LANDMARK ELECTRIC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2017

NOTE 1: DESCRIPTION OF PLAN

Landmark Electric, Inc. 401(k) Plan (the "Plan") is a single-employer plan sponsored by Landmark Electric, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who have one year of service, are age 18 or older and who have worked for a year during which at least 1,000 hours are credited. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the plan:

The Plan is being administered by a two-person committee appointed by the board of directors of the Company. This committee has the general authority and responsibility to control the operation and administration of the Plan. The Company absorbs a significant portion of the Plan expenses.

Contributions:

Each year, participants may contribute up to 100% of their pretax annual compensation, not to exceed the maximum allowed by law. However, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds in pooled separate accounts and an investment contract as investment options for participants. The Company makes a 25% matching contribution up to 4% of the participant's annual compensation. Contributions are subject to certain statutory limitations.

In addition, for participants covered by prevailing wage contracts, the Company makes prevailing wage contributions on behalf of each participant who performs services subject to the federal, state, or municipal prevailing statutes as compensation paid under such contracts. The Company can offset the total participant's employer contribution allocation by the amount of the prevailing wage contributions. No eligibility conditions apply to prevailing wage contributions unless the prevailing wage contract provides otherwise. The Company did not make a prevailing wage contribution for the year ended December 31, 2017.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2017

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant accounts:

Each participant's account is credited with the participant's contribution, the Company's matching contributions, as well as allocations of Plan earnings within the designated specified investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account and the Company's matching contributions.

Vesting:

Participants are immediately vested in their contributions and the Company's matching and prevailing wage contributions plus actual earnings thereon.

Payment of benefits:

On termination of service due to death, disability or retirement, a participant will receive a lump sum payment except that, with respect to lifetime minimum required distributions, the participant may choose to receive partial withdrawals or installments.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate equal to 1% over the USA Today prime rate as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

Hardship withdrawal:

A participant may be permitted to withdraw a portion or all of the balance of their individual account that is attributable to the tax-deferred contributions (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the plan are prepared on the accrual basis of accounting.

(Continued)

LANDMARK ELECTRIC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2017

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments, as certified by Nationwide Financial Services, Inc. (the "Custodian"), are stated at fair value, except for the benefit-responsive investment contract, which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded as reported by the Custodian. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as, held during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess contribution payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of benefits:

Benefits are recorded when paid.

(Continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation of investments.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan assets are held by the Custodian pursuant to the Trust Agreement which provides that all funds received by the Custodian shall be held, administered, invested and distributed by the Custodian, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from data that has been supplied to the plan administrator and certified as complete and accurate by the Custodian at December 31, 2017 and 2016:

	2017	2016
Investments – pooled separate accounts	$ 6,125,012	$ 5,128,926
Investments – benefit-responsive investment contract	344,483	326,190
Investment income:		
Net realized and unrealized appreciation of investments	794,051	

NOTE 4: INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract with the Custodian. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The crediting interest rate was 1.88% and 1.98% as of December 31, 2017 and 2016, respectively. The contract cannot be terminated before the scheduled maturity date.

This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

(Continued)

NOTE 4: INVESTMENT CONTRACT (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.
Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5: INVESTMENTS

During 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $794,051 as follows:

Pooled separate accounts	$	788,198
Investment in benefit-responsive investment contract		5,853
	$	794,051

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

There were no Plan assets that were required to be categorized within levels 1, 2 or 3 as of December 31, 2017 and 2016.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Investments in pooled separate accounts are valued at the net asset value (NAV) of units held in a pooled separate account. The NAV is based on the fair value of the underlying investments held by the Custodian less its liabilities. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the Custodian approximates the fair value of the investments.

(Continued)

NOTE 6: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth the underlying investments in the Plan as of December 31, 2017:

		Total Investments
Investments measured at net asset value [(a)]		
Pooled separate accounts	$	6,125,012
Total Plan investments	$	6,125,012

The following table sets forth the underlying investments in the Plan as of December 31, 2016:

		Total Investments
Investments measured at net asset value [(a)]		
Pooled separate accounts	$	5,128,926
Total Plan investments	$	5,128,926

[(a)] As discussed in Note 2, investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no transfers among levels during the years ended December 31, 2017 and 2016.

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds in pooled separate accounts and a benefit responsive investment contract managed by the Custodian. Therefore, transactions in these pooled separate accounts and benefit responsive investment contracts qualify as party-in-interest transactions. The value of investments managed by the Custodian amounted to $6,469,495 and $5,455,116 as of December 31, 2017 and 2016, respectively.

Fees charged to the Plan for investment related services provided by the Custodian and an investment advisor amounted to $51,774 and $17,895, respectively, for the year ended December 31, 2017, and are recorded as a reduction to net realized and unrealized appreciation of investments in the accompanying statement of changes in net assets available.

Fees charged to the Plan by the Plan's third-party administrator for administrative expenses amounted to $15,520 for the year ended December 31, 2017.

LANDMARK ELECTRIC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2017

NOTE 8: TAX STATUS OF THE PLAN

The Plan has adopted a prototype plan prepared by the third-party administrator. This prototype plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds that invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

The Plan invests in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 10: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA.

NOTE 11: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 18, 2018, the date the financial statements were available to be issued. There were no subsequent events noted that would require adjustment to or disclosure in these financial statements.
