NOTES TO FINANCIAL STATEMENTS

The Cleveland Foundation Retirement Plan

1 Description of Plan

The following description of The Cleveland Foundation Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of The Cleveland Foundation (“Organization”) who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was amended effective January 1, 2017. The Organization will contribute contributions equal to 6% of compensation plus 5.7% of excess compensation over the Social Security wage base. The Organization also provides matching contributions equal to 100% of the elective deferral contributions up to a maximum of 3%.

Eligibility:

All employees of the Organization who meet the eligibility requirements are eligible to participate on a voluntary basis in the Plan upon the first day of the month following their date of hire. All employees of the Organization who meet the eligibility requirements and are employed by the Organization for one year, are eligible to receive the employer contribution to the Plan.

Contributions:

Employee Deferrals - Participants may elect a portion of their compensation, up to the maximum allowed by law, to be contributed to the Plan by the Organization. The Plan also allows catch up contributions up to the Internal Revenue Service limits for certain participants who are eligible.

New employees meeting the eligibility requirements, will be automatically enrolled into the Plan at a set employee deferral of 4% of eligible compensation, up to the maximum allowed by law, to be contributed to the Plan by the Organization. This also will include an optional automatic deferral increase provision. Salary deferral contributions for automatically enrolled participants will be increased by 1% each January 1, up to a maximum percentage of 10%. Participants may change this deferral election at any time or elect not to defer into the Plan.

Employer Contributions – Effective January 1, 2017, the Organization makes safe harbor contributions to each eligible participant's account in the amount equal to 6% of the participant's compensation, plus 5.7% of compensation once the participant exceeds the Social Security taxable wage base. In addition to the automatic 6% contribution.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

The Cleveland Foundation Retirement Plan

2 Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncements:

In May, 2015, the FASB Issued Accounting Standards Update No. 2015-07(ASU 2015-07), Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under ASC 820. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. The Plan has adopted ASU 2015-07 and retrospectively applied to 2016. There were no changes to the Statement of Net Assets or Statement of Changes in Net Assets. Certain investment disclosures have been updated to reflect the adoption of ASU 2015-07.

Valuation of Investments:

Investments held in the Plan are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's Custodians. Pooled separate accounts are valued using the market value of its underlying assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Plan.

Plan Termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Risks and Uncertainties:

The Plan's investments include investments with varying degrees of risk such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

The Cleveland Foundation Retirement Plan

2 Summary of Significant Accounting Policies, Continued

Payment of Benefits:

Benefits are recorded when paid.

Reclassifications:

Certain amounts have been reclassified to conform to current year presentation.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through July 19, 2018, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical assets or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

NOTES TO FINANCIAL STATEMENTS

The Cleveland Foundation Retirement Plan

3 Fair Value Measurements, Continued

Mutual Funds:

The fair value of mutual funds are based on quoted market prices and falls in the Level 1 category of the hierarchy.

Money Market Funds:

The fair value of the money market funds are based on amortized cost, which approximates fair value and fall in the Level 2 category of the hierarchy.

Variable Annuities:

The fair value of the variable annuities are valued based on NAV as a practical expedient. Participant transactions (purchases and sales) may occur daily. Participants are not permitted to make electronic transfers back into the same account through a purchase or exchange for 90 calendar days, if a purchase, sale and repurchase within that account is made within a sixty day period, other than for the CREF Money Market Account.

Guaranteed Fixed Income:

The fair value of the guaranteed fixed income fund is based on the value of the participants' principal balance plus a stated crediting interest rate and backed by the general account of Principal Life Insurance Company. The fair value is allocated among the contract holders based on a unit value. This investment falls into the Level 3 category of the valuation hierarchy.

Annuity Investment and Guaranteed Annuity:

The fair value of the guaranteed annuity is backed by TIAA CREF's claims-paying ability, guarantees principal and any additional interest rate additions declared. The fully allocated insurance account is classified in the Level 3 category of the valuation hierarchy.

Pooled Separate Account:

The fair value of the pooled separate account is based on the net fair value of the underlying assets. The underlying investments are valued at fair value based on appraisals of the underlying real estate investments. The fair value is allocated among the contract holders based on a unit value. This investment falls into the Level 3 category of the valuation hierarchy.

The pooled separate account seeks long-term returns through rental income or capital appreciation of its investments. Participant transactions (purchases and sales) may occur daily. Transfers out of the pooled separate account are limited to one per calendar quarter. Although the underlying assets of the pooled separate account cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the pooled separate account with a liquidity guarantee.

4 Tax Status

The Internal Revenue Service has determined that the Organization was qualified as a tax exempt organization under 501(c)(3) of the Internal Revenue Code. The Plan was restated as of January 1, 2015 to comply with ERISA. The Plan has not applied for a determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2017, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.
