NOTE 1. PLAN DESCRIPTION

Utility Trailer Manufacturing Company (the Company, the Employer and the Sponsor) adopted The Employees' Profit-Sharing Plan of Utility Trailer Manufacturing Company and Affiliated Companies (the Plan) to provide supplemental retirement income for its employees. The following provides a summary of the Plan's provisions. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have 270 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions are discretionary and are determined by the board of directors. Participants are not permitted to contribute to the Plan and do not direct their portion of Employer contributions into the investment options of the Plan. Allocations to participant accounts are subject to certain Government limitations.

Participant Accounts

Each participant's account is credited with allocations of the Company's contribution, Plan earnings and forfeitures, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations of Company contributions and forfeitures are based on the participant's eligible compensation as a percentage of total eligible compensation as defined by the Plan, while allocations of earnings are based on the individual account balances of participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting of participants' accounts in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions, as defined in the Plan over a six-year period.

Forfeitures

For the Plan year ended December 31, 2017, there were $3,166,261 in forfeitures, which were reallocated to participants in the same manner as Employer contributions. At December 31, 2017, there were no unallocated forfeited amounts.

NOTE 1. PLAN DESCRIPTION (Continued)

Participant Loans

Loans to participants are not permitted by the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant *(or* the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not extending beyond the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants or beneficiaries may elect to defer their benefit payment as defined by the Plan document.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee, recordkeeper, investment managers and independent public accountants may be paid by the Plan. The Company, at its discretion, decided to pay for certain administrative expenses on behalf of the Plan. Administrative expenses of $442,419 were paid by the Plan for the year ended December 31, 2017.

Certain investment options may have fees which reduce the overall return on assets. The net appreciation in fair value of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Wells Fargo Bank, N.A. (the Trustee).

Recent Accounting Pronouncement

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 (ASU 2015-07), *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. ASU 2015-07 is effective for plan years beginning after December 15, 2016 and requires retrospective application. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investments for which fair value is measured using the net asset value per share practical expedient from the fair value hierarchy level classification as of December 31, 2017 and 2016.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk

The Plan provides for various investment options in cash, mutual funds, and collective trusts. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

Benefits Payable to Former Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are inactive, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money Market Fund – Money Market Funds are at par and valued at fair value and therefore classified as Level 1 within the valuation hierarchy.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Collective Trusts – The funds held in collective trusts are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the funds' trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The collective trusts do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 53,476,371	$ -	$ -	$ 53,476,371

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

	Investments at Fair Value as of December 31, 2016

Investments measured at NAV practical expedient				171,937,222
Investments at fair value				$ 217,481,050

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in accordance with the terms of the Plan.

NOTE 4. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated January 25, 2017, in which the IRS stated the Plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the Plan Administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, which states the examination and report of an independent qualified public accountant need not extend to any statement or information prepared and certified by a bank or similar institution or insurance carrier. This section applies to any plan, trust or other entity some or all of the assets of which are held by a bank or similar institution or insurance carrier which is regulated and supervised and subject to periodic examination by a State or Federal agency. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Total investments, noninterest-bearing cash, and accrued income as shown in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.

b. Net appreciation in fair value of investments, dividend income, and interest income, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.

c. Investments as of December 31, 2017 as shown in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

d. Investment activity as reflected in the accompanying Schedule H, Line 4j - Schedule of Reportable Transactions.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

The Trustee, investment managers, and Plan's third party administrator and recordkeeper are parties-in-interest to the Plan and entered into transactions with the Plan, for which exemptions exist. For the year ended December 31, 2017, the Plan paid the Trustee, Wells Fargo Bank, N.A., $35,578 in expenses. The Plan also paid $378,728 to AllianceBernstein/State Street, the Plan's investment manager and $28,113 to Kravitz, Inc., the Plan's third party administrator and recordkeeper.

NOTE 7. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred through July 24, 2018 which is the date that the financial statements were available to be issued and determined that there were no subsequent events or transactions that require recognition or disclosure in the financial statements.
