1. Description of plan

The following description of the JonesTrading Institutional Services LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full time employees of JonesTrading Institutional Services LLC ("JTIS", the Plan Sponsor and Plan Administrator). The Plan was established by the Plan Sponsor's predecessor on January 1, 1984 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank and Trust FSB, wholly owned subsidiaries of Prudential Financial, Inc. ("Prudential") has been contracted to serve as the record-keeper and the Trustee of the Plan.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation up to the contribution dollar limit that is set by law of $18,000 for 2017. Participants age 50 or older may elect to defer up to $6,000 of additional "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary profit sharing contributions to the Plan. The discretionary profit sharing contributions are determined annually by the JTIS Pension Committee and are made to groups of participants as defined in the Amended Plan Document. The Plan Sponsor's profit sharing contributions to the Plan amounted to $1,050,284 for the year ended December 31, 2017. During the year ended December 31, 2017, the rollover contributions to the Plan amounted to $241,380.

Participant accounts

Participants direct the investment of their individual accounts into various options offered by the Plan. Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Participants' accounts are credited with earnings based on the performance of the investments in their individual accounts.

Vesting

Participants are immediately vested in their salary deferral contributions, the Plan Sponsor's profit sharing contributions, and in the actual earnings thereon.

1. Description of plan (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms range from 1 year to a maximum of 5 years, except for loans used to purchase the participants primary residence, which may be extended to 30 years. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest to be determined by the Plan Administrator. Interest rates on participant loans ranged from 3.25% to 6.25% as of December 31, 2017. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by payroll deductions or participant payments.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions owed to participants. As of December 31, 2017 and 2016, excess contributions payable amounted to $154,591 and $0, respectively.

Payments of benefits

Upon termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Notes receivable from participant

Notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they incurred.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of significant accounting policies (Continued)

Investment valuation and income recognition (Continued)

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Payment of benefits

Benefits are recorded when paid.

Investment options

At December 31, 2017, participants may self-direct employee and employer contributions to any of the 41 investment options available under the Plan. The investment options include funds held in insurance company general accounts (the Guaranteed Long-Term Fund), pooled separate accounts that invest in a variety of underlying funds and mutual funds.

3. Fair value measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

3. Fair value measurements (Continued)

The following is a description of the valuation methodologies used for financial instruments measured at fair value.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Pooled separate accounts: Valued using the NAV as a practical expedient, provided by the administrator of the fund based on the valuation of the underlying investments.

- Interest bearing cash: Valued using fair value based on the outstanding balance.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31:

	Input Type			
2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 43,540,977	$ -	$ -	$ 43,540,977
Interest bearing cash	1,993,425	-	-	1,993,425
Net assets in fair value hierarchy	45,534,402	-	-	45,534,402
Pooled separate accounts at NAV	-	-	-	7,350,595
Total	$ 45,534,402	$ -	$ -	$ 52,884,997

	Input Type			
2016	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,759,761	$ -	$ -	$ 33,759,761
Net assets in fair value hierarchy	33,759,761			33,759,761
Pooled separate accounts at NAV	-	-	-	5,604,585
Total	$ 33,759,761	$ -	$ -	$ 39,364,346

4. Administrative expenses

Administrative expenses of $34,185 were paid directly by the Plan for the year ended December 31, 2017.

5. Information certified by the Trustee and the Record-keeper

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Trustee and the Record-keeper that the following information included in the Plan's financial statements is complete and accurate:

- Investments and participant loans as of December 31, 2017 and 2016, and
- Investment income and investment transactions for the year ended December 31, 2017.

6. Investment contracts with insurance company

The Plan offers the Guaranteed Long-Term Fund, which replaced the Guaranteed Income Fund during 2017. These funds are traditional fully benefit-responsive group annuity contracts. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Currently, the Plan Sponsor believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

7. Party-in-interest transactions

Certain Plan investments are shares of mutual funds, and a guaranteed long-term fund managed by Prudential, the Trustee and the Record-keeper of the Plan. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

8. Plan termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Trustees subject to the provisions of ERISA.

9. Income tax

The Plan has received a determination letter from the Internal Revenue Service dated February 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken. The three years prior to December 31, 2016 are subject to examination by the Internal Revenue Service.

10. Subsequent event

The Plan evaluates subsequent events until the date the financial statements are issued. There were no subsequent events that required additional adjustments or disclosure to the financial statements.

