MORTON COMMUNITY BANK
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - PLAN DESCRIPTION

The following description of the Morton Community Bank 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Morton Community Bank (Bank) age 21 or older and having attained three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, or the maximum permissible amount under law, as defined in the Plan. Effective June 1, 2016, the Plan was restated to incorporate legislative, regulatory and administrative updates. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan. The Bank contribution is at the sole discretion of the Bank and is invested as directed by the participants. There were no Bank contributions for the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Bank's discretionary contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the plan. Allocations are based on the participant's eligible compensation or participant's account balance or participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Bank's discretionary contributions, plus actual earnings thereon.

Notes Receivable From Participants

Participants may borrow from their account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid over a level amortization not less frequently than quarterly.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, retirement, or other termination, a participant or beneficiary may elect to either receive a lump sum amount equal to the value of the participant's vested account balance or equal monthly, quarterly, or annual installment payments over a period of years not longer than their life expectancy or the joint and last survivor life expectancies of the participant and their beneficiary. If a participant's vested account balance does not exceed $5,000 at termination, it is distributed either in a single lump sum amount or rolled over to an IRA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses

Administrative and operating expenses are paid either by the Plan or by the Bank. Total administrative and operating expenses incurred by the Plan for the years ended December 31, 2017 and 2016 were $61,780 and $48,979, respectively.

Subsequent Events

Management evaluated subsequent events through July 25, 2018, the date the financial statements were available to be issued.

NOTE 3 – SUMMARY OF INFORMATION CERTIFIED BY CUSTODIANS

Charles Schwab Bank, the custodian of the Plan through July 14, 2016 and sub-custodian of the Plan effective July 15, 2016 through December 31, 2016, has supplied the Plan administrator with a certification as to the completeness and accuracy of all cash and investment information reflected on the accompanying statement of net assets available for benefits as of December 31, 2016, and the statement of changes in net assets available for benefits for the year then ended.

Alerus Financial, N.A., the custodian of the Plan effective July 15, 2016 has supplied the Plan administrator with a certification as to the completeness and accuracy of all cash, investment and notes receivable information reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statements of changes in net assets available for benefits for the year ended December 31, 2017 and for the period July 15, 2016 through December 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the net asset value ("NAV"), based on quoted market prices in active markets, of shares held by the plan at year end. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$10,430,328	$ -	$ -	$10,430,328

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,574,379	$ -	$ -	$ 8,574,379

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Alerus Financial, N.A. and Charles Schwab Bank. Alerus Financial, N.A. was the custodian of the plan beginning July 15, 2016. Charles Schwab Bank was the custodian of the Plan through July 14, 2016 and sub-custodian of the Plan beginning July 15, 2016 through December 31, 2016. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Charles Schwab Bank and Alerus Financial, N.A. for the investment management services amounted to $61,780 and $48,979 for the years ended December 31, 2017 and 2016, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Employer has adopted a non-standardized prototype plan designed by Alliance Benefit Group North Central States Inc. The Internal Revenue Service (IRS) has determined and informed Alliance Benefit Group North Central States Inc. by a letter dated September 30, 2014, that their prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). During 2016, Alliance Benefit Group North Central States Inc. was acquired by Alerus Financial, N.A. The Plan has not requested its own determination letter from the IRS, but the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes is included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
