Note 1 - Plan Description

The following description of T.A.C. 401(k) Savings and Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Gimex Properties Corp., Inc. d/b/a T.A.C. (the "Company") who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2016, the Plan changed plan sponsor to the Company from Tuffy Associates Corp. and its subsidiary Car-X.

Contributions

The Plan provides for employee pretax salary deferral contributions up to a maximum of tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make annual discretionary contributions to the Plan based on a percentage of participants' compensation and completed years of service. There were discretionary contributions for the years ended December 31, 2017 and 2016 in the amount of \$42,875 and \$50,000, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 25 percent after each year of service until they become fully vested after four years of service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable must be repaid within five years (15 years in the case of a note receivable for the acquisition of a primary residence of the participant). Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Benefit Payments

Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Distributions upon termination of service for a reason other than retirement, death, or disability are payable in a lump sum to the participant or to another qualified benefit plan upon election by the participant.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce administrative costs first. The remaining balance will be used to reduce future employer contributions.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Principal Life Insurance Company (Principal Life), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust), and Principal Global Investors Trust Company (Principal Global) and its affiliates. Principal Life, Principal Trust, and Principal Global are the custodians defined by the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) based on the fair value of the funds' underlying assets. The pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) based on the fair value of the funds' underlying assets. All other investments are valued based on quoted market prices. See Note 4 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Substantially all administrative costs are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 13, 2018, which is the date the financial statements were available to be issued.

December 31, 2017 and 2016**Note 3 - Unaudited Information**

Principal Life, Principal Trust, and Principal Global (collectively, the "Custodians") hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Principal Life, Principal Trust, and Principal Life on behalf of Principal Global.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 1,539,465	\$ 1,539,465

Pooled separate accounts		2,678,347	
Total investments at fair value		<u>\$ 4,595,376</u>	

December 31, 2017 and 2016**Note 4 - Fair Value Measurements (Continued)**

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016			
	Investments (at Fair Value)	Level 1	Level 2
Mutual funds	\$ 1,506,827	\$ 1,506,827	\$ -
Guaranteed interest accounts	921	-	921
Total	1,507,748	\$ 1,506,827	\$ 921
Investments measured at NAV:			
Common collective trust fund - Stable value fund	410,348		
Pooled separate accounts	2,515,941		
Total investments at fair value	\$ 4,434,037		

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 6 - Reconciliation of the Financial Statements to Form 5500
