BLACKHAWK BANK & TRUST
EMPLOYEES' PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Blackhawk Bank & Trust (the "Bank") Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1966 (amended and restated January 1, 2016) covering all employees of Blackhawk Bank & Trust with 1,000 hours of service. Employees are automatically enrolled in the Plan on the first day of the Plan year, after having satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

The Bank contributes 7.5% of its pre-taxable income after stipulated adjustments as defined in the Plan document. The Plan allows participant contributions primarily if such contributions qualify as tax-free rollovers from another plan. The Plan provides for additional employer contributions (subject to federal limitations) at the discretion of the Bank.

Employer profit sharing contributions and employee contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, if any, and allocations of (a) the Bank's profit sharing contribution, and (b) Plan earnings, and charged with the participant's withdrawals and allocations of administrative expenses. Allocations of employer contributions and forfeitures of terminated participant's nonvested accounts are based on participant years of service and compensation, as defined in the Plan. Investment earnings are allocated to participant's accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of nonvested participant accounts are reallocated to remaining participants accounts. Forfeitures included in net assets available for benefits as of December 31, 2017 and 2016 amounted to $56,968 and $39,070, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

A participant may elect to receive a distribution from his or her account upon retirement, termination of employment, total and permanent disability, or death of the participant, whichever occurs earlier. Upon retirement, the vested accumulated funds are paid to the participant in a lump sum or at a later date selected by the participant.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through July 25, 2018, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held and administered by Merrill Lynch (Trustee) who allocates Plan assets to the individual accounts of each participant as directed by the participant.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income reported in the financial statements includes realized and unrealized gains and losses on investment transactions, interest and dividends as reported by the Plan administrator.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits.

Interest and dividend income	1,913,035	804,767
	$3,664,093	1,654,343

(3) Fair Value Measurements (Unaudited)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments have been determined by Merrill Lynch and reported in the accompanying statement of net assets available for benefits as follows:

		Fair Value Measurements Using:
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2017:		
Mutual funds	$23,408,865	23,408,865
Cash and cash equivalents	8	8

	20,043,739	20,043,739
Common collective trust	1,825,470	
Total investments	$21,869,209	

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. The Plan uses appropriate valuation techniques based on the availability of inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 3 inputs only when Level 1 or 2 inputs are not available.

(3) Fair Value Measurements (Unaudited), continued

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. These mutual funds are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The net asset value of these mutual funds are published daily and transacted at that price; and therefore, are considered actively traded.

Common Collective Trust

The Plan adopted ASU 2015-07 "Fair Value Measurement – Disclosures of Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) in 2017. ASU 2015-07 exempts certain investments for which fair value is measured at net asset value per share (or its equivalent) from categorization in the fair value hierarchy. The Plan's investment in Invesco Stable Value Retirement Fund is measured at net asset values and amounted to $2,386,607 and $1,825,470 at December 31, 2017 and 2016, respectively, and have therefore been excluded from the fair value hierarchy. The Invesco Stable Value Retirement Fund is a common collective trust which is not actively traded. The underlying investments of the trust consist of various fixed income securities issued by governmental and corporate entities. The fair value of the fund is determined by Merrill Lynch based on quoted market prices of investments with similar interest rates and yields.

(4) Federal Income Taxes

The Plan uses a prototype plan document sponsored by CCH Incorporated. CCH Incorporated received an opinion letter from the Internal Revenue Service ("IRS"), dated March 16, 2010, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2017, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2013 are subject to examination by taxing authorities.

(5) Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Related Party Transactions

Certain Plan investments are managed by Merrill Lynch. Merrill Lynch is the trustee as defined by the Plan and, therefore, transactions with them qualify as party-in-interest transactions.

Under the current contract with Merrill Lynch, the Plan is only charged administrative fees for member requested services. Fees paid to Merrill Lynch amounted to $-0- in 2017 and 2016.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Recent Accounting Pronouncement

In February 2017, the Financial Accounting Standards Board issued ASU 2017-06 "Employee Benefit Plan Master Trust Reporting" to improve disclosures regarding investments in interests in master trusts. ASU 2017-06 will become effective for the Plan's 2019 financial statements. Management is currently analyzing the effects of the above pronouncement on the Plan's financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

Other Matter

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) and Form 5500, Schedule H, Part IV, Line 4j - Schedule of Reportable Transactions, as of and for the years ended December 31, 2017 and 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2017 and 2016

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Blackhawk Bank & Trust (the "Bank") Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1966 (amended and restated January 1, 2016) covering all employees of Blackhawk Bank & Trust with 1,000 hours of service. Employees are automatically enrolled in the Plan on the first day of the Plan year, after having satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

The Bank contributes 7.5% of its pre-taxable income after stipulated adjustments as defined in the Plan document. The Plan allows participant contributions primarily if such contributions qualify as tax-free rollovers from another plan. The Plan provides for additional employer contributions (subject to federal limitations) at the discretion of the Bank.

Employer profit sharing contributions and employee contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, if any, and allocations of (a) the Bank's profit sharing contribution, and (b) Plan earnings, and charged with the participant's withdrawals and allocations of administrative expenses. Allocations of employer contributions and forfeitures of terminated participant's nonvested accounts are based on participant years of service and compensation, as defined in the Plan. Investment earnings are allocated to participant's accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of nonvested participant accounts are reallocated to remaining participants accounts. Forfeitures included in net assets available for benefits as of December 31, 2017 and 2016 amounted to $56,968 and $39,070, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

A participant may elect to receive a distribution from his or her account upon retirement, termination of employment, total and permanent disability, or death of the participant, whichever occurs earlier. Upon retirement, the vested accumulated funds are paid to the participant in a lump sum or at a later date selected by the participant.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through July 25, 2018, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held and administered by Merrill Lynch (Trustee) who allocates Plan assets to the individual accounts of each participant as directed by the participant.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income reported in the financial statements includes realized and unrealized gains and losses on investment transactions, interest and dividends as reported by the Plan administrator.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits.

(3) Fair Value Measurements (Unaudited)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments have been determined by Merrill Lynch and reported in the accompanying statement of net assets available for benefits as follows:

		Fair Value Measurements Using:

	20,043,739	20,043,739
Common collective trust	1,825,470	
Total investments	$21,869,209	

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan uses appropriate valuation techniques based on the availability of inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 3 inputs only when Level 1 or 2 inputs are not available.

ASU 2015-07 exempts certain investments for which fair value is measured at net asset value per share (or its equivalent) from categorization in the fair value hierarchy. The Plan's investment in Invesco Stable Value Retirement Fund is measured at net asset values and amounted to $2,386,607 and $1,825,470 at December 31, 2017 and 2016, respectively, and have therefore been excluded from the fair value hierarchy. The Invesco Stable Value Retirement Fund is a common collective trust which is not actively traded.
