PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1: DESCRIPTION OF PLAN

The following description of the Premier Research International LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Premier Research International LLC (the “Company” or “Plan Sponsor”), covering all employees of the Company who meet the age and service requirements as defined in the plan document. The Plan was most recently amended and restated effective January 1, 2016. Wells Fargo Bank, N.A. (the “Trustee”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Contributions

Eligible participants are automatically enrolled in the Plan at a contribution of 3% of their eligible wages on the first day of the month after the date of hire, unless the participant makes an alternative election. Participants may contribute up to 100% of their pretax annual compensation as defined in the plan document, subject to Internal Revenue Service (“IRS”) 401(k) elective deferral limits. Participants may roll over distributions from other qualified plans to their accounts subject to approval by the Plan Sponsor. The Company may make discretionary employer matching contributions to the Plan as authorized by the Company. During 2017, the Company made matching contributions to the Plan equal to 50% of the first 6% of each participant’s deferrals.

Additionally, the Company may make nonelective profit sharing contributions to participants at the Company’s discretion. During 2017, there were no additional discretionary contributions made to the Plan.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1: DESCRIPTION OF PLAN (continued)

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. The employer matching contributions and nonelective profit sharing contributions vest on a schedule as follows:

Years of Service for Vesting Purposes	Percentage Vested
Less than 2	0%
2	50%
3 or more	100%

Regardless of the vesting schedule, participants shall become fully vested upon death or total disability.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested. Forfeiture amounts relating to employer contributions may be used to pay Plan administrative expenses or reduce employer contributions. As of December 31, 2017 and 2016, forfeited nonvested accounts totaled \$57 and \$109,563. During 2017, forfeitures of \$34,600 were used to pay Plan expenses and \$168,745 were used to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loan term is up to a maximum of five years, unless the loan is for the purchase of a primary residence, in which case the term is a maximum of 15 years. The loans are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. A participant may have only one loan outstanding at any time.

NOTE 1: DESCRIPTION OF PLAN (concluded)

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum payment in the amount equal to the vested value of his or her account. An employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship as defined in the plan document. Upon death, the Plan will pay the vested account balance to the beneficiary in a lump sum or in installments sufficient to satisfy a required mandatory distribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The investment in the Wells Fargo Stable Return Fund N is valued using net asset value ("NAV") as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Trustee and recordkeeping fees incurred in connection with the general administration of the Plan that are paid by the Plan are included in administrative expenses. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2017 and 2016, net appreciation in fair value of investments, and interest and dividends for 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund - Valued based on the underlying unit value as provided by the Trustee. The market value of a collective trust fund is not publicly quoted. Valuation of the funds' units occurs daily. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	2017			
	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	\$ 24,324,161	\$ 1,472,171	\$ -	\$ 26,722,359

Investments in Entities That Use NAV as a Practical Expedient

The NAV of the Wells Fargo Stable Return Fund N as of December 31, 2017 and 2016, was \$694,915 and \$926,027. The value of this fund is measured using NAV as a practical expedient and has been excluded from the fair value hierarchy. The fund has a daily redemption frequency. There are no unfunded commitments. Were the Plan to initiate a full redemption of the fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust to ensure that security liquidations will be carried out in an orderly business manner.

NOTE 5: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in certain funds managed by the Trustee of the Plan; therefore, transactions related to these funds qualify as party in interest transactions that are allowable under ERISA.

The Trustee provides certain administrative services to the Plan pursuant to an agreement between the Plan and the Trustee. The Trustee receives revenue from mutual fund and collective trust fund service providers for services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services provided to the Plan. If the revenue received by the Trustee from such service providers exceeds the amount owed under the agreement, the Trustee remits the excess to the Plan. During 2017, the amount received by the Plan was \$35,681 and is included in other investment income on the statement of changes in net assets available for benefits.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 5: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS (concluded)

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Plan expenses totaling \$35,681 were paid to the Trustee through revenue sharing. The Plan made direct payments to third-party administrators of \$75,195 for recordkeeping and contract administration services which were not covered by revenue sharing.

NOTE 6: INCOME TAX STATUS

The Plan Sponsor adopted the Wells Fargo Bank, N.A. Defined Contribution Volume Submitter Plan and Trust (the "Prototype Plan"). The Prototype Plan obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the latest opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities.

NOTE 7: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 24, 2018, the date these financial statements were available for issuance and has determined that there were no events which have occurred that would require adjustment to or disclosure in these financial statements.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1: DESCRIPTION OF PLAN

The following description of the Premier Research International LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Premier Research International LLC (the “Company” or “Plan Sponsor”), covering all employees of the Company who meet the age and service requirements as defined in the plan document. The Plan was most recently amended and restated effective January 1, 2016. Wells Fargo Bank, N.A. (the “Trustee”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Contributions

Eligible participants are automatically enrolled in the Plan at a contribution of 3% of their eligible wages on the first day of the month after the date of hire, unless the participant makes an alternative election. Participants may contribute up to 100% of their pretax annual compensation as defined in the plan document, subject to Internal Revenue Service (“IRS”) 401(k) elective deferral limits. Participants may roll over distributions from other qualified plans to their accounts subject to approval by the Plan Sponsor. The Company may make discretionary employer matching contributions to the Plan as authorized by the Company. During 2017, the Company made matching contributions to the Plan equal to 50% of the first 6% of each participant’s deferrals.

