Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored by Reynolds Memorial Hospital, Inc. (the Hospital).

General

The Plan, which was established January 1, 2008, is a defined contribution plan which allows participation by all Hospital employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Custodian

- For the period from January 1, 2016 to March 22, 2016, CPI Qualified Plan Consultants, Inc. (CPI) provided record keeping administration of the participant-level information, and subcontracted the plan level reporting and custodial responsibilities to MG Trust Company, LLC (MG Trust). In addition, the Plan had employed an independent registered investment advisor to provide assistance to plan participants.
- For the period from March 23, 2016 to December 31, 2016 and for the plan year January 1, 2017 to December 31, 2017, Empower Retirement (Empower) was engaged to be both the recordkeeper and Custodian, holding the Plan's investment assets and executing investment transactions. In addition, WesBanco Trust & Investment Services assists the plan with various investment related fiduciary duties.

Employee Contributions

The contributions to the plan consist entirely of participant salary deferrals. Each participant may elect to contribute a prescribed percentage or flat dollar amount of his or her compensation to the Plan. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers approximately 28 various mutual funds as investment options to participants.

Employer Contributions

No employer contributions are permitted.

Rollover Contributions and Transfers

Participants may rollover amounts that represent distributions from other qualified plans or transfer amounts directly from other qualified plans.

Funding Policy

The contributions are to be funded to the Plan as soon as they can be reasonably segregated.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions. The earnings (losses) allocation is based on the number of shares held by the participant of each particular investment. Expenses are allocated in the same proportion that each participant's account bears to the total of all participants' accounts as of the point in time when the expense is paid by the Plan, which is generally quarterly.

Vesting

Participants are fully vested immediately upon participation in the Plan.

Participant Loans

Participant loans are not permitted by the Plan.

Hardship Withdrawals

A withdrawal from a participant's account is permitted if the participant has a financial hardship as defined in the Plan document. For the years ended 2017 and 2016, \$2,495 and \$7,815 of the benefits paid to participants were hardship withdrawals.

In-Service Distributions

A participant may withdraw all or a portion of his/her account balance, upon the attainment of age 59 ½. For the years ended 2017 and 2016, \$41,156 and \$275,375 of the benefits paid to participants were in-service distributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or purchase an annuity which will pay annual installments over a term of years. For termination of service for other reasons, a participant may only receive the value of the vested interest in his or her account as a lump sum distribution.

Revenue Sharing – Effective March 23, 2016

With the appointment of Empower, effective March 23, 2016, the investment funds offered by the Plan have fees that are retained by Empower as payment for ongoing management of the fund and other administrative services. The Plan receives a reimbursement of .10% to .50% of the investment option's average daily net assets. The fees are deducted at regular intervals throughout the year. The revenue sharing reimbursement for 2017 and 2016, respectively, was \$19,815 and \$19,994.

Other Fees

The cost related to plan administration and monitoring of transactions including enrollment, payroll deductions, contribution processing, investment offerings, loans, withdrawals, and distributions and maintenance of participant accounts, records and statements in 2017 and 2016 was:

	2017	2016
Recordkeeping and custodial fees	\$ 5,739	\$ 5,234
Trustee fees	17,790	-
Total administrative fees	<u>\$ 23,529</u>	<u>\$ 5,234</u>

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Contributions are recorded by the Plan in the period the wages are earned. In accordance with ASC 965, benefits are recorded when paid.

Investments

Investments are 100% participant directed and are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants (Note 4). Purchases and sales of shares are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investments

Investment Composition

During the years ended December 31, 2017 and 2016, the Plan's investments consisted of:

	Level (Note 4)	Fair Value 2017	Fair Value 2016
Mutual funds	1	\$ 3,539,872	\$ 3,064,127
Fixed interest option	2	192,633	232,630
Total		<u>\$ 3,732,504</u>	<u>\$ 3,296,757</u>

Fixed Interest Option

For the Plan year January 1, 2017 through December 31, 2017; and for the period of March 23, 2016 through December 31, 2016, the Plan offered the Guaranteed Interest Fund option to participants:

- The Guaranteed Interest Fund is a fixed annuity contract that is fully backed by the claims-paying ability of the Great-West Life & Annuity Insurance Company. The fund provides a guaranteed minimum rate of interest. Additional interest is not guaranteed for future months. Participants are entitled to receive full contract value on demand.
- The guaranteed interest rate in effect on December 31, 2017 and 2016 for the Guaranteed Interest Fund was 1.35% and 1.45%.

4. Fair Value

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets in active markets• Quoted prices for identical or similar assets in inactive markets• Inputs other than quoted prices that are observable for the asset• Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
<i>See Note 3 for identification of the level of each class of investments on the recurring basis.</i>	

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value (Continued)

METHODOLOGIES

There have been no changes in the methodologies of the plan's investments. The following is a description of the valuation methodologies used by this Plan:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are actively traded.

Fixed-Interest Option Funds: The fund is reported at contract value. Contract value is equal to the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. Generally there are no events that could limit the ability of the Plan to transact at contract value. Additionally, there are no events that allow the issuer to terminate the contract and which require the Plan to settle at an amount other than contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

5. Plan Termination

The Hospital may terminate the Plan at any time by delivering to the Plan Administrator written notice of such termination. However, to the extent that the Plan holds participant accounts, Plan termination is only permitted if the Hospital does not make contributions to any 403(b) plan during the period beginning on the date of Plan termination and ending 12 months after the distribution of all assets from the terminated Plan.

6. Tax Status

The Internal Revenue Service has no program for 403(b) plan sponsors to apply for a determination of tax exempt status. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. Investment Risk and Market Activity

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and such changes could affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Parties in Interest Transactions

Parties-in-interest is defined by IRS Section 4785(e)(2) and ERISA Section 3(14)(c) to include, among others, any entity that provides services to the Plan. Therefore, all the plan expenses included in the accompanying financial statements are considered parties-in-interest transactions.

Additionally, the following parties in interest relationships have been identified:

- The Plan offers three WesMark funds as investment options to its participants. WesMark funds are managed through WesBanco Trust & Investment Services, a plan fiduciary. As of December 31, 2017 and 2016, \$74,143 and \$75,837 was invested in WesMark funds.
- The Plan offers the Guaranteed Interest Fund as an investment option to its participants. The Guaranteed Interest Fund is a general account product of Great-West Life & Annuity Insurance Company, who is the parent company of Empower Retirement, the Plan's custodian. As of December 31, 2017 and 2016, \$192,633 and \$232,630 was invested in the Guaranteed Interest Fund.

9. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- **Investments** (at fair and contract value), as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- **Investment revenue**, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016.
- **The Schedule of Assets Held at End of Year**, as shown in the Supplemental Information, as of December 31, 2017.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

10. Classification Differences

Form 5500 has certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2017 or 2016.

11. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, July 20, 2018, and determined that no events occurred that require disclosure. No events occurring after this date have been evaluated for inclusion in these financial statements.