1. Description of plan

The following description of the JonesTrading Institutional Services LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full time employees of JonesTrading Institutional Services LLC ("JTIS", the Plan Sponsor and Plan Administrator). The Plan was established by the Plan Sponsor's predecessor on January 1, 1984 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank and Trust FSB, wholly owned subsidiaries of Prudential Financial, Inc. ("Prudential") has been contracted to serve as the record-keeper and the Trustee of the Plan.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation up to the contribution dollar limit that is set by law of $18,000 for 2017. Participants age 50 or older may elect to defer up to $6,000 of additional "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary profit sharing contributions to the Plan. The discretionary profit sharing contributions are determined annually by the JTIS Pension Committee and are made to groups of participants as defined in the Amended Plan Document. The Plan Sponsor's profit sharing contributions to the Plan amounted to $1,050,284 for the year ended December 31, 2017. During the year ended December 31, 2017, the rollover contributions to the Plan amounted to $241,380.

Participant accounts

Participants direct the investment of their individual accounts into various options offered by the Plan. Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Participants' accounts are credited with earnings based on the performance of the investments in their individual accounts.

Vesting

Participants are immediately vested in their salary deferral contributions, the Plan Sponsor's profit sharing contributions, and in the actual earnings thereon.

1. Description of plan (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms range from 1 year to a maximum of 5 years, except for loans used to purchase the participants primary residence, which may be extended to 30 years. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest to be determined by the Plan Administrator. Interest rates on participant loans ranged from 3.25% to 6.25% as of December 31, 2017. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by payroll deductions or participant payments.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions owed to participants. As of December 31, 2017 and 2016, excess contributions payable amounted to $154,591 and $0, respectively.

Payments of benefits

Upon termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Notes receivable from participant

Notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they incurred.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of significant accounting policies (Continued)

Investment valuation and income recognition (Continued)

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Payment of benefits

Benefits are recorded when paid.

Investment options

At December 31, 2017, participants may self-direct employee and employer contributions to any of the 41 investment options available under the Plan. The investment options include funds held in insurance company general accounts (the Guaranteed Long-Term Fund), pooled separate accounts that invest in a variety of underlying funds and mutual funds.

3. Fair value measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

3. Fair value measurements (Continued)

The following is a description of the valuation methodologies used for financial instruments measured at fair value.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Pooled separate accounts: Valued using the NAV as a practical expedient, provided by the administrator of the fund based on the valuation of the underlying investments.

- Interest bearing cash: Valued using fair value based on the outstanding balance.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31:

	Input Type			
2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 43,540,977	$ -	$ -	$ 43,540,977
Interest bearing cash	1,993,425	-	-	1,993,425
Net assets in fair value hierarchy	45,534,402	-	-	45,534,402
Pooled separate accounts at NAV	-	-	-	7,350,595
Total	$ 45,534,402	$ -	$ -	$ 52,884,997

	Input Type			
2016	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,759,761	$ -	$ -	$ 33,759,761
Net assets in fair value hierarchy	33,759,761			33,759,761
Pooled separate accounts at NAV	-	-	-	5,604,585
Total	$ 33,759,761	$ -	$ -	$ 39,364,346

4. Administrative expenses

Administrative expenses of $34,185 were paid directly by the Plan for the year ended December 31, 2017.

5. Information certified by the Trustee and the Record-keeper

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Trustee and the Record-keeper that the following information included in the Plan's financial statements is complete and accurate:

- Investments and participant loans as of December 31, 2017 and 2016, and
- Investment income and investment transactions for the year ended December 31, 2017.

6. Investment contracts with insurance company

The Plan offers the Guaranteed Long-Term Fund, which replaced the Guaranteed Income Fund during 2017. These funds are traditional fully benefit-responsive group annuity contracts. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Currently, the Plan Sponsor believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

7. Party-in-interest transactions

Certain Plan investments are shares of mutual funds, and a guaranteed long-term fund managed by Prudential, the Trustee and the Record-keeper of the Plan. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

8. Plan termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Trustees subject to the provisions of ERISA.

9. Income tax

The Plan has received a determination letter from the Internal Revenue Service dated February 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken. The three years prior to December 31, 2016 are subject to examination by the Internal Revenue Service.

10. Subsequent event

The Plan evaluates subsequent events until the date the financial statements are issued. There were no subsequent events that required additional adjustments or disclosure to the financial statements.

1. Description of plan

The following description of the JonesTrading Institutional Services LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full time employees of JonesTrading Institutional Services LLC ("JTIS", the Plan Sponsor and Plan Administrator). The Plan was established by the Plan Sponsor's predecessor on January 1, 1984 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank and Trust FSB, wholly owned subsidiaries of Prudential Financial, Inc. ("Prudential") has been contracted to serve as the record-keeper and the Trustee of the Plan.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation up to the contribution dollar limit that is set by law of $18,000 for 2017. Participants age 50 or older may elect to defer up to $6,000 of additional "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary profit sharing contributions to the Plan. The discretionary profit sharing contributions are determined annually by the JTIS Pension Committee and are made to groups of participants as defined in the Amended Plan Document. The Plan Sponsor's profit sharing contributions to the Plan amounted to $1,050,284 for the year ended December 31, 2017. During the year ended December 31, 2017, the rollover contributions to the Plan amounted to $241,380.

Participant accounts

Participants direct the investment of their individual accounts into various options offered by the Plan. Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Participants' accounts are credited with earnings based on the performance of the investments in their individual accounts.

Vesting

Participants are immediately vested in their salary deferral contributions, the Plan Sponsor's profit sharing contributions, and in the actual earnings thereon.

1. Description of plan (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms range from 1 year to a maximum of 5 years, except for loans used to purchase the participants primary residence, which may be extended to 30 years. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest to be determined by the Plan Administrator. Interest rates on participant loans ranged from 3.25% to 6.25% as of December 31, 2017. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by payroll deductions or participant payments.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions owed to participants. As of December 31, 2017 and 2016, excess contributions payable amounted to $154,591 and $0, respectively.

Payments of benefits

Upon termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Notes receivable from participant

Notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they incurred.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of significant accounting policies (Continued)

Investment valuation and income recognition (Continued)

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Payment of benefits

Benefits are recorded when paid.

Investment options

At December 31, 2017, participants may self-direct employee and employer contributions to any of the 41 investment options available under the Plan. The investment options include funds held in insurance company general accounts (the Guaranteed Long-Term Fund), pooled separate accounts that invest in a variety of underlying funds and mutual funds.

3. Fair value measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

3. Fair value measurements (Continued)

The following is a description of the valuation methodologies used for financial instruments measured at fair value.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Pooled separate accounts: Valued using the NAV as a practical expedient, provided by the administrator of the fund based on the valuation of the underlying investments.

- Interest bearing cash: Valued using fair value based on the outstanding balance.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31:

	Input Type			
2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 43,540,977	$ -	$ -	$ 43,540,977
Interest bearing cash	1,993,425	-	-	1,993,425
Net assets in fair value hierarchy	45,534,402	-	-	45,534,402
Pooled separate accounts at NAV	-	-	-	7,350,595
Total	$ 45,534,402	$ -	$ -	$ 52,884,997

	Input Type			
2016	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,759,761	$ -	$ -	$ 33,759,761
Net assets in fair value hierarchy	33,759,761			33,759,761
Pooled separate accounts at NAV	-	-	-	5,604,585
Total	$ 33,759,761	$ -	$ -	$ 39,364,346

4. Administrative expenses

Administrative expenses of $34,185 were paid directly by the Plan for the year ended December 31, 2017.

5. Information certified by the Trustee and the Record-keeper

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Trustee and the Record-keeper that the following information included in the Plan's financial statements is complete and accurate:

- Investments and participant loans as of December 31, 2017 and 2016, and
- Investment income and investment transactions for the year ended December 31, 2017.

6. Investment contracts with insurance company

The Plan offers the Guaranteed Long-Term Fund, which replaced the Guaranteed Income Fund during 2017. These funds are traditional fully benefit-responsive group annuity contracts. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Currently, the Plan Sponsor believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

7. Party-in-interest transactions

Certain Plan investments are shares of mutual funds, and a guaranteed long-term fund managed by Prudential, the Trustee and the Record-keeper of the Plan. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

8. Plan termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Trustees subject to the provisions of ERISA.

9. Income tax

The Plan has received a determination letter from the Internal Revenue Service dated February 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken. The three years prior to December 31, 2016 are subject to examination by the Internal Revenue Service.

10. Subsequent event

The Plan evaluates subsequent events until the date the financial statements are issued. There were no subsequent events that required additional adjustments or disclosure to the financial statements.