Additionally, the Company may make nonelective profit sharing contributions to participants at the Company’s discretion. During 2017, there were no additional discretionary contributions made to the Plan.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1: DESCRIPTION OF PLAN (continued)

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. The employer matching contributions and nonelective profit sharing contributions vest on a schedule as follows:

Years of Service for Vesting Purposes	Percentage Vested
Less than 2	0%
2	50%
3 or more	100%

Regardless of the vesting schedule, participants shall become fully vested upon death or total disability.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested. Forfeiture amounts relating to employer contributions may be used to pay Plan administrative expenses or reduce employer contributions. As of December 31, 2017 and 2016, forfeited nonvested accounts totaled \$57 and \$109,563. During 2017, forfeitures of \$34,600 were used to pay Plan expenses and \$168,745 were used to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loan term is up to a maximum of five years, unless the loan is for the purchase of a primary residence, in which case the term is a maximum of 15 years. The loans are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. A participant may have only one loan outstanding at any time.

NOTE 1: DESCRIPTION OF PLAN (concluded)

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum payment in the amount equal to the vested value of his or her account. An employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship as defined in the plan document. Upon death, the Plan will pay the vested account balance to the beneficiary in a lump sum or in installments sufficient to satisfy a required mandatory distribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The investment in the Wells Fargo Stable Return Fund N is valued using net asset value ("NAV") as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund - Valued based on the underlying unit value as provided by the Trustee. The market value of a collective trust fund is not publicly quoted. Valuation of the funds' units occurs daily. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Investments in Entities That Use NAV as a Practical Expedient

The NAV of the Wells Fargo Stable Return Fund N as of December 31, 2017 and 2016, was \$694,915 and \$926,027. The value of this fund is measured using NAV as a practical expedient and has been excluded from the fair value hierarchy. The fund has a daily redemption frequency. There are no unfunded commitments. Were the Plan to initiate a full redemption of the fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust to ensure that security liquidations will be carried out in an orderly business manner.

NOTE 5: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in certain funds managed by the Trustee of the Plan; therefore, transactions related to these funds qualify as party in interest transactions that are allowable under ERISA.

The Trustee provides certain administrative services to the Plan pursuant to an agreement between the Plan and the Trustee. The Trustee receives revenue from mutual fund and collective trust fund service providers for services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services provided to the Plan. If the revenue received by the Trustee from such service providers exceeds the amount owed under the agreement, the Trustee remits the excess to the Plan. During 2017, the amount received by the Plan was \$35,681 and is included in other investment income on the statement of changes in net assets available for benefits.

NOTE 5: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS (concluded)

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Plan expenses totaling \$35,681 were paid to the Trustee through revenue sharing. The Plan made direct payments to third-party administrators of \$75,195 for recordkeeping and contract administration services which were not covered by revenue sharing.

NOTE 6: INCOME TAX STATUS

The Plan Sponsor adopted the Wells Fargo Bank, N.A. Defined Contribution Volume Submitter Plan and Trust (the "Prototype Plan"). The Prototype Plan obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the latest opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities.

NOTE 7: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 24, 2018, the date these financial statements were available for issuance and has determined that there were no events which have occurred that would require adjustment to or disclosure in these financial statements.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1: DESCRIPTION OF PLAN

The following description of the Premier Research International LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Premier Research International LLC (the “Company” or “Plan Sponsor”), covering all employees of the Company who meet the age and service requirements as defined in the plan document. The Plan was most recently amended and restated effective January 1, 2016. Wells Fargo Bank, N.A. (the “Trustee”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Contributions

Eligible participants are automatically enrolled in the Plan at a contribution of 3% of their eligible wages on the first day of the month after the date of hire, unless the participant makes an alternative election. Participants may contribute up to 100% of their pretax annual compensation as defined in the plan document, subject to Internal Revenue Service (“IRS”) 401(k) elective deferral limits. Participants may roll over distributions from other qualified plans to their accounts subject to approval by the Plan Sponsor. The Company may make discretionary employer matching contributions to the Plan as authorized by the Company. During 2017, the Company made matching contributions to the Plan equal to 50% of the first 6% of each participant’s deferrals.

Additionally, the Company may make nonelective profit sharing contributions to participants at the Company’s discretion. During 2017, there were no additional discretionary contributions made to the Plan.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1: DESCRIPTION OF PLAN (continued)

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. The employer matching contributions and nonelective profit sharing contributions vest on a schedule as follows:

Years of Service for Vesting Purposes	Percentage Vested
Less than 2	0%
2	50%
3 or more	100%

Regardless of the vesting schedule, participants shall become fully vested upon death or total disability.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested. Forfeiture amounts relating to employer contributions may be used to pay Plan administrative expenses or reduce employer contributions. As of December 31, 2017 and 2016, forfeited nonvested accounts totaled \$57 and \$109,563. During 2017, forfeitures of \$34,600 were used to pay Plan expenses and \$168,745 were used to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loan term is up to a maximum of five years, unless the loan is for the purchase of a primary residence, in which case the term is a maximum of 15 years. The loans are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. A participant may have only one loan outstanding at any time.

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1: DESCRIPTION OF PLAN (concluded)

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum payment in the amount equal to the vested value of his or her account. An employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship as defined in the plan document. Upon death, the Plan will pay the vested account balance to the beneficiary in a lump sum or in installments sufficient to satisfy a required mandatory distribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The investment in the Wells Fargo Stable Return Fund N is valued using net asset value ("NAV") as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Trustee and recordkeeping fees incurred in connection with the general administration of the Plan that are paid by the Plan are included in administrative expenses. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2017 and 2016, net appreciation in fair value of investments, and interest and dividends for 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Interest income on notes receivable from participants	<u>\$ 14,798</u>	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PREMIER RESEARCH INTERNATIONAL LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund - Valued based on the underlying unit value as provided by the Trustee. The market value of a collective trust fund is not publicly quoted. Valuation of the funds' units occurs daily. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:
