NOTE 1 – DESCRIPTION OF PLAN

The following description of the Powerhouse Retail Services 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and the related Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Powerhouse Retail Services, LLC (the Plan sponsor) ("Company") who have one month of service, are age 21 or older and work more than 1,000 hours per year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to amounts statutorily specified in the Internal Revenue Code ($18,000 for 2017 and 2016) of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions ($6,000 for 2017 and 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Company also may make discretionary matching profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Since the Plan's inception, the Company has elected to match 50% of the first 3% of a participant's salary deferral. Additional profit sharing amounts may be contributed at the option of the Company's management and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's and matching employer matching contribution and allocations of the Company's additional profit sharing contribution. Each participant's account is also credited with that account's investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the balance in the participant's vested account. Participant account balances are invested in participant directed investments in various mutual fund investments offered by the Plan through a pooled separate account arrangement with underlying mutual fund investments. Participant investment accounts may be changed at any time by the participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual payments of at least statutorily determined minimum amounts. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefit payments are recorded when paid.

Forfeited Accounts

Forfeited non-vested accounts totaled $4,566 and $0 as of December 31, 2017 and 2016. These accounts are used to pay plan expenses and/or reduce future employer contributions. Employer contributions were reduced by $0 and $2,223 from amounts forfeited on non-vested accounts for the years ended December 31, 2017 and 2016 respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the modified cash basis of accounting which is a comprehensive basis of accounting that is not in accordance with generally accepted accounting principles. The modified cash basis of accounting does not give accounting recognition to receivables and the related income until they are received in cash nor does it give recognition to payables and other accrued expenses and the related expenses until they are paid in cash.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans.*

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

Investment related expenses are paid by the Plan and are included in net appreciation (depreciation) of fair value of investments. Other certain expenses specifically incurred by or attributable to individual participants are paid from the applicable participants' accounts and are included in administrative expenses. Audit fees and other record-keeping expenses are paid by the Plan Sponsor and are therefore excluded from these financial statements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has evaluated such events or transactions through July 23, 2018, which is the date the financial statements were available to be issued.

Effective January 1, 2018, the Organization changed its plan administrator and record keeper from John Hancock Life Insurance Company to BOK Financial, NA. The investment options available to employees were also replaced. On the last business day of 2017 all of the participant's investments in the pooled separate accounts were liquidated by John Hancock Life Insurance Company to facilitate the transfer of assets to BOK Financial, NA.

Also effective January 1, 2018 the plan was amended to increase the maximum employer discretionary profit-sharing deferral percentage from 50% of the first 3% a participant's salary deferral to 100% of the first 3% of a participant's salary deferral and the plan began allowing for Roth types of contributions.

NOTE 3 – JOHN HANCOCK LIFE INSURANCE COMPANY U.S.A. CERTIFICATION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company, U.S.A., except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information.

The following table presents the value of participant-directed Plan assets that were certified by John Hancock Life Insurance Company, U.S.A at December 31:

NOTE 3 – JOHN HANCOCK LIFE INSURANCE COMPANY U.S.A. CERTIFICATION (continued)

John Hancock Life Insurance Company U.S.A. has certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2017	2016
Net Appreciation (Depreciation) in Fair Value of Investments	$ 144,531	$ 43,467
Dividends	29,567	13,652
Net Investment Income (Loss)	$ 174,098	$ 57,119

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels, as follows:

Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets. Level 1 valuations have the highest priority.

Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model based valuation techniques for which all significant assumptions are observable in the market.

Level 3 – Valuation is generated from model based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect estimates and assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques. Level 3 valuations have the lowest priority.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts: Valued at Net Asset Value (NAV) of its underlying investments. The accounts include investments in mutual funds which have observable Level 1 pricing inputs, including quoted prices for similar assets in active or non-active markets. FASB ASC 820, Fair Value Measurement, allows NAV per share to serve as a practical expedient to estimate those requirements. Since the participants have the ability to redeem the accounts at NAV, as of the measurement dates and on a daily basis, the accounts are properly categorized as Level 2 fair value measurement. The accounts also have no unfunded commitments.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017.

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ -	$ -	$ -

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016.

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 879,548	$ -	$ 879,548

The following table summarizes Level 2 instruments measured at fair value based on the NAV per share as of December 31, 2017 and 2017, respectively.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ -	None	Daily	1 Day

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 879,548	None	Daily	1 Day

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain underlying mutual funds of the pooled separate accounts of the Plan are mutual funds managed by John Hancock Life Insurance Company U.S.A. (Insurance Company), the Trustee as defined by the Plan, and, therefore, transactions with these mutual funds are party-in-interest transactions. Certain administrative fees related to the administration of the plan were paid by the plan or by the Organization.

Fees paid directly to Insurance Company by the Plan for the investment management services amounted to $822 and $2,470 for the year ended December 31, 2017 and 2016 respectively. Fees paid directly to Nova 401(k) Associates, the third party administrator for the Plan totaled $540 and $400 for the year ended December 31, 2017 and 2016 respectively.

NOTE 5 – RELATED PARTY TRANSACTIONS (continued)

Powerhouse Retail Services, LLC, the Plan Sponsor, pays certain administrative fees, including auditing fees and fiduciary bond premiums for the Plan which totaled $22,829 and $25,441 during 2017 and 2016, respectively.

These transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – EXCESS PARTICIPANT CONTRIBUTIONS

The Plan failed the Average Deferral Percentage (ADP) test for the 2017 and 2016 plan years. In order to correct the failure of the ADP tests, federal law generally requires that corrective distributions be made no later than December 31 of the following year.

The Company opted to correct the nondiscrimination testing failures using the one-to-one correction method, which generally requires an excess contribution amount to be refunded to highly compensation employees. The accompanying statements of net assets available for benefits included $32,185 and $13,527 as of December 31, 2017 and 2016, respectively, in excess participant contributions paid to participants related to this issue.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.
