>
Collective investment trust	\$ 1,033,685	\$ 734,143	\$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2017 and 2016 to its collective investment trust (Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25554), which is composed primarily of fully benefit-responsive investment contracts. Participants' ownership of the collective investment trust is represented in units. Participant transactions (purchases and sales) may occur daily. The investment objective is interest income and the preservation of capital. This investment option provides guaranteed interest rates, which are adjusted quarterly. MetLife guarantees the principal plus accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. MetLife resets the crediting interest rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the underlying investments. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other

Notes to Financial Statement
As of and for the Years Ended December 31, 2017 and 2016

investment options of the Plan, and payments because of retirement, termination of employment, death, disability and in-service withdrawals to the extent allowable by the Plan. It is possible that these redemption rights may be restricted by MetLife in the future in accordance with underlying agreements, including termination of the contract by the Plan sponsor or a full redemption of the collective investment trust. There are no reserves against the contractual values for credit risk of the contract issuer, surrender charges, or otherwise.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2017 and 2016:

Balance, January 1, 2016	\$ 727,248
Realized gains/(losses)	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	-
Interest income	15,976
Redemptions	(141,648)
Balance, December 31, 2016	601,576
Realized gains/(losses)	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	-
Interest income	11,449
Redemptions	(146,691)
Balance, December 31, 2017	\$ 466,334

For those assets with fair value measured using Level 3 inputs, the trustees of the Plan determine the fair value measurement policies and procedures in consultation with the custodians and investment advisors. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements, if any, are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table provides further details of the quantitative information about level 3 fair value measurements as of December 31, 2017 and 2016:

Type	December 31,		Valuation Technique	Significant Unobservable Inputs	Range
	2017 Fair Value	2016 Fair Value			
Annuity contracts	\$ 466,334	\$ 601,576	Cost approach using contract value	N/A (See Note 4 for a discussion of crediting rates)	N/A

4. Nonparticipant-Directed Assets

Information about the net assets available for benefits and the significant components of changes in net assets available for benefits related to the nonparticipant-directed assets is as follows:

Changes in net assets available for benefits:		
Net appreciation (depreciation) in fair value of investments	\$ -	\$ (15,653)
Interest and dividend income	12,764	24,181
Benefits paid to participants	(38,324)	(78,095)
Administrative expenses	(4,339)	(18,978)
Transfers to participant-directed investments	(230,756)	(6,911,305)
	<u>\$ (260,655)</u>	<u>\$ (6,999,850)</u>

The annuity contracts at December 31, 2017 had rates of interest ranging from 1.50% to 3.00%. The annuity contracts at December 31, 2016 had rates of interest ranging from 1.50% to 3.25%. The annuity contracts were obtained through life insurance companies which have the annuitant of the policies being former trustees of the Plan, (prior to PNC Bank, N.A. being named trustee), with the owner of the policy being the Plan. The annuities and their interest rates are guaranteed by the insurance companies. No specific assets or investments are assigned to the annuities other than the general account of the insurance companies. The annuity contract periods vary but typically are up to five years. The annuity contracts often can be extended by the annuitant. Surrender charges vary by contract but can be up to 10% of the accumulation value of the annuity. However, surrender charges, in most cases, do not apply at the end of a guaranteed period, and for certain annuity contracts the surrender charges decrease as the annuity contract approaches maturity. There were no reserves against the contract value for credit risk of the contract issuer or otherwise. The key factors that influenced future interest rates for the annuity contracts are the following: the level of market interest rates, the amount and timing of contributions and the duration of the guaranteed interest period.

5. Tax Status

Effective March 1, 2016, the Company restated the Plan by adopting the PNC Bank, National Association Prototype Cash or Deferred Profit-Sharing Plan. The Internal Revenue Service issued an advisory letter, dated March 31, 2014, stating that the volume submitter profit sharing plan document was designed in accordance with applicable IRC requirements as of that date. Although the Company has not applied for a determination letter for the Plan, and the Plan has subsequently been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2014.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their accounts.

Notes to Financial Statement
As of and for the Years Ended December 31, 2017 and 2016

7. Related-Party and Party In Interest Transactions

Plan investments include a money market fund managed by PNC Bank, N.A., trustee of the Plan. The Plan may issue loans to participants, which would be secured by the balances in the participants' accounts. All other transactions which may be considered parties-in-interest transactions relate to normal Plan management and administrative service, and the related payment of fees. Certain fees of the Plan are also paid by Plan participants. These related transactions would qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

8. Plan Amendments

Effective March 1, 2016, the Company amended and restated the Plan, as part of its transition to PNC Bank, N.A. (see Note 5). The Plan sponsor believes that this amendment and restatement did not significantly change the design or operation of the Plan.

Effective January 1, 2016, the Company amended and restated the Plan to incorporate previous amendments and to update for regulatory changes by adopting a United Retirement Plan Consultants Volume Submitter Profit Sharing Plan with CODA. The IRS issued an advisory letter, dated March 31, 2014, stating that the volume submitter profit sharing plan document was designed in accordance with applicable IRC requirements as of that date. The Plan sponsor believes that this amendment and restatement did not significantly change the design or operation of the Plan.
